F. Departmental Presentation

Eric Sergienko/County Health Officer reported on increasing numbers of COVID19 cases in youth under the age of 17; and advised that they are coordinating with the school district on closing the El Portal School, and pausing the modified quarantine process through the 1st of the November, which is hoped to help limit transmissions. He noted that the largest concerns with youth cases, is the possibility of spreading the virus to elderly family members. Dr. Sergienko also reported that there was a slight downward trend overall with 200 cases in the month of October; encouraged the continued use of masking and other preventive measures; and reported that there are currently nine people with COVID19 hospitalized, but noted that there are other hospitalizations under investigation.

Dallin Kimble/County Administrative Officer reported on the number of employee tests, noting that a total of 45 employees have tested positive; and advised that, as a percentage, the County is sitting at a test rate of about 74%, but that there is some data lag possible, as well as adjustments needed to account for employees who were out for the week or who have had COVID19 within the past ninety days, before they can follow up with employees who should have tested but did not. Mr. Kimble also noted that of the positive tests, approximately 20% were vaccinated.

Eric Sergienko noted that the 20% figure aligns with what they are seeing in the community, which has found that 19% of the positives are among vaccinated individuals. Dr. Sergienko also reported on efforts, at the federal level, regarding booster shots. In response to Supervisor Long's inquiry, Dr. Sergienko noted that those who have been vaccinated and recently had COVID19 should now have a fairly robust immune response, and he advised that they wait before seeking boosters to let others get them. In response to Supervisor Smallcombe's inquiry, Dr. Sergienko noted

that organizations struggling with events should still put mitigations in place to reduce the risk of transmission including holding events outdoors, requiring masks, and keeping a list of participants. He also encouraged vaccinations and self-screening, and that anyone with symptoms should stay home. Dr. Sergienko also advised that we are currently at the highest case rate seen in the last 18 months. Supervisor Long extended thanks for the hard work of Public Health staff and noted that, while everyone is frustrated, verbally attacking County employees is not acceptable.

Vanessa Cummings/Health and Human Services Agency Public Health Educator formally introduced herself and discussed some of the activities that she has been involved in since stepping into the role in March. She also recognized Kelley Marti, Kelly Harrison, and Kimberly Keith for their efforts; discussed tobacco cessation; and noted that the California Smokers' Healthline has been rebranded as "Kick it California," which can be accessed online at kickitca.org. Supervisor Long discussed his, and his father's, experiences with tobacco; and advised young people to not even start.

Jeremy Briese noted that the Office of Emergency Services is monitoring a significant rainfall event this weekend, which is expected to arrive 11:00 PM on Saturday, and continuing through to Monday. He also noted that snowfall is expected around the 9,000 foot elevation, and advised extreme caution when driving on recently paved portions because of the oil. Sheriff Briese also advised that his office will be monitoring all of the County storm drains and that they will put out Nixle alerts if anything significant occurs.

Pete Judy/Chief Probation Officer extended thanks to the doctor and his staff; noted that not only was he vaccinated early with other law enforcement officers but has also been testing every Tuesday; and discussed the importance of regularly testing since he received a positive test despite displaying no symptoms.

G. Public Comment on Non-Agenda Items

Daniel discussed mandates; remarked that mask mandates do not work and offered the ability to smell smoke or glasses fogging up as evidence; and discussed the size of a viral particle; remarked that the shots are creating the variants; and referenced the previous caller's experience with no symptoms despite having a viral overload. The caller stated that all of these different things are taking freedoms away; stated that the Health Department cannot be used as a weapon against the businesses; noted that the Oath of Office is to uphold the Constitution; and offered that the voters will remember that at the next election. He also urged remembering that oath when considering what is being pushed on the schools, masks on the kids, or experimental shots in the kids' arms. The caller also noted that he will not go into a business that has mask mandates; and advised that he is going to wind up pulling his children out of the school.

Accept the Certification of Initiative Petition Dated October 13, 2021 with Respect to the Citizen Initiative Petition Titled "An Initiative to Adopt a Transactions and Use (Sales) Tax of 1% for 40 Years to Design, Construct, and Equip a New John C. Fremont Hospital" that was Filed with the Registrar of Voters on September 28, 2021; and Submit the Ordinance, Without Alteration, to the Voters Pursuant to Elections Code Section 1405

Keith Williams/Treasurer - Tax Collector - County Clerk gave the staff report.

Public comment opened.

Beth Tomsick and Suzette Prue, Co-Chairs of the Citizens to Save the Hospital provided an overview of their efforts with the assistance of the PowerPoint presentation. Beth Tomsick discussed the changes that were made since the last attempt to adopt a sales tax, noting that there are also now strict accountability requirements. Suzette Prue noted that this is the first tax election done by Mariposa

citizens; and advised that two of the Board's options are now to adopt the initiative or place it on the ballot. Ms. Prue also discussed their signature gathering efforts, advised that they purposely waited until after the recall election was completed to submit their signatures. you have two options as the governing body, and discussed the Board's options noting that the sooner the hospital gets the money the sooner we will have a new hospital. She also requested district meetings should the Board choose to put it on the ballot.

Matthew Matthiessen/John C. Fremont Healthcare District (JCFHD) CEO thanked the citizens group for their efforts. He also noted that the seismic mandate is unfunded and will require substantial funds; and advised that this is one way to solve the community's need for a broad spectrum of care.

Therese Williams/JCFHD Public Information Officer thanked the citizens group; noted that the clock is ticking and urged focus on the timeline; and expressed her support for the hospital.

Marilyn Saunders/Economic Development Corporation expressed support for the hospital, noting that her board has discussed the importance of the hospital to the community.

Jeremy Briese extended thanks to the committee for their efforts, expressed his support of saving and modernizing the hospital, and noted potential difficulties for his department if medical care had to be sought elsewhere.

Shannon Gadd/Health and Human Services Agency Director expressed support for the hospital, and extended thanks to the committee for their efforts.
Public comment closed.

Board discussion ensued. Supervisor Long discussed the importance of the hospital to the community but noted that he supports putting it on the ballot and not a direct adoption. Supervisors Forsythe and Menetrey echoed the thoughts. Supervisors Smallcombe and Sweeney extended thanks to the committee for their efforts and advocated for direct adoption. Chair Long called the question and the item passed.

Adopt a Resolution Establishing the Childcare Task Force (CCTF) to Direct the Process of Identifying Additional Needs and Assisting with the Startup of New Child Care Providers

Dallin Kimble introduced Tara Schiff/Economic Development Specialist who gave the staff report. During public comment, the item was urged by Marilyn Saunders/Economic Development Corporation, Nikki West/First 5 Mariposa Executive Director, and Staci Johnston/Calaveras Mariposa Community Action Agency. Ms. Johnston also advised that she once had a large daycare facility and noted that she sees this as a huge opportunity. In response to Supervisor Smallcombe's inquiry, Ms. Johnston discussed the expertise that she sees as being needed by members on this committee, with an emphasis on lived experiences. Steven W. Dahlem/County Counsel noted a correction to the resolution.

Adopt a Resolution Establishing the Connect Mariposa Advisory Board (CMAB) to Direct the Process of Identifying and Creating a Broadband Plan, as it Relates to the Central Sierra Regional Broadband Roadmap and the Community Broadband Plan

Tara Schiff gave the staff report. No public comment. Supervisor Smallcombe extended thanks for the item and noted concerns that this type of advisory committee, which will be focused on conducting a needs assessment, might be premature and suggested that a meeting of stakeholders be convened first, to allow discussion to first identify any known technological issues. Supervisor Sweeney agreed with wanting technical expertise but expressed concerns regarding the size of the committee. He also inquired if this group will be seeking out the contractors in other counties to make sure our voice is heard. Ms. Schiff responded that she brought this item to seek feedback and advice on the nine members; advised that her vision was that we would be looking to local professionals to provide advice on these opportunities since this would be an advisory board. Board discussion ensued regarding best uses of the committee, county businesses with a technology base, and the speed at which discussions can be expected to turn technical. Supervisor Smallcombe suggested what is needed at first is a small group with connections to the technical part of the community to define what is technologically reasonable. Board discussion ensued regarding the idea.

Sarah Williams/Planning Director gave the staff report accompanied by a PowerPoint presentation that discussed the history of the item, and noted the six changes that occurred since this item last came to the Board. During public comment, Kris Casto urged giving existing businesses a longer time to come into compliance, and inquired as to why an item has to return to the Planning Commission after the Board makes a change. Ms. Williams responded to the question noting that the legal procedure requires an item be remanded back to the Planning Commission when substantial changes are made. Board discussion ensued.

Discussion and Direction Regarding Formulation of a Plan to Address the Crisis in Mariposa County Regarding Illegal Marijuana (Supervisor Long)

Supervisor Long gave the staff report noting the many concerns that he, Supervisor Menetrey, and the Board have received from citizens regarding illegal marijuana growing in the county. He noted that illegal marijuana growing is a clear and present danger and requested the development of a strategic plan to address the crisis given that the word on the street is that Mariposa County is an easy place for such grows. Board discussion ensued regarding a facilitated meeting, existing provisions in County Code, and whether this item should be consolidated with the item that follows.

Public comment opened.

Laurie Kinslow read from, and provided a copy of, a letter from the residents of Royal Oaks Estates asking for help with illegal marijuana and criminal growers. Ms. Kinslow noted that the growers need to be hurt financially and suggested a fine of $500 per plant, with the ability to put a lien on the subject property.

Ken Melton complimented Supervisor Long on seeking to address code compliance issues by type because the laws and issues are different on things like marijuana and abandoned vehicles. He also spoke in support of a meeting but cautioned that in-depth knowledge of existing ordinances will be necessary.

Jeremy Briese discussed the focus of his office; advised of his recent attendance at a Sheriff's conference where the main topics were Covid19, staffing, fires, or marijuana; noted that there are counties that are more lenient; and noted that a mechanism is needed that differentiates between legal versus illegal marijuana

because, currently, all complaints come to his office. He also discussed the dedication of his staff, the number of hours in overtime that they are working, and the actions that resulted from the investigation of over 100 locations. Sheriff Briese also noted his recognition that it is a big problem, advised that his office works with Code Compliance, and noted that the majority will be resolved from working with Planning and the Board, because of the need for additional funding and personnel. He also mentioned other resources like asset forfeiture or use of Fish and Game.

Tara Schiff/Lushmeadows resident and Economic Development Specialist recounted an incident with her sixteen year son finding an illegal grow in Lushmeadows. She noted that she did call Code Compliance, and discussed her upset with finding it in a residential area. She also noted, as the Economic Development Specialist, that these grows are also not good for economic development, first, because we make no money off of it but, also, because they are taking up homes or land that could be used for homes.

David James/Royal Oaks resident extended thanks for the discussion, and urged action because of the effects on neighbors and the community, as well as despoiling of water.

Mike Charman/Sheriff's Sargent noted that he supervises the marijuana team, advised that he doesn't want to delve into the current ordinances but feels it boils down to the ability to enforce and prosecute them; and noted that a fifty plant grow is not illegal under State law. He also discussed their short staffing; and noted changes to federal funding for the upcoming federal fiscal year which will only provide funding for marijuana grows by drug trafficking organizations or those considered large scale. Sargent Charman also noted that the plant count was significantly lower this year but that investigative work is more than it has ever been. He also advised that some of the laws referenced in county ordinances do not exist anymore; and noted that the critical consideration is the enforcement part.

Karen Smith/retired realtor advised that she used to see property go to drug grows all the time and that she worked with Sheriff Binnewies on it. She noted that one consideration might be the real estate agents, and she suggested working with the realtors to let them know that it is okay to miss a sale.

Kris Casto remarked that she thinks there is a fear of retribution; advised that people are scared and need protection; and noted that the middle-sized grows can be just as detrimental as a large grow.

Public Comment Closed.

Supervisor Long emphasized that he is not expecting the Sheriff's Department to shoulder the entire burden at all because other avenues may exist, like using the Ag Commissioner or some administrative process. He also referenced ordinance 1129 and noted that when people buy a property, they have to sign something that acknowledges their understanding that Mariposa County is a right to farm county, and suggested that a similar acknowledgement regarding the prohibition of commercial marijuana processing might be in order as it would give the Sheriff the ability to put the property owner and the marijuana together without the need for all of the investigations and search warrants. Supervisor Long also noted that ordinance 1104, regarding medical marijuana, is no longer needed and advised that it is being used by people to grow additional plants; and advised that there is an individual asking people to plant on their land at the rate of $1,000 per plant, so that 30 plants will bring $30,000 to a property owner

Board discussion ensued regarding existing county code provisions, whether the County can make laws stricter than the State, making existing penalties stiffer, the

possibility of ordinance penalties being felonies rather than misdemeanors, upcoming multi-department staff meetings on the subject, and increasing penalties to $1,000 per plant, with an additional fee for each day afterwards.

DIRECTION:
The County Administrative Officer (CAO) is to schedule, as soon as possible, a roundtable discussion/workshop for the Board with the Sheriff, Planning, District Attorney, and County Counsel to discuss what does or does not work relative to the enforcement of illegal marijuana grows, as well as potential solutions, with the aim of creating a strategic plan to address illegal commercial marijuana growing in Mariposa County.
The CAO is also directed to identify and procure a facilitator for the meeting.

4. **Board of Supervisors (ID # 12252)**

Discussion and Direction Regarding Code Compliance Processes and Determination of Required Resources (Supervisor Sweeney)

Supervisor Sweeney noted that he is not advocating for any kind of code change at this time but, rather, working with the existing codes. He recounted receiving a steady stream of complaints regarding code compliance since coming in to office, then gave the staff report, and discussed the number of active code compliance cases. He noted the definition of "public nuisance" that is contained within the California Civil Code. He also noted that the census data shows that the county's population went down by 1100 people and recounted speaking to people who said that they were moving rather than deal with the problems.

Public comment opened.

Rick Brady noted presenting the Board with photographs three or four years ago, but that they have seen nothing done and the area looks worse than before, with the roofs now coming off. He stated that they feel no one cares, and remarked that the lack of accountability invites more people to do the same. Mr. Brady also noted that Corrina Miranda has been helpful but is only one person. He also suggested using volunteers and remarked that he knows several people willing to help.

Anthony Marchesiello noted seeing many changes in the sixteen years that he has lived in the area. He discussed the crime, marijuana growers, and lack of resources and noted that people are leaving the area. He suggested streamlining processes and offered that the abandoned trailers should be removed, and suggested that the marijuana should be taken and sold to companies that make legal products.

Karen Smith noted that she is on the new Code Compliance Committee; advised that she lives next door to a house that has been abandoned since 1999; and remarked on the need to address the issues.

Judy Burden/Greeley Hill resident advised that she has only lived there about four years but that she has been very involved and working with the County, and suggested getting the citizens involved as much as possible. She advised of the success of their community cleanup a couple of years ago which brought twice as many volunteers as anticipated, and discussed the difficulties they had, prior to calling Good Will, of finding someone to pick up metal. She also recounted her time working for the State; noted frustrations with trying to get people to follow the procedures; and advised that she knows the value of taking care of problems quickly.

She also recounted a situation with a pack of dogs in her area; and noted that she is not sure what happened after the County came out.
Public Comment Closed.

Board discussion ensued about the focus of the Code Compliance Advisory Committee, the possibility of working with volunteers and the difficulty that presents due to insurance issues, previous contacts with Habitat for Humanity who has the insurance, and assistance that Health and Human Services has provided.

Chair Long reopened public comment, and Anthony Marchesiello suggested getting the Internal Revenue Service involved because the taxes are probably unpaid. Public comment closed.

DIRECTION:
The following items are to return to the Board by November 23, 2021:

- ***From Code Compliance a one page summary of their current processes.***
- ***From Planning, identification of the resources needed to address the code compliance problem.***
- ***From the Sheriff, identification of the resources needed to address the abandoned vehicle problem.***

Building is directed to immediately start filing complaints with the California State License Board for any cases of contractors building without a license or without a permit.
The CAO is to advise the above departments of the direction.

M. Board Information

The Board skipped this section this week. However, Supervisor Sweeney noted receiving complaints about the reports function not working in the new ERP, and advised that he may be putting a board item together. Supervisor Smallcombe reported on concerns by the El Portal Planning Advisory Committee regarding the toxicity of the algae, and advised that she was informed by the State Water Resources Control Board that they are not able to respond with appropriate signage this year but are prepared to move at the beginning of next year.

RESOLUTION - ACTION REQUESTED 2021-578

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Shannon Gadd, Health and Human Services Agency Director

RE: Continue a Shelter Crisis Local Emergency in Mariposa County

---

RECOMMENDATION AND JUSTIFICATION:
Resolution Continuing a Shelter Crisis Local Emergency in Mariposa County.

California Government Code 8698, 8698.1 and 8698.2 allows for the governing body of a city or county to declare a shelter crisis. A shelter crisis declaration relaxes standards for building occupancy, limits liability and provides a legal basis for the use of certain facilities designated by the County as a shelter for the duration of the crisis.

In order to declare the shelter crisis, the County made findings at a public meeting and adopted Resolution 18-518 that (1) a significant number of persons within the county's jurisdiction are without the ability to obtain shelter; and (2) the situation has resulted in a threat to the health and safety of those persons.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On November 5, 2018, the Board of Supervisors adopted Resolution 18-518 declaring the existence of a Shelter Crisis Local Emergency in Mariposa County to allow Mariposa County to proceed with temporary homeless shelter solutions to meet the needs of our homeless community members.

Recognizing the prevalence of homelessness in California and the health and safety risks facing homeless persons, California law authorizes counties to declare a "shelter crisis" and avail themselves to attendant protections and powers. Specifically, upon declaring a "shelter crisis":

- A county may allow persons unable to obtain housing to occupy designated public facilities during the duration of the emergency (public facilities include parks, schools, and vacant or underutilized facilities which are owned, operated, leased, or maintained by the county);
- A county is immune from liability for ordinary negligence in the provision of emergency housing for all conditions, acts, or omissions directly related to, and which would not occur but for, the provision of emergency housing; and

- The provisions of any state or local law or regulation prescribing standards of housing, health, and safety are suspended to the extent that strict compliance would prevent, hinder, or delay the mitigation of the effects of the crisis.

If the County desires to construct and operate an emergency homeless shelter, it is recommended that the County Board of Supervisors first declare a "shelter crisis" in order to avail itself of the associated powers and liability protections.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not continue the local emergency and the County may not be eligible for possible State or Federal assistance, or proceed with temporary homeless shelter solutions.

RE: Letter of Support to Sierra Nevada Conservancy for Funding Fuel Reduction

---

RECOMMENDATION AND JUSTIFICATION:

Approve a Letter of Support to the Sierra Nevada Conservancy requesting funding for the Planning Phase of the Sarah Priest Fuel Reduction Project on the Sarah Priest Allotment in Midpines.

Funding for the Planning Phase of the Sarah Priest Fuel Reduction Project will allow the American Indian Council of Mariposa County to conduct archaeological and wildlife surveys necessary for the Bureau of Indian Affairs to complete the National Environmental Policy Act (NEPA) review, process required permits and prepare a Mitigated Negative Declaration under the California Environmental Quality Act. These reviews and permits will form the basis for a future implementation project on the Sarah Priest Allotment in Midpines. That implementation project is planned to reduce fuel loading through a fairly standard shaded fuel break treatment 100 feet from all homes on the Allotment and along ingress and egress routes (approximately 80 acres) to improve resiliency and emergency response in the area. Mariposa County's American Indian Council is working with the Sarah Priest Heirs and the Mariposa County Resource Conservation District on this project. The estimated cost of this phase of the project is $69,000.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board has approved earlier letters of support for the American Indian Council and the Southern Sierra Miwuk community of Mariposa County.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Do not approve the letter. Individual Board members may write separate letters of support.

Executive Officer

Dear Mrs. Avery,

The Mariposa County Board of Supervisors fully supports the Southern Sierra Miwuk Nation and the American Indian Council of Mariposa County's Sara Priest Fuel Reduction Planning Project. Wildfires have impacted almost every facet of life within Mariposa County, the Sierra Nevada Region, and the State of California. Without collaborative efforts to protect our communities and resources we stand little chance in the face of this growing and ever-present threat. Fuel-reduction projects designed to protect communities are a necessary tool to protect rural communities throughout the Region.

The Sarah Priest Allotment is a large Native American community residing in an extremely high fire risk area in the Midpines region of Mariposa County. This community was hit hard during the recent Tree Mortality Crisis and is still dealing with numerous hazard trees near vital ingress and egress routes. The 2021 Mariposa County Community Wildfire Protection Plan identifies the Midpines community as a "Very High" wildfire risk and this project aligns with Action #13 of the Plan. Removal of flashy fuels and standing dead trees around homes and ingress and egress routes is critical to protect this community.

With funding from the Sierra Nevada Conservancy, the American Indian Council of Mariposa County, working with the Bureau of Indian Affairs, and the Sarah Priest Heirs will be able to complete the final surveys required to complete the necessary environmental compliance documentation. This grant will pave the way towards a crucial community protection project. The Mariposa Board of Supervisors regards the Southern Sierra Miwuk Nation as an important partner in our community. We therefore urge the Sierra Nevada Conservancy to fund the Sarah Priest Fuel Reduction Planning Project.

Thank you,

Marshall Long, Board Chair

MEETING: October 19, 2021

RE: Letter of Support for Southern Sierra MiwukNation for (FOIA)

RECOMMENDATION AND JUSTIFICATION:
Approve a Letter of Support Requesting that Assistant Secretary Newland with the Bureau of Indian Affairs Department of the Interior Withdraw the Proposed Finding Issued on November 16, 2018, and that a Response be Provided to the Southern Sierra Miwuk Nation's Request for Freedom of Information Act (FOIA) Submitted by the Council on May 7, 2019 (Supervisor Smallcombe).

The Southern Sierra Miwuk Nation (SSMN) is requesting the Mariposa County Board's continued support in this matter. The Tribe has broad support within the local community and is working with its congressional representatives for a fair resolution of the Tribe's historic status and entitlement to federal acknowledgment as a federally recognized Indian tribe. We believe that withdrawal of the Proposed Finding entered in this matter is the only reasonable action that will both preserve the integrity of the federal acknowledgment process and provide a fair and expedited resolution of the SSMN's legitimate procedural concerns, including the SSMN's request under the Freedom of Information Act (FOIA), which has now been outstanding since May 2019. The Department of the Interior has a responsibility to ensure that the OFA and its officials comply with governing federal law.

With a pending deadline of November 17, 2021, in which the SSMN must respond to the Proposed Finding, the Office of Federal Acknowledgment has still not provided the documents the SSMN requested more than two years ago pursuant to FOIA and the federal acknowledgment regulations. Moreover, the SSMN has not received any response from Assistant Secretary Newland to its June 25, 2021 request that he withdraw the Proposed Finding because the finding fails to comply with the procedural requirements of the federal acknowledgement regulations, and because of the OFA's overall mishandling of the SSMN's petition and FOIA request.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board has approved earlier letters of support for the American Indian Council and the Southern Sierra Miwuk community of Mariposa County.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve the letter. Individual Board members may write separate letters of support.

Re: Petition for Federal Acknowledgement of the Southern Sierra Miwuk Nation

Dear Assistant Secretary Newland,

I am writing on behalf of the Mariposa County Board of Supervisors to follow up on our earlier letters to your predecessor regarding the petition for federal acknowledgement submitted by the American Indian Council of the Southern Sierra Miwuk Nation (SSMN) in Mariposa County. Specifically, by this letter, we ask that you withdraw the Proposed Finding issued by your office on November 16, 2018, and that you comply with the Freedom of Information Act (FOIA) and respond to the FOIA request submitted by the Council on May 7, 2019.

As we noted in our letter dated May 21, 2019, we object to the Proposed Finding as issued because:

1) The Proposed Finding does not accurately reflect the status of the SSMN, which also is represented through its non-profit, the American Indian Council of Mariposa County, as a "distinct community."

Mariposa County has worked successfully and over an extended period of time with the SSMN (through its non-profit arm, the American Indian Council of Mariposa County) on many issues and projects of mutual interest and concern. We have worked through many of the SSMN leaders and with many members of the SSMN community, which we recognize as a "distinct Indian community."

2. We object to the limited basis of the Assistant Secretary for Indian Affairs' (AS-IA) Proposed Finding. That Finding evaluated only a portion of one of the seven mandatory criteria stipulated under Part 83.7. It continues to remain unclear to us why the AS-IA chose to limit their review to a 29-year period from 1982 to 2011 when 27 CFR 83.7(b) clearly requires evaluation of the group "from historical times until the present."

For these reasons, we ask that AS-IA withdraw the Proposed Finding, reinitiate the review and fully assess the SSMN community as required under CFR 83.7(b) as well as the other criteria for acknowledgement. We also ask that the AS-IA fully consider all the evidence submitted in support of the SSMN's petition as the narrow scope of the preliminary finding indicates that evidence has been set aside for reasons that are not at all clear. Finally, we repeat our request that AS-IA respond to the FOIA request submitted over two years ago.

We encourage the AS-IA to conduct a complete assessment of the SSMN petition and that your further assessment be fully open and transparent as to the evidence considered and the rationale for all conclusions. We believe that thorough analysis will lead the AS-IA to conclude that the SSMN exists as a distinct Indian community and has existed as such from historical times until the present.

Sincerely,

Marshall Long,
Chair
Mariposa County Board of Supervisors

Re: Petition of the Southern Sierra Miwuk Nation for Federal Acknowledgment

Dear Assistant Secretary Newland:

We are writing on behalf of our client, the Tribal Council of the Southern Sierra Miwuk Nation (SSMN or "Tribe"). On June 25, 2021, we requested that you withdraw the Proposed Finding issued in this matter by your predecessor on November 16, 2018.

In our June 25 letter, we also presented detailed legal arguments setting forth the reasons why the credibility and fairness of the federal acknowledgment process, and the specific provisions of federal law that govern that process and the right of petitioners to obtain documents forming the basis of decisions made by the Office of Federal Acknowledgment (OFA), require withdrawal of the Proposed Finding. To date, we have not received your response.

In addition, the Department has not yet responded to the Tribe's request for disclosure of documents pursuant to the Freedom of Information Act (FOIA), which the Tribe submitted on May 7, 2019. The FOIA request by the SSMN has been outstanding for more than two years, and previous commitments by the OFA to provide the requested documents have not been met. This clear violation of FOIA has not been addressed by the Department.

Based on the above considerations, the SSMN requests that pending issuance of, and subject to, your decision on its request for withdrawal of the Proposed Finding, you grant a further 180-day extension of the period for response to the Proposed Finding and direct the OFA to provide the requested FOIA documents within 30 days. The transparency and fairness of the federal acknowledgment process warrants providing the SSMN with these documents for review prior to filing its response to the Proposed Finding. We also request that the period for public comment on the Proposed Finding be extended for the same period of time. Closing the public comment period prior to the Department's compliance with FOIA would inappropriately

benefit the Department for its failure to comply with FOIA by denying the public the right to comment on the documents that are ultimately disclosed pursuant to FOIA.[1]

We also note that granting our request for withdrawal of the Proposed Finding, and for issuance of a new finding within 180 days, will reset review of the SSMN petition in a positive manner. It would allow for consultation and exchange of documents between the SSMN and OFA to occur before issuance of a new proposed finding consistent with the federal acknowledgment regulations.

In addition, because of the extraordinary delay in resolving the issues stated herein, and their utmost importance to the SSMN, we will be submitting a request for a personal meeting with you and your staff.

Should you or your staff have any questions regarding these matters, please do not hesitate to contact me.

Respectfully,

[1] It recently came to our attention that there is some confusion on the OFA website regarding the comment period on the SSMN Proposed Finding. One section of the website indicates the comment period closed as of May 18, 2020 (*see* https://www.bia.gov/as-ia/ofa/opportunities-for-comment), although there have been three extensions of time granted since then. However, another section of the website indicates that, as of 5/11/2021, comments were still being accepted (*see* https://www.bia.gov/as-ia/ofa/recent-acknowledgment-actions). And yet a third section of the website references the most recent letter of extension, dated 5/11/2021, and that the current stage of process is "commenting on the Proposed Finding" (*see* https://www.bia.gov/as-ia/ofa/recent-acknowledgment-actions). Until the SSMN receives the documents requested under FOIA, which they also are entitled to receive under 25 CFR § 83.10(j)(1), the comment period should be commensurate with any extension of the response period, and we request that the Department clarify its website accordingly.

RESOLUTION - ACTION REQUESTED 2021-583

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Mike Van Loben Sels, Acting Fire Chief

RE: Approve Contract for Services with Lexipol, LLC

RECOMMENDATION AND JUSTIFICATION:
Approve a 1-year Agreement with automatic extensions for successive one-year periods for Use of Subscription Material with Lexipol for Department Policy Management and Training Platforms; and Authorize the Fire Chief to sign the agreement.

Lexipol is America's leading provider of policy management and training platforms for public safety organizations. Lexipol offers policy management solutions to more than 3,300 agencies in 35 states. Lexipol's content is continuously updated to address legislative changes and evolving best practices. Using accountability tools and integrated training, Lexipol provides a cost-effective way for agencies to enhance policy compliance and understanding, allowing leaders to focus more resources on serving their communities.

The attached agreement outlines the services Lexipol will provide to the Mariposa County Fire Department and automatically extends for successive years unless services are terminated as per agreement.

There is no immediate impact to the General Fund for the initial implementation as all fees associated with this agreement will be paid through the Fire Departments approved budget.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The County has continually supported improvements to Agency Policy and Procedures. Lexipol is currently being utilized by other departments in the county.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Not support the subscription material agreement with Lexipol and this could increase the risk of liability and potential costs of litigation.

FINANCIAL IMPACT:
An amount of $4149.70.00 for 1-year Agreeement with automatic extentions for successive one-year periods as per agreement price has been identified and budgeted from County Fire's approved budget.

Exhibit B

Terms and Conditions Specific to this Agreement

The following terms and conditions apply to all Subscription Services purchased by Agency. Capitalized terms used but not defined herein shall have the meaning set forth in Lexipol's General Terms and Conditions, available at: https://www.lexipol.com/terms-and-conditions/. In the event of any inconsistency or conflict between Lexipol's General Terms and Conditions and those contained herein, the Terms and Conditions contained in this Exhibit B shall control.

1. **Term**. This Agreement becomes effective and enforceable upon signature by Agency's authorized representative, with a Program Start Date as specified on the cover sheet of this Agreement. This Agreement shall remain in effect for a minimum one (1) year period commencing on the Program Start Date unless a different time period is specified on Exhibit A (the "Initial Term"): provided, however, that the Term will be automatically extended for successive one-year periods thereafter (each a "Renewal Term") unless one party provides written notice of non-renewal to the other party at least thirty (30) days prior to expiration of the Initial Term or the then-current Renewal Term, as the case may be. The Initial Term and all subsequent Renewal Terms shall collectively comprise the "Term" of this Agreement. Notwithstanding the foregoing, this Agreement remains subject to termination as provided in Lexipol's General Terms and Conditions, available at: https://www.lexipol.com/terms-and-conditions/.

2. **Subscription Fee/Invoicing**. Lexipol will invoice Agency for purchased Subscription Services at the commencement of the Initial Term and thirty (30) days prior to the beginning of each Renewal Term. Agency will pay the invoiced amount to Lexipol within thirty (30) days of the invoice date. All invoices will be sent to Agency at the address for Agency specified on the first page of this Agreement to which these Terms and Conditions are attached. All payments will be made to Lexipol at the address for Lexipol specified on the invoice. Lexipol reserves the right to increase pricing for each Renewal Term.

3. **Product-Specific Terms; Ownership; Right to Use**. This Section pertains to specific products and services offered by Lexipol and its affiliates. If Agency has selected a particular product or service referenced below, the applicable Section(s) and associated supplemental terms will apply. If Agency has not selected a particular product or service referenced below, the subsection referencing such product or service shall not apply.

   3.1 **Policy Subscriptions and Materials**. This Section applies when Agency has subscribed to or otherwise receives access to Lexipol's Policy Subscription Materials, as defined below.

      i **Generally**. Agency acknowledges and agrees that all policy-based Subscription Services, including but not limited to all policy manuals, supplemental policy publications, daily training bulletins, and all other materials provided by Lexipol to Agency from time to time during the term of this Agreement (such materials collectively, the "Subscription Materials") are proprietary products of Lexipol, protected under U.S. copyright, trademark, patent, and other applicable law, and that Lexipol reserves all rights not expressly granted in this Agreement. Subject to the terms, conditions and limitations in this Agreement, Lexipol hereby grants Agency the right to prepare derivative works of the Subscription Materials (each, a "Derivative Work," as defined in Section 1 of the General Terms and Conditions); provided, however, that Agency acknowledges and agrees that Lexipol will be the sole owner of all right, title and interest in and to all Derivative Works, including all copyrights and other intellectual property and proprietary rights therein or pertaining thereto, and Agency hereby assigns and transfers to Lexipol all right, title and interest in and to all Derivative Works, including all copyrights and other intellectual property and proprietary rights therein or pertaining thereto. Agency will not remove any copyright notice or other proprietary notice of Lexipol appearing on Subscription Materials or Derivative Works and shall include such notices at the appropriate place on each copy thereof.

      ii **Right to Use; Limitations on Use**. Subject to the terms, conditions, and limitations in this Agreement, Lexipol hereby grants to Agency a perpetual, personal, fully paid-up, right to use the Subscription Materials and any Derivative Works in each case, solely for the Agency's internal purposes. Agency shall not use, copy, republish, lend, distribute, post on servers, transmit, redistribute, or display, in whole or in part, by any means or medium, whether electronic or mechanical, or by any information storage and retrieval system, any Subscription Materials or any Derivative Work other than as expressly authorized by the immediately preceding sentence. Without limiting the generality of the foregoing, Agency will not import, upload, or otherwise make available any Subscription Materials or any Derivative Work into or onto any third party, document, knowledge, or other content management system or service without Lexipol's prior written consent. The foregoing does not prohibit Agency from providing Subscription Materials or Derivative Works pursuant to an order from a court or other

governmental agency or other legal process, Freedom of Information Act (FOIA) request, or Public Records Act (PRA) request, nor does it prohibit Agency from displaying the adopted/approved final policy document on a publicly accessible website for official agency purposes, so long as Agency includes the appropriate copyright and other proprietary notices on such final policy document as required by Section 3.1(i) above.

iii **Policy Adoption.** Agency hereby acknowledges and agrees that all policies and Daily Training Bulletins (DTBs) included in the Subscription Materials provided by Lexipol have been individually reviewed, customized, and adopted by Agency for use by Agency in accordance with this Agreement. Agency further acknowledges and agrees that neither Lexipol nor any of its agents, employees, or representatives shall be considered "policy makers" in any legal or other sense, and that the chief executive of Agency will, for all purposes, be considered the "policy maker" with regard to each and every such policy and DTB.

3.2 Learning Management System. This Section applies when Agency subscribes to Lexipol's Learning Management System ("LMS"). The LMS is a proprietary product of Lexipol, protected under U.S. copyright, trademark, patent, and other applicable law. Lexipol and its licensors retain all rights, title, and interest in and to the LMS (including, without limitation, all intellectual property rights), including all copies, modifications, extensions, and Derivative Works thereof. Agency's right to use the LMS is limited to the rights expressly granted in this Agreement. All rights not expressly granted to Agency are reserved and retained by Lexipol and its licensors. As between Agency and Lexipol, (a) all Agency Data, defined as data owned by Agency prior to the Program Start Date of this Agreement or data not otherwise subject to the definition of "Derivative Work" in Lexipol's General Terms and Conditions, is Agency's property, and (b) Agency retains all rights, title, and interest in and to Agency Data, including all copies, modifications, extensions, and derivative works thereof. Lexipol retains no right or interest in any Agency Data and shall return or destroy Agency Data following termination of this Agreement. Agency's purchase of LMS Subscription Services is also subject to the LMS Master Service Agreement located at: https://www.lexipol.com/lms-master-service-agreement.

3.3 Grant Services. This Section applies when Agency subscribes to Lexipol's Grant Writing, Consulting, and/or GrantFinder services, offered by Praetorian Digital. If Agency selects Grant Writing services, Agency takes full responsibility for submitting information reasonably required by Praetorian Digital in a timely manner. All Agency materials must be received 5 days prior to the grant application close date, and Agency is responsible for all submissions of final grant applications by grant deadlines. Failure to submit requested materials to write grant applications on time will result in rollover of project services and fees to next grant application cycle. Requests for cancellation of Grant Writing services will result in a 50% fee of the total value of the service. Invoices for Grant Writing services will be sent as soon as work begins for the applicable target grant. Complete payment must be received no later than thirty (30) days after receipt of invoice. In the event Agency has not made timely payment on an invoice, Lexipol/Praetorian Digital reserves the right to suspend all Grant services until payment is received in full and may terminate Agency's access to GrantFinder, if applicable. Invoices over thirty (30) days past due shall be charged a twenty-five dollar ($25) late fee. Agency's purchase of the Grant services is also subject to the GrantFinder Master Subscription Agreement located at http://www.lexipol.com/GTGF-Master-ServiceAgreement.

3.4 Cordico Wellness Applications. This Section applies when Agency subscribes to Lexipol's Wellness Applications, offered by Cordico®, including but not limited to CordicoShield, CordicoFire, and all other Cordico products and services (collectively, the "Wellness Services"). The Wellness Services are proprietary products of Lexipol, protected under U.S. copyright, trademark, patent, and other applicable law. Lexipol and its licensors retain all rights, title, and interest in and to the Wellness Services (including, without limitation, all intellectual property rights), including all copies, updates, modifications, and versions thereof. Agency's right to access and use the Wellness Services is limited to the rights expressly granted in this Agreement. All rights not expressly granted to Agency are reserved and retained by Lexipol and its licensors. As between Agency and Lexipol, (a) all Agency Data collected through the Wellness Services remains Agency's property, and (b) Agency retains all rights, title, and interest in and to Agency Data, including all copies, modifications, extensions, and derivative works thereof. Lexipol retains no right or interest in any Agency Data and shall return or destroy Agency Data following termination of this Agreement. In addition, upon termination of this Agreement for any reason, Agency shall lose access to all Wellness Services. Agency's purchase of Wellness Services is also subject to Cordico's Terms and Conditions located at https://www.cordico.com/terms-and-conditions/ and the Terms and Conditions set forth within each Wellness Application.

Exhibit B

3.5 **Generally; Injunctive Relief**. Except as expressly provided herein, nothing in this Agreement shall be construed as conferring any rights or license to Lexipol's trade secrets, intellectual property, Confidential Information, Subscription Materials, Wellness Services, or the software underlying such products and services, whether by estoppel, implication or otherwise. Agency may not decompile, disassemble, reverse engineer or otherwise attempt to discover any source code contained in any software-based Subscription Services. Notwithstanding any other term or condition herein, Agency grants all rights and permissions in or relating to Agency Data as are necessary or useful to Lexipol to enforce this Agreement, exercise Lexipol's rights, and perform Lexipol's obligations hereunder. Agency acknowledges that a breach or threatened breach of any portion of this Section 3 may cause irreparable harm and shall entitle Lexipol to injunctive relief in addition to any other available remedy.

4. **Warranty Disclaimer.** ALL SUBSCRIPTION SERVICES AND SUBSCRIPTION MATERIALS ARE PROVIDED "AS IS" AND LEXIPOL HEREBY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE. LEXIPOL SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT, AND ALL WARRANTIES ARISING FROM COURSE OF DEALING, USAGE, OR TRADE PRACTICE.

