RESOLUTION - ACTION REQUESTED

MEETING: May 25, 2021

TO: The Board of Supervisors

FROM: Shannon Gadd, Health and Human Services Agency Director

RE: Continue a Shelter Crisis Local Emergency in Mariposa County

---

RECOMMENDATION AND JUSTIFICATION:
Resolution Continuing a Shelter Crisis Local Emergency in Mariposa County.

California Government Code 8698, 8698.1 and 8698.2 allows for the governing body of a city or county to declare a shelter crisis. A shelter crisis declaration relaxes standards for building occupancy, limits liability and provides a legal basis for the use of certain facilities designated by the County as a shelter for the duration of the crisis.

In order to declare the shelter crisis, the County made findings at a public meeting and adopted Resolution 18-518 that (1) a significant number of persons within the county's jurisdiction are without the ability to obtain shelter; and (2) the situation has resulted in a threat to the health and safety of those persons.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On November 5, 2018, the Board of Supervisors adopted Resolution 18-518 declaring the existence of a Shelter Crisis Local Emergency in Mariposa County to allow Mariposa County to proceed with temporary homeless shelter solutions to meet the needs of our homeless community members.

Recognizing the prevalence of homelessness in California and the health and safety risks facing homeless persons, California law authorizes counties to declare a "shelter crisis" and avail themselves to attendant protections and powers. Specifically, upon declaring a "shelter crisis":

- A county may allow persons unable to obtain housing to occupy designated public facilities during the duration of the emergency (public facilities include parks, schools, and vacant or underutilized facilities which are owned, operated, leased, or maintained by the county);
- A county is immune from liability for ordinary negligence in the provision of emergency housing for all conditions, acts, or omissions directly related to, and which would not occur but for, the provision of emergency housing; and

- The provisions of any state or local law or regulation prescribing standards of housing, health, and safety are suspended to the extent that strict compliance would prevent, hinder, or delay the mitigation of the effects of the crisis.

If the County desires to construct and operate an emergency homeless shelter, it is recommended that the County Board of Supervisors first declare a “shelter crisis” in order to avail itself of the associated powers and liability protections.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not continue the local emergency and the County may not be eligible for possible State or Federal assistance, or proceed with temporary homeless shelter solutions.

RE: Approve a Letter of Support for the Proposed Solution to AB 1066

RECOMMENDATION AND JUSTIFICATION:
Approve a Letter of Support for the proposed solution to AB 1066 by the California Sheep and Goat Producers; and Authorize the Board of Supervisors Chair to Sign the Letter.

The proposed solution will adopt administrative relief in accordance with a 2015 U.S. Department of Labor action which set the estimated hours worked by sheepherders at 48 hours, even though they are available on a continuous basis. Multiple federal courts have upheld this interpretation as both reasonable and supported by available evidence.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board routinely approves letters of support that it determines to be in the best interest of the county.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve. Individual Board members may write their own letters of support which may not carry the weight of a letter from the entire Board.

REF ID# 11839

May 25, 2021

Honorable Gavin Newsom
Senator Anna Caballero
State Capitol, Room 5052
Sacramento, CA 95814

Dear Governor:

The production of sheep and wool are important to the economy of California with the state's wool production ranking #1 and sheep inventory ranking #2 in the United States, and more than 3,500 family farms raising sheep and goats throughout California.

Sheep and goat production is uniquely nomadic requiring a mobile and skilled workforce of herders to care for and manage movement of flocks whether located in distant areas grazing agricultural land or serving as four-legged fire fighters in our forests and wildland-urban interface by reducing fire fuel vegetation.

Sheep and goat grazing aligns with Governor Newsom's Climate Change Executive Order (N-82-20) as a wildfire prevention tool which produces a net benefit in carbon sequestration and air quality, and is especially suited to enhance carbon neutrality in situations of rural