5. **Disclaimer of Liability**. Agency acknowledges and agrees that Lexipol, its officers, agents, managers, and employees will have no liability to Agency or any other person or entity arising from or related to the Subscription Services or the Subscription Materials, or any act or omission by Agency or its personnel pursuant to, or in reliance on, any of the Subscription Materials.

6. **Limitation of Liability.** Lexipol's cumulative liability to Agency and any other person or entity for any loss or damages resulting from any claims, demands, or actions arising out of or relating to this Agreement, the Subscription Services, or the use of any Subscription Materials shall not exceed the subscription fees actually paid to Lexipol by Agency for the Purchased Subscription Services under this Agreement during the twelve-month period immediately prior to the assertion of such claim, demand, or action. In no event shall Lexipol be liable for any indirect, incidental, consequential, special, or exemplary damages or lost profits, even if Lexipol has been advised of the possibility of such damages. The limitations set forth in this Section shall apply whether Agency's claim is based on breach of contract, tort, strict liability, product liability or any other theory or cause of action.

7. **Governing Law.** This Agreement shall be construed in accordance with, and governed by, the laws of the State of Texas, without giving effect to any choice of law doctrine that would cause the law of any other jurisdiction to apply.

8. **Entire Agreement**. This Agreement embodies the entire agreement and understanding of the parties hereto and hereby expressly supersedes all prior written and oral agreements and understandings with respect to the subject matter hereof. No representation, promise, inducement, or statement of intention has been made by any party hereto that is not embodied in this Agreement. Terms and conditions set forth in any purchase order, or any other form or document of Agency, which are inconsistent with, or in addition to, the terms and conditions set forth in this Agreement, are hereby objected to and rejected in their entirety, regardless of when received, without further action or notification by Lexipol, and shall not be considered binding on Lexipol unless specifically agreed to in writing by it.

9. **Additional Terms and Conditions.** Except as set forth above, this Agreement remains subject to Lexipol's General Terms and Conditions, available at: https://www.lexipol.com/terms-and-conditions/.

RE: Accept the Resignation of Dennis Mender from the IHSS Advisory Committee

---

RECOMMENDATION AND JUSTIFICATION:
Accept the resignation of Dennis Mende from the In-Home Supportive Services (IHSS) Advisory Committee effective immediately.

Mr. Mende has served on the IHSS Advisory Committee since his appointed of July 6, 2020. On September 13, 2021, Mr. Mende gave verbal notification of his resignation due to other obligations. Upon acceptance of Mr. Mende's resignation, it is recommended that a Certificate of Appreciation be sent recognizing his service on this Committee.

The existing vacancy will be posted pursuant to the Maddy Act.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board of Supervisors has traditionally followed the recommendation of the IHSS Advisory Committee regarding the resignation of members.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
This would be a missed opportunity to acknowledge a committee member for their service.

RE: Budget Action Transferring Funds Within the Roads Maintenance Budget ($120,000)

RECOMMENDATION AND JUSTIFICATION:

Approve Budget Action Transferring Funds Within the Roads Maintenance Budget for the Purchase of Two Kabota Skid-Steers ($120,000).

The Roads Division is purchasing two Kabota Skid-Steers. This budget action, if approved, will move funds within the Roads budget from the Materials budget line to the Fixed Asset budget line.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

Board approval for the purchase of two skid-steers was granted May 25, 2021 with Resolution 2021-298 (attached).

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Negative action would halt this procurement.

FINANCIAL IMPACT:
The requested transfer of allocated funds is within the same budget thus, having no impact to the General Fund.

RE: Authorize Roads Equipment Procurement and Deem Replaced Equipment as Retired Surplus

---

RECOMMENDATION AND JUSTIFICATION:
Declare Backhoe Unit 2605 and Truck 2900 as Retired or Surplus Equipment; Authorize the Director Public Works & Transportation to Direct the Sale and Disposal of These Items at Public Auction; and Authorize the Purchase of a Replacement Backhoe and Truck in addition to Two (2) Skid Steer Packages with Attachments and Trailers.

The Replacement Equipment includes a Backhoe to replace a 2016 CAT 430E model that has reached its useful lifecycle both in age and operating hours and is consuming an increasing level of mechanical maintenance need which impacts the safe and functional operational needs of the Roads Division. Also to be replaced is a 2009 Ford F350 truck with 234,000 miles that was slated for replacement in 2017 but whose lifecycle was extended due to not showing signs of mechanical failure at the time but that is no longer the case. This vehicle will also be outfitted with a snow plow unit.

The Board passed the Fiscal Year (FY) 20/21 SB1 Project list that included the procurement of two (2) Skid-Steers with attachments and trailers which is also included in this procurement request.

All of the bids received were through Sourcewell which is a competitive bid platform available to governmental units for the procurement of rolling stock.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board has traditionally allowed for the replacement of vehicles and equipment that have reached or exceeded normal lifecycle expediency and which no longer meet the safety, reliability, and dependability needs of the department.

The Board also previously approved the procurement of two skid steer equipment packages through the approval of the FY 20/21 SB1 Project list which has been accepted and approved by the State of CA.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Attachment: RES2021-298 (RES-2021-584 : Budget Action Transferring Funds Within the Roads Maintenance Budget ($120,000))

Should this action not be approved the backhoe and truck will be removed from active service and the skid steer equipment will not be procured which will impact the effectiveness of the Division both in roadside vegetative management and road maintenance capabilities.

FINANCIAL IMPACT:
None, these procurements are funded through Roard Funding Sources without any impact to the General Fund.

RE: Declare the Seventh Annual Field of Service a County-Sponsored Event

---

RECOMMENDATION AND JUSTIFICATION:
Declare the Seventh Annual "Field of Service", a Veterans Day event Organized by a 4-H Membership Group at the Museum and History Center from November 6, 2021 to November 14, 2021, as a County-Sponsored Event; and Waive all associated County Fees.

The Field of Service shall recognize those military and public safety personnel who have served our community. Their service deserves this recognition from our community and we cannot overstate what they have given us. The profits from the sale of flags for this year's event shall go to the Mariposa Museum and History Center, American Legion POST 567's Veterans Programs including the Service Dog Program.

Because of the Coronavirus Pandemic and social distancing precautions last year it was not possible to have public opening and closing ceremonies. The opening ceremony is planned for this year, but may have to only post the flags if social gathering is restricted.

By designating the posting of flags at the Mariposa Museum and History Center as a County-sponsored, the County's insurance will provide required coverage.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board has approved the request for this event in the past as a naming this event as County sponsored event.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve, the event coordinator will need to purchase insurance which may jeopardize the existence of holding this community event.

Dear Sir or Madam,

My name is Claire Bertram. I am 14 years old, a Freshman at Mariposa County High School and this year's Chair of the Mariposa Field of Service Committee. I am working with the Mariposa Museum and History Center to host the 7th Annual *MARIPOSA FIELD OF SERVICE – PAST AND PRESENT.* Each of the last six years, we have held the event and in 2019 posted our most amount flags, 281 flags, in recognition of our local heroes and loved ones!

Unfortunately, because of the Coronavirus Pandemic and social distancing precautions, last year's event was quite different. We were not able to have public opening and closing ceremonies. We are planning to have our ceremonies this year, but we may be forced to just post the flags again if social gathering is restricted. If we are cannot hold public ceremonies, we want to continue with our tradition of posting the *Field of Service* to honor our many local heroes and loved ones.

These flags will pay tribute to all military men and women, public safety personnel, those who serve our community and those special people in our lives. These flags will be flown in recognition of those who have served, in remembrance of those who have made the ultimate sacrifice, to honor those that continue to protect and serve us all in these challenging times, and most importantly they will be flown for those we love.

Our local Mariposa County 4H youth members will also be participating in the event. Their volunteered time and efforts in service to this event and our community help make the event a tremendous success. We are continuing our work with Colonial Flag's Healing Field® and Field of Honor® programs which have been created as symbols of freedom, liberty, honor and respect for the ideals and principles symbolized by the flag of the United States of America. These fields of flags are displayed in an area for the purpose of promoting and supporting charitable causes by making the flag of the United States of America available for patriotic, educational and charitable purposes. Additionally, these fields further promote the education of future generations and raise awareness for causes pertaining to the good and honorable values symbolized by our nation's flag.

All proceeds from the *Mariposa Field of Service – Past and Present* will benefit the American Legion POST 567's VETAP Program including their Service Dog Program and the Mariposa Museum and History Center. Our goal this year is to post more than 300 flags! We have purchased new flags and we hope they all will be sold and sponsored with the proceeds supporting these worthy recipients. We trust that you will find that besides the pride of continuing to be a part of such a worthy cause you will also see the value of supporting and contributing to this special event. Please join us and continue to support the *Mariposa Field of Service – Past and Present*. Thank you very much in advance for your continued support.

A sponsor form is attached. If you are re-posting a flag you have at home, please deliver it on, or before October 31, 2021 to: Sandy McRae at 5011 Smith Road, in Mariposa. (We have to do maintenance on the flags and need them the weekend in advance of setting up the Field on November 06, 2021.) The opening ceremony will be at 2:00 p.m. on November 07, 2021. The flags will be displayed all week until November 14, 2021, at the Mariposa Museum and History Center. Our closing ceremony will be at 2:00 p.m. on November 14, 2021. Your flags can be picked up after closing of the event at the Mariposa Museum and History Center. Flags not picked up on Nov. 14, 2021, by sponsors will be stored until next year's event.

Respectfully,

Claire Bertram

RE: Approve an Agreement with Thunder Ridge for Fish Camp Snow Removal

---

RECOMMENDATION AND JUSTIFICATION:
Approve an Agreement with Thunder Ridge to Provide Snow Removal in Fish Camp and the at Fish Camp Fire Station in an Amount Not to Exceed $40,000; and Authorize the Board of Supervisors Chair to Sign the Agreement.

The cost for the 2021-22 snow season is $100 per hour for snow blading and $145 for snow blowing and sanding.

Through a Contract for Services Thunder Ridge has been providing snow removal services in the Fish Camp area for the past several years. This firm has reliable equipment and under normal conditions have been extremely conscientious in their efforts to remove snow in a timely manner and thereby avoiding citizen complaints.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board has previously approved contracts with this vendor for snow removal services in the Fish Camp area.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve, Public Works will have to find an alternative source for snow removal in the Fish Camp area.

FINANCIAL IMPACT:

AGREEMENT FOR SNOW REMOVAL IN FISH CAMP AREA

THIS AGREEMENT ("Agreement") is made and entered into this _____ day of _____, 2021, by and between the County of Mariposa, a political subdivision of the State of California, ("County"), and Thunder Ridge ("Contractor"), pursuant to the following terms and conditions.

W I T N E S S E T H:

1. TERM

The term of this Agreement shall commence on October 5, 2021 and terminate June 30, 2022 unless extended as provided by this Agreement.

2. SERVICES

Contractor shall perform snow removal as described in Exhibit A, "Scope of Work," which is attached hereto and incorporated herein by reference. Contractor shall provide all staffing and materials necessary to perform the Scope of Work.

3. COMPENSATION

Contractor shall be compensated for services performed in an amount not to exceed $40,000. Contractor's rates are listed in Exhibit A, "Scop of Work" County shall pay Contractor within thirty (30) of receipt of an approved invoice.

4. INSURANCE

Contractor shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by Contractor, its agents, representatives, or employees.

A. MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:

(1) Commercial General Liability (CGL): Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal and advertising injury with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

Attachment: Thunder Ridge 20-015 Snow Removal (RES-2021-586 : Approve an Agreement with Thunder Ridge for Fish Camp Snow Removal)

(2) Automobile Liability: ISO Form Number CA 00 01 covering any auto (Code 1), or if Contractor has no owned autos, hired (Code 8) and non-owned autos (Code 9), with limits no less than $1,000,000 per accident for bodily injury and property damage.

(3) Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with a limit of no less than $1,000,000 per accident for bodily injury or disease.

If Contractor maintains broader coverage and/or higher limits than the minimums shown above, County requires and shall be entitled to the broader coverage and/or higher limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to County.

B. OTHER INSURANCE PROVISIONS

The insurance policies are to contain, or be endorsed to contain, the following provisions:

(1) Additional Insured Status: County, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 forms if a later edition is used).

(2) Primary Coverage: For any claims related to this Agreement, Contractor's insurance coverage shall be primary insurance as respects County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by County, its officers, officials, employees, or volunteers shall be excess of Contractor's insurance and shall not contribute with it.

(3) Notice of Cancellation: Each insurance policy required above shall state that coverage shall not be canceled, except with at least thirty (30) calendar days' notice to County.

(4) Waiver of Subrogation: Contractor hereby grants to County a waiver of any right to subrogation which any insurer of said Contractor may acquire against County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not County has received a waiver of subrogation endorsement from the insurer.

(5) Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by County. County may require Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

Attachment: Thunder Ridge 20-015 Snow Removal (RES-2021-586 : Approve an Agreement with Thunder Ridge for Fish Camp Snow Removal)

(6) Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to County.

(7) Verification of Coverage: Contractor shall furnish County with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by County before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive Contractor's obligation to provide them. County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

(8) Subcontractors: Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors.

(9) Special Risks or Circumstances: County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

5. HOLD HARMLESS/INDEMNIFICATION

To the fullest extent permitted by law, Contractor shall hold harmless, defend at its own expense, and indemnify County, its officers, employees, agents, and volunteers, against any and all liability, claims, losses, damages, or expenses, including reasonable attorney's fees, arising from all acts or omissions of Contractor or its officers, agents, or employees in rendering services under this Agreement; excluding however such liability, claims, losses, damages, or expenses arising from County's sole negligence or willful acts.

6. INDEPENDENT CONTRACTOR

It is the expressed intention of the parties that Contractor is an independent contractor and not an employee, agent, joint venturer or partner of County. Nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee between County and Contractor or any employee or agent of Contractor. Both parties acknowledge that Contractor is not an employee for state or federal tax purposes. Contractor shall retain the right to perform services for others during the term of this Agreement.

7. PUBLIC EMPLOYEES RETIREMENT SYSTEM (CALPERS)

In the event that Contractor or any employee, agent, or subcontractor of Contractor providing services under this Agreement is determined by a court of competent jurisdiction or the Public Employees Retirement System (CalPERS) to be eligible for enrollment in CalPERS as an employee of County, Contractor shall indemnify, defend, and hold harmless County for the payment of any employee and/or employer contributions for CalPERS benefits on behalf of Contractor or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of County.

Attachment: Thunder Ridge 20-015 Snow Removal (RES-2021-586 : Approve an Agreement with Thunder Ridge for Fish Camp Snow Removal)

8. STATE AND FEDERAL TAXES

As Contractor is not County's employee, Contractor is responsible for paying all required state and federal taxes. In particular:

a. County will not withhold FICA (Social Security) from Contractor's payments;
b. County will not make state or federal unemployment insurance contributions on behalf of Contractor;
c. County will not withhold state or federal income tax from payment to Contractor;
d. County will not make disability insurance contributions on behalf of Contractor;
e. County will not obtain workers' compensation insurance on behalf of Contractor.

9. AUDITS AND INSPECTIONS

Contractor shall at any time during business hours, and as often as County may deem necessary, make available to County for examination all of its records and data with respect to the matters covered by this Agreement. Contractor shall, upon the request of County, permit County to audit and inspect all of such records and data necessary to ensure Contractor's compliance with the terms of this Agreement. If compensation to be paid by County under this Agreement exceeds Ten Thousand Dollars ($10,000), Contractor shall be subject to the examination and audit of the California State Auditor, as provided in Government Code section 8546.7, for a period of three (3) years after final payment under this Agreement. This section survives the termination of this Agreement.

10. ASSIGNMENT

It is understood and agreed that this Agreement contemplates personal performance by Contractor and is based upon a determination of its unique personal competence and experience and upon its specialized personal knowledge. Assignments of any or all rights, duties or obligations of Contractor under this Agreement will be permitted only with the express written consent of County.

11. NOTICE

Any and all notices, reports or other communications to be given to County or Contractor shall be given to the persons representing the respective parties at the following addresses:

CONTRACTOR:
Thunder Ridge
P.O. Box 160
Fish Camp, CA 93623-0160
559.676.8276

COUNTY:
Mariposa County
4639 Ben Hur Rd.
Mariposa, CA 95338
209.966.5356

12. COMPLIANCE

Contractor shall comply with all federal, state and local laws, codes, ordinances and regulations applicable to Contractor's performance under this Agreement, including, but not limited to, laws related to prevailing wages. Specifically, Contractor shall not engage in unlawful employment discrimination, including, but not limited to, discrimination based upon a person's race, religion, color, national origin, ancestry, physical handicap, medical condition, marital status, gender, citizenship or sexual orientation, as prohibited by state or federal law.

13. PUBLIC RECORDS ACT

Contractor is aware that this Agreement and any documents provided to County may be subject to the California Public Records Act and may be disclosed to members of the public upon request. It is the responsibility of Contractor to clearly identify information in those documents that it considers to be confidential under the California Public Records Act. To the extent that County agrees with that designation, such information will be held in confidence whenever possible. All other information will be considered public.

14. ENTIRE AGREEMENT AND MODIFICATION

This Agreement contains the entire agreement of the parties relating to the subject matter of this Agreement and supersedes all prior agreements and representations with respect to the subject matter hereof. This Agreement may only be modified by a written amendment hereto, executed by both parties. If there are exhibits attached hereto, and a conflict exists between the terms of this Agreement and any exhibit, the terms of this Agreement shall control.

15. ENFORCEABILITY AND SEVERABILITY

The invalidity or enforceability of any term or provisions of this Agreement shall not, unless otherwise specified, affect the validity or enforceability of any other term or provision, which shall remain in full force and effect.

16. TERMINATION AND RIGHTS UPON TERMINATION

A. This Agreement may be terminated upon mutual written consent of the parties, or as a remedy available at law or in equity. In the event of the termination of this Agreement, Contractor shall be entitled to compensation for services performed acceptably up to the effective date of termination as set forth in Exhibit B.

B. Either party may terminate this Agreement for convenience upon Thirty (30) calendar days' written notice to the other party. Upon termination for convenience, Contractor shall be entitled to compensation for services performed acceptably up to the effective date of termination, as set forth in Exhibit B.

C. Should Contractor default in the performance of this Agreement or materially breach any of its provisions, County, at its option, may terminate this Agreement by giving written notification to Contractor. The termination date shall be the effective date of the notice. For the purposes of this subsection, default or material breach of this Agreement shall include,

Attachment: Thunder Ridge 20-015 Snow Removal (RES-2021-586 : Approve an Agreement with Thunder Ridge for Fish Camp Snow Removal)

but not be limited to, any of the following: failure to perform required services in a timely manner, willful destruction of County property, dishonesty, or theft.

17. NO WAIVER

The failure to exercise any right to enforce any remedy contained in this Agreement shall not operate as to be construed to be a waiver or relinquishment of the exercise of such right or remedy, or of any other right or remedy herein contained.

18. DISPUTES

Should it become necessary for a party to this Agreement to bring an action in connection with this Agreement, the prevailing party in any such action shall be entitled to reimbursement for all expenses so incurred, including reasonable attorney's fees.

It is agreed by the parties hereto that unless otherwise expressly waived by them, any action brought to enforce any of the provisions hereof or for declaratory relief hereunder shall be filed and remain in a court of competent jurisdiction in the County of Mariposa, State of California.

19. CAPTIONS

The captions of this Agreement are for convenience and reference only and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

20. NUMBER AND GENDER

In this Agreement, the neutral gender includes the feminine and masculine, the singular includes the plural, and the word "person" includes corporations, partnerships, firms or associations, wherever the context so requires.

21. MANDATORY AND PERMISSIVE

"Shall" is mandatory. "May" is permissive.

22. SUCCESSORS AND ASSIGNS

All representations, covenants and warranties specifically set forth in this Agreement, by or on behalf of, or for the benefit of any or all of the parties hereto, shall be binding upon and inure to the benefit of such party, its successors and assigns.

23. COUNTERPARTS/ELECTRONIC, FACSIMILE, AND PDF SIGNATURES

This agreement may be executed in any number of counterparts, each of which will be an original, but all of which together will constitute one instrument. Each Party of this agreement agrees to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act ("CUETA"), Cal. Civ. Code §§ 1633.1 to 1633.17), for executing this Agreement. The parties further agree that the electronic signatures of

Attachment: Thunder Ridge 20-015 Snow Removal (RES-2021-586 : Approve an Agreement with Thunder Ridge for Fish Camp Snow Removal)

the parties included in this Agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic signature means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record pursuant to the CUETA, as amended from time to time. The CUETA authorizes use of an electronic signature for transactions and contracts among parties in California, including a government agency. Digital signature means an electronic identifier, created by computer, intended by the party using it to have the same force and effect as the use of a manual signature, and shall be reasonably relied upon by the parties. For purposes of this section, a digital signature is a type of "electronic signature" as defined in subdivision (i) of Section 1633.2 of the Civil Code. Facsimile signatures or signatures transmitted via pdf document shall be treated as originals for all purposes.

24. OTHER DOCUMENTS

The parties agree that they shall cooperate in good faith to accomplish the object of this Agreement and, to that end, agree to execute and deliver such other and further instruments and documents as may be necessary and convenient to the fulfillment of these purposes.

25. CONTROLLING LAW

The validity, interpretation and performance of this Agreement shall be controlled by and construed under the laws of the State of California.

26. AUTHORITY

Each party and each party's signatory warrant and represent that each has full authority and capacity to enter into this Agreement in accordance with all requirements of law. The parties also warrant that any signed amendment or modification to this Agreement shall comply with all requirements of law, including capacity and authority to amend or modify this Agreement.

27. NEGOTIATED AGREEMENT

This Agreement has been arrived at through negotiation between the parties. Neither party is to be deemed the party which prepared this Agreement within the meaning of California Civil Code section 1654. Each party represents and warrants that in executing this Agreement it does so with full knowledge of the rights and duties it may have with respect to the other party. Each party also warrants and represents that it has received independent legal advice from its attorney with respect to the matters set forth in this Agreement and the rights and duties arising out of this Agreement, or that such party willingly foregoes any such consultation.

28. NO RELIANCE ON REPRESENTATIONS

Each party warrants and represents that it is not relying and has not relied upon any representation or statement made by the other party with respect to the facts involved or its rights or duties. Each party understands and agrees that the facts relevant, or believed to be relevant to this Agreement, have been independently verified. Each party further understands that it is responsible for verifying the representations of law or fact provided by the other party.

Attachment: Thunder Ridge 20-015 Snow Removal (RES-2021-586 : Approve an Agreement with Thunder Ridge for Fish Camp Snow Removal)

9. WARRANTY

County has relied upon the professional ability and training of Contractor as a material inducement to enter into this Agreement. Contractor hereby warrants that all work shall be performed in accordance with generally accepted professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor's work by County shall not operate as a waiver or release.

30. FUNDING AVAILABILITY

It is mutually agreed that if the County budget of the current fiscal year and/or any subsequent fiscal year covered under this Agreement does not appropriate sufficient funds for this Agreement, this Agreement shall terminate and be of no further force and effect upon the day notice is provided by County to Contractor of such event. Upon termination of this Agreement, County shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement except for services rendered prior to such termination and Contractor shall not be obligated to perform any provisions of this Agreement. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement. County budget decisions are subject to the discretion of the Board of Supervisors.

If funding for any fiscal year is reduced or deleted by the County budget for purposes of this Agreement, the County shall have the option to either cancel this Agreement with no liability occurring to the County, except County must reimburse Contractor for services rendered prior to such reduction or modification of the County budget, or offer an amendment to this Agreement to Contractor to reflect the reduced amount.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the day and year first written above.

Re: 2021-2022 Snow Removal

Exhibit A, Scope of Work:

This includes the following during the snow season from October through April on County roads:
- Snow removal by blade and blower
- Downed tree removal from roadways
- Removal of any rock or mudslides
- Sanding when necessary

Exhibit B, Cost Proposal:

Blading and back hoe @ $100 per hour
Blowing @ $145 per hour

The total for all equipment use shall not exceed $40,000 for the snow season.

It is impossible determine the amount for the season (except "not to exceed") since the cost depends on the amount of snowfall, frequency, and duration during the season.

Respectfully Submitted,

Donn Harter
Thunder Ridge Co.

ADDITIONAL INSURED — OWNERS, LESSEES OR CONTRACTORS - SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Mariposa County Public Works, 4639 Ben Hur Road, Mariposa, CA 95338	WORK PERFORMED BY THE NAMED INSURED DURING THE POLICY PERIOD
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section II - Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

MARIPOSA COUNTY

Sheriff's Office · 209 966-3615

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Jeremy Briese, Sheriff

RE: 2021 Red Ribbon Week October 23 through October 29

RECOMMENDED ACTION AND JUSTIFICATION:
Proclaim the week of October 23 through October 29, 2021, as "RED RIBBON WEEK."

Red Ribbon Week is a week set aside by law enforcement, schools, parent organizations and community groups throughout the nation to call attention to the destructiveness of alcohol and drug abuse. The Red Ribbon program focuses on substance abuse education and prevention while encouraging individuals to abstain from substance use throughout the year.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
In past years, the Board has proclaimed the last week in October as Red Ribbon Week.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve and miss the opportunity to draw attention to this important issue.

ATTACHMENTS:

RESULT: **ADOPTED [UNANIMOUS]**
MOVER: Wayne Forsythe, District IV Supervisor
SECONDER: Tom Sweeney, District II Supervisors
AYES: Smallcombe, Sweeney, Long, Forsythe, Menetrey

The Mariposa County Board of Supervisors

proclaims the

Week of October 23rd through October 29th, 2021

as

"Red Ribbon Week"

WHEREAS, alcohol and other drug use and abuse has reached pandemic stages in California and throughout the United States; and

WHEREAS, Californians for Drug-Free Youth, Inc. (CADFY) coordinates the California Red Ribbon Celebration, in cooperation with the National Family Partnership to offer our citizens the opportunity to demonstrate their commitment to healthy drug-free lifestyles; and

WHEREAS, parents, youth, government, business, law enforcement, schools, religious institutions, service organizations, social services, health services, media and the general public will demonstrate their commitment to drug-free communities by wearing and displaying red ribbons during this week long celebration; and

WHEREAS, the County of Mariposa further commits resources and urges the community to participate in alcohol and other drug prevention programs and activities to ensure the success of the **RED RIBBON CELEBRATION** and year-round alcohol and other drug prevention efforts.

NOW, THEREFORE, BE IT KNOWN that the Board of Supervisors of Mariposa County, a political subdivision of the State of California, hereby proclaims October 23rd through October 29th, 2021 as "**RED RIBBON WEEK"** in Mariposa County.

PASSED AND ADOPTED by the Board of Supervisors of Mariposa County this 19th day of October, 2021 by unanimous vote.

RE: Receive Presentation by NCE of the Pavement Management Program Update and Adopt Update

---

TITLE OF PRESENTATION:
Receive Presentation by Nichols Consulting Engineers (NCE) of the 2021 Pavement Management Program Update and Adopt Update.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On February 23, 2021 the Commission authorized the Executive Director to sign the Professional Services Agreement with NCE to perform the Pavement Management Program Update LTC 2021-8.

The Public Works Department prioritizes road projects based on their pavement condition index (PCI), cost effectiveness of treatments, geographical locations, traffic volume, goods and services movement, and safety. A Pavement Management Program (PMP) is the only way to efficiently plan maintenance and rehabilitation activities on our roadways. The PMP allows the County to optimize the money invested in maintaining paved roads to provide the greatest return on investment. An effective PMP allows staff to strategize the most cost-effective ways to extend pavement life and prioritize street maintenance so as to minimize the effects of long-term deterioration.

This update collected new data as well as budgetary criteria for future maintenance projects. The State requires funds for local streets and roads infrastructure projects to be developed with a PMP.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not adopt Pavement Management Program Update the County will not be eligible to receive Federal and State Funds.

Executive Summary

In 2021, Mariposa County selected Nichols Consulting Engineers, Chtd. (NCE) to update the pavement management program (PMP) for the entire network. This report summarizes the results of the 2021 update for the County and its purpose is to help educate policy makers about the current condition of the pavement network and the impact of various funding scenarios on future network conditions.

The County's pavement network consists of 364 centerline miles of paved roads, which represents a substantial investment of approximately $292.2 million. In 2021 NCE collected pavement condition data throughout the network using the Metropolitan Transportation Commission (MTC). The survey data were entered into the StreetSaver® database, which the County uses as a PMP decision-support tool.

Overall, the County's pavement network is currently in "Fair" condition with an average pavement condition index (PCI) of 51. Approximately 25.7 percent of the network is in "Good" condition and 44.0 percent is in "Poor" or "Failed" condition.

The budget needs analysis indicated that the County needs to spend approximately $162.2 million over the next ten years to bring the road network to a condition that can be maintained with on-going preventive maintenance in the most cost-effective way. Three alternative budget scenarios were performed to illustrate the impacts of different funding levels. The following table lists each scenario with its corresponding ten-year budget, PCI and deferred maintenance at the end of the analysis period.

Scenario	Description	10-Year Budget ($M)	2031 PCI	2031 Deferred Maintenance ($M)
1	Existing Funding	15.0	32	213
2	Maintain PCI at 51	68.1	51	139
3	Improve PCI to 66	109.9	66	93

NCE recommends that the County pursue Scenario 2 as a minimum, which will maintain the existing network PCI at 51 throughout the next several years. This scenario will increase the portion of the network in "Good" condition and limit the deferred maintenance. This will require $68.1 million over the next ten years.

1 Introduction and Background

In 2008 and 2014, NCE assisted Mariposa County in updating the StreetSaver® pavement management program (PMP) with pavement condition surveys, historical maintenance and rehabilitation (M&R) records, pavement strategies, and budgetary analysis. No update has been conducted on pavement condition surveys or maintenance and rehabilitation strategies since 2014. In 2021, Mariposa County selected Nichols Consulting Engineers, Chtd. (NCE) to update the pavement management program (PMP) for the entire network.

In general, PMPs are "designed to provide objective information and useful data for analysis so that… managers can make more consistent, cost effective, and defensible decisions related to the preservation of a pavement network.[1]"

This report answers the following questions for Mariposa County:

- What does the County's pavement network include?
- What is the current condition of the pavement network?
- What are the County's current M&R strategies?
- How much funding is required to perform all needed M&R treatments over the next 10 years?
- What effect will the County's existing funding have on the network condition and deferred maintenance?
- What effect will other funding levels have on the network condition and deferred maintenance?

To update the County's PMP, NCE performed walking and semi-automated condition surveys using the Metropolitan Transportation Commission's (MTC) survey procedures [2]. Walking surveys were performed by one or two-person crews to record all pavement distresses on all local roads and any pavement sections with a PCI less than 25. Semi-automated condition surveys were performed using a customized vehicle equipped with a computer and a laser bar shown in Figure 1 on all major and minor collectors with PCI greater than 25. This allowed condition data, including distress type, extent, and severity, to be collected quickly and safely. Surveys did not include non-pavement issues such as traffic, safety and road hazards, geometric issues, shoulders, sidewalks, curb and gutters, drainage issues, or immediate maintenance needs.

Figure 1. Pavement Condition Survey Vehicle

All survey data were then entered into the County's StreetSaver® database and pavement condition index (PCI) calculations were performed. NCE then reviewed and updated the maintenance and rehabilitation (M&R) strategies and treatments. NCE also updated the treatment unit costs based on recent bid tabs from the County.

A budget needs analysis was performed for a ten-year analysis period with an annual inflation rate of 3 percent. This analysis identified M&R recommendations for each pavement section and determined the total M&R budget needs for the analysis period. Finally, three budget scenarios were analyzed for the road network.

2 Network Summary

The County is responsible for maintaining approximately 364.1 centerline miles of paved roads (or 486 pavement sections). The network is composed primarily of asphalt concrete (AC) pavement with 32 surface treated sections (surface seal over native soil). Table 1 summarizes the road network by functional classification. Five (5) gravel roads are also listed in the database but are not be included in the budgetary analysis.

Table 1. Network Summary Statistics

Functional Class	Number of Sections	Centerline Miles	Lane Miles	Network Area (%)
Local	360	164.8	320.6	41.4
Major Collector	48	96.3	192.5	28.6
Minor Collector	78	103.0	208.8	30.0
Totals	**486**	**364.1**	**721.9**	**100.0**
Gravel	5	0.8	1.6	-

The road network replacement cost is estimated to be approximately $292.2 million. This can be viewed as the value of the pavement network and is the amount needed to fund reconstruction of the entire paved network. It does not include related infrastructure assets such as sidewalks, signals, markings, signs, or storm drains.

3 Pavement Condition

Pavement condition is typically quantified using the pavement condition index (PCI), which ranges from 100 (best) to 0 (worst). A newly constructed road has a PCI of 100, while a failed road has a PCI of 25 or less. Pavement condition is affected by the environment, traffic loads and volumes, construction materials, and age.

The PCI scale is divided into four general condition categories. Pavements in "Good" condition have a PCI above 70, pavements in "Fair" condition have a PCI between 50 and 69, pavements in "Poor" condition have a PCI between 25 and 49, and finally pavements in "Failed" condition have a PCI below 25.

3.1 COUNTY'S PAVEMENT CONDITION INDEX

The current average PCI for the County's pavement network is 51. This value is an area-weighted calculation performed in StreetSaver® and is based on the condition survey performed in 2021. Figure 2 illustrates the County's historical network PCI since 2008 which shows that the County has been able to maintain a relatively stable network PCI in low-50s for last 13 years.

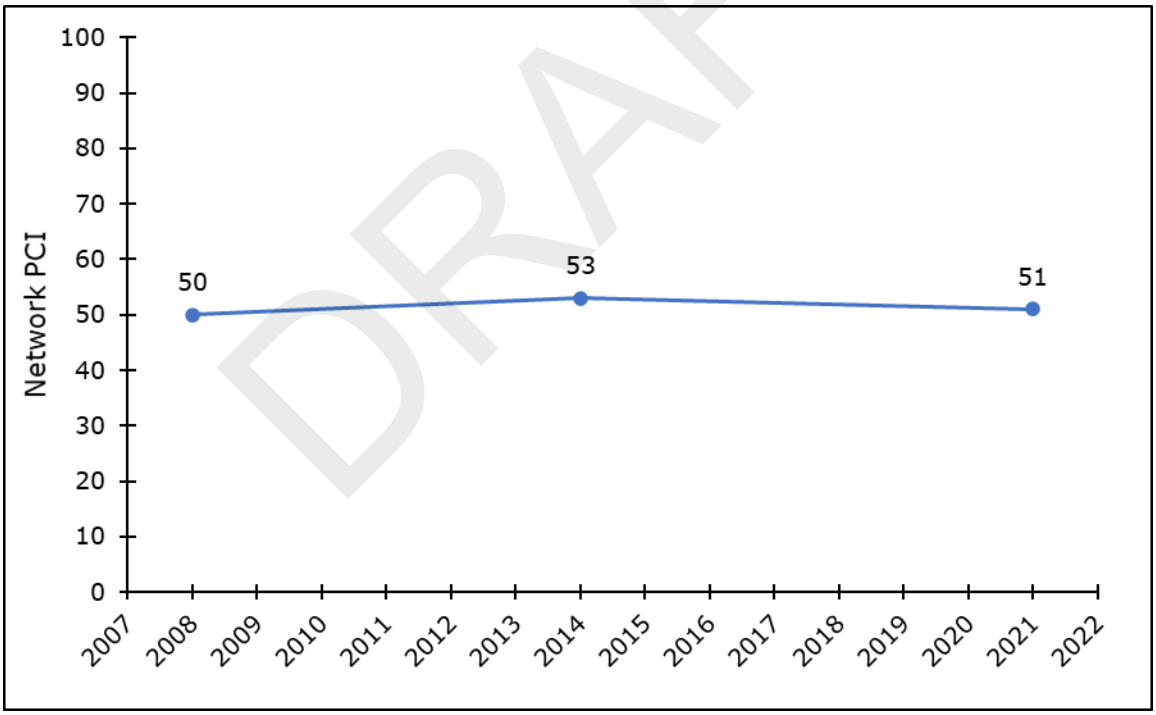

Figure 2. Historical Network PCI since 2008

A list of all pavement sections in the network along with their attributes, including the PCI at the time of last inspection, is provided in Appendix A. For convenience, two versions are provided – one sorted alphabetically by road name and the other sorted by descending PCI.

3.2 COUNTY'S NETWORK CONDITION BREAKDOWN

Figure 4 breaks down the current network PCI by functional classification. As shown, the major collectors have the highest condition with a PCI of 68 while the local roads have the lowest condition with a PCI of 35. The area-weighted average PCI for collectors including both major and minor is 62 which represents the "Fair" condition category, while the average PCI for the local roads is in the "Poor" condition category.

Table 2 summarizes the pavement network by condition category and functional classification. Approximately 25.7 percent of the roads are in "Good" condition, with

approximately 30.3 percent in "Fair" condition. The remaining 44.0 percent are in "Poor" or "Failed" condition.

3.3 PCI COMPARISON WITH NEIGHBORING COUNTIES

As a comparison, Figure 5 shows the County's network PCI compared to neighboring counties as well as the statewide average PCI. This comparison data was presented as part of the Statewide Needs Assessment[3]. As illustrated, the County's network PCI is in the mid-range of its neighbors but still 15 points below the statewide average.

4 Maintenance and Rehabilitation Strategies

Historically, the County has frequently used crack seals, chip seals and HMA overlays as maintenance and rehabilitation strategies. In general chip seals will be applied to pavements in "Good" condition; a rubberized cape/chip seal or a hot mix asphalt (HMA) overlay will be performed on pavements in "Fair" condition; mill with thick or thin HMA overlays will be performed on pavements in "Poor" condition; and surface reconstruction (2.5 to 4 inches remove and replace with HMA overlay) will be performed when pavements are in "Failed" condition. These M&R strategies were formalized into a decision tree[4] (presented in Appendix B), which is instrumental in performing the budget needs analysis and budget scenarios.

Experience and research have shown that it costs much less to maintain pavement in good condition than to repair pavements that have already failed. As shown in Figure 6, by allowing pavements to deteriorate, roads that once cost $5.25/square yard (SY) to seal may soon cost $48.75/SY to overlay, or $62.25/SY to reconstruct. In other words, delaying repairs can significantly increase M&R costs. Note that chip seals can be placed on approximately 12 times as many lane miles as those requiring surface reconstruction.

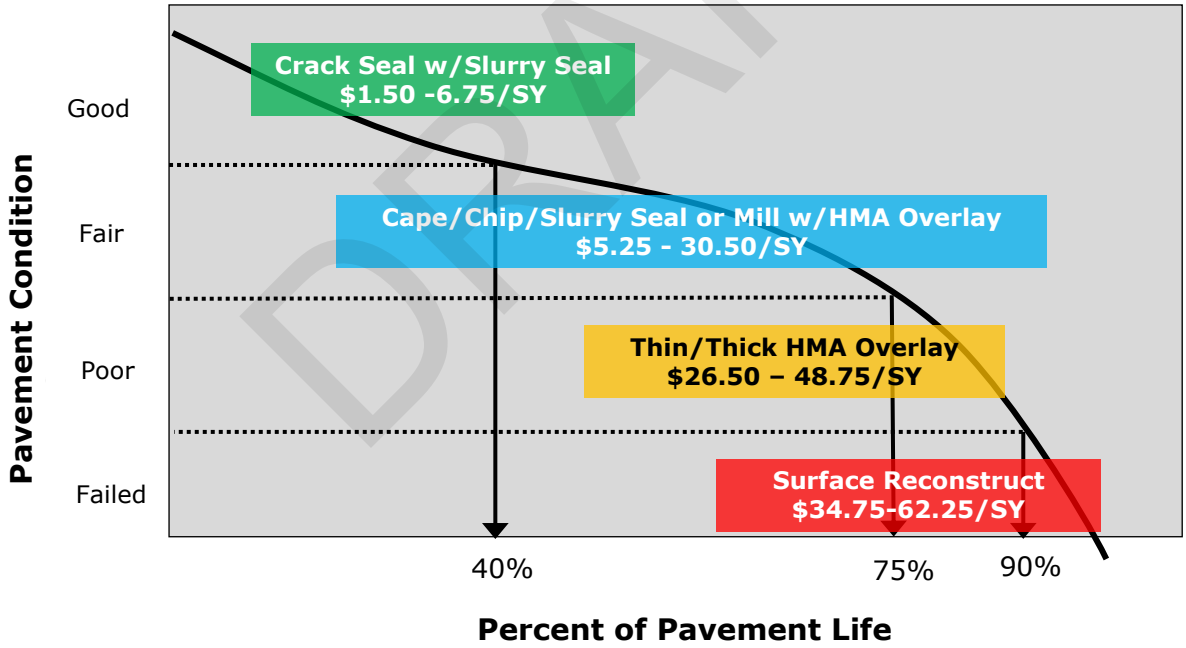

Figure 6. Costs of Maintaining Pavements Over Time

[4] Note: The StreetSaver® "Maintenance and Rehabilitation Decision Tree" divides the "Fair" condition category to separate pavements with primarily non-load-related distresses (e.g., longitudinal cracking) from those with load-related distresses (e.g., fatigue cracking).

Attachment: Mariposa County - 2021 PMP Draft Report (12023 : Receive Presentation by NCE of the Pavement Management Program Update

5 Budget Analyses

Based on the principle that it costs less to maintain streets in good condition than it does to repair those that have failed, cost-effective PMPs employ strategies that eliminate the deferred maintenance[5] and then maintain the network with on-going preventive maintenance. Such strategies bring the network condition to an optimal PCI that can be maintained over time.

The first step in developing such a cost-effective strategy is to determine the total maintenance budget needs of the network. The next step is to conduct alternative budget scenario analyses. In consultation with the County, three funding scenarios were selected for analysis and performed using StreetSaver®:

- **Scenario 1: Existing Budget** – This scenario assumes the County will spend approximately $1.5 million per year on pavement M&R for the next 10 years.
- **Scenario 2: Maintain PCI at 51** – This scenario aims to maintain the existing network PCI of 51 over the next 10 years.
- **Scenario 3: Improve PCI to 66** – This scenario aims to improve the network PCI to statewide average PCI of 66.

The budget needs analysis and budget scenarios are presented in the following sections. The detailed results of the budget needs analysis are provided in Appendix C. The detailed results of the budget scenarios are provided in Appendix D. Additionally, maps illustrating the current pavement condition and the projected 2031 pavement condition for each scenario are provided in Appendix E.

[5] Deferred maintenance is M&R not performed due to insufficient funding.

Attachment: Mariposa County - 2021 PMP Draft Report (12023 : Receive Presentation by NCE of the Pavement Management Program Update

5.1 BUDGET NEEDS ANALYSIS

The total budget needs for the network represents the cost associated with performing M&R treatments at the optimal time – optimal meaning the PCI is maximized and the cost is minimized – over the analysis period. This was done by performing a budget needs analysis in StreetSaver® with an inflation rate of 3 percent for an analysis period of ten years.

The results of the budget needs analysis are presented in Table 3. The total budget needs for the County for the next ten years is estimated to be $162.2 million. Of the total budget needs, approximately $35.3 million (21.8 percent) is devoted to preventive maintenance, while the rest is allocated for more costly rehabilitation and reconstruction treatments.

Table 3. Summary Results for Budget Needs Analysis

Year	2022	2023	2024	2025	2026	2027	2028	2029	2030	2031	Total
Budget Needs ($M)	112.7	4.0	3.9	1.8	1.3	1.2	1.7	18.1	1.0	16.5	162.2
Rehabilitation ($M)	109.6	3.8	3.9	0.3	0.1	0.9	1.5	2.5	0.3	4.0	126.9
Preventive Maintenance ($M)	3.1	0.2	0.0	1.5	1.2	0.3	0.2	15.6	0.7	12.5	35.3

Untreated PCI	50	47	44	42	39	36	33	31	28	26	NA

If the County follows this ideal, cost-effective strategy, the average network PCI will immediately increase as a large amount of deferred maintenance is addressed in the first year, and then stabilize in the low to mid 80s. This type of budget, that addresses the current deferred maintenance in the first year, is known as front-loaded. Alternatively, if no maintenance is performed over the next ten years, the PCI will drop to 26. The detailed results of the budget needs analysis are provided in Appendix C.

5.2 SCENARIO 1: EXISTING FUNDING ($15.0 M/10 YEARS)

This scenario assumes the County will have $1.5 million to dedicate to pavement M&R each year for the next ten years. As shown in Table 4 and Figure 7, the network PCI will decrease to 32 by the end of the analysis period. Additionally, by 2031, approximately half (49.5 percent) of the network will be in "Failed" condition with 21.7 percent in "Good" condition. The deferred maintenance will increase to $213 million by 2031. A list of sections selected for treatment are provided in Appendix F.

5.3 SCENARIO 2: MAINTAIN PCI ($68.1 M/10 YEARS)

This scenario aims to maintain the network PCI at 51. As shown in Table 5 and Figure 8, the financial commitment required to accomplish this goal is $68.1 million over ten years. This will result in 56.5 percent of the network being "Good" condition with 36.9 percent, in "Failed" condition. The deferred maintenance will be $139 million by the end of analysis period.

5.4 SCENARIO 3: IMPROVE PCI TO 66 ($109.9 M/10 YEARS)

This scenario aims to improve the network PCI to the statewide average PCI of 66. As shown in Table 6 and Figure 9, the financial commitment required to accomplish this goal is $109.9 million over ten years which is approximately seven times higher than the County's existing budget (Scenario 1). This will result in more than three quarters (76.2 percent) of the network in "Good" condition with 20.6 percent in "Failed" condition. The deferred maintenance will be decrease to $93 million by the end of analysis period.

Figure 12 illustrates the percent change in pavement condition for each scenario. As noted earlier, currently, 25.7 percent of the network is in "Good" condition, with 44.0 percent in "Poor" or "Failed" condition. For Scenario 1 the portion of the network in "Good" condition will decrease and the portion in "Failed" condition will increase to nearly half of the network due to insufficient funding. For Scenario 2, more than half of the network (56.5 percent) will be in "Good" condition with 36.9 percent being in "Failed" condition. In Scenario 3, more than three quarters of the network will be in "Good" condition with 20.6 percent being in "Failed" condition.

6 Conclusion and Recommendations

In summary, Mariposa County has a substantial investment of $292.2 million in the pavement network. Overall, the County's roads are in "Fair" condition bordering on "Poor" condition with a 2021 PCI of 51. Approximately 25.7 percent of the road network is in "Good" condition and 21.7 percent is in "Failed" condition.

The analyses indicate that the County needs to spend approximately $162.2 million on maintenance and rehabilitation over the next ten years to optimally repair all pavement sections, thus bringing the network into a condition that can be maintained with on-going preventive maintenance. In the long run, this strategy will save the County money by preventing future pavement deterioration to levels requiring rehabilitation or reconstruction.

Based on the data collected and the scenarios analyzed and presented in this report, NCE offers the following recommendations.

1. **Funding** - The primary goal of PMPs should be to offer users a safe and functional pavement network without unduly increasing the maintenance burden in the future. With that in mind, the recommended scenario for the County is Scenario 2, which requires $68.1 million over the next ten years to maintain the pavement network at current level. This is approximately 4.5 times of the County's existing budget for ten years. This budget allocation will maintain the overall network PCI at 51, increase the portion of the network in "Good" condition, and limit the increase in deferred maintenance.

   To address the gap between the County's existing funding and the recommended scenario, NCE recommends the County pursue additional funding sources. Potential sources include:

<u>Federal Funding Sources</u>

- Regional Surface Transportation Program (RSTP)
- Surface Transportation Program (STP)
- Congestion Mitigation and Air Quality Improvement Program (CMAQ)
- Community Development Block Grants (CDBG)
- Highway Safety Improvement Program (HSIP)
- Federal Emergency Management Agency (FEMA)

<u>State Funding Sources</u>

- Active Transportation Program (ATP), which now includes the Bicycle Transportation Account (BTA) and Safe Routes to Schools (SR2S)
- State Transportation Improvement Program (STIP)
- AB 2766 (vehicle surcharge)
- Vehicle License Fees (VLF)

DRAFT

Attachment: Mariposa County - 2021 PMP Draft Report (12023 : Receive Presentation by NCE of the Pavement Management Program Update

- CalRecycle grants
- State Water Resource Control Board
- Transportation Development Act (TDA)
- Traffic Safety Fund
- Transportation Uniform Mitigation Fee (TUMF)

Local/Regional Funding Sources

- Sales tax measure
- Development impact fees
- General funds
- Various assessment districts (lighting, maintenance, flood control, community facilities)
- Traffic impact fees
- Utilities (e.g., stormwater, water, wastewater enterprise funds)
- Parcel/property taxes
- Vehicle registration fees
- Vehicle code fines

2. **Pavement Management Strategies –** Since more than a quarter of County's roads are currently in "Good" condition, it is important to maintain that condition to the extent possible. Preservation occurs when roads with PCIs higher than 70 receive treatments such as surface seals (slurry, chip, microsurfacing, etc.). Seals are relatively inexpensive treatments that prevent moisture ingress and thus preserve the integrity of the underlying base material. NCE recommends that the County balance preventive maintenance with rehabilitation and reconstruction projects to preserve pavements in "Good" or "Fair" condition, improve pavements in "Poor" condition, and avoid increasing the deferred maintenance.

3. **Reinspection Strategies –** In order to make appropriate management decisions based on current data, NCE recommends that the County perform condition inspections on arterials and collectors every 2 years and on residentials at least every 4 to 5 years. Additionally, since StreetSaver® and other prediction models do not yet take into account the effect of specialized materials such as asphalt-binders with rubber or polymers, the actual performance of county pavements may not be fully modeled in the analysis. For this additional reason, NCE recommends regular pavement condition surveys to ensure model accuracy and relevance.

4. **M&R Decision Tree –** NCE recommends that the County annually review and update the M&R treatment strategies and associated unit costs to reflect current construction techniques and changing costs. This will ensure that the results for the budget analyses are reliable and as accurate as possible.

Section Description Inventory Report

This report lists a variety of section description information for each of the County's pavement sections. It lists the road and section identifiers, limits, functional class, surface type, number of lanes, length, width, area, Inspected PCI, and PCI date.

All of the County's pavement sections are included in the report. Two versions of the report are provided. The first is sorted alphabetically by Road Name and Section ID and the second report is sorted by descending PCI. The field descriptions in this report are listed below:

COLUMN	DESCRIPTION
Street ID	Street Identification - A code up to ten characters/digits to identify the street. Generally, the street name is truncated to six characters. The Street ID should be unique for each street.
Section ID	Section Identification - A code up to ten characters/digits to identify the section number. The Section ID must be unique for each section of one street.
Road Name	Road Name - The name of the road as indicated by signs in the field.
Begin Location	Beginning limit of the section.
End Location	Ending limit of the section.
No. of Lanes	Number of travel lanes.
Functional Class (FC)	Functional Classification: OPA/RPA (Other/Rural Principal Arterial), RL (Residential), RMaC/RMiC (Rural Major/Mino Collector), RMiA (Rural Minor Arterial)
Length (ft)	Length of the section in feet.
Width (ft)	Average width of the section in feet.
Area (sf)	Area of section in square feet.
Surface Type (ST)	Surface Type: AC (Asphalt Concrete), ST (Surface Treated)
PCI Date	The last inspection date or rehabilitation date.
PCI	Average PCI for the section. The value is based on the last inspection.

Maintenance and Rehabilitation (M&R) Decision Tree

This report presents the current maintenance and rehabilitation decision tree that exists in the database. The decision tree forms the basis for all of the budgetary computations included in this report. ***Changes to the decision tree will make the results in the budget reports invalid.*** All pavement treatment unit costs relevant to the road types in the database were updated.

The decision tree lists the treatments and costs selected for preventive maintenance and rehabilitation activities. Each line represents a specific combination of functional classification and surface type.

The preventive maintenance portion of the report is identified as Condition Category I – Very Good. All preventive maintenance treatment listings are assigned only to sections in Condition Category I where the PCI ≥ 70. Sections with PCI values less than 70 are assigned to treatments listed in Categories II through V.

In the preventive maintenance category (PCI ≥ 70), a time sequence is used to identify the appropriate treatment and cost. Each preventive maintenance treatment description consists of three parts: 1) a CRACK treatment, 2) a SURFACE treatment, and 3) a RESTORATION treatment. These three parts allow the user to specify one of three different preventive maintenance treatments depending on the prior maintenance history of the section.

1. The CRACK treatment part can be used to specify the most frequent type of preventive maintenance activity planned (typically crack seals).
2. The SURFACE treatment part can be used to specify more extensive and less frequent preventive maintenance activities, such as chip seals or slurry seals. For example, a crack seal can be specified on a 3-year cycle with a slurry seal specified after 5 years.
3. The RESTORATION part can be used to specify a surface restoration treatment (such as an overlay) to be performed after a specified number of surface treatments. For example, after a certain number of successive slurry seals, an overlay can be specified instead of another slurry seal.

Rehabilitation treatments are assigned to sections in Condition Categories II through V (PCI less than 70). Each line is defined by a specific combination of functional classification, surface type, and condition category.

COLUMN	DESCRIPTION
Functional Class	Functional Classification identifying the branch
Surface	Surface Type identifying the branch number.
Condition Category	Condition Category (I through V).
Treatment Type	First Row (Crack Treatment) indicates localized treatment (e.g. crack sealing). Second Row (Surface Treatment) indicates surface treatment

COLUMN	DESCRIPTION
	(e.g. slurry sealing). Third Row (Restoration Treatment) indicates surface restoration (e.g. overlay).
Treatment	Name of treatments from the "Treatment Descriptions" report.
Yrs. Between Crack Seals	First Row - number of years between successive treatment applications specified in the first row (i.e. CRACK treatment).
Yrs. Between Surface Seals	Second Row - number of years between successive treatment applications specified in the second row (i.e. SURFACE treatment).
Number of Sequential Seals	Number of times that the treatment application in the second row (i.e. SURFACE treatment) will be performed prior to performing the treatment application in the third row.

Note that the treatments assigned to each section should not be blindly followed in preparing a road maintenance program. Engineering judgment and project level analysis should be applied to ensure that the treatment is appropriate and cost effective for the section.

Budget Needs Reports

The purpose of this section is to answer the question: ***If the County had all the money in the world, what sections should be fixed and how much will it cost?*** Based on the Maintenance & Rehabilitation (M&R) decision tree and the PCIs of the sections, the program will then select a maintenance or rehabilitation action and compute the total costs over the analysis period. The Budget Needs represents the "ideal world" funding levels, while the Budget Scenario reports in the next section represent the most "cost effective" prioritization possible for the actual funding levels.

A budget needs analysis has been performed. The summary results from the analysis are provided. An interest rate of 3% and an inflation factor of 3% were used to project the costs for the analysis period. This report shows the total ten-year budget that would be required to meet the County's standards as exemplified in the M&R decision tree.

Budget Needs reports included in this appendix are listed below:

- Projected PCI/Cost Summary
- Preventive Maintenance Treatment/Cost Summary
- Rehabilitation Treatment/Cost Summary

DRAFT

Needs - Projected PCI/Cost Summary

This report summarizes and projects the network PCI over the ten-year analysis period, both with and without treatments applied. It also reports the associated costs, which are based on the treatment unit costs presented in the M&R decision tree.

COLUMN	DESCRIPTION
Year	Year in the analysis period.
PCI Treated	Projected network average PCI with all needed treatments applied.
PCI Untreated	Projected network average PCI without any treatments applied.
PM Cost	Total preventive maintenance treatment cost.
Rehab Cost	Total rehabilitation treatment cost.
Cost	The budget required for each year in the analysis period to meet the County's standard as shown on the M&R decision tree.
Total Cost	Total budget required over a ten-year period.

What is a Pavement Management Program?

- Used to make cost-effective decisions
- Answers 4 main questions
    1. What roads does the County own/maintain?
    2. What condition are they in?
    3. What repairs are needed & when?
    4. How much funding is needed to maintain or improve streets?

StreetSaver software used for almost 10 years

Conclusions

- County has a substantial investment in the road network ($262 Million)
- Network is in “Fair” condition with a PCI of 51
- Existing budget ($1.5 M/year) is insufficient
  - PCI will deteriorate to 32
  - Deferred maintenance will increase to $213 Million
  - 68.5% of network will be in “Poor” or “Failed” condition by 2031

MARIPOSA COUNTY

Treasurer-Tax Collector-County Clerk ·

RESOLUTION - ACTION REQUESTED 2021-587

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Keith Williams, Treasurer/Tax Collector

RE: Initiative Petition

RECOMMENDATION AND JUSTIFICATION:

Accept the Certification of Initiative Petition Dated October 13, 2021 with Respect to the Citizen Initiative Petition Titled "An Initiative to Adopt a Transactions and Use (Sales) Tax of 1% for 40 years to design, construct, and equip a new John C. Fremont Hospital" that was Filed with the Registrar of Voters on September 28, 2021; and submit the ordinance, without alteration, to the voters pursuant to Elections Code Section 1405.

On September 28, 2021, members of the Citizens to Save the Hospital submitted an Initiative Petition to Adopt a Transactions and Use (Sales) Tax to benefit the John C. Fremont Hospital. On October 13, 2021, County Clerk staff verified that the petition qualifies as a valid petition, and is hereby certified as being signed by 10% or more of the votes cast in the county for all candidates for Governor at the last gubernatorial election preceding publication of the notice of intention to circulate this initiative petition.

With receipt of a valid petition, and the certified signature percentage amounting to 10% or more, the Board must now do one of the following as required by California Elections Code (EC) 9118:

(a) Adopt the ordinance, without alteration, at the regular meeting at which the certification of the petition is presented, or within 10 days after it is presented.

(b) Submit the ordinance, without alteration, to the voters pursuant to EC Section 1405.

(c) Order a report pursuant to EC Section 9111 at the regular meeting at which the certification of the petition is presented. When the report is presented to the board of supervisors, the board shall either adopt the ordinance within 10 days or order an election pursuant to subdivision (b).

If the Board chooses to submit the ordinance to the electorate (option number 2 above)

then EC section 1405 also requires that it do one of the following:

1) Order that the Initiative Petition/Measure shall be added to the June 7, 2022 ballot (the regularly scheduled Statewide Primary election); or

2) Call a special election for the Initiative Petition/Measure not less than 88 days nor more than 103 days after October 19, 2021.

Given the numerous state propositions that have reserved the right of taxation to the electorate, staff is recommending that the Board submit the ordinance, without alteration, to be considered by the voters with the regularly scheduled Statewide Primary election to be held on June 7, 2022.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

No Board actions exist on this particular initiative, however, the Board has played a role in other past Election-related matters including acceptance of past petitions, certifications of votes cast, etc.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

The Board may order that the initiative be approved and adopted, without alteration. It may also order a report, pursuant to Elections Code section 9111, which must be returned to the Board within ten days.

CERTIFICATE OF INITIATIVE PETITION

I, Keith Williams, Registrar of Voters for the County of Mariposa, State of California, hereby certify:

That the petition titled **"An Initiative to Adopt a Transactions and Use (Sales) Tax of 1% for 40 years to design, construct and equip a new John C. Fremont Hospital"** was filed with the Registrar of Voters office on September 28, 2021;

That said petition consists of **102** sections; containing **1706** signatures;

That each section contains signatures purporting to be the signatures of qualified electors residing within the County of Mariposa;

That attached to this petition at the time it was filed was an affidavit purporting to be the affidavit of the person who solicited the signatures, and containing the dates between which the purported qualified electors signed this petition;

That the affiant stated his or her own qualifications, that he or she had solicited the signatures upon that section, that all of the signatures were made in his or her presence, and that to the best of his or her information and belief each signature to that section was the genuine signature of the person whose name it purports to be;

That after the proponent filed this petition, pursuant to Sections 9118 of the California Elections Code, a full check of the signatures was conducted by examining the records of registration within County of Mariposa, current and in effect at the respective purported dates of such signing, to determine what number of qualified electors signed the petition, and from that examination, I have determined the following facts regarding this petition:

1.	Number of signatures filed by proponent (raw count)	1,706
2.	Number of signatures verified	957
	a. Number of signatures found SUFFICIENT	824
	b. Number of signatures found INSUFFICIENT	133
3.	NOT SUFFICIENT because DUPLICATE	9
4.	Required number of valid signatures	823

That pursuant to Section 9118 of the California Elections Code, the projected number of valid signatures is more than the required 10%, and that therefore, the petition has been signed by the requisite number of qualified electors needed and based thereon is deemed sufficient;

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this thirteenth day of October 2021.

Keith M Williams, Registrar of Voters

County Hall of Records 4982 10th Street, PO Box 247, Mariposa CA, 95338

AN ORDINANCE OF THE VOTERS OF THE COUNTY OF MARIPOSA ADOPTING A TRANSACTIONS AND USE TAX TO SAVE THE JOHN C. FREMONT HOSPITAL

THE PEOPLE OF THE COUNTY OF MARIPOSA ORDAIN AS FOLLOWS:

Section 1. TITLE. This ordinance shall be known as the Mariposa County Healthcare 2022 Transactions and Use Tax Ordinance. The County of Mariposa, hereinafter, shall be called "County" or "District." This ordinance shall be applicable throughout the entire territory of the County.

Section 2. OPERATIVE DATE. "Operative Date" means the first day of the first calendar quarter commencing more than 110 days after the adoption of this ordinance, the date of such adoption being as set forth below.

Section 3. PURPOSES. This ordinance is adopted to achieve the following purposes, among other purposes, and directs that the provisions hereof be interpreted in order to accomplish those purposes:

A. To adopt a retail transactions and use tax ordinance in the amount of one percent (1%) as provided herein, for the specific purpose of generating funds to be deposited into a dedicated account as specified herein, for the specific purpose of designing, constructing and equipping a new community hospital, and other purposes, as more fully described in the Expenditure Plan contained in Attachment 1. This tax is intended to be in addition to any other transactions and use tax that may be in effect at the time of the effective date of this ordinance.

B. To impose a retail transactions and use tax in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code and Section 7285.5 of Part 1.7 of Division 2 which authorizes the County to adopt this tax ordinance which shall be operative if a majority of the electors voting on the measure vote to approve the imposition of the tax at an election called for that purpose, or if the Mariposa County Board of Supervisors adopts this ordinance prior to an election pursuant to California Elections Code section 9118, subsection (a).

C. To adopt a retail transactions and use tax ordinance that incorporates provisions identical to those of the Sales and Use Tax Law of the State of California insofar as those provisions are not inconsistent with the requirements and limitations contained in Part 1.6 of Division 2 of the Revenue and Taxation Code.

D. To adopt a retail transactions and use tax ordinance that imposes a tax and provides a measure therefor that can be administered and collected by the California Department of Tax and Fee Administration in a manner that adapts itself as fully as practicable to, and requires the least possible deviation from, the existing statutory and administrative procedures followed by the California Department of Tax and Fee Administration in administering and collecting the California State Sales and Use Taxes.

E. To adopt a retail transactions and use tax ordinance that can be administered in a manner that will, to the greatest degree possible, be consistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting the transactions and use taxes, and at the same time, minimize the burden of record keeping upon persons subject to taxation under the provisions of this ordinance.

Section 4. CONTRACT WITH STATE.

A. Prior to the Operative Date, the County shall contract with the California Department of Tax and Fee Administration to perform all functions incident to the administration and operation of this transactions and use tax ordinance; provided, that if the County shall not have contracted with the California Department of Tax and Fee Administration prior to the Operative Date, it shall nevertheless so contract and in such a case the Operative Date shall be the first day of the first calendar quarter following the execution of such a contract.

B. Payment for the cost of contracting with the California Department of Tax and Fee Administration for administration of the tax shall be the responsibility of the County. If the election is successful, the County shall be reimbursed for any fee charged by the California Department of Tax and Fee Administration from sales tax revenues.

Attachment: Citizens to Save the Hospital Initiative Ordinance (RES-2021-587 : Initiative Petition)

Section 5. TRANSACTIONS TAX RATE. For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers in the territory of the District at the rate of one percent (1%) of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in said territory on and after the Operative Date of this ordinance.

Section 6. PLACE OF SALE. For the purposes of this ordinance, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his or her agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the state sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the California Department of Tax and Fee Administration.

Section 7. USE TAX RATE. An excise tax is hereby imposed on the storage, use or other consumption in the District of tangible personal property purchased from any retailer on and after the Operative Date of this ordinance for storage, use or other consumption in said territory at the rate of one percent (1%) of the sales price of the property. The sales price shall include delivery charges when such charges are subject to state sales or use tax regardless of the place to which delivery is made.

Section 8. ADOPTION OF PROVISIONS OF STATE LAW. Except as otherwise provided in this ordinance and except insofar as they are inconsistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, all of the provisions of Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code are hereby adopted and made a part of this ordinance as though fully set forth herein.

Section 9. LIMITATIONS ON ADOPTION OF STATE LAW AND COLLECTION OF USE TAXES. In adopting the provisions of Part 1 of Division 2 of the Revenue and Taxation Code:

A. Wherever the State of California is named or referred to as the taxing agency, the name of this County shall be substituted therefor. However, the substitution shall not be made when:

1. The word "State" is used as a part of the title of the State Controller, State Treasurer, State Treasury, the California Department of Tax and Fee Administration, or the Constitution of the State of California;

2. The result of that substitution would require action to be taken by or against this County or any agency, officer, or employee thereof rather than by or against the California Department of Tax and Fee Administration, in performing the functions incident to the administration or operation of this ordinance.

3. In those sections, including, but not necessarily limited to sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to:

a. Provide an exemption from this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not otherwise be exempt from this tax while such sales, storage, use or consumption remain subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code; or

b. Impose this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not be subject to tax by the State under the said provision of that code.

4. In Sections 6701, 6702 (except in the last sentence thereof), 6711, 6715, 6737, 6797 or 6828 of the Revenue and Taxation Code.

B. The word "District" shall be substituted for the word "State" in the phrase "retailer engaged in business in this State" in Section 6203 and in the definition of that phrase in Section 6203.

Section 10. PERMIT NOT REQUIRED. If a seller's permit has been issued to a retailer under Section 6067 of the Revenue and Taxation Code, an additional transactor's permit shall not be required by this ordinance.

Attachment: Citizens to Save the Hospital Initiative Ordinance (RES-2021-587 : Initiative Petition)

Section 11. EXEMPTIONS AND EXCLUSIONS.

A. There shall be excluded from the measure of the transactions tax and the use tax the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law or the amount of any state-administered transactions or use tax.

B. There are exempted from the computation of the amount of transactions tax the gross receipts from:

1. Sales of tangible personal property, other than fuel or petroleum products, to operators of aircraft to be used or consumed principally outside the County in which the sale is made and directly and exclusively in the use of such aircraft as common carriers of persons or property under the authority of the laws of this State, the United States, or any foreign government.

2. Sales of property to be used outside the District which is shipped to a point outside the District, pursuant to the contract of sale, by delivery to such point by the retailer or his or her agent, or by delivery by the retailer to a carrier for shipment to a consignee at such point. For the purposes of this paragraph, delivery to a point outside the District shall be satisfied:

a. With respect to vehicles (other than commercial vehicles) subject to registration pursuant to Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code, aircraft licensed in compliance with Section 21411 of the Public Utilities Code, and undocumented vessels registered under Division 3.5 (commencing with Section 9840) of the Vehicle Code by registration to an out-of-District address and by a declaration under penalty of perjury, signed by the buyer, stating that such address is, in fact, his or her principal place of residence; and

b. With respect to commercial vehicles, by registration to a place of business out-of-District and declaration under penalty of perjury, signed by the buyer, that the vehicle will be operated from that address.

3. The sale of tangible personal property if the seller is obligated to furnish the property for a fixed price pursuant to a contract entered into prior to the Operative Date of this ordinance.

4. A lease of tangible personal property which is a continuing sale of such property, for any period of time for which the lessor is obligated to lease the property for an amount fixed by the lease prior to the Operative Date of this ordinance.

5. For the purposes of subsections (3) and (4) of this section, the sale or lease of tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

C. There are exempted from the use tax imposed by this ordinance, the storage, use or other consumption in this District of tangible personal property:

1. The gross receipts from the sale of which have been subject to a transactions tax under any state-administered transactions and use tax ordinance.

2. Other than fuel or petroleum products purchased by operators of aircraft and used or consumed by such operators directly and exclusively in the use of such aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this State, the United States, or any foreign government. This exemption is in addition to the exemptions provided in Sections 6366 and 6366.1 of the Revenue and Taxation Code of the State of California.

3. If the purchaser is obligated to purchase the property for a fixed price pursuant to a contract entered into prior to the Operative Date of this ordinance.

4. If the possession of, or the exercise of any right or power over, the tangible personal property arises under a lease which is a continuing purchase of such property for any period of time for which the

Attachment: Citizens to Save the Hospital Initiative Ordinance (RES-2021-587 : Initiative Petition)

lessee is obligated to lease the property for an amount fixed by a lease prior to the Operative Date of this ordinance.

5. For the purposes of subsections (3) and (4) of this section, storage, use, or other consumption, or possession of, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

6. Except as provided in subparagraph (7), a retailer engaged in business in the District shall not be required to collect use tax from the purchaser of tangible personal property, unless the retailer ships or delivers the property into the District or participates within the District in making the sale of the property, including, but not limited to, soliciting or receiving the order, either directly or indirectly, at a place of business of the retailer in the District or through any representative, agent, canvasser, solicitor, subsidiary, or person in the District under the authority of the retailer.

7. "A retailer engaged in business in the District" shall also include any retailer of any of the following: vehicles subject to registration pursuant to Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code, aircraft licensed in compliance with Section 21411 of the Public Utilities Code, or undocumented vessels registered under Division 3.5 (commencing with Section 9840) of the Vehicle Code. That retailer shall be required to collect use tax from any purchaser who registers or licenses the vehicle, vessel, or aircraft at an address in the District.

D. Any person subject to use tax under this ordinance may credit against that tax any transactions tax or reimbursement for transactions tax paid to a district imposing, or retailer liable for a transactions tax pursuant to Part 1.6 of Division 2 of the Revenue and Taxation Code with respect to the sale to the person of the property the storage, use or other consumption of which is subject to the use tax.

Section 12. EXPENDITURE PLAN. In conformance with Section 7285.5 of the Revenue and Taxation Code, the specific purposes for which the revenues from the tax set forth in this ordinance may be expended is attached hereto in Attachment 1 entitled "Expenditure Plan."

Section 13. ACCOUNTABILITY AND TRANSPARENCY.

A. The Healthcare District shall establish a "Save the Hospital" Fund wherein all retail transactions and use tax proceeds generated by this ordinance shall be deposited. The Fund shall be maintained separate and apart from all other Healthcare District funds. Proceeds from the Fund shall only be used for the specific purposes identified in the Expenditure Plan in Attachment 1 of this ordinance.

B. The Healthcare District Board of Directors shall prepare or cause to be prepared a General Implementation Plan for implementation of the Expenditure Plan within one year of the Operative Date of this ordinance for presentation to the general public. The Plan shall serve as a general guide for any anticipated capital expenditures, provide a general projected time-line for implementation, and be periodically updated.

C. The Healthcare District Board of Directors shall prepare or cause to be prepared a Quarterly Financial Report summarizing any expenditures pursuant to the Expenditure Plan and General Implementation Plan, and the status of any projects or description of any programs or services funded from proceeds of the retail transactions and use tax. The report shall be a public document.

D. The Healthcare District Board of Directors shall prepare or cause to be prepared an Annual Progress Report for the general public describing progress made toward implementation of the Expenditure Plan and General Implementation Plan.

Section 14. AMENDMENTS. All amendments subsequent to the effective date of this ordinance to Part 1 of Division 2 of the Revenue and Taxation Code relating to sales and use taxes and which are not inconsistent with Part 1.6 and Part 1.7 of Division 2 of the Revenue and Taxation Code, and all amendments to Part 1.6 and Part 1.7 of Division 2 of the Revenue and Taxation Code, shall automatically become a part of this ordinance, provided however, that no such amendment shall operate so as to affect the rate of the tax imposed by this ordinance.

Attachment: Citizens to Save the Hospital Initiative Ordinance (RES-2021-587 : Initiative Petition)

Section 15. ENJOINING COLLECTION FORBIDDEN. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court of competent jurisdiction against the State or the County, or against any officer of the State or the County, to prevent or enjoin the collection under this ordinance, or Part 1.6 of Division 2 of the Revenue and Taxation Code, of any tax or any amount of tax required to be collected.

Section 16. SEVERABILITY. If any provision of this ordinance or the application thereof to any person or circumstance is held invalid, the remainder of the ordinance and the application of such provision to other persons or circumstances shall not be affected thereby.

Section 17. EFFECTIVE DATE. This ordinance relates to the levying and collecting of the District transactions and use taxes and shall take effect immediately if a majority or more of the electors voting on the measure at the election held on June 7, 2022 vote to approve this ordinance, or if the Mariposa County Board of Supervisors adopts this ordinance prior to the election pursuant to California Elections Code section 9118, subsection (a).

Section 18. TERMINATION DATE. The authority to levy the tax imposed by this ordinance shall remain in effect for a period of forty (40) years beginning on and after the Operative Date of this ordinance.

ATTACHMENT 1: EXPENDITURE PLAN

Tax revenues pursuant to this ordinance shall be used, throughout the period the tax is being imposed, to fund the Healthcare District's expenditures for the following purposes:

- To design, construct and equip a new community hospital that meets all applicable seismic safety and other building standards. The new hospital is to be strategically situated on the campus where the existing hospital and other District facilities are located.
- To modify and repurpose existing facilities, including the existing hospital, Ewing Wing, main and satellite clinics, and administrative offices, to better satisfy the current and future healthcare needs of Mariposa County residents and visitors.
- To cover other expenses directly related to funding, administering and completing the above projects.

Proposes the same 1% sales tax as Measure N did

But with four important differences…

1. Is initiated by citizens of Mariposa County through a petition process and not by the John C. Fremont Healthcare District
2. Adds a "sunset" to terminate the sales tax after 40 years
3. Changes the Expenditure Plan to more clearly describe how the funds are permitted to be used
4. Adds an Accountability and Transparency section to require more rigorous accounting and public reporting of the tax receipts and all expenditures

The last three changes address concerns voters had with Measure N.

Initiative Title & Summary

AN INITIATIVE TO ADOPT
A TRANSACTIONS AND USE (SALES) TAX OF 1% FOR 40 YEARS
TO DESIGN, CONSTRUCT AND EQUIP A NEW JOHN C. FREMONT HOSPITAL

The purpose of this initiative is to adopt a transactions and use (sales) tax of one percent (1%) for a period of forty (40) years to generate the funds needed by the John C. Fremont Healthcare District (District) to design, construct and equip a new community hospital that meets all applicable seismic safety and other building standards, and to modify and repurpose existing District facilities, including the existing hospital, Ewing Wing, main and satellite clinics, and administrative offices, to better satisfy the current and future healthcare needs of Mariposa County residents and visitors. The District will need to meet strict accountability and transparency requirements for generating periodic reports to the public.

Authority derives from CONSTITUTION and ELECTIONS CODE

CONSTITUTION allocates powers

- The people have power over initiative content[1] i.e. it's the "people's" tax
- The Legislative body has power over initiative procedures[2]

ELECTIONS CODE provides the exclusive procedures[3]

- Initiatives not subject to usual procedures for ordinance adoption[4]
  - Initiative must be presented to BOS at next regular meeting following certification by Elections Official[5]
  - No requirement for two week notice, first reading, second reading, findings, etc.

- **BOS acts as facilitator[6] and directs initiative to one of two paths[7]**
  - Path (a): BOS ADOPTS INITIATIVE[8]
    - This option intended to spare the delay and cost of an election[9]
      - Adoption saves cost: financing can start 9 months early, securing lower rates, saving millions in interest payments
      - Adoption avoids delay: JCF can start 9 months early
    - BOS can adopt initiative when first presented at a regular meeting after certification[10]
      - But can take up to 10 days to complete adoption[11]

  - Path (b): BOS ORDERS INITIATIVE TO ELECTION[12]
    - Requires majority vote to pass[13]
    - Four previous ballot measures all received over 60%
    - Revenues start January 2023

  - BOS can order abbreviated report on impacts to County before taking one of these actions, but can order the report at this time to avoid unnecessary delay[14]

Procedural Timeline Illustration

- **09/28/21**: Initiative petitions submitted to Elections Official
- **11/16/23**: (Projected) BOS presented with certification; can adopt at this meeting or order to election (can also order report on impacts to County)[15]

RESOLUTION - ACTION REQUESTED 2021-588

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Dallin Kimble, County Administrative Officer

RE: Establish Childcare Task Force

RECOMMENDATION AND JUSTIFICATION:
Adopt a Resolution Establishing the Childcare Task Force (CCTF) To Direct The Process Of Identifying Additional Needs And Assisting With The Startup Of New Child Care Providers.

In 2019, a Childcare Needs Assessment was conducted by the Mariposa County Health & Human Services Agency in collaboration with First Five of Mariposa County and the Local Child Care Planning Council (LCCPC). The assessment confirmed that access to childcare continues to be a struggle in Mariposa County. It is a struggle that has worsened during the ongoing novel coronavirus pandemic.

The Mariposa County Economic Development Division is interested in establishing a task force of nine voting members to help attract and expand local in-home and commercial childcare facilities. Activities will include pursuit of continuing education programs for high school students, application for and management of grant funds, and other efforts to promote new or expanding childcare services in Mariposa County.

The Board adopted resolution number 2021-306 to submit a grant application for a child care feasibility study through the Economic Development Division. While that application is still pending, the task force, if established, could help guide the study as an initial effort.

Child care is a community issue addressed in the General Plan (Section 6.2.07 in particular) and the Economic Vitality Strategy (EVS). It is appropriate for a task force of community stakeholders to address this critical need. This task force would work in coordination with First 5, ICES, the LCCPC and other agencies. If approved, recruitment of committee members would begin and selected candidates would be presented to the Board in a future meeting for appointment. Meeting agendas and minutes will be available via the County's integrated agenda management platform.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

In 2019, a Child Care Needs Assessment for Mariposa County was completed.

In 2021, staff submitted a grant application for a child care feasibility study.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve the creation of the task force. Staff will continue to look for child care solutions but may not have as much community involvement or input.

FINANCIAL IMPACT:
Direct financial impact on the General Fund is not anticipated as a result of the activities of this committee.

Mariposa County Health & Human Services
2019 Childcare Needs Assessment Executive Summary

In collaboration with the Local Childcare Planning Council and First 5 Mariposa, the Mariposa County Health and Human Services Agency developed this Community Survey and Needs Assessment as part of the comprehensive efforts to identify and assess the greatest and unmet childcare needs in the county.

These are the key findings from this Childcare Needs Assessment:

Childcare Utlilization

- 36.2% of parents/guardians access the care of a family member or friend
- 6% of parents/guardians utilize licensed center-based care
- 23.7% of parents/guardians access licensed family-based care

Not Seeking Childcare

- 16% of parents/guardians don't access childcare because it is too expensive
- 16% of parents/guardians don't access childcare because there aren't any available
- 13.8% of parents/guardians indicated they cannot find high quality care

Meeting Needs

- 67.4% of parents/guardians indicated their childcare solutions are currently meeting their needs

Consensus

- Of all listed unmet needs, parents/guardians most often indicated an all-day preschool for children under 5 years was most needed.

Introduction

The Mariposa County Health & Human Services Agency, in partnership with First 5 Mariposa County and the Local Childcare Planning Council created a survey to assess childcare in Mariposa County. After the 2019 Mariposa County Community Needs Assessment was completed, childcare was identified as a great need in the community. This finding prompted Mariposa HHSA and their partners to develop a survey to assess the communities childcare needs.

The survey consisted of seven questions; multiple choice and short answer. Three versions of the survey were created: an outward facing survey whereby parents/caregivers could access and answer the questions on their own, an inward facing survey whereby First 5 volunteers attended community events to interview parents/caregivers, and a Spanish language version of these. All versions of the survey had identical questions.

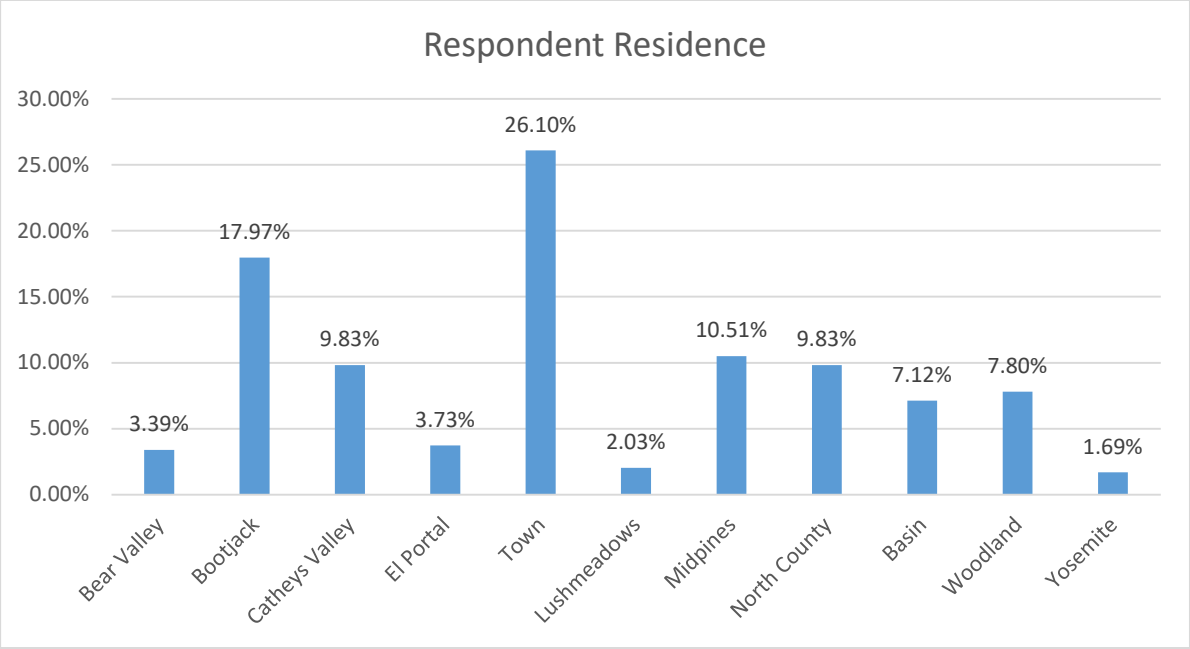

The survey link was distributed via Facebook, email list serves, and at community events. The First 5 volunteers were equipped with tablets and attended the CASA Summer Fun Street Fair, the Mariposa County Fair, ICES Children's Fair, the Coyote Howl, and the Mariposa Go West Festival. Responses were collected from each event. Hard copy printed surveys were also distributed around the community for those without internet access.

In total, there were 305 responses to the survey, with 4 responses being dropped due to residency outside of Mariposa County. Approximately 71% of the responses were collected from the outward facing survey (online), with the remaining responses coming from interviews at community events. There were no responses to the Spanish language survey.

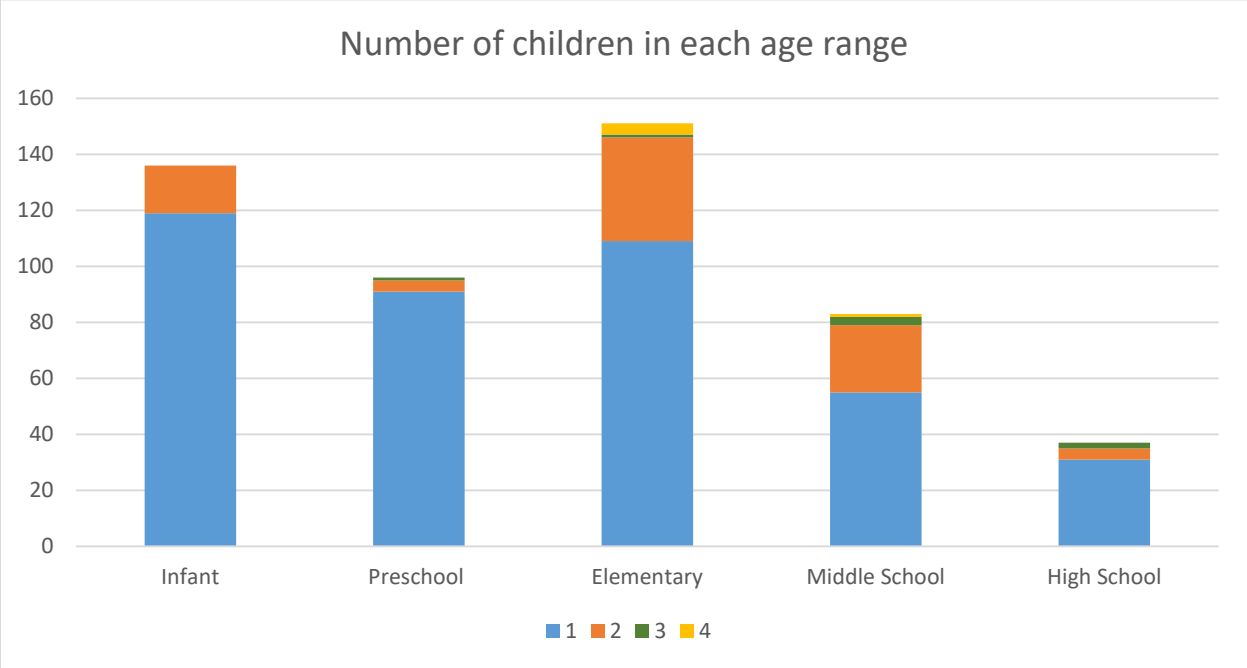

Respondent Residence & Number of Children

The first question asked respondents in what area of Mariposa County they currently lived. They were given nine choices as well as an "other" option where they could write in their own answer. If they indicated a location that was outside of Mariposa County, their responses were dropped (n=4). Overall, residents in the Town and Bootjack areas had the highest response, with 26.1% and 17.97% of the responses, respectively.

Attachment: Childcare Assessment 2019 - FINAL (RES-2021-588 : Establish Childcare Task Force)

Question two asked parents/caregivers to indicate how many children they had in each age range. Infant was defined as 0-3 years, preschool as 4-5 years, elementary as 6-10 years, middle school as 11-15 years, and high school as 16-18 years. A total of 618 children are represented in this report.

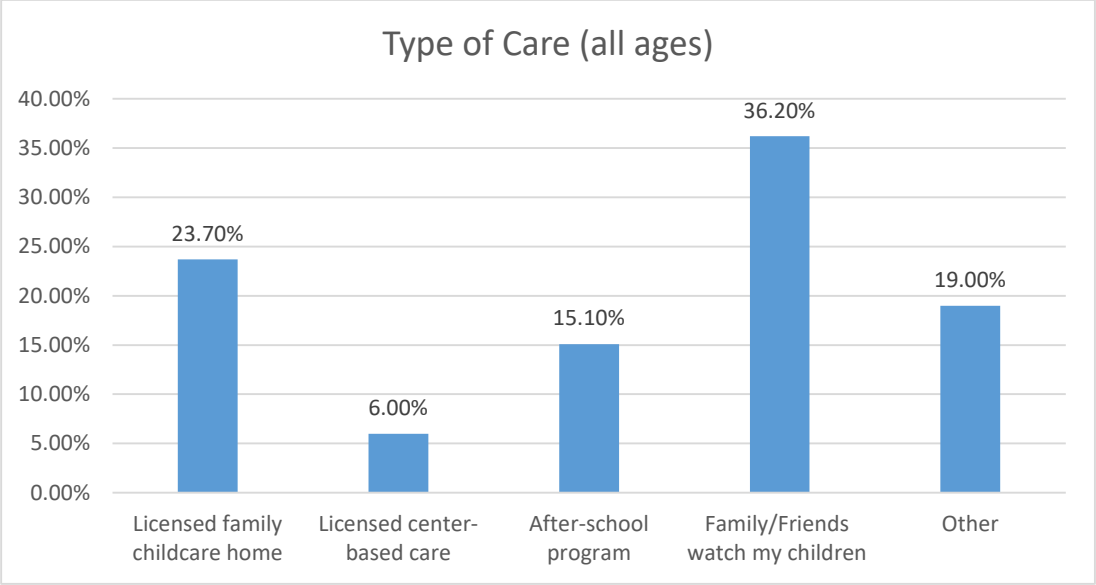

Question 3 asked if any of their children attended childcare of after-school care. Of the parents/caregivers that responded, 47.5% indicated that their child(ren) are in childcare or attend an afterschool program.

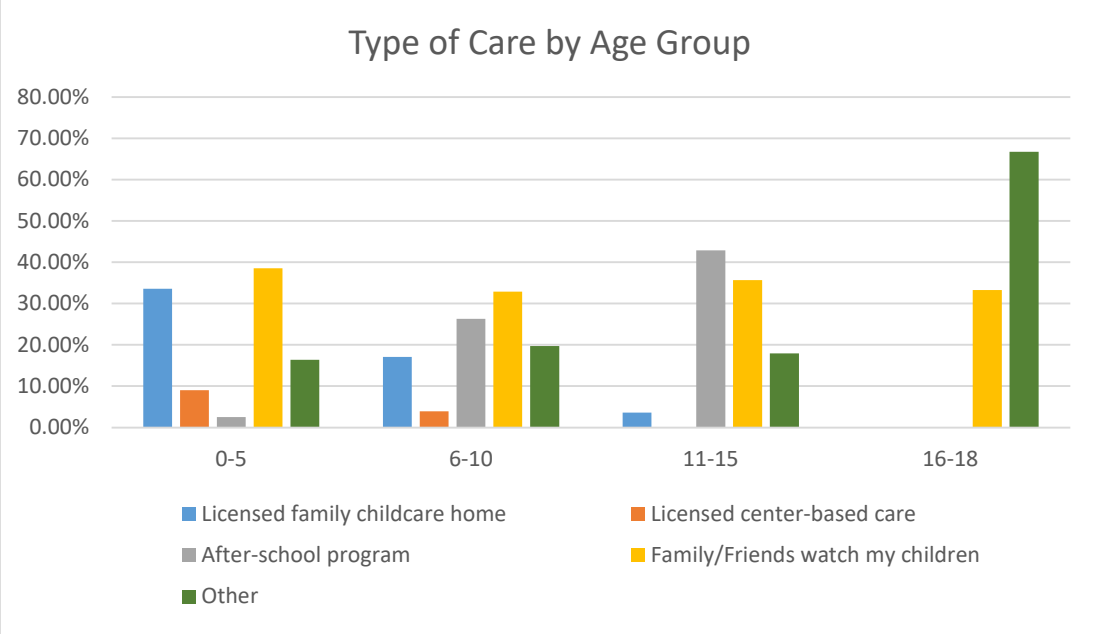

Attachment: Childcare Assessment 2019 - FINAL (RES-2021-588 : Establish Childcare Task Force)

The 47.5% of parents/caregivers that indicated they access childcare or after-school care were then asked what type of care specifically the child receives. The other 52.5% of parents were directed to skip this question (question 4).

Type of Care Accessed

Of those that were asked to specify the type of childcare they accessed, 36% identified their family and/or friends as their primary childcare. This trend was constant across age groups with the exception of the 11-15 years age group, who more often accessed their after-school program.

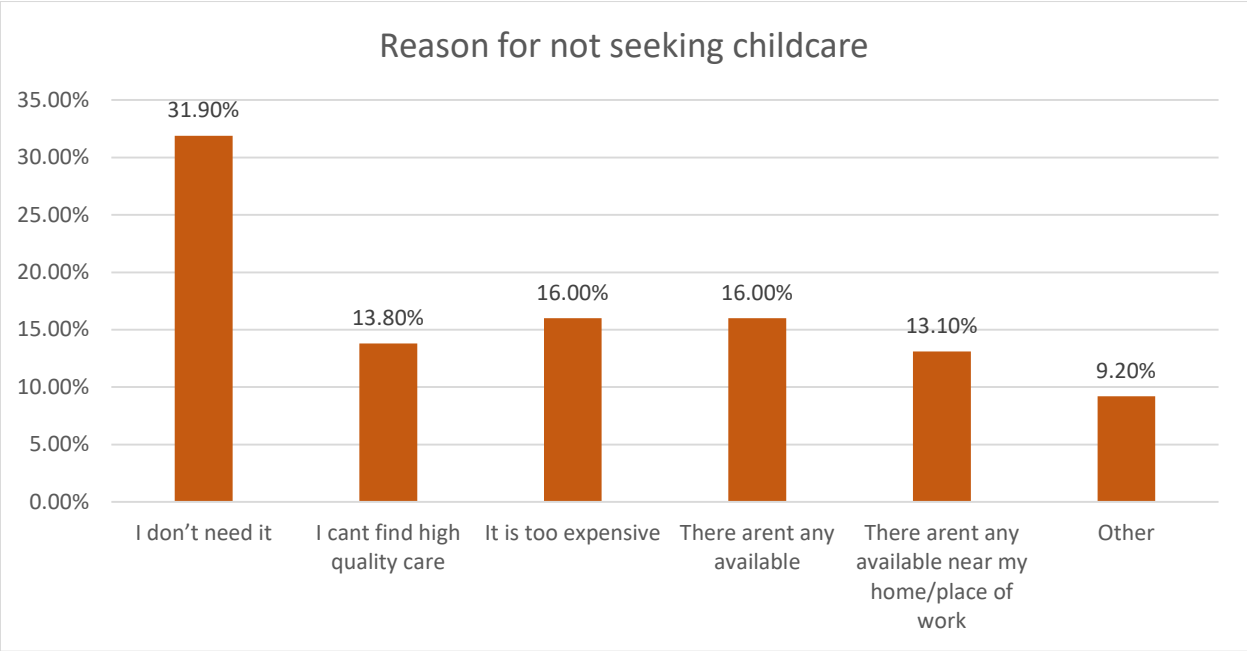

Attachment: Childcare Assessment 2019 - FINAL (RES-2021-588 : Establish Childcare Task Force)

Meeting Needs

The respondents that indicated they do not access childcare (52.5%) were asked to indicate the reason for not seeking childcare. This question (question 5) allowed respondents to select all options that applied to them – there were a total of 282 selections made. The most common response with 31.9% of the answers was "I don't need it" followed by "It is too expensive" and "There aren't any available" at 16%.

Those that responded "Other" to this question were offered space to write in their answer. Respondents wrote in:

"I work at the school" (Town)

"[My child] is in football" (Woodland)

"I haven't looked into other options yet waiting for my baby (5 months) to be a little older" (Catheys Valley)

"I prefer family caretakers" (Catheys Valley)

"Family helps when needed" (Bootjack)

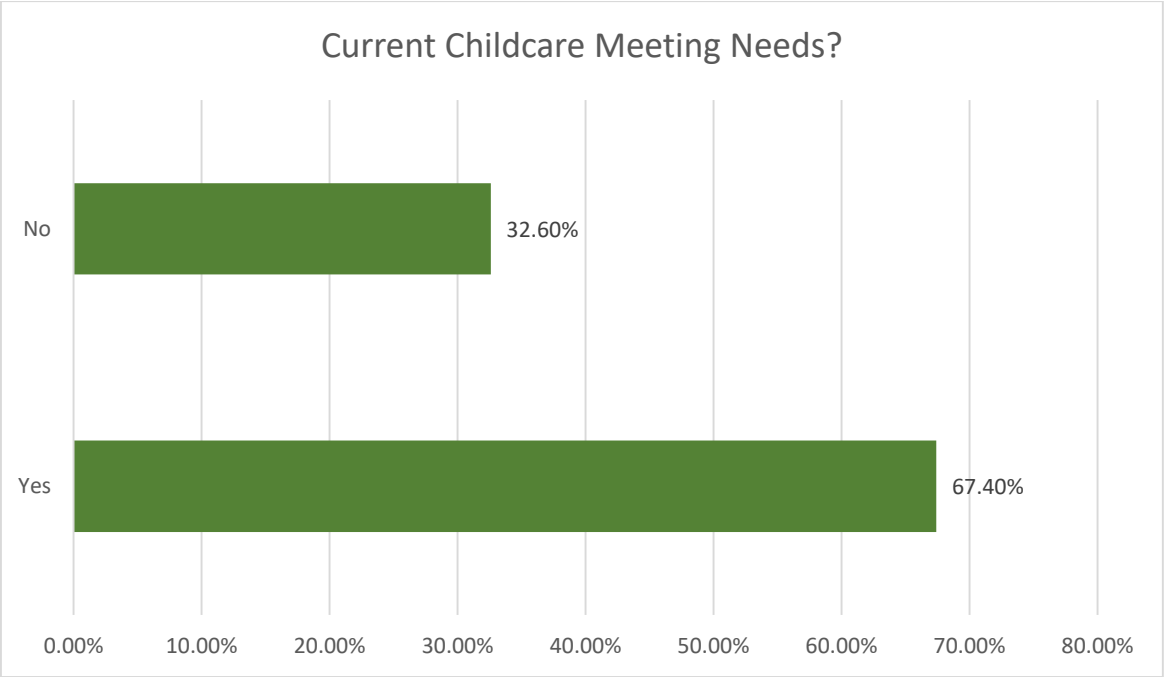

"I've been luck to be a stay at home mom the last five years. But it wasn't easy to find before then" (Catheys Valley)

"Only one caregiver in my area, and only on Tues., Wed., and Thurs." (Ponderosa Basin)

"Even if I were working my income wound not cover all of our living expenses and childcare" (Midpines)

Attachment: Childcare Assessment 2019 - FINAL (RES-2021-588 : Establish Childcare Task Force)

The sixth question asked all respondents if their current childcare situation is satisfying their family's childcare needs. They were offered a "Yes" or "No" option along with an "Other" option where they were asked to share additional thoughts. The majority (67.4%) indicated they were satisfied with their current childcare situation.

Many respondents added their thoughts about this in the "other" field:

"No, After school program is not reliable. Teacher hiring is inconsistent, teachers have left in the middle of the school year leaving us with no after school programs until hiring can occur. We still have not been told if there will be after school care this year. Funding is only temporary as well." (El Portal)

" No, Far away- expensive -limited availability has us using 2 different places - both have limited resources" (Town)

"No, I would use ASP more but I don't feel it is good quality. They just free play. I want something more organized and structured" (Catheys Valley)

"No, My child attended the Joyful noise preschool/daycare center in Oakhurst for a few months but the drive was just too much. My child thrived in that environment. Mariposa should have something similar. My child loved it there and so did I"(Bear Valley)

"No, No I need to go back to work but cannot find affordable preschool that actually teaches or cannot afford the drive to Mariposa for preK" (Ponderosa Basin)

"No, Not enough room in current daycare. Only have my child in care for 1 day when I need 3-4 days. All other daycares in area full." (Midpines)

"No, Our infant care is in Merced" (Catheys Valley)

Attachment: Childcare Assessment 2019 - FINAL (RES-2021-588 : Establish Childcare Task Force)

"No, The lack of child care for families who do not qualify for state assistance, and close to town is straining my family very much" (Town)

"No, We need an after-school program. When El Portal does have one, it is set up so late and with such little communication that it get bad attendance because by then people have made other plans." (El Portal)

"Sometimes, not always safe" (Midpines)

"We need it to be open weekends holidays and Fridays and evenings to accommodate our work schedules" (El Portal)

"Yes and no. I'm sure Grandma could use a break from daily babysitting" (Woodland)

"Yes but a bit far to have someone I trust" (Bear Valley)

"Yes, However there is still a large out of pocket even with ICES help" (Bootjack)

"Yes, Local moms and myself created our own preschool group, but it still isn't childcare; we're with our children at all times." (Ponderosa Basin)

"Yes, We are EXTREMELY fortunate to have the daycare that we do. My wife and I looked far and wide and didn't have anything available that we felt was clean, safe, or stimulating enough for us. We took our children to Chowchilla with us to work/daycare every day for 2 years." (Town)

"Yes, We are paying a friend for care in our home. In about 6 months we'll be looking for more affordable options." (Catheys Valley)

"Yes, We utilize the Yosemite Valley childcare center because that is our only option. We love it but it's a non-profit organization and requires so much work for parents to participate in fundraising (often during work time) so that fundraising accounts can offset the high cost of daycare." (Yosemite)

"Yes. However, more affordable options would be nice." (Catheys Valley)

The final question of this survey gave the respondents an opportunity to add any additional unmet needs for childcare that they have identified, that were not addressed in the previous questions. 47.8% of all respondents added thoughts to this question.

"Community needs full time care and drop in" (Town)

"Only option in summer is day camp at park. It sucks having him have to be outside in 100 degree weather but I work and I'm a single mom so I have no choice" (Woodland)

"Options! More support. We only have one option and it's a not for profit with challenges." (Yosemite)

"Our after school program is inconsistent and that makes it very stressful for our families trying to plan ahead" (El Portal)

Attachment: Childcare Assessment 2019 - FINAL (RES-2021-588 : Establish Childcare Task Force)

"Please consider adding a professional county-operated facility in town that we can all access. Lack of Childcare is definitely a factor in my family's consideration of moving to a different county." (Town)

"Preschool all day for under 5." (Bear Valley, Bootjack, Town, Lushmeadows, North County)

"Quality, affordable child care IN TOWN, that is available at least 5 days a week. Not some unlicensed, or family run place that has a long waiting list, is out in the WUI, where wild fire threat is very real. My family desperately needs quality child care and pre-school in town." (Town)

"The only place I trusted was 45 min away and they dropped us. I then had nowhere to go." (Bear Valley)

"There is a lack of qualified daycare. The last day can I sent my son to he was just put in front of a television all day, fed hot dogs. He caught impetigo and section is foot from being outside without shoes. Daycare provider is immature, feeds off drama, is dirty, unprofessional, and has had CPS called her house numerous times. I rather figure out something else then to send my child to places like these" (Town)

"We are a resource family and need childcare providers that are trained in working with children of trauma." (Town)

"We were extremely fortunate to find child care after months of calling every provider given to us from ICES. We must pay even if we're not using the service to hold our spot. The cost is $800-$950 a month for one child. We must drive a half hour round trip each way for pick up and drop off. It's a huge financial and time burden. If we have more than one, I may have to quit my job as a teacher and stay home instead due to the cost of care." (Town)

"Would love to have quality childcare in town, not in a WUI area. Currently family assist with child care for my 2 yr old son, and it has put a significant strain on all of us. Also, no I'm-town options for quality preschool, as I do not qualify for state or Federal assistance." (Town)

"A lot of the daycares were rude and didn't care about my kid. My child would cry when he was supposed to go to daycare and would say please can I go to grandma and grandpas." (Bootjack)

"Hard to find child care who will take a special needs child that has lots of needs. Even though legally they should not tell me No because of my child's disability, around Mariposa they have. I would rather them be honest and tell me they can't then try and they can't fulfill my child's needs and the child gets neglected." (Town)

"I was very lucky to find childcare after months of calling every provider ICES put me in contact with. I was on 8 waitlists. If I wasn't able to find childcare, I would have had to quit my job as a teacher. This shortage severely impacts working families in our

Attachment: Childcare Assessment 2019 - FINAL (RES-2021-588 : Establish Childcare Task Force)

community. One idea I have is to partner with MCHS to offer a child growth class with a daycare. High school students could earn ECE units, and it could lead to a career path for our local students in an area that is an identified need in our community." (Town)

"Needing more TK options or actual learning preschool that isn't 15 miles away each way.. 60 miles driving for pick up and drop off is unaffordable.. need a TK at Woodland" (Ponderosa Basin)

Summary & Recommendations

Affordable and conveniently-located childcare were identified by the respondents as a great need for this community. This was true of not only the outlying areas of the County, but also for residents in the Town of Mariposa.

Most residents are using family or friends as their primary source of childcare rather than a licensed childcare center. A need for more licensed family-based and center-based care is apparent; however, cost of these services need to be considered. Cost of care was identified as a barrier to families – some indicated they stay home with their children because it is more affordable than going to work and paying for their childcare elsewhere.

Care for children under 5 years was another top identified need in Mariposa County. Many respondents expressed that they would like to see more center-based care for this age range that is an all-day (8:00am-5:00pm) program opposed to half-day programs. This would best accommodate those that are working full time.

RESOLUTION - ACTION REQUESTED

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Dallin Kimble, County Administrative Officer

RE: Establish Connect Mariposa Advisory Board

RECOMMENDATION AND JUSTIFICATION:
Adopt a Resolution Establishing the Connect Mariposa Advisory Board (CMAB) to direct the process of identifying and creating a broadband plan, as it relates to the Central Sierra Regional Broadband roadmap and the community broadband plan.

Mariposa County has several opportunities to help develop or expand broadband internet in our community. The Connect Mariposa Advisory Board would provide a technical advisory group to coordinate and synchronize efforts while advising the Board on issues related to broadband. Establishment of an advisory committee such as this is required for the pending countywide broadband plan grant program, but has advantages beyond that program alone. Expansion of broadband is a priority in both the County Strategic Plan and the Economic Vitality Strategy. Staff recommends approval of this resolution at this time.

Current opportunities to expand and improve broadband include a five-county partnership for a Central Sierra regional broadband roadmap; a grant application that has been submitted through the Golden State Finance Authority (GSFA) to develop countywide broadband plans for 26 counties, including Mariposa; and the establishment of the Golden State Connect Authority (GSCA), a multi-county joint powers authority that Mariposa has been invited to join. Other opportunities to work with government, nonprofit and private partners may arise as increasing focus and funding is issued for broadband initiatives.

The Connect Mariposa Advisory Board, if approved, would be established with nine (9) voting members comprised from various stakeholders in the community. Members would be appointed by the Board of Supervisors following a recruitment process with meeting agendas and minutes available via the County's integrated agenda management platform.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

On May 12, 2021, the Board of Supervisors approved a letter of support for an U.S. Department of Commerce Economic Development Agency (EDA) grant application for

the Central Sierra regional broadband roadmap.

On May 18, 2021, the Board of Supervisors approved a letter of support, and committed to contribute up to $25,000 in matching funds, for an EDA grant that would provide funding to establish a countywide broadband plan. This grant, which was submitted by Golden State Finance Authority (GSFA) on behalf of twenty six counties, requires the County to form a committee or task force to guide the development of the local broadband plan.

On June 22, 2021, the Board of Supervisors approved a Memorandum of Understanding (MOU) with GSFA relative to the countywide broadband plan grant.

On September 28, the Board received presentations on the two aforementioned EDA grants and the Golden State Connect Authority, a joint powers authority the County has been invited to join.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Negative action will result in less community involvement in the process of creating Mariposa County's broadband plan and the loss of grant funds for a community broadband plan.

FINANCIAL IMPACT:
Direct financial impact on the General Fund is not anticipated as a result of the activities of this committee.

BOARD OF SUPERVISORS Resolution No. 21-
Connect Mariposa Advisory Board

1. Purpose and Functions

The purpose and functions of the Connect Mariposa Advisory Board (CMAB) shall be as follows:

a. Assist staff and consultants through the process to develop broadband plans for Mariposa County.

b. Formulate, design, implement and participate in a public engagement program involving stakeholders in the community, for the establishment of a broadband plan and a regional roadmap.

c. Support the work of staff and/or consultants in the conduct of fact finding and data gathering necessary to:

   i. identify existing broadband opportunities in Mariposa County, and

   ii. determine how to construct the data into a strategic plan, and

   iii. recommend projects, programs, and policies needed to efficiently implement the Economic Vitality Strategy's broadband goals.

d. Support the work of staff and/or consultants in the development, approval and implementation of a broadband plan that shall facilitate the implementation of the 2017 EVS broadband goals, by accessing Mariposa County's broadband needs and the best interests of its community.

e. Provide periodic assessment, evaluation of, and feedback to the Board of Supervisors regarding the status of the broadband plan and roadmap.

2. Membership

The Connect Mariposa Advisory Board shall be established with nine (9) voting members.

a. Representatives shall be selected from or represent the following groups in Mariposa County:

- Mariposa County Unified School District

Attachment: Resolution (12223 : Establish Connect Mariposa Advisory Board)

- John C. Fremont Health Care District
- Yosemite National Park
- Mariposa County Economic Development Corporation
- American Indian Council of Mariposa County
- Mariposa County Chamber of Commerce
- (2) Local business owners
- Local technical advisor

b. The committee may call upon representatives of other organizations and the general public as resources on certain topics related to broadband and internet connectivity, in general.

c. Two (2) Ex-Officio (non-voting) members who are the liaisons from the Board of Supervisors.

3. Term and Manner of Appointment

Appointments to the CMAB shall be made by the Board of Supervisors based on the recommendation of the economic development specialist or designee for initial appointments. After initial appointments any new appointments will be recommended by the committee.

All terms will be for a one (1) year period.

The Board of Supervisors may remove at any time and without cause any member of the CMPAB. All terms shall expire upon the last day of October 2022.

4. Participation By Member Required, Vacancy

If any member of the Connect Mariposa Advisory Board is absent (unexcused) for two (2) consecutively scheduled meetings, then that member may be removed from the CMAB by the Board of Supervisors, and the Board of Supervisors shall fill the vacancy for the unexpired term.

Attachment: Resolution (12223 : Establish Connect Mariposa Advisory Board)

5. Selection of Officers

At its first meeting, the CMAB shall elect a Chair, Vice Chair, and Secretary to serve a term of one (1) year or until the successor of each is appointed and qualified.

6. Duties of Officers

The chair shall preside at all meetings of the CMAB and shall perform all of the duties necessary or incidental to the office, including approval of the agenda topics for the meeting. The vice chair will act as chair in the absence or inability of the chair to act. The secretary shall maintain notes and prepare minutes for the approval of the CMAB.

7. Meetings and Quorum

The CMAB shall hold its first meeting at the call of the economic development specialist. The CMAB shall establish a meeting schedule deemed necessary by the CMAB to accomplish its purpose.

A quorum shall be a majority of those appointed as voting members. A quorum is required to transact any CMAB business at a regular meeting or special meeting.

Notice of CMAB meetings shall be posted and published not less than 72 hours prior to the date of the meeting at the following locations:

a. Mariposa County Website;
b. The meeting location;

RESOLUTION - ACTION REQUESTED 2021-589

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Steve Dahlem, County Counsel

RE: Adopt Revised COVID-19 Prevention Program Language and Incorporate in the Mariposa County IIPP

RECOMMENDATION AND JUSTIFICATION:
Amend Mariposa County's Illness & Injury Prevention Program (IIPP) by Rescinding "Appendix 'A' of the Illness & Injury Prevention Program (IIPP) Entitled COVID-19 Prevention Program (CPP)" and Replacing it with an Updated Version.

On June 17, 2021, the Occupational Safety and Health Standards Board ("OSHSB") amended the Emergency Standards ("ETS" or "Cal/HSHA COVID- 19 Regulations"). These amendments affect certain employers obligations and authority as they relate to the health and safety of employer worksites and facilities. Many of the amendments necessitate revisions to the County's COVID- 19 Prevention Programs.

This Covid - 19 Prevention Program complies with the regulatory requirements provided in Title 8 Section 3205 of the California Code of Regulations.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On February 16, 2021 the Board adopted the Covid-19 Prevention Program language into the Illness and Injury Prevention Program (IIPP) as Appendix A.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Not adopting will result in the County's Illness and Injury Prevention Program not reflecting current standards in the California Code of Regulations.

APPENDIX "A"
OF THE ILLNESS & INJURY PREVENTION PROGRAM (IIPP)
TITLED COVID-19 PREVENTION PROGRAM (CPP)

I. PURPOSE:

The purpose of the Employer's COVID-19 Prevention Program ("CPP") is to provide employees a healthy and safe workplace as required under the California Occupational Safety and Health Act (Lab. Code §§ 6300, *et seq.*) and associated regulations (8 C.C.R. § 3205).

Nothing in this CPP precludes the Employer from complying with federal, state, or local laws or public health order or guidance that may recommend or require measures that are more prescriptive and/or restrictive than those that are provided herein.

II. SCOPE

Unless one of the exceptions provided below applies, this CPP shall apply to all employees (hereinafter referred to as "employees"), including those who are "fully vaccinated".

The following employees are exempt from coverage under the CPP: (1) Employees who are teleworking from home or a location of the employee's choice that is not under the control of the Employer; (2) Employees who are working in or at a work location and do not have contact with any other individuals; and (3) Employees that because of their tasks, activities or work location have occupational exposure as defined by the Aerosol Transmissible Diseases ("ATD") regulation (*i.e.*, 8 C.C.R. § 5199).

III. DEFINITIONS:

For the purposes of the CPP, the following definitions shall apply:

> "Close contact COVID-19 exposure" means being within six (6) feet of a COVID-19 case for a cumulative total of 15 minutes or greater in any 24-hour period within or overlapping with the "high-risk exposure period" as defined here. This definition applies regardless of the use of face coverings. Employees who were wearing a respirator as required by the Employer and who used such respirator in compliance with Title 8 Section 5144 during contact with a COVID-19 case will be deemed not to have had close contact COVID-19 exposure.
>
> "COVID-19" means coronavirus disease, an infectious disease caused by the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2).
>
> "COVID-19 case" means a person who either: (1) Has a positive COVID-19 test as defined in this section; (2) Is subject to COVID-19-related order to isolate issued by a local or state health official; (3) Has a positive COVID-19 diagnosis from a licensed health care provider; or (4) Has died due to COVID-19, in the determination of a local health department or per inclusion in the COVID-19 statistics of a county.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

"COVID-19 hazard" means potentially infectious material that may contain SARS-CoV-2, the virus that causes COVID-19. Potentially infectious materials include airborne droplets, small particle aerosols, and airborne droplet nuclei, which most commonly result from a person or persons exhaling, talking or vocalizing, coughing, or sneezing, or from procedures performed on persons which may aerosolize saliva or respiratory tract fluids. This also includes objects or surfaces that may be contaminated with SARS-CoV-2.

"COVID-19 symptoms" means one of the following: (1) fever of 100.4 degrees Fahrenheit or higher or chills; (2) cough; (3) shortness of breath or difficulty breathing; (4) fatigue; (5) muscle or body aches; (6) headache; (7) new loss of taste or smell; (8) sore throat; (9) congestion or runny nose; (10) nausea or vomiting; or (11) diarrhea, unless a licensed health care professional determines the person's symptoms were caused by a known condition other than COVID-19.

"COVID-19 test" means a viral test for SARS-CoV-2 that is both: (1) Approved by the United States Food and Drug Administration ("FDA") or has an Emergency Use Authorization ("EUA") from the FDA to diagnose current infection with the SARS-CoV-2 virus; and (2) Administered in accordance with the FDA approval or the FDA EUA as applicable.

"Exposed group" means all employees at a work location, working area, or a common area at work, where a COVID-19 case was present at any time during the high-risk exposure period. However, if the COVID-19 case visited a work location, working area, or a common area at work for less than 15 minutes during the high-risk exposure period, and all employees were wearing face coverings at the time the COVID-19 case was present, other people at the work location, working area, or common area would not constitute part of the exposed group. Common areas at work includes bathrooms, walkways, hallways, aisles, break or eating areas, and waiting areas. However, places where employees momentarily pass through while everyone is wearing face coverings, without congregating, is not a work location, working area, or a common area at work.

"Face covering" means a surgical mask, a medical procedure mask, a respirator worn voluntarily, or a tightly woven fabric or non-woven material of at least two layers. A face covering has no visible holes or openings, and must cover the nose and mouth. A face covering does not include a scarf, ski mask, balaclava, bandana, turtleneck, collar, or single layer of fabric.

"Fully vaccinated" means the Employer has documented that the person received, at least 14 days prior, either the second dose in a two-dose COVID-19 vaccine series or a single-dose COVID-19 vaccine. Vaccines must be FDA approved; have an emergency use authorization from the FDA; or, for persons fully vaccinated outside the United States, be listed for emergency use by the World Health Organization (WHO).

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

"High-risk exposure period" means the following: For COVID-19 cases who develop COVID-19 symptoms: from two (2) days before they first develop symptoms until each of the following are true: (1) it has been ten (10) days since symptoms first appeared; (2) 24 hours have passed with no fever, without the use of fever-reducing medications; and (3) symptoms have improved; or For COVID-19 cases who never develop COVID-19 symptoms: from two (2) days before until ten (10) days after the specimen for their first positive test for COVID-19 was collected.

"Respirator" means a respiratory protection device approved by the National Institute for Occupational Safety and Health ("NIOSH") to protect the wearer from particulate matter, such as an N95 filtering facepiece respirator.

"Worksite," for the limited purposes of COVID-19 prevention regulations only, means the building, store, facility, agricultural field, or other location where a COVID-19 case was present during the high-risk exposure period. It does not apply to buildings, floors, or other locations of the Employer that a COVID-19 case did not enter.

IV. PROGRAM

A. SYSTEM FOR COMMUNICATING WITH EMPLOYEES

1. Reporting COVID-19 Symptoms, Possible COVID-19 Close Contact Exposures, and Possible COVID-19 Hazards at Employer Worksites and Facilities

The Employer requires that employees immediately report to their manager or supervisor or to the Department of Human Resources any of the following: (1) the employee's presentation of COVID-19 symptoms; (2) the employee's possible COVID-19 close contact exposures; (3) possible COVID-19 hazards at Employer worksites or facilities.

The Employer has not and will not discriminate or retaliate against any employee who makes such a report.

2. Accommodations Process for County Employees with Medical or Other Conditions that Put them at Increased Risk of Severe COVID-19 Illness

The Employer provides for an accommodation process for employees who have a medical or other condition identified by the Centers for Disease Control and Prevention ("CDC") or the employees' health care provider as placing or potentially placing the employees at increased risk of severe COVID-19 illness.

For all employees who request such an accommodation, including fully vaccinated employees, the Employer will require that the employee provide information from the employee's health care provider explaining why the employee requires an accommodation.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

The CDC identifies the following medical conditions and other conditions as placing or potentially placing individuals at an increased risk of severe COVID-19 illness

The CDC guidance provides that adults of any age with the following conditions are at increased risk of severe illness from the virus that causes COVID-19:

1. Cancer
2. Chronic kidney disease
3. COPD (chronic obstructive pulmonary disease)
4. Heart conditions, such as heart failure, coronary artery disease, or cardiomyopathies
5. Immunocompromised state (weakened immune system) from solid organ transplant
6. Obesity (body mass index [BMI] of 30 kg/m2 or higher but < 40 kg/m2)
7. Severe Obesity (BMI ≥ 40 kg/m2)
8. Pregnancy
9. Sickle cell disease
10. Smoking
11. Type 2 diabetes mellitus

The CDC guidance also provides that adults of any age with the following conditions might be at an increased risk for severe illness from the virus that causes COVID-19:

1. Asthma (moderate-to-severe)
2. Cerebrovascular disease (affects blood vessels and blood supply to the brain)
3. Cystic fibrosis
4. Hypertension or high blood pressure
5. Immunocompromised state (weakened immune system) from blood or bone marrow transplant, immune deficiencies, HIV, use of corticosteroids, or use of other immune weakening medicines
6. Neurologic conditions, such as dementia
7. Liver disease
8. Overweight (BMI > 25 kg/m2, but < 30 kg/m2)
9. Pulmonary fibrosis (having damaged or scarred lung tissues)
10. Thalassemia (a type of blood disorder)
11. Type 1 diabetes mellitus

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

The Employer periodically reviews the following web address in order to account for any additional medical conditions and other conditions that the CDC has identified as placing or potentially placing individuals at an increased risk of severe COVID-19: https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html (Last updated on May 13, 2021).

Employees are encouraged to review the list of medical conditions and other condition provided above in order to determine whether they have such a condition.

To request an accommodation, employees may make a request with their manager or supervisor or the Department of Human Resources.

3. COVID-19 Testing

The Employer possesses authority to require that employees who report to work at Employer worksites or facilities be tested for COVID-19.

Where the Employer requires testing, the Employer has adopted policies and procedures that ensure the confidentiality of employees' medical information and comply with the Confidentiality of Medical Information Act ("CMIA"). Specifically, the Employer will keep confidential all personal identifying information of COVID-19 cases or persons with COVID-19 symptoms, unless expressly authorized by the employee to disclose such information or as other permitted or required under the law.

4. COVID-19 Hazards

The Employer will notify employees and subcontracted employees of any potential COVID-19 exposure at an Employer worksite or facility where a COVID-19 case and employees were present on the same day. The Employer will notify employees of such potential exposures within one (1) business day, in a way that does not reveal any personal identifying information of the COVID-19 case.

The Employer will also notify employees of cleaning and disinfecting measures the Employer is undertaking in order to ensure the health and safety of the Employer worksite or facility where the potential exposure occurred.

B. IDENTIFICATION AND EVALUATION OF COVID-19 HAZARDS AT EMPLOYER WORKSITES AND FACILITIES

1. Screening County Employees for COVID-19 Symptoms

The Employer possesses authority to require that employees self-screen for COVID-19 symptoms.

The Employer provides that employees will self-screen for COVID-19 symptoms prior to reporting to any Employer worksite or facility.

2. Responding to County Employees with COVID-19 Symptoms

Should an employee present COVID-19 symptoms during a self-screen, the employee must remain at or return to their home or place of residence and not report to work until

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

such time as the employee satisfies the minimum criteria in order to return to work (as discussed in Section IV.J. of this CPP).

The Employer will advise employees of any leaves to which they may be entitled during this self-quarantine period, including, but not limited to COVID-19 Supplemental Paid Sick Leave ("SPSL").

Further, the Employer has adopted policies and procedures that will ensure the confidentiality of employees and comply with the CMIA, and the Employer will not disclose to other employees the fact that the employees presented COVID-19 symptoms.

3. Employer's Response to COVID-19 Cases

In the event that an employee tests positive for COVID-19 or is diagnosed with COVID-19 by a health care provider, the Employer will instruct the employee to remain at or return to their home or place of residence and not report to work until such time as they satisfy the minimum criteria to return to work (as discussed in Section IV.J. of this CPP).

The Employer will advise employees of any leaves to which they may be entitled during this self-isolation period, including, but not limited to SPSL.

The Employer complies fully and faithfully with all reporting and recording obligations as required under the law, including, but not limited to, reporting the COVID-19 case to the following individuals and entities as required based on the individual circumstances: (1) The local health department; (2) Cal/OSHA; (3) Employees who were present at a Employer worksite or facility when a COVID-19 case was present; (4) Employee organizations that represent employees at the Employer worksite or facility; (4) Employers of any subcontracted employees who were present at the Employer worksite or facility; and (5) the Employer's workers' compensation plan administrator.

If possible, the Employer will interview the COVID-19 case(s) in order to ascertain the nature and circumstances of any contact that the employee(s) had or may have had with other employees during the high-risk exposure period. If the Employer determines that there were any close contact COVID-19 exposures, the Employer will instruct those employees to remain at their home or place of residence and not report to work until such time as the employees satisfy the minimum criteria to return to work (as discussed in Section IV.J. of this CPP).

The Employer has adopted policies and procedures that will ensure the confidentiality of employees and comply with the CMIA. Specifically, the Employer will not disclose to other employees, except for those who need to know, the fact that the employee(s) tested positive for or were diagnosed with COVID-19. Further, the Employer will keep confidential all personal identifying information of COVID-19 cases or persons, unless expressly authorized by the employees to disclose such information or as other permitted or required under the law.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

4. Workplace-Specific Identification of COVID-19 Hazards

The Employer will periodically conduct workplace-specific assessments of all interactions, areas, activities, processes, equipment, and materials that could potentially expose employees to COVID-19 hazards.

As part of this process, the Employer identified places (work locations, work areas, and common areas) and times when employees and individuals congregate or come in contact with one another, regardless of whether employees are performing an assigned work task or not, including, for example, during meetings or trainings, in and around entrances, bathrooms, hallways, aisles, walkways, elevators, break or eating areas, cool-down areas, and waiting areas.

The Employer will provide notice of any such potential workplace exposure to all persons at Employer worksites and facilities, including employees, employees of other entities, members of the public, customers or clients, and independent contractors. The Employer considered how employees and other persons enter, leave, and travel through Employer worksites and facilities, in addition to addressing employees' stationary workspaces or workstations.

Further, the Employer will treat all persons, regardless of the presentation of COVID-19 symptoms or COVID-19 status, as potentially infectious.

5. Maximization of Outdoor Air and Air Filtration

For indoor Employer worksites and facilities, the Employer evaluates how to maximize the ventilation of outdoor air; provide the highest level of filtration efficiency compatible with the worksites and facilities' existing ventilation systems; and whether the use of portable or mounted High Efficiency Particulate Air ("HEPA") filtration units, or other air cleaning systems, would reduce the risk of COVID-19 transmission.

6. Employer Compliance with Applicable State and Local Health Orders

The Employer monitors applicable public health orders and guidance from the State of California and the local health department related to COVID-19 hazards and prevention.

The Employer fully and faithfully complies with all applicable orders and guidance from the State of California and the local health department.

7. Evaluation of Existing COVID-19 Prevention Controls and Adoption of Additional Controls

Periodically, the Employer evaluates existing COVID-19 prevention controls at the workplace and assess whether different and/or additional controls may be needed.

This includes evaluation of controls related to the correction of COVID-19 hazards, physical distancing, face coverings, engineering controls, administrative controls, and personal protective equipment (PPE) (as discussed at Section VI, subsections D, and F-H of this CPP).

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

8. Periodic Inspections

The Employer conducts periodic inspections of Employer worksites and facilities as needed to identify unhealthy conditions, work practices, and work procedures related to COVID-19 and to ensure compliance with the Employer's COVID-19 policies and procedures, including, but not limited to this CPP.

C. INVESTIGATING AND RESPONDING TO COVID-19 CASES IN EMPLOYER WORKSITES AND FACILITIES

1. Procedure to Investigate COVID-19 Cases

The Employer developed a procedure for investigating COVID-19 cases in the workplace, which provides for the following: (1) requesting information from employees regarding COVID-19 cases; (2) contact tracing of employees who may have had a close contact COVID-19 exposure; (3) requesting COVID-19 test results from employees who may have had a close contact COVID-19 exposure; (4) requesting information from employees regarding the presentation of COVID-19 symptoms; and (5) identifying and recording all COVID-19 cases.

2. Response to COVID-19 Cases

As provided above at Section IV.B.3., in the event that an employee tests positive for COVID-19 or is diagnosed with COVID-19 by a health care provider, the Employer will instruct the employee to remain at or return to their home or place of residence and not report to an Employer worksite or facility until such time as the employees satisfy the minimum criteria to return to work (as discussed in Section IV.J. of this CPP).

a. Contact Tracing

If possible, the Employer will interview the COVID-19 case(s) in order to ascertain the following information: (1) the date on which the employee(s) tested positive, if asymptomatic, or the date on which the employee(s) first presented COVID-19 symptoms, if symptomatic; (2) the COVID-19 case(s) recent work history, including the day and time they were last present at an Employer worksite or facility; and (3) the nature and circumstances of the COVID-19 case(s)' contact with other employees during the high-risk exposure period, including whether any such contact qualifies as a close contact COVID-19 exposure.

If the Employer determines that there was or were any close contact COVID-19 exposures, the Employer will instruct those employees to remain at their home or place of residence and not report to work until such time as the employees satisfy the minimum criteria to return to work (as discussed in Section IV.J. of this CPP). Further, the Employer will instruct those employees to be tested for COVID-19, and that the Employer will provide for such testing during paid time, as discussed in subsection c. below.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

b. Reporting the Potential Exposure to Other Employees

The Employer fully and faithfully complies with all reporting and recording obligations as required under the law, including, but not limited to, reporting the COVID-19 case to the individuals and entities described below.

Within one (1) business day of the time the Employer knew or should have known of a COVID-19 case, the Employer will give written notice of a potential workplace exposure to the following individuals: (1) All employees at the worksite or facility during the COVID-19 case's high-risk exposure period; (2) Independent contractors at the worksite or facility during the COVID-19 case's high-risk exposure period; and (3) Other employers at the worksite or facility during the COVID-19 case's high-risk exposure period. The Employer will provide notice by either personal service, email, or text message.

The Employer's notice(s) will not reveal any personal identifying information of the COVID-19 case. The notice will include information about the Employer's disinfection plan.

Within one (1) business day of the time the Employer knew or should have known of the COVID-19 case, the Employer will also provide the notice of the potential workplace exposure to the authorized representative of any employee at the worksite or facility during the COVID-19 case's high-risk exposure period.

c. Offer of Free COVID-19 Testing Following a Close Contact COVID-19 Exposure

The Employer makes COVID-19 testing available at no cost to employees to all employees who had a close contact COVID-19 exposure at an Employer worksite or facility. The Employer will offer employees COVID-19 testing during paid time, whether during the employee's regular work schedule or otherwise, and will provide compensation for the time that the employee spends waiting for and being tested.

The Employer will not provide free COVID-19 testing to the following two (2) classes of employees: (1) Employees who were fully vaccinated before the close contact COVID-19 exposure and who do not have COVID-19 symptoms, and (2) COVID-19 cases who returned to work pursuant to the criteria set forth in Section K of this CPP and have remained free of COVID-19 symptoms, for 90 days after the initial onset of COVID-19 symptoms or, for COVID-19 cases who never developed symptoms, for 90 days after the first positive test.

d. Leave and Compensation Benefits for Close Contact Exposures

The Employer provides employees that had a close contact COVID-19 exposure with information regarding COVID-19-related benefits to which the employees may be entitled under applicable federal, state, or local law, the Employer's own leave policies, and leave guaranteed by contract. These benefits include, but are not limited to, SPSL.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

The Employer will continue and maintain these employees' earnings, seniority, and all other employee rights and benefits, including the employees' right to their former job status, as if the employees had not been removed from their jobs.

The Employer may require that these employees use Employer -provided employee sick leave benefits for this purpose and consider benefit payments from public sources in determining how to maintain earnings, rights and benefits, where permitted by law and when not covered by workers' compensation.

e. Investigation to Determine Whether Workplace Conditions Contributed to COVID-19 Exposure

The Employer will conduct an investigation in order to determine whether any workplace conditions could have contributed to the risk of COVID-19 exposure and what may be done to reduce exposure to such COVID-19 hazards, if any.

3. Confidential Medical Information

The Employer will protect the confidentiality of the COVID-19 cases, and will not disclose to other employees the fact that the employees tested positive for or were diagnosed with COVID-19.

The Employer will keep confidential all personal identifying information of COVID-19 cases unless expressly authorized by the employees to disclose such information or as otherwise permitted or required under the law.

D. CORRECTION OF COVID-19 HAZARDS AT EMPLOYER WORKSITES AND FACILITIES

The Employer will implement effective policies and/or procedures for correcting unsafe or unhealthy conditions, work practices, policies and procedures in a timely manner based on the severity of the hazard.

This includes, but is not limited to, implementing controls and/or policies and procedures in response to the evaluations conducted related to the identification and evaluation of COVID-19 hazards and investigating and responding to COVID-19 cases in the workplace. This also includes implementing controls related to physical distancing, face coverings, engineering controls, administrative controls, and personal protective equipment ("PPE").

E. TRAINING AND INSTRUCTION OF EMPLOYEES

1. COVID-19 Symptoms

The Employer provides employees training and instruction on COVID-19 symptoms, including advising employees of COVID-19 symptoms, which include the following: (1) fever of 100.4 degrees Fahrenheit or higher or chills; (2) cough; (3) shortness of breath or difficulty breathing; (4) fatigue; (5) muscle or body aches; (6) headache; (7) new loss of taste or smell; (8) sore throat; (9) congestion or runny nose; (10) nausea or vomiting; or (11) diarrhea, unless a licensed health care professional determines the person's symptoms were caused by a known condition other than COVID-19.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

The Employer monitors and adheres to guidance issued by the CDC concerning COVID-19 symptoms, including guidance provided at the following web address: https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html. The Employer will advise employees in the event that the CDC revises the symptoms that its associates with COVID-19.

In addition to providing training and instruction on COVID-19 symptoms, the Employer provides information and instruction on the importance of employees not coming to work if they have any COVID-19 symptoms. As discussed below, the Employer provides information on paid leaves to which employees may be entitled if they are experiencing a COVID-19 symptom and would like to be tested for COVID-19.

2. COVID-19 Vaccinations

The Employer provides employees information and instruction on the fact that COVID-19 vaccines are effective at both preventing the transmission of the virus that causes COVID-19 and preventing serious illness or death, and how employees may receive paid leave for reasons related to COVID-19 vaccinations.

As discussed below, the Employer provides information on paid leaves to which employees may be entitled in order for them to be vaccinated and in the event that they experience any illness or adverse effects as a result of such vaccination.

3. Employer's COVID-19 Policies and Procedures

The Employer provides regular updates to employees on the Employer's policies and procedures adopted in order to prevent COVID-19 hazards at Employer worksites and facilities, how such policies and procedures are intended to protect the health and safety of employees and Employer worksites and facilities, and how employees may participate in the identification and evaluation of COVID-19 hazards in order to make such worksites and facilities healthier and safer for themselves and others.

4. COVID-19 Related Benefits

The Employer advises and provides updates to employees on the leaves to which employees may be entitled under applicable federal, state, or local laws as well as the Employer's own leave policies. Paid leave benefits include, but are not limited to, SPSL.

Further, when employees require leave in order to receive a COVID-19 test or to be vaccinated or are directed not to report to work by the Employer for reasons related to the presentation of COVID-19 symptoms, a COVID-19 case, close contact COVID-19 exposure, the Employer will advise the employees of the leaves to which the employees may be entitled for that specific reason.

5. Spread and Transmission of the Virus that Causes COVID-19

The Employer advises and provides updates to employees about the known spread and transmission of COVID-19. The Employer specifically advises employees of the following: (1) that COVID-19 is an infectious respiratory disease; (2) that the virus that causes COVID-19 can be spread through the air when an infectious person talks or vocalizes, sneezes, coughs, or exhales; (3) that particles containing the virus can travel

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

more than six (6) feet, especially indoors, so physical distancing must be combined with other controls, including face coverings and hand hygiene, including hand washing, in order to be effective; (4) that COVID-19 may be transmitted when a person touches a contaminated object and then touches their eyes, nose, or mouth, although that is less common; and (5) that an infectious person may have present no COVID-19 symptoms or be pre-symptomatic.

6. Hand Hygiene, Face Coverings, and Respirators

The Employer advises employees of the importance of physical distancing, face coverings, and hand hygiene, including hand washing, and instructs employees that the combination of physical distancing, face coverings, increased ventilation indoors, and respiratory protection make such preventative measures most effective.

With respect to hand hygiene, the Employer provides employees information regarding the importance of frequent hand washing, that hand washing is most effective when soap and water are used and the employees washes for at least 20 seconds. The Employer instructs employees to use hand sanitizer when employees do not have immediate access to a hand washing facility (*i.e.*, a sink) and that hand sanitizer will not be effective if the employee's hands are soiled.

With respect to face coverings and respirators, the Employer provides employees information on the benefits of face coverings, both to themselves and to others. The Employer also provides employees instructions on the proper use of face coverings and the differences between face coverings and respirators.

The Employer will provide certain employees respirators for their use in certain circumstances, including to individuals who are not fully vaccinated, who are working indoors or in a vehicle with more than one person, and who request the devices for their use at work. At such time as the Employer provides respirators to employees for their use, it will provide such employees training on the proper use of such respirators, including, but not limited to, the method by which employees may check the seal of such respirator in conformance with the manufacturer's instructions.

The Employer will provide training on the conditions under which face coverings must be worn at the workplace and that face coverings are additionally recommended outdoors for people who are not fully vaccinated if six feet of distance between people cannot be maintained. Employees can request face coverings from the Employer at no cost to the employee and can wear them at work, regardless of vaccination status, without fear of retaliation.

F. FACE COVERINGS

1. General Face Covering Requirements

The Employer provides face coverings to all employees who are not fully vaccinated and requires that such face coverings are worn by employees when indoors or in vehicles, unless certain conditions are satisfied, as explained below.

The Employer adheres to the most restrictive or prescriptive public health order provided by the CDC, CDPH or the local health department applicable to the Employer,

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

and will provide face coverings and ensure they are worn by employees when required by orders from the CDPH.

The Employer requires that employees face coverings be clean and undamaged. The Employer allows employees to use face shields to supplement, not supplant, face coverings.

2. Limited Exceptions

The Employer provides for the following exceptions to the face coverings requirement:

1. When an employee is alone in a room (*e.g.*, alone in an office or another space with walls that extend from the floor to the ceiling and a door that may be closed in order to close the space to others) or vehicle.

2. While eating and drinking at the workplace, provided employees are at least six (6) feet apart and outside air supply to the area, if indoors, has been maximized to the extent feasible.

3. Employees wearing respirators required by the Employer and being used in compliance with the regulatory requirements for the use of such respirators.

4. Employees who cannot wear face coverings due to a medical or mental health condition or disability, or who are hearing-impaired or communicating with a hearing-impaired person.

5. Specific tasks which cannot feasibly be performed with a face covering. This exception is limited to the time period in which such tasks are actually being performed.

3. Required Use of Effective Non-Restrictive Alternative for Employees Exempted from Face Covering Requirement

The Employer requires that its employees who are exempted from wearing face coverings due to a medical condition, mental health condition, or disability wear an effective non-restrictive alternative, such as a face shield with a drape on the bottom, if their condition or disability permits it.

4. Physical Distancing Required If Employee Is Not Wearing Face Covering or Non-Restrictive Alternative

The Employer requires that any employees not wearing a face covering due to either exception number 5 or 6, identified in Subsection 2 above, and not wearing a face shield with a drape or other effective alternative as described in Subsection 3 above, shall remain at least six (6) feet apart from all other persons unless the unmasked employees are tested at least weekly for COVID-19 during paid time and at no cost to the employee or are fully vaccinated.

In situations where a face covering is otherwise required, face coverings must be worn, and the exceptions to face coverings contained in this section no longer apply.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

However, the Employer does not use COVID-19 testing as an alternative to face coverings when face coverings are otherwise required by this section.

5. Prohibition on Preventing Employees from Wearing Face Covering

The Employer does not prevent any employee from wearing a face covering when wearing a face covering is not required by this section, unless not wearing a face covering would create a safety hazard, such as interfering with the safe operation of equipment.

6. Communication to Non-Employees Regarding Face Covering Requirement

The Employer posts signage to inform non-employees of the Employer's requirements concerning the use of face coverings at Employer worksites and facilities.

G. OTHER ENGINEERING CONTROLS, ADMINISTRATIVE CONTROLS AND PERSONAL PROTECTIVE EQUIPMENT (PPE)

1. Maximization of Outdoor Air

As provided above at Section IV.B.5., for indoor Employer worksites and facilities, the Employer evaluated how to maximize the quantity of outdoor air.

Further, for Employer worksites and facilities with mechanical or natural ventilation, or both, the Employer maximizes the quantity of outside air provided to the extent feasible, except when the Environmental Protection Agency ("EPA") Air Quality Index ("AQI") is greater than 100 for any pollutant or if opening windows or letting in outdoor air by other means would cause a hazard to employees, for instance from excessive heat or cold.

2. Cleaning Procedures

The Employer undertakes the following cleaning measures:

1. Identify and regularly clean frequently touched surfaces and objects, such as doorknobs, elevator buttons, equipment, tools, handrails, handles, controls, phone, headsets, bathroom surfaces, and steering wheels;
2. Inform employees and authorized employee representatives of the Employer's cleaning and disinfection protocols, including the planned frequency and scope of cleaning and disinfection; and
3. Clean areas, material, and equipment used by a COVID-19 case during the high-risk exposure period and disinfection if the area, material, or equipment is indoors and will be used by another employee within 24 hours of the COVID-19 case.

Further, the Employer requires that cleaning must be done in a manner that does not create a hazard to employees or subcontracted employees who do the cleaning and disinfecting.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

3. Evaluation of Handwashing Facilities

In order to protect employees, the Employer evaluates its handwashing facilities in order to determine the need for additional facilities, encourage and allow time for employee handwashing, and provide employees with an effective hand sanitizer.

The Employer encourages employees to wash their hands with soap and water for at least 20 seconds each time.

The Employer does not provide hand sanitizers with methyl alcohol.

4. Personal Protective Equipment ("PPE")

a. Evaluation of the Need for PPE

The Employer evaluates the need for PPE in order to prevent employees from being exposed to COVID-19 hazards.

b. Provision of PPE When Necessary

The Employer provides PPE, including, but not limited to, face coverings, respirators, gloves, goggles, and face shields, to and for employees who require such equipment in order to perform their job duties in a healthy and safe manner, including where employees are exposed to procedures that may aerosolize potentially infectious material such as saliva or respiratory tract fluids.

Upon request, the Employer shall provide respirators to employees for voluntary use to all employees who are not fully vaccinated and who are working indoors or in vehicles with more than one person. Whenever the Employer makes respirators available for voluntary use, the Employer will ensure that employees receive a respirator of the correct size and will provide such employees training on the proper use of such respirators, including, but not limited, the method by which employees may check the seal of such respirator in conformance with the manufacturer's instructions, as discussed in Section IV.E.6.

5. Testing of Symptomatic Employees Who Are Not Fully Vaccinated

The Employer makes COVID-19 testing available at no cost to employees with COVID-19 symptoms who are not fully vaccinated. This testing will be made available during the employees' paid time.

H. REPORTING, RECORDKEEPING AND ACCESS

1. Reporting COVID-19 Cases to the Local Health Department

The Employer reports COVID-19 cases and COVID-19 outbreaks at Employer worksites and facilities to the local health department. Further, the Employer provides any related information requested by the local health department.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

2. Maintenance of Records Related to the Adoption of the CPP

The Employer maintains records of the steps it has taken to implement these provisions described in this CPP.

3. Availability of the CPP for Inspection

The Employer makes this written CPP available to employees and employee organizations at Employer worksites or facilities. Further, the Employer makes this written CPP available to Cal/OSHA representatives immediately upon request.

4. Records Related to COVID-19 Cases

The Employer keeps a record of and tracks all COVID-19 cases with the following information: (1) employee's name; (2) contact information; (3) occupation; (4) location where the employee worked: (5) the date of the last day at the workplace; and (6) the date of a positive COVID-19 test.

The Employer keeps employees' medical information confidential.

I. EXCLUSION OF COVID-19 CASES AND EMPLOYEES WHO HAD A CLOSE CONTACT COVID-19 EXPOSURE

1. Exclusion of COVID-19 Cases from Employer Worksites and Facilities

The Employer ensures that COVID-19 cases are excluded from Employer worksites and facilities until the employee satisfies the minimum return to work criteria, as provided in Section IV.J.

2. Exclusion of Employees with Close Contact COVID-19 Exposures from Employer Worksites and Facilities

The Employer ensures that employees who had a close contact COVID-19 exposure are excluded from Employer worksites and facilities until the employee satisfies the minimum return to work criteria, as provided in Section IV.J.

The Employer may allow the following employees to continue to report to Employer worksites and facilities: (1) Employees who were fully vaccinated before the close contact COVID-19 exposure and who have not developed COVID-19 symptoms since such exposure; and (2) COVID-19 cases who returned to work pursuant to the return to work criteria, as provided in Section IV.J. and have remained free of COVID-19 symptoms for 90 days after the initial onset of COVID-19 symptoms, or, for COVID-19 cases who never developed COVID-19 symptoms, for 90 days after the first positive COVID-19 test.

3. Provision of Benefits to Employees Excluded from Work as a Result of a Positive COVID-19 Test or Diagnosis or a Close Contact COVID-19 Exposure

a. Employees Who Are Able to Telework During Isolation or Quarantine Period

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

The Employer allows employees who are able to telework during the isolation or quarantine period. The Employer will provide these employees their normal compensation for the work that they perform for the Employer during the isolation or quarantine period.

The Employer continues and maintains such an employee's earnings, wages, seniority, and all other employee rights and benefits, including the employee's right to their former job status, as if the employee had not been removed from their job.

b. Employees Who Are Unable to Telework During Isolation or Quarantine Period

The following employees are not entitled to the benefits described below: (1) Employees for whom the Employer can demonstrate that the close contact COVID-19 exposure was not work-related; and (2) Employees who received disability payments or were covered by workers' compensation and received temporary disability. Such employees may still use paid sick leave for the purpose of receiving compensation during the isolation or quarantine period if they elect to do so.

For other employees, the Employer requires that employees who are unable to telework, but are otherwise able and available to work, the Employer may use paid sick leave available to the employee, including but not limited to SPSL, for the purpose of continuing and maintaining the employee's earnings during the isolation or quarantine period. If the employee has exhausted their SPSL entitlement, the Employer may use the employee's paid sick leave in order to continue and maintain the employee's earnings during the isolation or quarantine period.

Employees retain their entitlement to elect not to use other earned or accrued paid leave during this time. The Employer may provide such employees who are unable to telework, but who do not have any paid sick leave available, paid administrative leave in order to receive compensation during the isolation or quarantine period.

For all employees who are subject to an isolation or quarantine because of a COVID-19 case or a close contact COVID-19 exposure, the Employer will maintain the employees' seniority and all other employee rights and benefits, including the employees' right to their former job status, during the isolation or quarantine period.

4. Adherence with Laws, Policies, and/or Agreements Providing Excluded Employees Greater Protections

The obligations set forth in this section do not limit any other applicable law, Employer policy, or collective bargaining agreement that provides employees with greater protections or benefits.

5. Provision of Information Concerning Benefits to Excluded Employees

At the time of exclusion, the Employer provides the excluded employees the information on paid leave benefits to which the employees may be entitled under applicable federal, state, or local laws.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

This includes, but is not limited to, COVID-19 Supplemental Paid Sick Leave ("SPSL") (under Labor Code section 248.2), any paid leave benefits available under workers' compensation law, Labor Code sections 3212.86 through 3212.88, any applicable local governmental requirements, the Employer's own leave policies, and leave guaranteed by contract.

J. RETURN TO WORK CRITERIA

1. Minimum Criteria to Return to Work for Symptomatic COVID-19 Cases

The Employer requires that a COVID-19 case with one or more COVID-19 symptoms remain at their home or place of residence and not report to any Employer worksite or facility until they satisfy each of the following conditions: (1) At least 24 hours have passed since a fever of 100.4 degrees Fahrenheit or higher has resolved without the use of fever-reducing medications; (2) COVID-19 symptoms have improved; and (3) At least 10 days have passed since COVID-19 symptoms first appeared.

2. Minimum Criteria to Return to Work for Asymptomatic COVID-19 Cases

The Employer requires that COVID-19 cases who tested positive but never developed COVID-19 symptoms not report to any Employer worksite or facility until a minimum of 10 days have passed since the date of specimen collection of their first positive COVID-19 test.

3. COVID-19 Testing Not Required in Order to Return to Work

In accordance with CDC guidance concerning symptom-based strategies for the discontinuation of isolation, once an employee has satisfied the criteria to return to work, as provided in this Section, the Employer will not require that the employee submit to a COVID-19 test or produce a negative COVID-19 test result, in order to return to Employer worksites or facilities.

4. Minimum Criteria to Return to Work for Close Contacts

a. Asymptomatic Employees

An employee who had a close contact COVID-19 exposure, but never developed COVID-19 symptoms may return to Employer worksites or facilities 10 days following the last known close contact COVID-19 exposure.

b. Symptomatic Employees

An employee who had a close contact COVID-19 exposure and developed one or more COVID-19 symptom may not return to Employer worksites or facilities until they satisfy each of the following conditions: (1) At least 24 hours have passed since a fever of 100.4 degrees Fahrenheit or higher has resolved without the use of fever-reducing medications; (2) COVID-19 symptoms have improved; and (3) At least 10 days have passed since COVID-19 symptoms first appeared.

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

An employees who had a close contact COVID-19 exposure and developed one or more COVID-19 symptom may return earlier if they each of the following conditions: (1) The employee tested negative for COVID-19 using a polymerase chain reaction ("PCR") COVID-19 test with specimen taken after the onset of symptoms; (2) At least 10 days have passed since the last known close contact COVID-19 exposure; and (3) The employee has been symptom-free for at least 24 hours, without using fever reducing medications.

c. Critical Staffing Shortages

During critical staffing shortages, when there is an insufficient number of health care workers, emergency response workers or social workers whose jobs duties require face to face contact with clients in child welfare or assisted living, workers in such job classifications may return to Employer worksites or facilities seven (7) days following the last known close contact COVID-19 exposure if they have received a negative PCR COVID-19 test result from a specimen collected five (5) days after the 5 close contact COVID-19 exposure.

5. Minimum Criteria to Return to Work for Employees Directed to Self-Quarantine or Isolate by a State or Local Health Official

If employees are subject to an isolation or quarantine order issued by a state or local health official, the Employer requires that the employees not report to any Employer worksite or facility until the period of isolation or quarantine is completed or the order is lifted.

If the relevant order did not specify a definite isolation or quarantine period, then the Employer will require that employees isolate or quarantine according to the applicable periods and criteria provided for in this Section or as otherwise instructed by the Employer.

6. Allowance by Cal/OSHA for an Employee to Return to Work

If no violations of state or local health officer orders related to the employee's isolation, quarantine, or exclusion would result, the Employer may request that Cal/OSHA waive the quarantine or isolation requirement for essential employees and allow such employees to return to work on the basis that the removal of employees would create undue risk to a community's health and safety.

Where the absence of an essential employee from the Employer's worksite would cause a staffing shortage that would have an adverse on a community's health and safety and pose an undue risk to the community's health and safety as a result, Cal/OSHA may grant such waiver.

In order to request a waiver under such circumstances, the Employer will submit the written request to rs@dir.ca.gov. In the event of an emergency, the Employer may request a provisional waiver by contacting the local Cal/OSHA office while the Employer prepares the written waiver request.

The written waiver request must provide for the following information:

Attachment: COVID-19 CPP Language-Updated 9.30.21 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language and

1. Employer name and business or service;

2. Employer point-of-contact name, address, email and phone number;

3. Statement that there are no local or state health officer orders for isolation or quarantine of the excluded employees;

4. Statement describing the way(s) in which excluding the exposed or COVID-19 positive employees from the workplace impacts the employer's operation in a way that creates an undue risk to the community's health and safety;

5. Number of employees required to be quarantined under the Cal/OSHA regulation, and whether each was exposed to COVID-19 or tested positive for COVID-19; and

6. The employer's control measures to prevent transmission of COVID-19 in the workplace if the employee(s) return or continue to work in the workplace, including the prevention of further exposures. These measures may include, but are not limited to, preventative steps such as isolating the returned employee(s) at the workplace and requiring that other employees use respirators in the workplace.

In addition to submitting a request for a Cal/OSHA waiver, the Employer will develop, implement, and maintain effective control measures to prevent transmission in the workplace including providing isolation for the employees at the Employer worksite or facility and, if isolation is not feasible, the use of respirators in the workplace.

APPENDIX "A"
OF THE ILLNESS & INJURY PREVENTION PROGRAM (IIPP) ENTITLED COVID-19 PREVENTION PROGRAM (CPP)

I. PURPOSE:

The purpose of the **[Employer]**'s COVID-19 Prevention Program ("CPP") is to provide employees a healthy and safe workplace as required under the California Occupational Safety and Health Act (Lab. ~~or~~ Code §§ 6300, *et seq.*) and associated regulations (8 C.C.R. § 3205).

Nothing in this CPP precludes the **[Employer]** from complying with federal, state, or local laws or public health order health or guidance that may recommend~~s~~ or require~~s~~ measures that are more prescriptive and/or restrictive than those that are provided herein.

II. SCOPE

Unless one of the exceptions provided below applies, this CPP shall appl~~y~~ies to all employees (herein after referred to as "employees"), including those who are "fully vaccinated".

The following employees are exempt~~ed~~ from coverage under the CPP: (1) ~~[Employer]~~ Employees who are teleworking from home or a location of the employee's choice that is not under the control of the [Employer]; or (2) Employees who are working in or at a work location and do not have contact with any other individuals; and (3) **~~[Employer]~~** E~~e~~mployees that because of their tasks, activities or work location have with occupational exposure who are working in a facility or operation that subject to the Cal/OSHA regulation concerning as defined by the Aerosol Transmissible Diseases ("ATD") regulation. (*i.e.*,8C.C.R.§5199).~~Furthermore, certain [Employer] employees who perform services covered by the ATD regulation may be exempted during the actual performance of such services.~~

III. DEFINITIONS:

For the purposes of the CPP, the following definitions shall apply:

"Close contact COVID-19 exposure" means being within six (6) feet of a COVID-19 case for a cumulative total of 15 minutes or greater in any 24-hour period within or overlapping with the "high-risk exposure period" as defined here. This definition applies regardless of the use of face coverings. Employees who were wearing ~~are~~ a respirator as required by the [Employer] and who used such respirator in compliance with Title 8 Section 5144 during contact with a COVID-19 case will be deemed not to have had close contact COVID-19 exposure.

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

"COVID-19" means coronavirus disease, an infectious disease caused by the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2).

"COVID-19 case" means a person who either: (1) Has a positive "COVID-19 test" as defined in this section; (2) Is subject to COVID-19-related order to isolate issued by a local or state health official; (3) Has a positive COVID-19 diagnosis from a licensed health care provider; or (4~~3~~) Has died due to COVID-19, in the determination of a local health department or per inclusion in the COVID-19 statistics of a county. ~~A person is no longer a "COVID-19 case" when a licensed health care professional determines that the person does not have COVID-19, in accordance with recommendations made by the California Department of Public Health (CDPH) or the local health department pursuant to authority granted under the Health and Safety Code or title 17, California Code of Regulations to CDPH or the local health department.~~

"COVID-19 hazard" means ~~exposure to~~ potentially infectious material that may contain SARS-CoV-2, the virus that causes COVID-19. Potentially infectious materials include airborne droplets, small particle aerosols, and airborne droplet nuclei, which most commonly result from a person or persons exhaling, talking or vocalizing, coughing, or sneezing, or from procedures performed on persons which may aerosolize saliva or respiratory tract fluids~~, among other things~~. This also includes objects or surfaces that may be contaminated with SARS-CoV-2.

"COVID-19 symptoms" means one of the following: (1) fever of 100.4 degrees Fahrenheit or higher or chills; (2) cough; (3) shortness of breath or difficulty breathing; (4) fatigue; (5) muscle or body aches; (6) headache; (7) new loss of taste or smell; (8) sore throat; (9) congestion or runny nose; (10) nausea or vomiting; or (11) diarrhea, unless a licensed health care professional determines the person's symptoms were caused by a known condition other than COVID-19.

"COVID-19 test" means a viral test for SARS-CoV-2 that is both: (1) Approved by the United States Food and Drug Administration ("FDA") or has an Emergency Use Authorization ("EUA") from the FDA to diagnose current infection with the SARS-CoV-2 virus; and (2) Administered in accordance with the FDA approval or the FDA EUA as applicable.

~~"Exposed workplace" means any work location, working area, or common area at work used or accessed by a COVID-19 case during the high-risk period, including bathrooms, walkways, hallways, aisles, break or eating areas, and waiting areas.~~

~~The exposed workplace does not include buildings or facilities not entered by a COVID-19 case. Effective January 1, 2021, the "exposed workplace" also includes but is not limited to the "worksite" of the COVID-19 case as defined by Labor Code section 6409.6(d)(5).~~

"Exposed group" means all employees at a work location, working area, or a common area at work, where a COVID-19 case was present at any time during

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

the high-risk exposure period. However, if the COVID-19 case visited a work location, working area, or a common area at work for less than 15 minutes during the high-risk exposure period, and all employees were wearing face coverings at the time the COVID-19 case was present, other people at the work location, working area, or common area would not constitute part of the exposed group. Common areas at work includes bathrooms, walkways, hallways, aisles, break or eating areas, and waiting areas. However, places where employees momentarily pass through while everyone is wearing face coverings, without congregating, is not a work location, working area, or a common area at work.

"Face covering" means a surgical mask, a medical procedure mask, a respirator worn voluntarily, or a tightly woven fabric or non-woven material of at least two layers. A face covering has ~~with~~ no visible holes or openings, ~~which~~ and must cover~~s~~ the nose and mouth. A face covering does not include a scarf, ski mask, balaclava, bandana, turtleneck, collar, or single layer of fabric.

"Fully vaccinated" means the **[Employer]** has documented that the person received, at least 14 days prior, either the second dose in a two-dose COVID-19 vaccine series or a single-dose COVID-19 vaccine. Vaccines must be FDA approved; or have an emergency use authorization from the FDA; or, for persons fully vaccinated outside the United States, be listed for emergency use by the World Health Organization (WHO).~~-~~

"High-risk exposure period" means the following ~~time period~~: ~~(1)~~ For ~~persons~~ COVID-19 cases who develop COVID-19 symptoms: from two (2) days before they first develop symptoms until each of the following are true: (1) it has been ten (10) days ~~after~~ since symptoms first appeared;(2), ~~and~~ 24 hours have passed with no fever, without the use of fever-reducing medications;~~,~~ and (3) symptoms have improved; or ~~(2)~~ For ~~persons~~ COVID-19 cases ~~who test positive~~ who never develop COVID-19 symptoms: from two (2) days before until ten (10) days after the specimen for their first positive test for COVID-19 was collected.

"Respirator" means a respiratory protection device approved by the National Institute for Occupational Safety and Health ("NIOSH") to protect the wearer from particulate matter, such as an N95 filtering facepiece respirator.

"Worksite," for the limited purposes of COVID-19 prevention regulations only, means the building, store, facility, agricultural field, or other location where a COVID-19 case was present during the high-risk exposure period. It does not apply to buildings, floors, or other locations of the [Employer] that a COVID-19 case did not enter.

IV. PROGRAM

A. SYSTEM FOR COMMUNICATING WITH [~~EMPLOYER~~] EMPLOYEES

1. Reporting COVID-19 Symptoms, Possible COVID-19 Close Contact Exposures, and Possible COVID-19 Hazards at [Employer] Worksites and Facilities

The **[Employer]** ~~policy~~ requires that **[~~Employer~~]** employees immediately report to their manager or supervisor or to the Department of Human Resources any of the following: (1) the employee's presentation of COVID-19 symptoms; (2) the employee's possible COVID-19 close contact exposures; (3) possible COVID-19 hazards at **[Employer]** worksites or facilities.

The **[Employer]** has not and will not discriminate or retaliate against any **[~~Employer~~]** employee who makes such a report.

2. Accommodations Process for Employees with Medical or Other Conditions that ~~put~~ Put them at Increased Risk of Severe COVID-19 Illness

The **[Employer]** ~~policy~~ provides for an accommodation process for employees who have a medical or other condition identified by the Centers for Disease Control and Prevention ("CDC") or the employees' health care provider as placing or potentially placing the employees at increased risk of severe COVID-19 illness.

For all employees who request such an accommodation, including fully vaccinated employees, the [Employer] will require that the employee provide information from the employee's health care provider explaining why the employee requires an accommodation.

The CDC identifies the following medical conditions and other conditions as placing or potentially placing individuals at an increased risk of severe COVID-19 illness

The CDC guidance provides that adults of any age with the following conditions are at increased risk of severe illness from the virus that causes COVID-19:

1. Cancer
2. Chronic kidney disease
3. COPD (chronic obstructive pulmonary disease)
4. Heart conditions, such as heart failure, coronary artery disease, or cardiomyopathies
5. Immunocompromised state (weakened immune system) from solid organ transplant
6. Obesity (body mass index [BMI] of 30 kg/m2 or higher but < 40 kg/m2)

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

7. Severe Obesity (BMI ≥ 40 kg/m2)
8. Pregnancy
9. Sickle cell disease
10. Smoking
11. Type 2 diabetes mellitus

The CDC guidance also provides that adults of any age with the following conditions might be at an increased risk for severe illness from the virus that causes COVID-19:

1. Asthma (moderate-to-severe)
2. Cerebrovascular disease (affects blood vessels and blood supply to the brain)
3. Cystic fibrosis
4. Hypertension or high blood pressure
5. Immunocompromised state (weakened immune system) from blood or bone marrow transplant, immune deficiencies, HIV, use of corticosteroids, or use of other immune weakening medicines
6. Neurologic conditions, such as dementia
7. Liver disease
8. Overweight (BMI > 25 kg/m2, but < 30 kg/m2)
9. Pulmonary fibrosis (having damaged or scarred lung tissues)
10. Thalassemia (a type of blood disorder)
11. Type 1 diabetes mellitus

The **[Employer]** periodically reviews the following web address in order to account for any additional medical conditions and other conditions that the CDC has identified as placing or potentially placing individuals at an increased risk of severe COVID-19: https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html (Last updated on May 13, 2021).

~~**[Employer]**~~ Employees are encouraged to review the list of medical conditions and other condition provided above in order to determine whether they have such a condition.

To request an accommodation ~~under the [Employer] policy~~, employees may make a request with their manager or supervisor or the Department of Human Resources.

3. COVID-19 Testing

The **[Employer]** possesses authority to require that employees who report to work at **[Employer]** worksites or facilities be tested for COVID-19.

Where the **[Employer]** requires testing, the **[Employer]** has adopted policies and procedures that ensure the confidentiality of employees' medical information and comply with the Confidentiality of Medical Information Act ("CMIA"). Specifically, the **[Employer]** will keep confidential all personal identifying information of COVID-19 cases or persons with COVID-19 symptoms, unless expressly authorized by the employee to disclose such information or as other permitted or required under the law.

4. COVID-19 Hazards

The **[Employer]** will notify ~~**[Employer]**~~ employees and subcontracted employees of any potential COVID-19 exposure at a **[Employer]** worksite or facility where a COVID-19 case and ~~**[Employer]**~~ employees were present on the same day. The **[Employer]** will notify ~~**[Employer]**~~ employees of such potential exposures within one (1) business day, in a way that does not reveal any personal identifying information of the COVID-19 case.

The **[Employer]** will also notify ~~**[Employer]**~~ employees of cleaning and disinfecting measures the **[Employer]** is undertaking in order to ensure the health and safety of the **[Employer]** worksite or facility where the potential exposure occurred.

B. IDENTIFICATION AND EVALUATION OF COVID-19 HAZARDS AT [EMPLOYER] WORKSITES AND FACILITIES

1. Screening Employees for COVID-19 Symptoms

The **[Employer]** possesses authority to **[require that employee self-screen]** for COVID-19 symptoms.

The **[Employer]** ~~policy~~ provides that employees will self-screen for COVID-19 symptoms prior to reporting to any **[Employer]** worksite or facility.

2. Responding to ~~[Employer]~~ Employees with COVID-19 Symptoms

Should an ~~**[Employer]**~~ employee present COVID-19 symptoms during a **[self-screen]**, the ~~**[Employer]** will instruct the~~ employee must ~~to~~ remain at or return to their home or place of residence and not report to work until such time as the employee satisfies the minimum criteria in order to return to work (as discussed in Section IV.JK. of this CPP).

The **[Employer]** will advise employees of any leaves to which they may be entitled during this self-quarantine period,including, but not limited to COVID-19 Supplemental Paid Sick Leave ("SPSL").

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

Further, the **[Employer]** has adopted policies and procedures that will ensure the confidentiality of employees and comply with the CMIA, and the **[Employer]** will not disclose to other employees the fact that the employees presented COVID-19 symptoms.

3. [Employer]'s Response to COVID-19 Cases

In the event that ~~[Employer]~~ an employee~~s~~ test~~s~~ positive for COVID-19 or ~~are~~ is diagnosed with COVID-19 by a health care provider, the **[Employer]** will instruct the employee~~s~~ to remain at or return to their home or place of residence and not report to work until such time as they satisfy the minimum criteria to return to work (as discussed in Section IV.JK. of this CPP).

The **[Employer]** will advise employees of any leaves to which they may be entitled during this self-isolation period, including, but not limited to SPSL.

The **[Employer]** compl~~ies fully and faithfully~~ with all reporting and recording obligations as required under the law, including, but not limited to, reporting the COVID-19 case to the following individuals and ~~institutions~~ entities as required based on the individual circumstances: (1) T~~t~~he local health department; (2) Cal/OSHA; (3) E~~e~~mployees who were present at a **[Employer]** worksite or facility when ~~the~~ a COVID-19 case was present; (4) ~~thee E~~mployee organizations that represent employees at the **[Employer]** worksite or facility; (4) ~~thee E~~mployers of any subcontracted employees who were present at the **[Employer]** worksite or facility; and (5) ~~the~~ The **[Employer]**'s workers' compensation plan administrator.

If possible, the **[Employer]** will interview the COVID-19 case(s) in order to ascertain the nature and circumstances of any contact that the employee(s) had or may have had with other employees during the high-risk exposure period. If the **[Employer]** determines that there were any close contact COVID-19 exposures, the **[Employer]** will instruct those employees to remain at their home or place of residence and not report to work until such time as the employees satisfy the minimum criteria to return to work (as discussed in Section IV.JK. of this CPP).

The **[Employer]** has adopted policies and procedures that will ensure the confidentiality of employees and comply with the CMIA. Specifically, the **[Employer]** will not disclose to other employees, except for those who need to know, the fact that the employee(s) tested positive for or were diagnosed with COVID-19. Further, the **[Employer]** will keep confidential all personal identifying information of COVID-19 cases or persons, unless expressly authorized by the employees to disclose such information or as other permitted or required under the law.

4. Workplace-Specific Identification of COVID-19 Hazards

The **[Employer]** ~~conducted~~ will periodically conduct ~~a~~ workplace-specific assessments of all interactions, areas, activities, processes, equipment, and materials that could potentially expose employees to COVID-19 hazards.

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

As part of this process, the **[Employer]** identified places (work locations, work areas, and common areas) and times when employees and individuals congregate or come in contact with one another, regardless of whether employees are performing an assigned work task or not, including, for example, during meetings or trainings, in and around entrances, bathrooms, hallways, aisles, walkways, elevators, break or eating areas, cool-down areas, and waiting areas.

~~As part of this process,~~ ~~t~~The **[Employer]** will ~~identified~~ provided ~~notice of any such~~ potential workplace exposure to all persons at **[Employer]** worksites and facilities, including employees, employees of other entities, members of the public, customers or clients, and independent contractors. The **[Employer]** considered how employees and other persons enter, leave, and travel through **[Employer]** worksites and facilities, in addition to addressing employees' ~~fixed~~ stationary workspaces or workstations.

~~As part of this~~ process Further, the **[Employer]** will treat~~ed~~ all persons, regardless of the presentation of COVID-19 symptoms or ~~negative~~ COVID-19 status ~~test results~~, as potentially infectious.

5. Maximization of Outdoor Air and Air Filtration

For indoor **[Employer]** worksites and facilities, the **[Employer]** evaluate~~d~~ how to maximize the ~~quantity~~ ventilation of outdoor air; provide ~~and whether it is possible to increase filtration efficiency to~~ the highest level of filtration efficiency compatible with the worksites and facilities' existing ventilation systems;and whether the use of portable or mounted High Efficiency Particulate Air ("HEPA") filtration units, or other air cleaning systems, would reduce the risk of COVID-19 transmission.

6. [Employer] Compliance with Applicable State and Local Health Orders

The **[Employer]** monitors applicable public health orders and guidance from the State of California and the local health department related to COVID-19 hazards and prevention.

The **[Employer]** fully and faithfully complies with all applicable orders and guidance from the State of California and the local health department.

7. Evaluation of Existing COVID-19 Prevention Controls and Adoption of Additional Controls

Periodically, the **[Employer]** evaluates existing COVID-19 prevention controls at the workplace and assess whether ~~there is a need for~~ different and/or additional controls may be needed.

This includes evaluation of controls related to the correction of COVID-19 hazards, physical distancing, face coverings, engineering controls, administrative controls, and personal protective equipment (PPE) (as discussed at Section VI, subsections D, and F-H of this CPP).

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

8. Periodic Inspections

The **[Employer]** conducts periodic inspections of **[Employer]** worksites and facilities as needed to identify unhealthy conditions, work practices, and work procedures related to COVID-19 and to ensure compliance with the **[Employer]**'s COVID-19 policies and procedures, including, but not limited to this CPP.

C. INVESTIGATING AND RESPONDING TO COVID-19 CASES IN [EMPLOYER] WORKSITES AND FACILITIES

1. Procedure to Investigate COVID-19 Cases

The **[Employer]** developed ~~has~~ a procedure for investigating COVID-19 cases in the workplace,which ~~.As provided below, the procedure~~ provides for the following: (1) requesting information from employees regarding COVID-19 cases; (2) contact tracing of employees who may have had a close contact COVID-19 exposure; (3) requesting COVID-19 test results from employees who may have had ~~with~~ a close contact COVID-19 exposure ~~the verification of COVID-19 case status; (2) receiving information regarding COVID-19 test results;~~ (4) requesting information from employees regarding the presentation of COVID-19 symptoms; and (5) identifying and recording all COVID-19 cases.

2. Response to COVID-19 Cases

As provided above at Section IV.B.3., in the event that an **~~[Employer]~~** employee~~s~~ test~~s~~ positive for COVID-19 or ~~are~~ is diagnosed with COVID-19 by a health care provider, the **[Employer]** will instruct the employee~~s~~ to remain at or return to their home or place of residence and not report to an **[Employer]** worksite or facility until such time as the employees satisfy the minimum criteria to return to work (as discussed in Section IV.JK. of this CPP).

a. Contact Tracing

If possible, the **[Employer]** will interview the COVID-19 case(s) in order to ascertain the following information: (1) the date on which the employee(s) tested positive, if asymptomatic, or the date on which the employee(s) first presented COVID-19 symptoms, if symptomatic; (2) the COVID-19 case(s) recent work history, including the day and time they were last present at an **[Employer]** worksite or facility; and (3) the nature and circumstances of the COVID-19 case(s)' contact with other employees during the high-risk exposure period, including whether any such contact qualifies as a close contact COVID-19 exposure.

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

If the **[Employer]** determines that there was or were any close contact COVID-19 exposures, the **[Employer]** will instruct those employees to remain at their home or place of residence and not report to work until such time as the employees satisfy the minimum criteria to return to work (as discussed in Section IV.JK. of this CPP). Further, the [Employer] will instruct those employees to be tested for COVID-19, and that the [Employer] will provide for such testing during paid time, as discussed in subsection c. below.

b. Reporting the Potential Exposure to Other Employees

The **[Employer]** fully and faithfully ~~will~~ compliesy with all reporting and recording obligations as required under the law, including, but not limited to, reporting the COVID-19 case to the ~~following~~ individuals and ~~institutions~~ entities described below. ~~as required based on the individual circumstances: (1) employees who were present at a [Employer] worksite or facility when the COVID-19 case was present; and (2) subcontracted employees who were present at the [Employer] worksite or facility.~~

Within one (1) business day of the time the [Employer] knew or should have known of a COVID-19 case, the [Employer] will give written notice of a potential workplace exposure to the following individuals: (1) All employees at the worksite or facility during the COVID-19 case's high-risk exposure period; (2) Independent contractors at the worksite or facility during the COVID-19 case's high-risk exposure period; and (3) Other employers at the worksite or facility during the COVID-19 case's high-risk exposure period. The [Employer] will provide notice by either personal service, email, or text message.

The [Employer]'s notice(s) will does not reveal any personal identifying information of the COVID-19 case. The notice shall will include information about the [Employer]'s disinfection plan.

4. Within one (1) business day of the time the [Employer] knew or should have known of the COVID-19 case, the [Employer] will also provide the notice of the potential workplace exposure to the authorized representative of any employee at the worksite or facility during the COVID-19 case's high-risk exposure period.

c. Offer of Free COVID-19 Testing ~~for~~ Following a Close Contact COVID-19 Exposure~~s~~

The **[Employer]** makes COVID-19 testing available at no cost to employees ~~during their working~~ to all employees who had ~~potential~~ a close contact COVID-19 exposure at an **[Employer]** worksite or facility. The **[Employer]** will ~~make~~ offer employees COVID-19 testing ~~available~~ during paid time, whether during the employee's regular work schedule or otherwise, ~~the employees regular schedule~~ and will provide compensation for the time that the employee spends waiting for and being tested.

The [Employer] will not provide free COVID-19 testing to the following two (2) classes of employees: (1) Employees who were fully vaccinated before the close contact COVID-

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

19 exposure and who do not have COVID-19 symptoms, and (2) COVID-19 cases who returned to work pursuant to the criteria set forth in Section K of this CPP and have remained free of COVID-19 symptoms, for 90 days after the initial onset of COVID-19 symptoms or, for COVID-19 cases who never developed symptoms, for 90 days after the first positive test.

d. Leave and Compensation Benefits for Close Contact Exposures

The **[Employer]** provides ~~these~~ employees that had a close contact COVID-19 exposure with information regarding COVID-19-related benefits to which the employees may be entitled under applicable federal, state, or local law, the **[Employer]**'s own leave policies, and leave guaranteed by contract. These benefits include, but are not limited to, SPSL.

The **[Employer]** will continue ~~to provide~~ and ~~will~~ maintain these employees' earnings, seniority, and all other employee rights and benefits, including the employees' right to their former job status, as if the employees had not been removed from their jobs.

The **[Employer]** may require that these employees use **[Employer]** ~~employer~~-provided employee sick leave benefits for this purpose and consider benefit payments from public sources in determining how to maintain earnings, rights and benefits, where permitted by law and when not covered by workers' compensation.

e. Investigation to Determine Whether Workplace Conditions Contributed to COVID-19 Exposure

The **[Employer]** will conduct an investigation in order to determine whether any workplace conditions could have contributed to the risk of COVID-19 exposure and what may be done to reduce exposure to such COVID-19 hazards, if any.

3. Confidential Medical Information

The **[Employer]** will protect the confidentiality of the COVID-19 cases, and will not disclose to other employees the fact that the employees tested positive for or were diagnosed with COVID-19.

The **[Employer]** will keep confidential all personal identifying information of COVID-19 cases unless expressly authorized by the employees to disclose such information or as other permitted or required under the law.

D. CORRECTION OF COVID-19 HAZARDS AT [EMPLOYER] WORKSITES AND FACILITIES

The **[Employer]** will implement effective policies and/or procedures for correcting unsafe or unhealthy conditions, work practices, policies and procedures in a timely manner based on the severity of the hazard.

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

This includes, but is not limited to, implementing controls and/or policies and procedures in response to the evaluations conducted related to the identification and evaluation of COVID-19 hazards and investigating and responding to COVID-19 cases in the workplace. This also includes implementing controls related to physical distancing, face coverings, engineering controls, administrative controls, and personal protective equipment ("PPE").

E. TRAINING AND INSTRUCTION OF ~~[EMPLOYER]~~ EMPLOYEES

1. COVID-19 Symptoms

The **[Employer]** ~~provided~~ provides employees training and instruction on ~~the~~ COVID-19 symptoms, including advising employees of COVID-19 symptoms, which include the following: (1) fever of 100.4 degrees Fahrenheit or higher or chills; (2) cough; (3) shortness of breath or difficulty breathing; (4) fatigue; (5) muscle or body aches; (6) headache; (7) new loss of taste or smell; (8) sore throat; (9) congestion or runny nose; (10) nausea or vomiting; or (11) diarrhea, unless a licensed health care professional determines the person's symptoms were caused by a known condition other than COVID-19.

The **[Employer]** monitors and adheres to guidance issued by the CDC concerning COVID-19 symptoms, including guidance provided at the following web address ~~- -~~ https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html. The **[Employer]** will advise employees in the event that the CDC revises the symptoms that its associates with COVID-19. ~~makes any changes to its guidance concerning such symptoms.~~

In addition to providing training and instruction on COVID-19 symptoms,~~T~~ the **[Employer]** provide~~sd~~ ~~employees~~ information and instruction on the importance of employees not coming to work if they have any COVID-19 symptoms. As discussed below, the [Employer] provides information on paid leaves to which employees may be entitled if they are experiencing a COVID-19 symptom and would like to be tested for COVID-19.

2. COVID-19 Vaccinations

The [Employer] provides employees information and instruction on the fact that COVID-19 vaccines are effective at both preventing the transmission of the virus that causes COVID-19 and preventing serious illness or death, and how employees may receive paid leave for reasons related to COVID-19 vaccinations.

As discussed below, the [Employer] provides information on paid leaves to which employees may be entitled in order for them to be vaccinated and in the event that they experience any illness or adverse effects as a result of such vaccination.

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

~~2.~~3. [Employer]'s COVID-19 Policies and Procedures

The **[Employer]** provides regular updates to employees on the **[Employer]**'s policies and procedures adopted in order to prevent COVID-19 hazards at **[Employer]** worksites and facilities, ~~and~~ how such policies and procedures are intended ~~-~~to protect the health and safety of ~~**[Employer]**~~ employees and [Employer] worksites and facilities, and how employees may to participate in the identification and evaluation of COVID-19 hazards in order to make such worksites and facilities healthier and safer for themselves and others.

~~3.~~4. COVID-19 Related Benefits

The **[Employer]** advises and provides updates to ~~d~~ ~~**[Employer]**~~ employees on ~~of~~ the leaves to which ~~the~~ employees may be entitled under applicable federal, state, or local laws as well as~~-~~ the **[Employer]**'s own leave policies. Paid leave benefits include, but are not limited to, SPSL.~~and leave guaranteed by contract.~~

Further, when employees require leave in order to receive a COVID-19 test or to be vaccinated or are directed not to report to work by the **[Employer]** for reasons related to the presentation of COVID-19 symptoms, a COVID-19 case, close contact COVID-19 exposure, the **[Employer]** will advise the employees of the leaves to which the employees may be entitled for that specific reason.

~~4.~~5. Spread and Transmission of the Virus that Causes COVID-19

The **[Employer]** advises and provides updates to ~~d~~~~**[Employer]**~~ employees about the known spread and transmission of COVID-19. The **[Employer]** specifically advises employees of the following:(1) ~~of the~~ that COVID-19 is an infectious respiratory disease; (2) that the ~~v~~virus that causes COVID-19 can be spread through the air when an infectious person talks or vocalizes, sneezes, coughs, or exhales; (3) that particles containing the virus can travel more than six (6) feet, especially indoors, so physical distancing must be combined with other controls, including face coverings and hand hygiene, including hand washing, in order to be effective; (4) that COVID-19 may be transmitted when a person touches a contaminated object and then touches their eyes, nose, or mouth, although that is less common; and (5) that an infectious person may have present no COVID-19 symptoms or be pre-symptomatic.

~~5.~~6. Hand Hygiene, Face Coverings, and Respirators

The **[Employer]** advise~~sd~~ ~~**[Employer]**~~ employees of the ~~methods and~~ importance of physical distancing, face coverings, and hand hygiene, including hand washing, and instructs employees that the combination of physical distancing, face coverings, increased ventilation indoors, and respiratory protection make such preventative measures most effective.

~~Specifically~~ With respect to hand hygiene, the **[Employer]** ~~trained and~~ instructed provides ~~**[Employer]**~~ employees information regarding ~~on~~ the importance of

frequent hand washing, that hand washing is most effective when ~~with~~ soap and water are used and the employees washes for at least 20 seconds. The [Employer] instructs employees to use ~~andusing~~ hand sanitizer when employees do not have immediate access to a ~~sink or~~ hand washing facility (*i.e.*,a sink), ~~-~~and that hand sanitizer will not be effective if the employee's hands ~~does not work if the hands~~ are soiled.

With respect to face coverings and respirators, ~~Further,~~ the **[Employer]** provides employees information on the benefits of face coverings, both to themselves and to others. The [**Employer]** also ~~trainsed an~~ provides employees instructions ~~dinstructed~~ ~~**[Employer]**~~ on the proper use of face coverings and the differences between face coverings and respirators. ~~andthefactthatfacecoveringsarenotrespiratory protective equipment~~

The [Employer] will provide certain employees respirators for their use in certain circumstances, including to individuals who are not fully vaccinated, who are working indoors or in a vehicle with more than one person, and who request the devices for their use at work. At such time as the [Employer] provides respirators to employees for their use, it will provide such employees training on the proposer use of such respirators, including, but not limited to, to the method by which employees may check the seal of such respirator in conformance with the manufacturer's instructions.

The [Employer] will provide training on the conditions under which face coverings must be worn at the workplace and that face coverings are additionally recommended outdoors for people who are not fully vaccinated if six feet of distance between people cannot be maintained. Employees can request face coverings from the [Employer] at no cost to the employee and can wear them at work, regardless of vaccination status, without fear of retaliation. .

~~F. PHYSICAL DISTANCING~~

~~The [Employer] requires that all [Employer] employees be separated from other persons by at least six (6) feet, except where the [Employer] can demonstrate that six (6) feet of separation is not possible and where there is momentary exposure while persons are in movement~~

~~The [Employer] has adopted several methods by which it increases physical distancing including, but not limited to, the following: (1) providing [Employer] employees the opportunity to telework or engage in other remote work arrangements; (2) reducing the number of persons in an area at one time, including visitors; (3) posting visual cues, such as signs and floor markings, to indicate where employees and others should be located or their direction and path of travel; (4) adopting staggered arrival, departure, work, and break times; and (5) adjusting work processes or procedures, such as reducing production speed, to allow greater distance between employees.~~

~~(6) feet, the [Employer] requires individuals to be as far apart as possible.~~

~~G.~~F. FACE COVERINGS

1. General Face Covering Requirements

The **[Employer]** provides face coverings to all ~~**[Employer]**~~ employees who are not fully vaccinated and requires that such face coverings are worn by employees when indoors or in vehicles ~~and individuals at **[Employer]** worksites and facilities~~, unless certain conditions are satisfied, as explained below.

The **[Employer]** ~~policy~~ adheres to the most restrictive or prescriptive public health order~~s~~ and guidance provided by the CDC, CDPH ~~and~~ or the local health department applicable to the [Employer], and will provide face coverings and ensure they are worn by employees when required by orders from the CDPH.~~including as provided at the following web address:~~

~~https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/guidance-for-face-coverings.aspx(Last updated May 3, 2021).~~

~~The [Employer]'s policy on the use of face coverings ensures that they are worn over the nose and mouth when indoors, when outdoors and less than six (6) feet away from another person, and where required by orders from the CDPH or local health department.~~

The ~~The~~ **[Employer]**~~'s~~ ~~policy~~ requires that employees face coverings ~~are~~ be clean and undamaged. The **[Employer]**~~'s~~ ~~policy~~ allows employees to use ~~for~~ face shields to ~~be usedto~~ supplement, ~~and~~ not supplant, face coverings.

2. Limited Exceptions

The **[Employer]** ~~'spolicy~~ provides for the following exceptions to the face coverings requirement:

1. When an employee is alone in a room (e.g., alone in an office or another space with walls that extend from the floor to the ceiling and a door that may be closed in order to close the space to others) or vehicle;

2. While eating and drinking at the workplace, provided employees are at least six (6) feet apart and outside air supply to the area, if indoors, has been maximized to the extent ~~possible~~ feasible.

3. Employees wearing respirators required by the [Employer] and being used ~~ryprotection~~ in ~~accordance~~ compliance with the regulatory requirements for the use of such respirators.

4. Employees who cannot wear face coverings due to a medical or mental

health condition or disability, or who are hearing-impaired or communicating with a hearing-impaired person.

5. Specific tasks which cannot feasibly be performed with a face covering. This exception is limited to the time period in which such tasks are actually being performed~~, and the unmasked employee shall be at least six (6) feet away from all other persons unless unmasked employees are tested at least twice weekly for COVID-19.~~.

~~*While the regulations provide that employees with "a medical or mental health condition or disability" may be exempted from the face covering requirement, agencies may determine that accommodating such individuals by allowing them to not wear a face covering constitutes an undue hardship to the employer because the employees pose a direct threat to the health and safety of the workplace and to other employees by not wearing a face covering. Therefore, agencies may elect not to accommodate or exempt such individuals with "a medical or mental health condition or disability" from the face covering requirement.]*~~

~~2.~~3. Required Use of Effective Non-Restrictive Alternative for Employees Exempted from Face Covering Requirement

The **[Employer]**~~'s policy~~ requires that ~~[Employer]~~ its employees who are exempted from wearing face coverings due to a medical condition, mental health condition, or disability wear an effective non-restrictive alternative, such as a face shield with a drape on the bottom, if their condition or disability permits it.

~~3.~~4. Physical Distancing Required If Employee Is Not Wearing Face Covering or Non-Restrictive Alternative

The **[Employer]**~~'s policy~~ requires that any employees not wearing a face covering due to either exception number 5 or 6, identified in Subsection 2 above, and not wearing a face shield with a drape or other effective alternative as described in Subsection 3 above, ~~or respiratory protection, for any reason,~~ shall remain ~~be~~ at least six (6) feet apart from all other persons unless the unmasked employees are tested at least ~~twice (2x)~~ weekly for COVID-19 during paid time and at no cost to the employee or are fully vaccinated.

Insituations where a face covering is otherwise required, face coverings must be worn, and the exceptions to face coverings contained in this section no longer apply.

However, the **[Employer]** does not use COVID-19 testing as an alternative to face coverings when face coverings are otherwise required by this section.

~~4.~~5. Prohibition on Preventing Employees from Wearing Face Covering

The **[Employer]** does not prevent any ~~**[Employer]**~~ employee from wearing a face covering when wearing a face covering is not required by this section, unless not wearing a face covering would create a safety hazard, such as interfering with the safe operation of equipment.

~~5.~~6. Communication to Non-Employees Regarding Face Covering Requirement

The **[Employer]** posts signage to inform non-employees of the ~~that the~~ **[Employer]**'s requirements~~s~~ concerning the use of face coverings at **[Employer]** worksites and facilities.

~~6. Policies to Reduce COVID-19 Hazards Originating from Persons Not Wearing Face Coverings~~

~~The [Employer] has developed COVID-19 policies and procedures to minimize employees' exposure to COVID-19 hazards originating from any person not wearing a face covering, including a member of the public.~~

~~These policies include requiring that employees and non-employees wear face coverings at [Employer] worksites and facilities, that [Employer] employees wear face coverings at other times, maintain physical distance from person not wearing a face covering, and observe proper hand hygiene.~~

~~H.~~G. OTHER ENGINEERING CONTROLS, ADMINISTRATIVE CONTROLS AND PERSONAL PROTECTIVE EQUIPMENT (PPE)

~~1. Installation~~ of Solid Partitions Between Workstations Where ~~Physical Distancing is Not Possible~~

~~At fixed work locations where it is not possible to maintain the physical distancing requirement at all times, the employer shall install cleanable solid partitions that effectively reduce aerosol transmission between the employees and other persons.~~

~~3.~~1. Maximization of Outdoor Air

As provided above at Section IV.B.5., for indoor **[Employer]** worksites and facilities, the **[Employer]** evaluated how to maximize the quantity of outdoor air.

Further, for **[Employer]** worksites and facilities with mechanical or natural ventilation, or both, the **[Employer]** ~~has~~ maximize~~sd~~ the quantity of outside air provided to the extent feasible, except when the ~~United States~~ Environmental Protection Agency ("EPA") Air Quality Index ("AQI") is greater than 100 for any pollutant or if opening windows or letting in outdoor air by other means would cause a hazard to ~~**[Employer]**~~ employees,

c. Critical Staffing Shortages

During critical staffing shortages, when there is an insufficient number of health care workers, emergency response workers or social workers whose jobs duties require face to face contact with clients in child welfare or assisted living, workers in such job classifications may return to [Employer] worksites or facilities seven (7) days following the last known close contact COVID-19 exposure if they have received a negative PCR COVID-19 test result from a specimen collected five (5) days after the 5 close contact COVID-19 exposure

~~4.~~5. Minimum Criteria to Return to Work for Employees Directed to Self-Quarantine or Isolate by a State or Local Health Official

If employees are subject to an isolation or quarantine order issued by a state or local health official, the **[Employer]** ~~policy~~ requires that the employees not report to any **[Employer]** worksite or facility until the period of isolation or quarantine is completed or the order is lifted.

If the relevant order did not specify a definite isolation or quarantine period, then the [Employer] will require that employees isolate or quarantine according to the applicable periods and criteria provided for in ~~shall will be in accordance with~~ this Section or as otherwise instructed by the **[Employer]**.~~K.~~

~~If the order did not specify a definite isolation or quarantine period, then the period shall be 10 days from the time the order to isolate or quarantine was effective.~~

~~5.~~6. Allowance by Cal/OSHA for an Employee to Return to Work

If ~~there are~~ no violations of state or local health officer orders related to the employee's isolation, ~~or~~ quarantine, or exclusion would result, the [**Employer**] may request that

Attachment: COVID-19 CPP Language- REDLINED Changes 6.2021 (RES-2021-589 : Adopt Revised COVID-19 Prevention Program Language

Cal/OSHA waive the quarantine or isolation requirement for essential employees and allow such employees to return to work on the basis that the removal of employees would create undue risk to a community's health and safety.

Where the absence of an essential employee from the [**Employer's**] worksite would cause a staffing shortage that would have an adverse on a community's health and safety and pose an undue risk to the community's health and safety as a result, Cal/OSHA may grant such waiver.

In order to request a waiver under such circumstances, the [**Employer**] will submit the written request to rs@dir.ca.gov. In the event of an emergency, the [**Employer**] may request a provisional waiver by contacting the local Cal/OSHA office while the [**Employer**] prepares the written waiver request.

The written waiver request must provide for the following information:

1. Employer name and business or service;

2. Employer point-of-contact name, address, email and phone number;

3. Statement that there are no local or state health officer orders for isolation or quarantine of the excluded employees;

4. Statement describing the way(s) in which excluding the exposed or COVID-19 positive employees from the workplace impacts the employer's operation in a way that creates an undue risk to the community's health and safety;

5. Number of employees required to be quarantined under the Cal/OSHA regulation, and whether each was exposed to COVID-19 or tested positive for COVID-19; and

~~1.~~6. The employer's control measures to prevent transmission of COVID-19 in the workplace if the employee(s) return or continue to work in the workplace, including the prevention of further exposures. These measures may include, but are not limited to, preventative steps such as isolating the returned employee(s) at the workplace and requiring that other employees use respirators ~~y protection~~ in the workplace.

In addition to submitting a request for a Cal/OSHA waiver, the **[Employer]** will develop, implement, and maintain effective control measures to prevent transmission in the workplace including providing isolation for the employees at the **[Employer]** worksite or facility and, if isolation is not ~~possible~~ feasible, the use of respirators ~~y protection~~ in the workplace.

Board of Supervisors Meeting Date: October 19, 2021

PROJECT: General Plan/Zoning Amendment No. 2017-084

PROPOSAL: Amend the General Plan to establish policies to allow special event facilities in rural residential areas of the county and amend Title 17, Zoning, to define Special Events and Special Event Facilities and provide permitting provisions and development standards for Special Event Facilities

The project includes modifications made by the Board of Supervisors at their meeting on July 27, 2021 and modifications made by the Planning Commission at their meeting on September 24, 2021.

PROPONENT: County of Mariposa

AMENDMENT AREA: Applies countywide, in rural areas

NOTICING: Gazette Ad: October 7, 2021
Posted Notice: October 4, 2021

BOARD ACTION: The Planning Commission recommends that the Board of Supervisors:

A. Adopt a resolution approving General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities with proposed changes and with the recommended findings, including a finding the project is exempt from environmental review and establishing a grace period for existing facilities to obtain a permit and comply with the standards; and

~~B. Waive the first reading and introduce an ordinance amending County Code pursuant to County Code Amendment No. 2017-084.~~

SUMMARY OF AMENDMENT

Currently, the County's General Plan and the zoning ordinance, Title 17, do not address Special Events and Special Event Facilities. Although there are several such facilities operating in the County, there is no provision in the County's planning documents to allow them. This project would amend Sections 5.3.02(B), 5.3.04(B) and 5.3.05(B) of the General Plan, the Residential, Agriculture/Working Landscape and Natural Resource land use classifications, to provide policies to allow for such uses in these countywide classifications.

The proposal would also amend Section 17.148.010 of Mariposa County Code, to add necessary definitions for Special Events and Special Event Facilities, and add Section 17.108.220 to the

Attachment: 1 211019 Board Staff Report (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

Mariposa County Code, to add permitting provisions and development standards for Special Event Facilities.

BACKGROUND

Special events include celebrations, ceremonies, weddings, receptions, business functions, arenas which are used for organized competitive events, special festivals, or similar activities for the benefit of someone other than the property owner. There has been considerable interest over an extended period to address the issue of Special Event Facilities in the County, not only to provide a mechanism to allow new facilities but to establish standards for all such facilities, including those currently operating. Without established authority, it is not possible for Mariposa County Development Services to approve these facilities or issue development permits for permanent facilities to support these venues. Currently, there are under ten such facilities operating in the County of which Development Services has knowledge. The owners/operators of such facilities known to be operating were notified that the County is undertaking this amendment process and invited to provide input.

It should be noted that the adopted Board of Supervisors' resolution initiating the amendment stated that these existing facilities are apparently conducting their business in such a way as to not create significant impacts on surrounding rural residential uses. The Board's resolution also expressed an interest in establishing a reasonable grace period for facilities to come into compliance with the new regulations due to significant economic impacts of COVID-19.

The Board initiated the processing of the amendment on October 20, 2020, with the adoption of Resolution 2020-629.

Additional information regarding the public hearings conducted for this project is included in the HEARING PROCESS section below.

MARIPOSA COUNTY AGRICULTURAL ADVISORY COMMITTEE RECOMMENDATION

The amendment allows the potential for special events and special event facilities to be located in the Agriculture/Working Landscape (Ag/WL) Land Use Classification and the Agriculture Exclusive (AE) Zone. The Mariposa County Agricultural Advisory Committee's considered the project at their April 8, 2021 meeting. The committee voted unanimously to recommend approval of the amendment with the addition of text to:

- Allow CAL FIRE and the Mariposa County Fire Department the opportunity to review all special event and special event facility applications and apply any conditions to the project to ensure compliance with all applicable fire safe standards.
- State that non-compliance with operational standards and conditions of approval may result in the revocation of the permit to operate the facility.
- Ensure that all applications for special events and special event facilities in the Ag/WL land use classification and /or AE zone are referred to the committee for review and recommendation.

The committee also recommended a fee structure that would be applied to operators of projects to offset costs incurred by the county when a facility is in operation, i.e. law enforcement, fire department

Attachment: 1 211019 Board Staff Report (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

and other agency costs. Staff notes that these fees could only be applied via a county program for Impact Fees. The County does not currently have a program for Impact Fees, so this recommendation of the committee cannot be pursued.

(NOTE: As stated clearly in the amendment text, although such facilities would be allowed in the AE zone, under no circumstances would they be allowed on land governed by a Land Conservation Act or Williamson Act contract.)

HEARING PROCESS

The Mariposa County Planning Commission held a duly noticed public hearing on the project on June 25, 2021 at which the Commission considered the Board's initiating general plan/zoning amendment text, the Agricultural Advisory Committee's recommendation, and public input. The Planning Commission recommended two changes to the text of the amendments and recommended that the Board of Supervisors establish a time frame of one year for existing special events facilities operating regularly prior to the effective date of the special events ordinance adopted pursuant to General Plan/Zoning Amendment No. 2017-084 to complete the process of obtaining a permit to comply with the standards of the ordinance. The Commission adopted Resolution No. 2021-010 recommending the Board approve the amendment with changes.

The Board held a duly noticed public hearing on the project on July 27, 2021. The Board took no action on the project. They returned the project to the Planning Commission to consider changes to text relating to the specific exclusion of home holiday tours, agri-nature trail tours, and similar events within the definition of a Special Event, and the exemption of parking lots and spaces adjacent to road easements from proposed setback standards as shown in proposed Section 17.108.220(D)(7) of the amendment. The Board also directed the Planning Commission to consider a recommendation that would allow Special Event facilities two (2) years from the effective date of the special events ordinance to install permanent potable water supply and sewage disposal facilities; all other requirements of the ordinance would have to be met within one (1) year from the effective date of the ordinance.

[The Board did not recommend any changes be made to ADA requirements or State Fire Safe Standard requirements, even though there was public comment on this.]

The Commission held a duly noticed public hearing on September 24, 2021 to consider the Board's proposed changes to the amendment. The Commission also considered further changes to the amendment text relative to the specific exclusion of garage sales, yard sales, estate sales and similar events within the definition of a Special Event (proposed Special Event definition in existing Section 17.148 of Title 17); deletion of the reference to identifying ambulance availability in the application requirements for a Special Event Facility (proposed Section 17.108.220(C)(9); the deletion of the term "on a temporary basis" relative to the use of bottled water and porta-potties in the Operational Standards for a Special Event Facility (proposed Section 17.108.220(D)(6); and the deletion of specific text relative to permitting for specific sizes of tent and membrane structures (proposed Section 17.107.220(D)(12).

Attachment: 1 211019 Board Staff Report (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

The text proposed by the Commission is as shown in Commission's resolution shown in this staff report packet and as shown in the draft Board resolution, also contained in this packet. Recommended amended text for public health requirements is as follows:

> *6. Public Health: Special event facilities shall provide a potable domestic water supply and an on-site sewage disposal or sewer service connection necessary to accommodate all special events in accordance with the requirements of the Mariposa County Health and Human Services Agency – Environmental Health Unit. Bottled water and/or porta-potties may be provided ~~on a temporary basis~~ to meet this requirement, as approved by Environmental Health.*

Text addressing the parameters of a grace period for existing Special Event facilities to come into compliance with the new code requirements is included in the Commission's resolution and reads as follows:

> *"...the Planning Commission recommends that existing special events facilities operating regularly prior to the effective date of the special events ordinance adopted pursuant to General Plan/Zoning Amendment No. 2017-084 be allowed one (1) year from the effective date of the ordinance to complete the process of obtaining a permit and complying with all of the standards of the ordinance, with the following exceptions:*
>
> *Exception one: If installation of a permanent potable water supply (and supporting infrastructure) is proposed or required, the installation must occur within two (2) years from the effective date of the ordinance.*
>
> *Exception two: If permanent on-site sewage disposal facilities (and supporting infrastructure) is proposed or required, the installation must occur within two (2) years from the effective date of the ordinance. Permanent on-site sewage disposal facilities may be a sewer service connection."*

SPECIFIC TEXT OF PROPOSED GENERAL PLAN AMENDMENT

The text of the proposed amendments is as shown in the Planning Commission resolution, which is included in this staff report as an attachment and the draft Board resolution also included as an attachment.

The following table provides a summary of the standards and permitting process for Special Event Facilities.

Special Events Facilities

Attachment: 1 211019 Board Staff Report (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

	TIER ONE **Requires Administrative Use Permit (AUP)**	**TIER TWO** **Requires Administrative Use Permit (AUP)**	**TIER THREE** **Requires Conditional Use Permit (CUP)**
# of People at Event	200 or Fewer	300 or Fewer	500 or Fewer
Parcel Size	10 Acres or More*	20 Acres or More*	40 Acres or More*
Number of Events / Year	18 or Fewer Times (Event can be 2 consecutive days)	18 or Fewer Times (Event can be 2 consecutive days)	To be determined through CUP process

NOTE: All Special Event Facilities must comply with all requirements established in Mariposa County Code Section 17.108.220. These requirements are established to minimize impacts of operation of a special event facility.

*If property owner owns multiple adjacent parcels, then the total acreage of those adjacent parcels may be used to determine the permit process requirements.

As noted in the definitions section, uses that are accessory to a single-family residential use including private parties, private gatherings, and similar private activities that are not subject to a use agreement (or similar document) between a private individual or group and the homeowner are not defined as a special event. Exceptions also include agri-nature trail or farm tours and holiday home tours, garage sales, yard sales, estate sales and similar events Such uses are not subject to the proposed permitting process and standards.

AGENCY COMMENTS

The proposed amendment text, as initiated by the Board of Supervisors on October 20, 2020, was sent to the following agencies for review and comment: county Public Works Department; Environmental Health Unit; County Fire; Building Department; Sheriff's Office; and CAL FIRE.

Comments were received from the Mariposa County Fire Department.

The department recommended specific text regarding the use of temporary membrane structures and tents due to the inherent danger of collapse and/or movement during wind events and/or snow. California Fire Code requires an operational permit and a construction permit for large tents (larger than 26' by 26'). These requirements are satisfied by the following Planning Commission recommended text in operational standards (the specificity is removed, allowing conditions to be made based on the proposed project and the effective standards at the time (addresses the potential for regulations to change over time):

Attachment: 1 211019 Board Staff Report (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

15. Fire Safe Standards: Projects shall implement all fire safe standards required by CAL FIRE and the Mariposa County Fire Department.

RECOMMENDED FINDINGS OF APPROVAL

Recommended findings for approval are as shown in the Planning Commission resolution the draft Board resolution.

PUBLIC NOTICE

The Board hearing notice with a summary of the proposed code amendment was published in the Mariposa Gazette on October 7, 2021 (1/8th page notice). Notices were also posted in 17 community locations throughout the county and on the county's website on October 4, 2021.

At the time of publication of this staff report staff has received one public comment on the project via email. This email was provided in previous packets. Any new comments received after publication of the Staff Report shall be provided to the Board.

NATIVE AMERICAN NOTIFICATION

Since this project involves a General Plan amendment, the County was required to provide opportunity for Native American tribes on the Mariposa County contact list to request a consultation on the project. The tribe contact list is maintained by the state Native American Heritage Commission.

In accordance with the process mandated by state Government Code Section 64352.3(2), Planning staff mailed certified letters, dated November 18, 2020, to the County's six prescribed Native American contacts notifying them that they had 90 days, until February 15, 2021, to request a consultation on the project. Planning received five return receipts as of the date of publication of this staff report (meaning 5 Native American contacts received the request for consultation). No Native American contacts requested a consultation on the project.

FINAL ACTION ON PROJECT

If the Board takes action to approve the project at the first hearing, a second reading of the ordinance will be scheduled. The second reading of the ordinance approving the amendment to county code will occur two weeks following. The ordinance is effective thirty (30) days after the second reading. Once the code amendment becomes effective, the process is final.

3. Section 17.108.220 to the Mariposa County Code, to add permitting provisions and development standards for Special Event Facilities as shown in Exhibit 3.

BE IT THEREFORE FURTHER RESOLVED THAT the Board of Supervisors directs staff to file a Notice of Excmption for the project.

BE IT THEREFORE FURTHER RESOLVED THAT the Board of Supervisors establishes a grace period as follows:

Existing special events facilities operating regularly prior to the effective date of the special events ordinance adopted pursuant to General Plan/Zoning Amendment No. 2017-084 shall be allowed one (1) year from the effective date of the ordinance to complete the process of obtaining a permit and complying with all of the standards of the ordinance, with the following exceptions:

Exception one: If installation of a permanent potable water supply (and supporting infrastructure) is proposed or required, the installation must occur within two (2) years from the effective date of the ordinance.

Exception two: If permanent on-site sewage disposal facilities (and supporting infrastructure) is proposed or required, the installation must occur within two (2) years from the effective date of the ordinance. Permanent on-site sewage disposal facilities may be a sewer service connection.

Compliance with development standards established by the ordinance will have to be achieved in order to complete the process of obtaining a permit.

Attachment: 4 211019 Draft Board Resolution (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

BE IT THEREFORE FINALLY RESOLVED THAT project approval is based on the following findings supported by substantial evidence in the public record:

1. **Finding:** The amendment is in the general public interest, and will not have a significant adverse effect on the general public health, safety, peace, and welfare.

   Evidence: The amendment promotes the general public health, safety, peace, and welfare. The amendment is in the general public interest in that it provides a clear and comprehensible process for the establishment of Special Event Facilities in rural areas of the County while ensuring that the facilities are compatible with the rural neighborhoods in which they will be located. The amendment merely establishes the process by which such facilities can be sited. No specific project is considered as part of this amendment. Proposed facilities meeting defined thresholds will be subject to public permitting processes and environmental review, thus ensuring that public health, safety, peace, and welfare is protected.

2. **Finding:** The amendment is desirable for the purpose of improving the Mariposa County General Plan with respect to providing a long term guide for county development and a short term basis for day-to-day decision making.

   Evidence: The amendment is consistent with the Mariposa County General Plan. The project involves a general plan amendment. When the amendment text is incorporated into the General Plan, it will be a clear statement of policy that will help guide development in the county. It not only allows consideration of Special Event Facilities to serve the local population, but that also have the potential to enhance the visitor economy. Section 6.1.05 – *Enhancing the County's Economic Sectors*, in the Economic Development element in the General Plan, states in part: *"Expanding the visitor economy is an important short-term economic strategy. This expansion will be accomplished through a number of different efforts, but the primary goals are to extend the "season" from five to nine months or longer, increase lengths of stay and room occupancy rates, and make Mariposa County, outside Yosemite National Park, a major destination fo visitor activities."* Larger Special Event Facilities will contribute to the visitor economy. The amendment provides a long term guide for economic development in the county and a short term basis for day-to-day decision making through a clear, comprehensible and public permitting process.

3. **Finding:** That amendment conforms to the requirements of state law and county policy.

   Evidence: This project has been processed in accordance with State law and county policy, including consultation with local agencies, and public noticing. The project involves a general plan amendment and Native American consultation was sought pursuant to state Government Code.

4. **Finding:** The amendment is consistent with other guiding policies, goals, policies, and standards of the Mariposa County General Plan.

Attachment: 4 211019 Draft Board Resolution (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

Evidence: The amendment is consistent with the goals, policies and standards in the county's General Plan. The General Plan contains goals, policies and implementation measures that promote the maintenance of the county's rural character. It also contains goals, policies and implementation measures that promote economic development and job creation. The amendment, which will allow consideration of Special Event Facilities in rural areas of the county, addresses both sets of standards. It will promote economic development and job creation, while protecting the county's rural character through implementation of defined operational standards.

5. **Finding:** County Code Amendment No. 2017-084 is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) – common sense exemption – (there is no possibility the activity in question may have a significant effect on the environment), CEQA Guidelines. The amendment merely establishes policy in the General Plan to allow consideration of Special Event Facilities in the rural areas of the county, and adds definitions for Special Events and Special Event Facilities and permitting provisions and development standards for such facilities to county code. The amendment does not propose a specific development project.

Exhibit 1

(New text shown in *italicized, underlined* type)

Amend text in Section 5.3.02(B) of the General Plan Residential Land Use Classification

B. Extent of Uses

Residential land uses include single-family dwellings, vacation homes, and agriculture. Typical accessory uses are related to personal recreation, home-based business activities, other uses related to agriculture, and uses consistent with rural character. Churches and mining are allowed subject to a discretionary permit. *Special event facilities meeting defined thresholds as described in county code are allowed subject to a discretionary permit.*

Amend text in Section 5.3.04(B) of the General Plan Agriculture/Working Landscape Land Use Classification

B. Extent of Uses

The primary uses in the Agriculture/Working Landscape land use classification include single-family dwellings on large parcels, agritourism uses in conjunction with the primary agriculture production use of the property, agriculture and timber production and harvesting. Secondary or accessory uses which may be permitted with an appropriately-noticed public review process include feed lots, lumber mills, mining and other uses associated with the primary uses that are known to have characteristics which require site specific compatibility review. Lands under Williamson Act contract are subject to the terms and conditions of the contract.

In addition to the traditional uses within the classification, the County permits through a discretionary review (conditional use permit) churches, and organizational camps. *Special event facilities meeting defined thresholds as described in county code are allowed subject to a discretionary permit.* In addition, the County permits through a discretionary review (conditional use permit) the creation of resort or visitor uses, which are secondary to the primary uses of agriculture and timber production. Agritourism is a permitted use when in conjunction with the primary agriculture production use of the property. Such agritourism uses support the County's goal of encouraging agriculture and regional visitor businesses. Review criteria for the agritourism use will include but not be limited to biosecurity, compatibility for neighboring agriculture uses, and availability of proper infrastructure. A reclassification to Rural Economic/Resort is required to approve a resort or visitor-oriented ranch as the primary use in the Agriculture/Working Landscape land use classification. Agritourism uses in the Agriculture/Working Landscape should be compatible with the surrounding primary uses.

Amend text in Section 5.3.05(B) of the General Plan Natural Resource Land Use Classification

B. Extent of Uses

The primary uses in the Natural Resource land use classification include lands in public ownership, single-family dwellings on large parcels of 40 acres or greater in size, ranches, farms, vineyards, public access, timber management and harvesting, natural resourcecompatible recreation access, and land conservation uses or easements. An ecotourism resort or mining project may be permitted with a discretionary approval. Churches and organizational camps are allowed subject to a discretionary permit. *Special event facilities meeting defined thresholds as described in county code are allowed subject to a discretionary permit.*

DEFINITIONS

Sections:

17.148.010 Definitions of terms and phrases.

17.148.010 Definitions of terms and phrases.

The following terms and phrases shall be used in this title and are listed alphabetically:

Add two new definitions to Section 17.148.020 as follows (all other definitions remain unchanged):

Special Event:

A Special Event is a celebration, ceremony, wedding, reception, business function, arenas which are used for organized competitive events, seasonal festival, or similar activity for the benefit of someone other than the property owner that takes place on a periodic basis, involving the gathering of individuals assembled for the common purpose of attending a special event. The maximum number of guests or attendees at a special event shall not exceed 500 persons at any one time. Uses that are accessory to a single-family residential use including private parties, private gatherings, and similar private activities that are not subject to a use agreement (or similar document) between a private individual or group and the homeowner, and holiday home tours, agri-nature farm or trail tours, garage sales, yard sales, estate sales and similar events are not defined as a special event.

Special Event Facility:

A Special Event Facility is a facility where special events are permitted to occur. Special Event Facilities are subject to a use agreement (or similar document) between a private group or individual and the facility owner. The facility owner may or may not charge a fee for the use of the facility such as for a fundraiser for a charitable non-profit organization. Facilities may be located entirely within a structure, outside of a structure, or both inside and outside a structure. Facilities must include improvements or provisions to accommodate special events.

Exhibit 3

Chapter 17.108

SUPPLEMENTARY STANDARDS

Sections:

Add new Section 17.108.220 to Chapter 17.108 as follows (all other text in this chapter remains unchanged):

17.108.220 Special Event Facilities.

The purpose of this section is to establish a process through which special event facilities, as defined in this title, can be located in rural areas of the County while also protecting the rural character of surrounding communities and areas.

A. Applicability: Special event facilities as defined in Chapter 17.148 of this title are allowed in the MH, MT, MG, MP and GF zones subject to the limits and standards set forth in this section. Such uses are also allowed in the AE zone, subject to the limits and standards set forth in this section, except such uses are not allowed on parcels encumbered by a Land Conservation Act (LCA) or Williamson Act contract.

B. Permit Process Requirements:

1. Administrative Use Permit: Special Events occurring eighteen (18) or fewer times per calendar year for no more than two consecutive days per event are subject to the issuance of an administrative use permit as described in Chapter 17.114 of this title, and the following restrictions:

a. Events involving two hundred (200) or fewer guests or attendees at any time during the event may be allowed on parcels of ten (10) acres or more in size.

b. Events involving three hundred (300) or fewer guests or attendees at any time during the event may be allowed on parcels of twenty (20) acres or more in size.

2. Conditional Use Permit: Special Events involving five-hundred (500) or fewer guests or attendees at any time during the event, and located on parcels of forty (40) acres or more in size are subject to the issuance of a conditional use permit as described in Chapter 17.112 of this title. The conditional use permit shall determine the appropriate limits on the number of events to be held annually.

3. Parcel Size Requirements: No events are allowed on parcels less than ten (10) acres in size, however if the property owner owns multiple adjacent parcels, then the total acreage of

Attachment: 4 211019 Draft Board Resolution (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

those adjacent parcels may be used to determine the permit process and occupancy limits.

4. The number of days of operation and numbers of guests or attendees described in the permitting processes above do not apply to annual or one-time events regulated through the Public Assemblage Permit Process as described in Chapter 8.28 of this code.

5. Pursuant to County Code, Section 17.148.010 Definitions, uses that are accessory to a single-family residential use including private parties, private gatherings, and similar private activities that are not subject to a use agreement (or similar document) between a private individual or group and the homeowner are not defined as a special event and not subject to the requirements established by this section.

6. The Mariposa County Agricultural Advisory Committee shall review and make a recommendation on proposed projects within the Agriculture/Working Landscape Land Use Classification and/or the Agriculture Exclusive Zone.

C. Application: A conditional use permit or administrative use permit application shall include the following items:

1. Detailed site plan showing location of all existing and proposed structures and facilities on the site, including parking and driveway areas, exterior lighting, restrooms or areas for porta-potties, and any proposed temporary structures such as tents, stages, and dance floors.

2. Description of the range of uses proposed and projected times and days of the week of operation.

3. Map showing the location and distance of the facility to the nearest surrounding sensitive receptors such as single-family residences and other housing types, and the location and description of the width and surfacing of roadway(s) that access the site up to the nearest major collector or arterial. If any of the access roadways are not maintained by the state or county, the application shall include information regarding any entities responsible for road maintenance.

4. Traffic management plan that includes the following:

a. Ingress and egress locations and provisions for the unimpeded movement of emergency vehicles;

b. Provisions for ensuring the orderly and safe arrival, parking, and departure of all vehicles and ensuring that traffic will not back-up or block private easements, county roads, intersections, state highways, or private driveways;

c. The location of any temporary directional signs on driveway entrances and within parking lots to ensure the orderly flow of traffic; and

d. Provisions for dust management.

5. Sources and types of noise generation, expected decibel levels at property lines from all special event activities, and noise attenuation strategies.

6. Information regarding food and beverages to be prepared and/or sold and/or distributed at the special events.

7. Information regarding public health and sanitation facilities, including restrooms or porta-potties, drinking water, recycling areas, hand washing stations and solid waste storage and disposal.

8. Fire safety provisions including limitations or allowances for open fires, fireworks, and outdoor cooking; safety for power generators; areas for mowing or weed eating; and posted emergency procedures.

9. Human health and safety including availability of a land line phone (if cell service is not available) and on-site security.

10. Name and contact information for person(s) responsible during events.

11. Any other information necessary to determine compliance with the standards established herein.

D. Operational Standards:

The following standards are minimum requirements that may be made more stringent by conditions of approval adopted through the AUP and CUP processes. It is the business owner's responsibility to ensure his/her/their facility continuously complies with all requirements of this section and all requirements established by conditions of approval, and that the operation of the facility does not create nuisances to off-site property owners.

1. Except for multi-day or multi-weekend events such as seasonal pumpkin patch/harvest festivals in which AUP or CUP conditions of approval will determine days of operation, activities at a special event facility are limited to two (2) days, not including set-up and take down days, and the event duration per day shall not exceed twelve (12) hours. Activities involving amplified sound shall not commence prior to 9:00 a.m. and shall conclude no later than 10:00 p.m. Overnight camping associated with the event, on dry camp sites, may be allowed and may be subject to a Special Occupancy Park permit from the California Department of Housing and Community Development. Pursuant to applicable regulations in this Title, a maximum of two (2) vacation rentals may also be developed in conjunction with the special event facility.

2. Noise: Based upon information contained in the Mariposa General Plan Volume III Technical Background Reports regarding normally acceptable noise levels in low density

Attachment: 4 211019 Draft Board Resolution (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities)

residential areas, noise generated by, and for the duration of, a special event, including amplified sound, shall not exceed 60 decibels at all property lines, unless an alternative limit is established through an AUP or CUP. Should three (3) or more complaints be submitted regarding noise generated by an event facility, the county may require the facility's operator to provide a study, including recommendations for noise attenuating measures, by a qualified acoustical consultant. The county shall have the authority to implement the recommendations of the consultant.

3. Access: All roadways from the nearest major collector or arterial serving the special event site shall meet the "Adequate Capacity" requirements of the Mariposa County General Plan as described in the Mariposa County Road Improvement and Circulation Policy. Access shall also comply with State Fire Safe Regulations, including maximum allowed dead-end road length, turnarounds and turnouts.

4. Driveways: On-site driveways from the nearest intersecting roadway shall be a minimum of twelve feet (12') wide if one-way traffic is proposed, and a minimum of eighteen feet (18') if two-way traffic is proposed. Driveways shall also comply with State Fire Safe Regulations, including maximum allowed dead-end road length, turnarounds and turnouts.

5. Parking: The number of parking spaces shall be one (1) space per four (4) seats or one (1) space per four (4) people based on maximum occupancy of the event, whichever is greater.

a. Aisle widths and parking lot layout within the parking areas shall conform to the dimensional standards shown in Section 17.336.030(C)(3) of this title. As an alternative, an engineered plan may be proposed.

6. Public Health: Special event facilities shall provide a potable domestic water supply and an on-site sewage disposal or sewer service connection necessary to accommodate all special events in accordance with the requirements of the Mariposa County Health and Human Services Agency – Environmental Health Unit. Bottled water and/or porta-potties may be provided to meet this requirement, as approved by Environmental Health.

7. Setbacks: Setbacks for all structures, permanent and temporary, and for all facilities associated with the event venue shall be a minimum of fifty (50) feet from property lines and adjoining road easements, with the exception that parking lots, parking lot access, and parking spaces may be located within the road easement setback area.

8. Lighting: All new exterior/outdoor lighting shall comply with International Dark Sky Standards and shall be located, adequately shielded, and directed so that no direct light falls outside the property line, or onto the public roadway.

Attachment: 4 211019 Draft Board Resolution (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

9. Signage: All permanent and temporary signage shall comply with Section 17.108.190 of this title.

10. Dust control: Fugitive dust shall be minimized by reducing vehicle speeds on driveways and parking areas on the project site, and, during visibly dry conditions, the application of water or other approved dust palliative. Paving or an appropriate depth of gravel may also be provided.

11. Liability insurance: Adequate liability and property damage insurance or bonding shall be provided.

12. Building occupancy: All buildings and structures proposed to be used as part of the event venue shall have obtained the required permit(s) for occupancy, including applicable Fire Code requirements.

13. Accessibility for disabled persons: All requirements of California Building Code and applicable accessibility laws shall be met for the facility.

14. Other permits shall be obtained as required, including but not limited to a Building Permit, a Grading Permit, an Air Pollution Control Permit, a CA ABC permit, a Food Facilities permit, and/or a commercial encroachment permit.

15. Fire Safe Standards: Projects shall implement all fire safe standards required by CAL FIRE and the Mariposa County Fire Department.

16. Non-compliance with operational standards or conditions of approval adopted for a project may result in the revocation of the permit to operate the facility.

E. Operational standards specific to the AE zone:

1. Special events facilities shall not be permitted on AE zoned properties where no residential use exists on the property.

2. Special event facilities shall not convert agricultural land to an alternative use for the purpose of developing or expanding a special event facility.

F. Public Noticing:

1. In addition to the public hearing noticing requirements for a conditional use permit project contained in Section 17.132.020 of this title, hearing notices shall be sent to the owners of all properties located on any non-county roadway that serves the subject property, from the nearest county road and/or major collector or arterial.

2. In addition to the public notification requirements contained in Section 17.08.120(D) of this title, approval of an AUP shall be noticed to the owners of all properties located within six-hundred (600) feet of the subject property and the owners of all properties located on any non-county roadway that serves the

subject property, from the nearest county road and/or major collector or arterial.

G. Annual Reporting and Monitoring of Events:

1. On a yearly basis, by the last day of February, the owner or manager of a special event facility shall provide to the planning department on a county-approved form confirmation that the establishment and its operation comply with the requirements of this section. The report shall provide numbers of events held and attendance at events during the prior calendar year.

2. The owner or manager of a special event facility shall keep records of events and attendance, and shall provide that information to the county upon request at any time during the calendar year (to verify compliance with the requirements of this section).

Project Title: General Plan/Zoning Amendment No. 2017-084; Special Event Facilities

Project Address: Applies countywide

Project Parcels: N/A

Description of Project: This project amends the Mariposa County General Plan and Zoning Ordinance .to establish policies and regulations to allow and establish development standards and conditions for Special Event Facilities in Rural Areas

Name of Public Agency Approving Project: Mariposa County Board of Supervisors

Name of Proponent Carrying Out Project: Mariposa County

Exempt Status: Common Sense Exemption; Section 15061(b)(3)

Reason Why Project Is Exempt: This project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) – common sense exemption – (there is no possibility the activity in question may have a significant effect on the environment), CEQA Guidelines. The amendment merely establishes policies in the General Plan to allow consideration of Special Event Facilities in the rural areas of the county, and adds definitions for Special Events and Special Event Facilities and permitting provisions and development standards for such facilities to county code. The amendment does not propose a specific development project.

STATE OF CALIFORNIA
COUNTY OF MARIPOSA
PLANNING COMMISSION

Resolution
No 2021-016

A Resolution Recommending that the Board of Supervisors approve General Plan/Zoning Amendment No. 2017-084, as amended, to Add Policies, Permitting Provisions and Development Standards for Special Event Facilities in Rural Areas

---

WHEREAS, there is an established need in Mariposa County for facilities at which limited special events can be conducted; and

WHEREAS, special events include celebrations, ceremonies, weddings, receptions, business functions, arenas which are used for organized competitive events, special festivals or similar activities for the benefit of someone other than the property owner; and

WHEREAS, the General Plan does not contain policies for special event facilities; and

WHEREAS, the Zoning Ordinance does not contain land use allowances or development standards for special event facilities; and

WHEREAS, there are special event facilities which are operating in the rural areas of the county; and

WHEREAS, without established authority, it is not possible for Mariposa County Development Services to approve these facilities or issue development permits for permanent facilities to support these venues; and

WHEREAS, these existing facilities are apparently conducting their business in such a way as to not create significant impacts on surrounding rural residential uses; and

WHEREAS, the parcel size and operational characteristics of these existing facilities were considered; and

WHEREAS, it is critically important that code provisions ensure that facilities are estabished and operated to be compatible in rural residential areas.

WHEREAS, this project is known as General Plan/Zoning Amendment No. 2017-084; and

WHEREAS, the Agricultural Advisory Committee considered this project at a duly noticed public meeting on the 8th day of April 2021 and recommended approval of the amendment with changes to the text which have been incorporated into the amendment; and

WHEREAS, a duly noticed Planning Commission public hearing on the project was scheduled for the 25th day of June 2021; and

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

WHEREAS, the Planning Commission did hold a public hearing on the noticed date and considered all of the information in the public record, including the Staff Report packet and testimony presented by the public, and the recommendation of the Agricultural Advisory Committee; and

WHEREAS, the Planning Commission adopted Resolution No. 2021-010 recommending the Board of Supervisors approve the proposed amendment with minor changes to the text; and

WHEREAS, a duly noticed Board of Supervisors public hearing on the project was scheduled for the 27th day of July 2021; and

WHEREAS, the Board of Supervisors held a duly noticed public hearing on the amendment on the noticed date and considered all of the information in the public record, including the Staff Report packet and testimony presented by the public, and the recommendations of the Planning Commission and the Agricultural Advisory Committee; and

WHEREAS, the Board of Supervisors took no action on the amendment and returned the proposed amendment to the Planning Commission to consider changes to text relating to the specific exclusion of home holiday tours, agri-nature trail tours, and similar events within the definition of a Special Event as shown in Exhibit 2, and the exemption of parking lots and spaces adjacent to road easements from proposed setback standards as shown in proposed Section 17.108.220(D)(7) of the amendment text in Exhibit 3; and

WHEREAS, the Board of Supervisors also directed the Planning Commission to consider a recommendation that would allow Special Event facilities two (2) years from the effective date of the special events ordinance to install permanent potable water supply and sewage disposal facilities; all other requirements of the ordinance would have to be met within one (1) year from the effective date of the ordinance; and

WHEREAS, a duly noticed Planning Commission public hearing on the Board's recommendations was scheduled for the 24th day of September 2021; and

WHEREAS, a Staff Report was prepared pursuant to California Government Code, Mariposa County Code, and local administrative procedures; and

WHEREAS, the Planning Commission did hold a public hearing on the noticed date and considered the Board's recommendations and all of the information in the public record, including the Staff Report packet and testimony presented by the public; and

WHEREAS, the Planning Commission also considered further changes to the amendment text relative to the specific exclusion of garage sales, yard sales, estate sales and similar events within the definition of a Special Event (proposed Special Event definition in existing Section 17.148.010 of Title 17); deletion of the reference to identifying

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

ambulance availability in the application requirements for a Special Event Facility [proposed Section 17.108.220(C)(9)]; the deletion of the term "on a temporary basis" relative to the use of bottled water and porta-potties in the Operational Standards for a Special Event Facility [proposed Section 17.108.220(D)(6)]; and the deletion of text relative to permitting for specific sizes of tent and membrane structures [proposed Section 17.108.220(D)(12)].

NOW BE IT THEREFORE RESOLVED THAT, the Planning Commission does hereby recommend that the Board of Supervisors adopt a resolution approving an amendment to the Mariposa County General Plan pursuant to General Plan/Zoning Amendment No. 2017-084 with changes proposed by the Board of Supervisors and additional changes proposed by the Planning Commission; with recommended findings, including a finding the project is exempt from environmental review; and waive the first reading and introduce an ordinance amending County Code pursuant to General Plan/Zoning Amendment No. 2017-084; action includes findings. The recommended amendment text is as follows:

1. Section 5.3.02(B) of the General Plan, the Residential Land Use Classification; Section 5.3.04(B) of the General Plan, the Agriculture/Working Landscape Land Use Classification; and Section 5.3.05(B) of the General Plan, the Natural Resource Land Use Classification and as shown in Exhibit 1,

2. Section 17.148.010 of Mariposa County Code, to add necessary definitions as shown in Exhibit 2 (with changes recommended by the Board on the 27th day of July 2021 and changes recommended by the Planning Commission on the 24th day of September 2021), and

3. Section 17.108.220 to the Mariposa County Code, to add permitting provisions and development standards for Special Event Facilities (with changes recommended by the Board on the 27th day of July 2021 and changes recommended by the Planning Commission on the 24th day of September 2021) as shown in Exhibit 3.

BE IT THEREFORE FURTHER RESOLVED THAT the recommendation for project approval is based on the following recommended findings supported by substantial evidence in the public record:

1. **Finding:** The amendment is in the general public interest, and will not have a significant adverse effect on the general public health, safety, peace, and welfare.

   Evidence: The amendment promotes the general public health, safety, peace, and welfare. The amendment is in the general public interest in that it provides a clear and comprehensible process for the establishment of Special Event Facilities in rural areas of the County while ensuring that the facilities are compatible with the rural neighborhoods in which they will be located. The amendment merely establishes the process by which such facilities can be sited. No specific project is considered as part of this amendment. Proposed facilities meeting defined

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

thresholds will be subject to public permitting processes and environmental review, thus ensuring that public health, safety, peace, and welfare is protected.

2. **Finding:** The amendment is desirable for the purpose of improving the Mariposa County General Plan with respect to providing a long term guide for county development and a short term basis for day-to-day decision making.

   Evidence: The amendment is consistent with the Mariposa County General Plan. The project involves a general plan amendment. When the amendment text is incorporated into the General Plan, it will be a clear statement of policy that will help guide development in the county. It not only allows consideration of Special Event Facilities to serve the local population, but that also have the potential to enhance the visitor economy. Section 6.1.05 – *Enhancing the County's Economic Sectors*, in the Economic Development element in the General Plan, states in part: *"Expanding the visitor economy is an important short-term economic strategy. This expansion will be accomplished through a number of different efforts, but the primary goals are to extend the "season" from five to nine months or longer, increase lengths of stay and room occupancy rates, and make Mariposa County, outside Yosemite National Park, a major destination fo visitor activities."* Larger Special Event Facilities will contribute to the visitor economy. The amendment provides a long term guide for economic development in the county and a short term basis for day-to-day decision making through a clear, comprehensible and public permitting process.

3. **Finding:** That amendment conforms to the requirements of state law and county policy.

   Evidence: This project has been processed in accordance with State law and county policy, including consultation with local agencies, and public noticing. The project involves a general plan amendment and Native American consultation was sought pursuant to state Government Code.

4. **Finding:** The amendment is consistent with other guiding policies, goals, policies, and standards of the Mariposa County General Plan.

   Evidence: The amendment is consistent with the goals, policies and standards in the county's General Plan. The General Plan contains goals, policies and implementation measures that promote the maintenance of the county's rural character. It also contains goals, policies and implementation measures that promote economic development and job creation. The amendment, which will allow consideration of Special Event Facilities in rural areas of the county, addresses both sets of standards. It will promote economic development and job creation, while protecting the county's rural character through implementation of defined operational standards.

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

5. **Finding:** County Code Amendment No. 2017-084 is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) – common sense exemption – (there is no possibility the activity in question may have a significant effect on the environment), CEQA Guidelines. The amendment merely establishes policy in the General Plan to allow consideration of Special Event Facilities in the rural areas of the county, and adds definitions for Special Events and Special Event Facilities and permitting provisions and development standards for such facilities to county code. The amendment does not propose a specific development project.

BE IT THEREFORE FINALLY RESOLVED THAT the Planning Commission recommends that existing special events facilities operating regularly prior to the effective date of the special events ordinance adopted pursuant to General Plan/Zoning Amendment No. 2017-084 be allowed one (1) year from the effective date of the ordinance to complete the process of obtaining a permit and complying with all of the standards of the ordinance, with the following exceptions:

Exception one: If installation of a permanent potable water supply (and supporting infrastructure) is proposed or required, the installation must occur within two (2) years from the effective date of the ordinance.

Exception two: If permanent on-site sewage disposal facilities (and supporting infrastructure) is proposed or required, the installation must occur within two (2) years from the effective date of the ordinance. Permanent on-site sewage disposal facilities may be a sewer service connection.

Exhibit 1

(New text shown in *italicized, underlined* type)

Amend text in Section 5.3.02(B) of the General Plan Residential Land Use Classification

B. Extent of Uses

Residential land uses include single-family dwellings, vacation homes, and agriculture. Typical accessory uses are related to personal recreation, home-based business activities, other uses related to agriculture, and uses consistent with rural character. Churches and mining are allowed subject to a discretionary permit. *Special event facilities meeting defined thresholds as described in county code are allowed subject to a discretionary permit.*

Amend text in Section 5.3.04(B) of the General Plan Agriculture/Working Landscape Land Use Classification

B. Extent of Uses

The primary uses in the Agriculture/Working Landscape land use classification include single-family dwellings on large parcels, agritourism uses in conjunction with the primary agriculture production use of the property, agriculture and timber production and harvesting. Secondary or accessory uses which may be permitted with an appropriately-noticed public review process include feed lots, lumber mills, mining and other uses associated with the primary uses that are known to have characteristics which require site specific compatibility review. Lands under Williamson Act contract are subject to the terms and conditions of the contract.

In addition to the traditional uses within the classification, the County permits through a discretionary review (conditional use permit) churches, and organizational camps. *Special event facilities meeting defined thresholds as described in county code are allowed subject to a discretionary permit.* In addition, the County permits through a discretionary review (conditional use permit) the creation of resort or visitor uses, which are secondary to the primary uses of agriculture and timber production. Agritourism is a permitted use when in conjunction with the primary agriculture production use of the property. Such agritourism uses support the County's goal of encouraging agriculture and regional visitor businesses. Review criteria for the agritourism use will include but not be limited to biosecurity, compatibility for neighboring agriculture uses, and availability of proper infrastructure. A reclassification to Rural Economic/Resort is required to approve a resort or visitor-oriented ranch as the primary use in the Agriculture/Working Landscape land use classification. Agritourism uses in the Agriculture/Working Landscape should be compatible with the surrounding primary uses.

Amend text in Section 5.3.05(B) of the General Plan Natural Resource Land Use Classification

B. Extent of Uses

The primary uses in the Natural Resource land use classification include lands in public ownership, single-family dwellings on large parcels of 40 acres or greater in size, ranches, farms, vineyards, public access, timber management and harvesting, natural resourcecompatible recreation access, and land conservation uses or easements. An ecotourism resort or mining project may be permitted with a discretionary approval. Churches and organizational camps are allowed subject to a discretionary permit. *Special event facilities meeting defined thresholds as described in county code are allowed subject to a discretionary permit.*

Chapter 17.148

DEFINITIONS

Sections:

17.148.010 Definitions of terms and phrases.

17.148.010 Definitions of terms and phrases.

The following terms and phrases shall be used in this title and are listed alphabetically:

Add two new definitions to Section 17.148.020 as follows (all other definitions remain unchanged):

Special Event:

A Special Event is a celebration, ceremony, wedding, reception, business function, arenas which are used for organized competitive events, seasonal festival, or similar activity for the benefit of someone other than the property owner that takes place on a periodic basis, involving the gathering of individuals assembled for the common purpose of attending a special event. The maximum number of guests or attendees at a special event shall not exceed 500 persons at any one time. Uses that are accessory to a single-family residential use including private parties, private gatherings, and similar private activities that are not subject to a use agreement (or similar document) between a private individual or group and the homeowner, and holiday home tours, agri-nature farm or trail tours, garage sales, yard sales, estate sales and similar events are not defined as a special event.

Special Event Facility:

A Special Event Facility is a facility where special events are permitted to occur. Special Event Facilities are subject to a use agreement (or similar document) between a private group or individual and the facility owner. The facility owner may or may not charge a fee for the use of the facility such as for a fundraiser for a charitable non-profit organization. Facilities may be located entirely within a structure, outside of a structure, or both inside and outside a structure. Facilities must include improvements or provisions to accommodate special events.

Chapter 17.108

SUPPLEMENTARY STANDARDS

Sections:

Add new Section 17.108.220 to Chapter 17.108 as follows (all other text in this chapter remains unchanged):

17.108.220 Special Event Facilities.

The purpose of this section is to establish a process through which special event facilities, as defined in this title, can be located in rural areas of the County while also protecting the rural character of surrounding communities and areas.

A. Applicability: Special event facilities as defined in Chapter 17.148 of this title are allowed in the MH, MT, MG, MP and GF zones subject to the limits and standards set forth in this section. Such uses are also allowed in the AE zone, subject to the limits and standards set forth in this section, except such uses are not allowed on parcels encumbered by a Land Conservation Act (LCA) or Williamson Act contract.

B. Permit Process Requirements:

1. Administrative Use Permit: Special Events occurring eighteen (18) or fewer times per calendar year for no more than two consecutive days per event are subject to the issuance of an administrative use permit as described in Chapter 17.114 of this title, and the following restrictions:

a. Events involving two hundred (200) or fewer guests or attendees at any time during the event may be allowed on parcels of ten (10) acres or more in size.

b. Events involving three hundred (300) or fewer guests or attendees at any time during the event may be allowed on parcels of twenty (20) acres or more in size.

2. Conditional Use Permit: Special Events involving five-hundred (500) or fewer guests or attendees at any time during the event, and located on parcels of forty (40) acres or more in size are subject to the issuance of a conditional use permit as described in Chapter 17.112 of this title. The conditional use permit shall determine the appropriate limits on the number of events to be held annually.

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

3. Parcel Size Requirements: No events are allowed on parcels less than ten (10) acres in size, however if the property owner owns multiple adjacent parcels, then the total acreage of those adjacent parcels may be used to determine the permit process and occupancy limits.

4. The number of days of operation and numbers of guests or attendees described in the permitting processes above do not apply to annual or one-time events regulated through the Public Assemblage Permit Process as described in Chapter 8.28 of this code.

5. Pursuant to County Code, Section 17.148.010 Definitions, uses that are accessory to a single-family residential use including private parties, private gatherings, and similar private activities that are not subject to a use agreement (or similar document) between a private individual or group and the homeowner are not defined as a special event and not subject to the requirements established by this section.

6. The Mariposa County Agricultural Advisory Committee shall review and make a recommendation on proposed projects within the Agriculture/Working Landscape Land Use Classification and/or the Agriculture Exclusive Zone.

C. Application: A conditional use permit or administrative use permit application shall include the following items:

1. Detailed site plan showing location of all existing and proposed structures and facilities on the site, including parking and driveway areas, exterior lighting, restrooms or areas for porta-potties, and any proposed temporary structures such as tents, stages, and dance floors.

2. Description of the range of uses proposed and projected times and days of the week of operation.

3. Map showing the location and distance of the facility to the nearest surrounding sensitive receptors such as single-family residences and other housing types, and the location and description of the width and surfacing of roadway(s) that access the site up to the nearest major collector or arterial. If any of the access roadways are not maintained by the state or county, the application shall include information regarding any entities responsible for road maintenance.

4. Traffic management plan that includes the following:

a. Ingress and egress locations and provisions for the unimpeded movement of emergency vehicles;

b. Provisions for ensuring the orderly and safe arrival, parking, and departure of all vehicles and ensuring that

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities)

traffic will not back-up or block private easements, county roads, intersections, state highways, or private driveways;

c. The location of any temporary directional signs on driveway entrances and within parking lots to ensure the orderly flow of traffic; and

d. Provisions for dust management.

5. Sources and types of noise generation, expected decibel levels at property lines from all special event activities, and noise attenuation strategies.

6. Information regarding food and beverages to be prepared and/or sold and/or distributed at the special events.

7. Information regarding public health and sanitation facilities, including restrooms or porta-potties, drinking water, recycling areas, hand washing stations and solid waste storage and disposal.

8. Fire safety provisions including limitations or allowances for open fires, fireworks, and outdoor cooking; safety for power generators; areas for mowing or weed eating; and posted emergency procedures.

9. Human health and safety including availability of a land line phone (if cell service is not available) and on-site security.

10. Name and contact information for person(s) responsible during events.

11. Any other information necessary to determine compliance with the standards established herein.

D. Operational Standards:

The following standards are minimum requirements that may be made more stringent by conditions of approval adopted through the AUP and CUP processes. It is the business owner's responsibility to ensure his/her/their facility continuously complies with all requirements of this section and all requirements established by conditions of approval, and that the operation of the facility does not create nuisances to off-site property owners.

1. Except for multi-day or multi-weekend events such as seasonal pumpkin patch/harvest festivals in which AUP or CUP conditions of approval will determine days of operation, activities at a special event facility are limited to two (2) days, not including set-up and take down days, and the event duration per day shall not exceed twelve (12) hours. Activities involving amplified sound shall not commence prior to 9:00 a.m. and shall conclude no later than 10:00 p.m. Overnight camping associated with the event, on dry camp sites, may be allowed and may be subject to a Special Occupancy Park permit from the California Department of Housing and Community Development. Pursuant to

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities)

applicable regulations in this Title, a maximum of two (2) vacation rentals may also be developed in conjunction with the special event facility.

2. Noise: Based upon information contained in the Mariposa General Plan Volume III Technical Background Reports regarding normally acceptable noise levels in low density residential areas, noise generated by, and for the duration of, a special event, including amplified sound, shall not exceed 60 decibels at all property lines, unless an alternative limit is established through an AUP or CUP. Should three (3) or more complaints be submitted regarding noise generated by an event facility, the county may require the facility's operator to provide a study, including recommendations for noise attenuating measures, by a qualified acoustical consultant. The county shall have the authority to implement the recommendations of the consultant.

3. Access: All roadways from the nearest major collector or arterial serving the special event site shall meet the "Adequate Capacity" requirements of the Mariposa County General Plan as described in the Mariposa County Road Improvement and Circulation Policy. Access shall also comply with State Fire Safe Regulations, including maximum allowed dead-end road length, turnarounds and turnouts.

4. Driveways: On-site driveways from the nearest intersecting roadway shall be a minimum of twelve feet (12') wide if one-way traffic is proposed, and a minimum of eighteen feet (18') if two-way traffic is proposed. Driveways shall also comply with State Fire Safe Regulations, including maximum allowed dead-end road length, turnarounds and turnouts.

5. Parking: The number of parking spaces shall be one (1) space per four (4) seats or one (1) space per four (4) people based on maximum occupancy of the event, whichever is greater.

a. Aisle widths and parking lot layout within the parking areas shall conform to the dimensional standards shown in Section 17.336.030(C)(3) of this title. As an alternative, an engineered plan may be proposed.

6. Public Health: Special event facilities shall provide a potable domestic water supply and an on-site sewage disposal or sewer service connection necessary to accommodate all special events in accordance with the requirements of the Mariposa County Health and Human Services Agency - Environmental Health Unit. Bottled water and/or porta-potties may be provided to meet this requirement, as approved by Environmental Health.

7. Setbacks: Setbacks for all structures, permanent and temporary, and for all facilities associated with the event venue shall be a minimum of fifty (50) feet from property lines

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

and adjoining road easements, with the exception that parking lots, parking lot access, and parking spaces may be located within the road easement setback area.

8. Lighting: All new exterior/outdoor lighting shall comply with International Dark Sky Standards and shall be located, adequately shielded, and directed so that no direct light falls outside the property line, or onto the public roadway.

9. Signage: All permanent and temporary signage shall comply with Section 17.108.190 of this title.

10. Dust control: Fugitive dust shall be minimized by reducing vehicle speeds on driveways and parking areas on the project site, and, during visibly dry conditions, the application of water or other approved dust palliative. Paving or an appropriate depth of gravel may also be provided.

11. Liability insurance: Adequate liability and property damage insurance or bonding shall be provided.

12. Building occupancy: All buildings and structures proposed to be used as part of the event venue shall have obtained the required permit(s) for occupancy, including applicable Fire Code requirements.

13. Accessibility for disabled persons: All requirements of California Building Code and applicable accessibility laws shall be met for the facility.

14. Other permits shall be obtained as required, including but not limited to a Building Permit, a Grading Permit, an Air Pollution Control Permit, a CA ABC permit, a Food Facilities permit, and/or a commercial encroachment permit.

15. Fire Safe Standards: Projects shall implement all fire safe standards required by CAL FIRE and the Mariposa County Fire Department.

16. Non-compliance with operational standards or conditions of approval adopted for a project may result in the revocation of the permit to operate the facility.

E. Operational standards specific to the AE zone:

1. Special events facilities shall not be permitted on AE zoned properties where no residential use exists on the property.

2. Special event facilities shall not convert agricultural land to an alternative use for the purpose of developing or expanding a special event facility.

F. Public Noticing:

1. In addition to the public hearing noticing requirements for a conditional use permit project contained in Section 17.132.020 of this title, hearing notices shall be sent to the owners of all properties located on any non-county roadway

Attachment: 210924 PC Resolution No. 2021-016 (RES-2021-591 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

that serves the subject property, from the nearest county road and/or major collector or arterial.

2. In addition to the public notification requirements contained in Section 17.08.120(D) of this title, approval of an AUP shall be noticed to the owners of all properties located within six-hundred (600) feet of the subject property and the owners of all properties located on any non-county roadway that serves the subject property, from the nearest county road and/or major collector or arterial.

G. Annual Reporting and Monitoring of Events:

1. On a yearly basis, by the last day of February, the owner or manager of a special event facility shall provide to the planning department on a county-approved form confirmation that the establishment and its operation comply with the requirements of this section. The report shall provide numbers of events held and attendance at events during the prior calendar year.

2. The owner or manager of a special event facility shall keep records of events and attendance, and shall provide that information to the county upon request at any time during the calendar year (to verify compliance with the requirements of this section).

MARIPOSA PLANNING STAFF REPORT

From: Sarah Williams, Planning Director

Prepared By: Sarah Williams

Board of Supervisors Meeting Date: October 19, 2021

PROJECT: General Plan/Zoning Amendment No. 2017-084

PROPOSAL: Amend the General Plan to establish policies to allow special event facilities in rural residential areas of the county and amend Title 17, Zoning, to define Special Events and Special Event Facilities and provide permitting provisions and development standards for Special Event Facilities

The project includes modifications made by the Board of Supervisors at their meeting on July 27, 2021 and modifications made by the Planning Commission at their meeting on September 24, 2021.

PROPONENT: County of Mariposa

AMENDMENT AREA: Applies countywide, in rural areas

NOTICING: Gazette Ad: October 7, 2021
Posted Notice: October 4, 2021

BOARD ACTION: The Planning Commission recommends that the Board of Supervisors:

~~A. Adopt a resolution approving General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities with proposed changes and with the recommended findings, including a finding the project is exempt from environmental review and establishing a grace period for existing facilities to obtain a permit and comply with the standards; and~~

B. Waive the first reading and introduce an ordinance amending County Code pursuant to County Code Amendment No. 2017-084.

SUMMARY OF AMENDMENT

Currently, the County's General Plan and the zoning ordinance, Title 17, do not address Special Events and Special Event Facilities. Although there are several such facilities operating in the County, there is no provision in the County's planning documents to allow them. This project would amend Sections 5.3.02(B), 5.3.04(B) and 5.3.05(B) of the General Plan, the Residential, Agriculture/Working Landscape and Natural Resource land use classifications, to provide policies to allow for such uses in these countywide classifications.

Attachment: 1 211019 Board Staff Report (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities (Ordinance))

The proposal would also amend Section 17.148.010 of Mariposa County Code, to add necessary definitions for Special Events and Special Event Facilities, and add Section 17.108.220 to the Mariposa County Code, to add permitting provisions and development standards for Special Event Facilities.

BACKGROUND

Special events include celebrations, ceremonies, weddings, receptions, business functions, arenas which are used for organized competitive events, special festivals, or similar activities for the benefit of someone other than the property owner. There has been considerable interest over an extended period to address the issue of Special Event Facilities in the County, not only to provide a mechanism to allow new facilities but to establish standards for all such facilities, including those currently operating. Without established authority, it is not possible for Mariposa County Development Services to approve these facilities or issue development permits for permanent facilities to support these venues. Currently, there are under ten such facilities operating in the County of which Development Services has knowledge. The owners/operators of such facilities known to be operating were notified that the County is undertaking this amendment process and invited to provide input.

It should be noted that the adopted Board of Supervisors' resolution initiating the amendment stated that these existing facilities are apparently conducting their business in such a way as to not create significant impacts on surrounding rural residential uses. The Board's resolution also expressed an interest in establishing a reasonable grace period for facilities to come into compliance with the new regulations due to significant economic impacts of COVID-19.

The Board initiated the processing of the amendment on October 20, 2020, with the adoption of Resolution 2020-629.

Additional information regarding the public hearings conducted for this project is included in the HEARING PROCESS section below.

MARIPOSA COUNTY AGRICULTURAL ADVISORY COMMITTEE RECOMMENDATION

The amendment allows the potential for special events and special event facilities to be located in the Agriculture/Working Landscape (Ag/WL) Land Use Classification and the Agriculture Exclusive (AE) Zone. The Mariposa County Agricultural Advisory Committee's considered the project at their April 8, 2021 meeting. The committee voted unanimously to recommend approval of the amendment with the addition of text to:

- Allow CAL FIRE and the Mariposa County Fire Department the opportunity to review all special event and special event facility applications and apply any conditions to the project to ensure compliance with all applicable fire safe standards.
- State that non-compliance with operational standards and conditions of approval may result in the revocation of the permit to operate the facility.
- Ensure that all applications for special events and special event facilities in the Ag/WL land use classification and /or AE zone are referred to the committee for review and recommendation.

Attachment: 1 211019 Board Staff Report (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities (Ordinance))

The committee also recommended a fee structure that would be applied to operators of projects to offset costs incurred by the county when a facility is in operation, i.e. law enforcement, fire department and other agency costs. Staff notes that these fees could only be applied via a county program for Impact Fees. The County does not currently have a program for Impact Fees, so this recommendation of the committee cannot be pursued.

(NOTE: As stated clearly in the amendment text, although such facilities would be allowed in the AE zone, under no circumstances would they be allowed on land governed by a Land Conservation Act or Williamson Act contract.)

HEARING PROCESS

The Mariposa County Planning Commission held a duly noticed public hearing on the project on June 25, 2021 at which the Commission considered the Board's initiating general plan/zoning amendment text, the Agricultural Advisory Committee's recommendation, and public input. The Planning Commission recommended two changes to the text of the amendments and recommended that the Board of Supervisors establish a time frame of one year for existing special events facilities operating regularly prior to the effective date of the special events ordinance adopted pursuant to General Plan/Zoning Amendment No. 2017-084 to complete the process of obtaining a permit to comply with the standards of the ordinance. The Commission adopted Resolution No. 2021-010 recommending the Board approve the amendment with changes.

The Board held a duly noticed public hearing on the project on July 27, 2021. The Board took no action on the project. They returned the project to the Planning Commission to consider changes to text relating to the specific exclusion of home holiday tours, agri-nature trail tours, and similar events within the definition of a Special Event, and the exemption of parking lots and spaces adjacent to road easements from proposed setback standards as shown in proposed Section 17.108.220(D)(7) of the amendment. The Board also directed the Planning Commission to consider a recommendation that would allow Special Event facilities two (2) years from the effective date of the special events ordinance to install permanent potable water supply and sewage disposal facilities; all other requirements of the ordinance would have to be met within one (1) year from the effective date of the ordinance.

[The Board did not recommend any changes be made to ADA requirements or State Fire Safe Standard requirements, even though there was public comment on this.]

The Commission held a duly noticed public hearing on September 24, 2021 to consider the Board's proposed changes to the amendment. The Commission also considered further changes to the amendment text relative to the specific exclusion of garage sales, yard sales, estate sales and similar events within the definition of a Special Event (proposed Special Event definition in existing Section 17.148 of Title 17); deletion of the reference to identifying ambulance availability in the application requirements for a Special Event Facility (proposed Section 17.108.220(C)(9); the deletion of the term "on a temporary basis" relative to the use of bottled water and porta-potties in the Operational Standards for a Special Event Facility (proposed Section 17.108.220(D)(6); and the deletion of specific text relative to permitting for specific sizes of tent and membrane structures (proposed Section 17.107.220(D)(12).

Attachment: 1 211019 Board Staff Report (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities (Ordinance))

The text proposed by the Commission is as shown in Commission's resolution shown in this staff report packet and as shown in the draft Board resolution, also contained in this packet. Recommended amended text for public health requirements is as follows:

> *6. Public Health: Special event facilities shall provide a potable domestic water supply and an on-site sewage disposal or sewer service connection necessary to accommodate all special events in accordance with the requirements of the Mariposa County Health and Human Services Agency – Environmental Health Unit. Bottled water and/or porta-potties may be provided ~~on a temporary basis~~ to meet this requirement, as approved by Environmental Health.*

Text addressing the parameters of a grace period for existing Special Event facilities to come into compliance with the new code requirements is included in the Commission's resolution and reads as follows:

> *"...the Planning Commission recommends that existing special events facilities operating regularly prior to the effective date of the special events ordinance adopted pursuant to General Plan/Zoning Amendment No. 2017-084 be allowed one (1) year from the effective date of the ordinance to complete the process of obtaining a permit and complying with all of the standards of the ordinance, with the following exceptions:*
>
> *Exception one: If installation of a permanent potable water supply (and supporting infrastructure) is proposed or required, the installation must occur within two (2) years from the effective date of the ordinance.*
>
> *Exception two: If permanent on-site sewage disposal facilities (and supporting infrastructure) is proposed or required, the installation must occur within two (2) years from the effective date of the ordinance. Permanent on-site sewage disposal facilities may be a sewer service connection."*

SPECIFIC TEXT OF PROPOSED GENERAL PLAN AMENDMENT

The text of the proposed amendments is as shown in the Planning Commission resolution, which is included in this staff report as an attachment and the draft Board resolution also included as an attachment.

The following table provides a summary of the standards and permitting process for Special Event Facilities.

Special Events Facilities

Attachment: 1 211019 Board Staff Report (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities (Ordinance))

	TIER ONE **Requires Administrative Use Permit (AUP)**	**TIER TWO** **Requires Administrative Use Permit (AUP)**	**TIER THREE** **Requires Conditional Use Permit (CUP)**
# of People at Event	200 or Fewer	300 or Fewer	500 or Fewer
Parcel Size	10 Acres or More*	20 Acres or More*	40 Acres or More*
Number of Events / Year	18 or Fewer Times (Event can be 2 consecutive days)	18 or Fewer Times (Event can be 2 consecutive days)	To be determined through CUP process

NOTE: All Special Event Facilities must comply with all requirements established in Mariposa County Code Section 17.108.220. These requirements are established to minimize impacts of operation of a special event facility.

*If property owner owns multiple adjacent parcels, then the total acreage of those adjacent parcels may be used to determine the permit process requirements.

As noted in the definitions section, uses that are accessory to a single-family residential use including private parties, private gatherings, and similar private activities that are not subject to a use agreement (or similar document) between a private individual or group and the homeowner are not defined as a special event. Exceptions also include agri-nature trail or farm tours and holiday home tours, garage sales, yard sales, estate sales and similar events Such uses are not subject to the proposed permitting process and standards.

AGENCY COMMENTS

The proposed amendment text, as initiated by the Board of Supervisors on October 20, 2020, was sent to the following agencies for review and comment: county Public Works Department; Environmental Health Unit; County Fire; Building Department; Sheriff's Office; and CAL FIRE.

Comments were received from the Mariposa County Fire Department.

The department recommended specific text regarding the use of temporary membrane structures and tents due to the inherent danger of collapse and/or movement during wind events and/or snow. California Fire Code requires an operational permit and a construction permit for large tents (larger than 26' by 26'). These requirements are satisfied by the following Planning Commission recommended text in operational standards (the specificity is removed, allowing conditions to be made based on the proposed project and the effective standards at the time (addresses the potential for regulations to change over time):

Attachment: 1 211019 Board Staff Report (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities (Ordinance))

15. Fire Safe Standards: Projects shall implement all fire safe standards required by CAL FIRE and the Mariposa County Fire Department.

RECOMMENDED FINDINGS OF APPROVAL

Recommended findings for approval are as shown in the Planning Commission resolution the draft Board resolution.

PUBLIC NOTICE

The Board hearing notice with a summary of the proposed code amendment was published in the Mariposa Gazette on October 7, 2021 (1/8th page notice). Notices were also posted in 17 community locations throughout the county and on the county's website on October 4, 2021.

At the time of publication of this staff report staff has received one public comment on the project via email. This email was provided in previous packets. Any new comments received after publication of the Staff Report shall be provided to the Board.

NATIVE AMERICAN NOTIFICATION

Since this project involves a General Plan amendment, the County was required to provide opportunity for Native American tribes on the Mariposa County contact list to request a consultation on the project. The tribe contact list is maintained by the state Native American Heritage Commission.

In accordance with the process mandated by state Government Code Section 64352.3(2), Planning staff mailed certified letters, dated November 18, 2020, to the County's six prescribed Native American contacts notifying them that they had 90 days, until February 15, 2021, to request a consultation on the project. Planning received five return receipts as of the date of publication of this staff report (meaning 5 Native American contacts received the request for consultation). No Native American contacts requested a consultation on the project.

FINAL ACTION ON PROJECT

If the Board takes action to approve the project at the first hearing, a second reading of the ordinance will be scheduled. The second reading of the ordinance approving the amendment to county code will occur two weeks following. The ordinance is effective thirty (30) days after the second reading. Once the code amendment becomes effective, the process is final.

STATE OF CALIFORNIA
COUNTY OF MARIPOSA
BOARD OF SUPERVISORS

MARIPOSA COUNTY ORDINANCE NO. _____

AN ORDINANCE AMENDING TITLE 17 TO ADD SECTION 17.148.010 TO TITLE 17, MARIPOSA COUNTY CODE, TO DEFINE SPECIAL EVENTS AND SPECIAL EVENT FACILITIES, AND TO ADD SECTION 17.108.220 TO TITLE 17 TO ADD PERMITTING PROVISONS AND DEVELOPMENT STANDARDS FOR SPECIAL EVENT FACILITIES PURSUANT TO GENERAL PLAN/ZONING AMENDMENT NO. 2017-084

WHEREAS, there is an established need in Mariposa County for facilities at which limited special events can be conducted; and

WHEREAS, the Zoning Ordinance does not contain land use allowances or development standards for special event facilities; and

WHEREAS, the Mariposa County Board of Supervisors adopted Resolution No. 2020-629 on the 20th day of October 2020 initiating General Plan/Zoning Amendment No. 2017-084 to establish policies and regulations for special event facilities; and

WHEREAS, General Plan/Zoning Amendment No. 2017-084 has been found to be exempt from the California Environmental Quality Act (CEQA) and a Notice of Exemption has been filed for the project.

NOW, THEREFORE, the Board of Supervisors of the County of Mariposa does ordain as follows:

Section I: Section 17.l48.010 entitled "Definition of terms and phrases" shall be amended to add two new definitions as follows (all other definitions remain unchanged):

17.148.010 Definitions of terms and phrases.

The following terms and phrases shall be used in this title and are listed alphabetically:

Special Event:

A Special Event is a celebration, ceremony, wedding, reception, business function, arenas which are used for organized competitive events, seasonal festival, or similar activity for the benefit of someone other than the property owner that takes place on a periodic basis, involving the gathering of individuals assembled for the common purpose of attending a special event. The maximum number of guests or attendees at a special event shall not exceed 500 persons at any one time. Uses that are accessory to a single-family

residential use including private parties, private gatherings, and similar private activities that are not subject to a use agreement (or similar document) between a private individual or group and the homeowner, and holiday home tours, agri-nature farm or trail tours, garage sales, yard sales, estate sales and similar events are not defined as a special event.

Special Event Facility:

A Special Event Facility is a facility where special events are permitted to occur. Special Event Facilities are subject to a use agreement (or similar document) between a private group or individual and the facility owner. The facility owner may or may not charge a fee for the use of the facility such as for a fundraiser for a charitable non-profit organization. Facilities may be located entirely within a structure, outside of a structure, or both inside and outside a structure. Facilities must include improvements or provisions to accommodate special events.

Section II: Chapter 17.l08 entitled "Supplementary Standards" shall be amended to add a new Section 17.108.220 which shall read in its entirety as follows (all other provisions in Chapter 17.108 shall remain unchanged):

17.108.220 Special Event Facilities.

The purpose of this section is to establish a process through which special event facilities, as defined in this title, can be located in rural areas of the County while also protecting the rural character of surrounding communities and areas.

A. Applicability: Special event facilities as defined in Chapter 17.148 of this title are allowed in the MH, MT, MG, MP and GF zones subject to the limits and standards set forth in this section. Such uses are also allowed in the AE zone, subject to the limits and standards set forth in this section, except such uses are not allowed on parcels encumbered by a Land Conservation Act (LCA) or Williamson Act contract.

B. Permit Process Requirements:

1. Administrative Use Permit: Special Events occurring eighteen (18) or fewer times per calendar year for no more than two consecutive days per event are subject to the issuance of an administrative use permit as described in Chapter 17.114 of this title, and the following restrictions:

a. Events involving two hundred (200) or fewer guests or attendees at any time during the event may be allowed on parcels of ten (10) acres or more in size.

b. Events involving three hundred (300) or fewer guests or attendees at any time during the event may be allowed on parcels of twenty (20) acres or more in size.

Attachment: 2 Draft Board Ordinance Special Events (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

2. Conditional Use Permit: Special Events involving five hundred (500) or fewer guests or attendees at any time during the event, and located on parcels of forty (40) acres or more in size are subject to the issuance of a conditional use permit as described in Chapter 17.112 of this title. The conditional use permit shall determine the appropriate limits on the number of events to be held annually.

3. Parcel Size Requirements: No events are allowed on parcels less than ten (10) acres in size, however if the property owner owns multiple adjacent parcels, then the total acreage of those adjacent parcels may be used to determine the permit process and occupancy limits.

4. The number of days of operation and numbers of guests or attendees described in the permitting processes above do not apply to annual or one-time events regulated through the Public Assemblage Permit Process as described in Chapter 8.28 of this code.

5. Pursuant to County Code, Section 17.148.010 Definitions, uses that are accessory to a single-family residential use including private parties, private gatherings, and similar private activities that are not subject to a use agreement (or similar document) between a private individual or group and the homeowner are not defined as a special event and not subject to the requirements established by this section.

6. The Mariposa County Agricultural Advisory Committee shall review and make a recommendation on proposed projects within the Agriculture/Working Landscape Land Use Classification and/or the Agriculture Exclusive Zone.

C. Application: A conditional use permit or administrative use permit application shall include the following items:

1. Detailed site plan showing location of all existing and proposed structures and facilities on the site, including parking and driveway areas, exterior lighting, restrooms or areas for porta-potties, and any proposed temporary structures such as tents, stages, and dance floors.

2. Description of the range of uses proposed and projected times and days of the week of operation.

3. Map showing the location and distance of the facility to the nearest surrounding sensitive receptors such as single-family residences and other housing types, and the location and description of the width and surfacing of roadway(s) that access the site up to the nearest major collector or arterial. If any of the access roadways are not maintained by the state or county, the application shall include information regarding any entities responsible for road maintenance.

4. Traffic management plan that includes the following:

Attachment: 2 Draft Board Ordinance Special Events (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

a. Ingress and egress locations and provisions for the unimpeded movement of emergency vehicles;

b. Provisions for ensuring the orderly and safe arrival, parking, and departure of all vehicles and ensuring that traffic will not back-up or block private easements, county roads, intersections, state highways, or private driveways;

c. The location of any temporary directional signs on driveway entrances and within parking lots to ensure the orderly flow of traffic; and

d. Provisions for dust management.

5. Sources and types of noise generation, expected decibel levels at property lines from all special event activities, and noise attenuation strategies.

6. Information regarding food and beverages to be prepared and/or sold and/or distributed at the special events.

7. Information regarding public health and sanitation facilities, including restrooms or porta-potties, drinking water, recycling areas, hand washing stations and solid waste storage and disposal.

8. Fire safety provisions including limitations or allowances for open fires, fireworks, and outdoor cooking; safety for power generators; areas for mowing or weed eating; and posted emergency procedures.

9. Human health and safety including availability of a land line phone (if cell service is not available) and on-site security.

10. Name and contact information for person(s) responsible during events.

11. Any other information necessary to determine compliance with the standards established herein.

D. Operational Standards:

The following standards are minimum requirements that may be made more stringent by conditions of approval adopted through the AUP and CUP processes. It is the business owner's responsibility to ensure his/her/their facility continuously complies with all requirements of this section and all requirements established by conditions of approval, and that the operation of the facility does not create nuisances to off-site property owners.

1. Except for multi-day or multi-weekend events such as seasonal pumpkin patch/harvest festivals in which AUP or CUP conditions of approval will determine days of operation, activities at a special event facility are limited to two (2) days, not including set-up and take down days, and the event duration per day shall not exceed twelve (12) hours. Activities involving amplified sound shall not commence prior to 9:00 a.m. and shall conclude no later than 10:00 p.m. Overnight camping associated with the event, on dry camp sites, may be allowed and may be subject to a Special Occupancy Park permit from the

Attachment: 2 Draft Board Ordinance Special Events (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

California Department of Housing and Community Development. Pursuant to applicable regulations in this Title, a maximum of two (2) vacation rentals may also be developed in conjunction with the special event facility.

2. Noise: Based upon information contained in the Mariposa General Plan Volume III Technical Background Reports regarding normally acceptable noise levels in low density residential areas, noise generated by, and for the duration of, a special event, including amplified sound, shall not exceed 60 decibels at all property lines, unless an alternative limit is established through an AUP or CUP. Should three (3) or more complaints be submitted regarding noise generated by an event facility, the county may require the facility's operator to provide a study, including recommendations for noise attenuating measures, by a qualified acoustical consultant. The county shall have the authority to implement the recommendations of the consultant.

3. Access: All roadways from the nearest major collector or arterial serving the special event site shall meet the "Adequate Capacity" requirements of the Mariposa County General Plan as described in the Mariposa County Road Improvement and Circulation Policy. Access shall also comply with State Fire Safe Regulations, including maximum allowed dead-end road length, turnarounds and turnouts.

4. Driveways: On-site driveways from the nearest intersecting roadway shall be a minimum of twelve feet (12') wide if one-way traffic is proposed, and a minimum of eighteen feet (18') if two-way traffic is proposed. Driveways shall also comply with State Fire Safe Regulations, including maximum allowed dead-end road length, turnarounds and turnouts.

5. Parking: The number of parking spaces shall be one (1) space per four (4) seats or one (1) space per four (4) people based on maximum occupancy of the event, whichever is greater.

a. Aisle widths and parking lot layout within the parking areas shall conform to the dimensional standards shown in Section 17.336.030(C)(3) of this title. As an alternative, an engineered plan may be proposed.

6. Public Health: Special event facilities shall provide a potable domestic water supply and an on-site sewage disposal or sewer service connection necessary to accommodate all special events in accordance with the requirements of the Mariposa County Health and Human Services Agency – Environmental Health Unit. Bottled water and/or porta-potties may be provided to meet this requirement, as approved by Environmental Health.

7. Setbacks: Setbacks for all structures, permanent and temporary, and for all facilities associated with the event venue shall be a minimum of fifty (50) feet from property lines and adjoining road easements, with the exception

Attachment: 2 Draft Board Ordinance Special Events (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

that parking lots, parking lot access, and parking spaces may be located within the road easement setback area.

8. Lighting: All new exterior/outdoor lighting shall comply with International Dark Sky Standards and shall be located, adequately shielded, and directed so that no direct light falls outside the property line, or onto the public roadway.

9. Signage: All permanent and temporary signage shall comply with Section 17.108.190 of this title.

10. Dust control: Fugitive dust shall be minimized by reducing vehicle speeds on driveways and parking areas on the project site, and, during visibly dry conditions, the application of water or other approved dust palliative. Paving or an appropriate depth of gravel may also be provided.

11. Liability insurance: Adequate liability and property damage insurance or bonding shall be provided.

12. Building occupancy: All buildings and structures proposed to be used as part of the event venue shall have obtained the required permit(s) for occupancy, including applicable Fire Code requirements.

13. Accessibility for disabled persons: All requirements of California Building Code and applicable accessibility laws shall be met for the facility.

14. Other permits shall be obtained as required, including but not limited to a Building Permit, a Grading Permit, an Air Pollution Control Permit, a CA ABC permit, a Food Facilities permit, and/or a commercial encroachment permit.

15. Fire Safe Standards: Projects shall implement all fire safe standards required by CAL FIRE and the Mariposa County Fire Department.

16. Non-compliance with operational standards or conditions of approval adopted for a project may result in the revocation of the permit to operate the facility.

E. Operational standards specific to the AE zone:

1. Special events facilities shall not be permitted on AE zoned properties where no residential use exists on the property.

2. Special event facilities shall not convert agricultural land to an alternative use for the purpose of developing or expanding a special event facility.

F. Public Noticing:

1. In addition to the public hearing noticing requirements for a conditional use permit project contained in Section 17.132.020 of this title, hearing notices shall be sent to the owners of all properties located on any non-county roadway that serves the subject property, from the nearest county road and/or major collector or arterial.

2. In addition to the public notification requirements contained in Section 17.08.120(D) of this title,

Attachment: 2 Draft Board Ordinance Special Events (12262 : General Plan/Zoning Amendment No. 2017-084 for Special Event Facilities

approval of an AUP shall be noticed to the owners of all properties located within six hundred (600) feet of the subject property and the owners of all properties located on any non-county roadway that serves the subject property, from the nearest county road and/or major collector or arterial.

G. Annual Reporting and Monitoring of Events:

1. On a yearly basis, by the last day of February, the owner or manager of a special event facility shall provide to the planning department on a county-approved form confirmation that the establishment and its operation comply with the requirements of this section. The report shall provide numbers of events held and attendance at events during the prior calendar year.

2. The owner or manager of a special event facility shall keep records of events and attendance, and shall provide that information to the county upon request at any time during the calendar year (to verify compliance with the requirements of this section).

Section III: If any provision of this ordinance is held to be unconstitutional, preempted by federal law, or otherwise invalid by any court or competent jurisdiction, the remaining provisions of the ordinance shall not be invalidated.

Section IV: This ordinance shall become effective thirty (30) days after final passage pursuant to California Government Code section 25123.

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Marshall Long, District III Supervisor

RE: Illegal Marijuana Discussion and Direction

RECOMMENDATION AND JUSTIFICATION:

Discussion and Direction Regarding Formulation of a Plan to Address the Crisis in Mariposa County Regarding Illegal Marijuana.

The Board of Supervisors hears regularly from concerned and impacted Mariposa County residents and property owners regarding the significant impacts created by illegal marijuana grows. Some of those impacts include:

1. Environmental impacts, including excessive use of groundwater, contaminated water runoff, improper storage and use of fertilizers and chemicals, improper storage of fuel, unpermitted diversion of surface waters, erosion, untreated sewage release, and hazards to wildlife
2. Nuisance impacts, including odors and illegal camping
3. Building violations, including unsafe and unpermitted construction, unpermitted grading, unpermitted generators and modified electrical systems (including by-passing meters)
4. Fire danger, including electrical fires caused by extension cords, generators, overburdened/modified electrical services and campfires/cooking fires during fire season
5. Criminal activities, including vandalism, theft and violence
6. Housing impacts, including houses being used for cultivation and not families, and houses permanently damaged due to moisture damage, mold and toxic chemical residue
7. Loss of property values
8. Loss of treasured safe neighborhoods

County staff are working diligently to address the illegal grows in the county, but efforts are falling short due to increases in the number of grows.

Agenda Item - No Resolution Requested

This item is scheduled to enable the Board to discuss illegal marijuana, and to take input from residents, property owners, business owners and County Departments.

The Board could potentially give direction to staff regarding moving forward with a plan to address this crisis.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

1996: CA voters approved Proposition 215 entitled the "Compassionate Use Act of 1996", enabling persons in need of marijuana for medical purposes to obtain and use it without fear of criminal prosecution.

2004: Senate Bill 420 enacted establishing the "Medical Marijuana Program Act" to clarify the scope of the Compassionate Use Act of 1996. This allowed counties to adopt and enforce regulations consistent with the law.

2011: Assembly Bill 2650 enacted, affirming that local jurisdictions can adopt ordinances that restrict the location and establishment of medical marijuana collectives.

12/20/11: Mariposa County Ordinance 1086 adopted, amending the Zoning Ordinance to establish the following as prohibited uses in all zones: medical marijuana dispensaries, the collective or cooperative cultivation of marijuana and the cultivation of marijuana for medical purposes by persons not residing on the property on a permanent basis.

3/25/2014: Mariposa County Ordinance 1104 adopted, establishing Mariposa County Code Chapter 8.56 Medical Marijuana Cultivation to allow limited cultivation of medical marijuana for personal consumption.

11/9/16: CA voters approved Proposition 64 entitled "Control, Regulate, and Tax Adult Use of Marijuana Act". Local jurisdictions given choice to adopt local ordinances to regulate commercial marijuana businesses or to completely prohibit these businesses.

10/17/17: Mariposa County Ordinance 1129 adopted, amending the Zoning Ordinance to prohibit commercial cultivation, processing, manufacture, wholesale or retail sale and public consumption of marijuana (uses requiring a license pursuant to the Adult Use of Marijuana Act)

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

This is a discussion and direction item and no formal action is scheduled.

To the members or the Mariposa County Board of Supervisors,

My name is Sue Halstead. I live in Greeley Hill. There are two items on today's (10/19/2021) agenda that my husband, Frank Halstead, and I would like to express our concerns about but we are unable to attend the Board of Supervisors' meeting.

Concerning Item L-3, we have been seeing several marijuana grows in the vicinity surrounding our property that we suspect are not legal grows. This concerns us for two reasons. Number one, we are concerned about the increased number of visitors to these areas by people that have no respect for the area or other people's property. Number two, it is my understanding that marijuana grows use a lot of water. Since we are all on wells, the water for these grows is likely coming from the same water table that the wells in the surrounding areas are pumping from. This potentially puts us all in a bad situation particularly in draught years which seem to be occurring more frequently than when we bought our property 40 years ago.

Concerning item L-4, in the Greeley Hill/Coulterville area and most likely throughout Mariposa County, there are several properties that look like they have become a dump of their own. Not only have these properties become a hazard for first responders, they are an eyesore throughout the community and some have become a fire hazard because of electrical wires being improperly strung from one location to another.

These violations are seen throughout our area and concern us for our continued safety living in Greeley Hill and for the value of our property should we have to leave (sell) our property due to our age.

Thank you for giving this your consideration.

Dear Mariposa County Board of Supervisors:

We have come before you today with great concern for Mariposa County and its citizens. As you are aware, the cancer of commercial, illegal, marijuana cultivation is spreading throughout the County in uncontrolled numbers. These grows, large and small, are often operated by organized criminals which come from out of the County to take advantage of Mariposa County's minimal resources to combat commercial, illegal, marijuana cultivation. The illegal grows violate existing County and State law, Mariposa County zoning and Mariposa County adopted State Building codes, as applicable.

These criminal growers intimidate and threaten the local citizens, destroy the quality of neighborhood life, impose substantial environmental damage, steal precious water, illegally occupy vacant property, and use dangerous agricultural chemicals without concern or responsibility. Property owners are also suffering real property value loss due to the proximity of grows close to their property.

We feel at this time the Mariposa County Board of Supervisors should take the lead in eliminating this cancer from Mariposa County. We do recognize the current lack of money and manpower and its limitations on enforcement, but so do the bad guys, and we must start somewhere.

At this time, we are simply asking the Mariposa County Board of Supervisors to create a Resolution that supports the fight against commercial, illegal marijuana cultivation in Mariposa County. Additionally, we would request the Board of Supervisors to direct Mariposa County staff to "think out of the box" to research, acquire, assemble, and use out of County resources for this fight, as necessary.

Please keep in mind that this effort does not intend to include legitimate Mariposa County Property Owners, with legal established residences, from cultivating marijuana for their own personal use as allowed by current law.

Thank you for your time and consideration in this very important matter.

Respectfully,

Residents of Royal Oaks Estates

MARIPOSA COUNTY

Board of Supervisors · (209) 966-3222

MEETING: October 19, 2021

TO: The Board of Supervisors

FROM: Tom Sweeney, District II Supervisor

RE: Code Compliance Processes and Resources Discussion

RECOMMENDATION AND JUSTIFICATION:

Discussion and Direction regarding Code Compliance processes and determination of required resources. (Supervisor Sweeney)

For several years, the County has been struggling with noncompliance with Mariposa County Codes (MCC) and continues to receive calls and emails on a regular basis regarding its inability to enforce those codes. This has been particularly evident in the area of illegal marijuana cultivation, which falls under MCC Title 8.56, but is also seen with junk properties, abandoned trailers and vehicles (MCC 17.108.70 and 8.32), and things built without a permit. A glaring example of an abandoned vehicle situation can be seen in a vehicle that, for weeks, has been parked the wrong way with a tow tag on the antenna, just up the street from the Government Center.

On March 16, 2021, the Board gave direction for Code Compliance to begin forwarding cases to the District Attorney's office for action. No cases have been resolved in this manner to date, and it appears that we are up against a resource constraint in our ability to process compliance cases. As we have heard with illegal marijuana cultivation, the same seems true of the Sheriff's Office.

However, this unresolved situation has resulted in tax paying, law abiding citizens leaving Mariposa County, with more considering leaving. Given the decline in overall population that was identified by the recent census results, the concern that must be considered is whether we can afford any further decline in our population and still continue to operate at the level of service necessary to maintain County Government.

This item is being brought forward in response to the multitude of complaints aimed at this Board which have highlighted the need for additional actions or fact finding. While there may be other potential courses of action, the following have been identified and are being offered for the Board's consideration:

1. Define the step-by-step process from receipt of an RFI to closure, including enforcement actions through the District Attorney and Superior Court.

Agenda Item - No Resolution Requested

(Planning and District Attorney)

2. Determine resources required to facilitate more timely processing of compliance cases (less than 6 months) (Planning)
3. Outline resources needed to facilitate enforcement of our marijuana cultivation ordinance. (Sheriff)
4. Determine resources needed to enforce our abandoned vehicle ordinance. (Sheriff)
5. Direct the Building Department to file a complaint with the California State License Board for ALL cases of contractors building without a license or without a permit.

Upon receipt of the estimates ascertained from the above direction, the Board will then be able to evaluate the cost of the resource requests and decide what additional funding allocations, if any, should be made.

Other areas that should be investigated simultaneously include whether there are outside entities that can help on a temporary basis, and whether additional full time or part time staff need to be hired to accomplish the Board's goals.

Lastly, it is strongly suggested that any Board direction also include a three week completion deadline.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board has discussed this issue in the past. It has also been receiving regular citizen complaints citizens regarding Code Compliance issues.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

The Board cannot discuss a matter not on the agenda.
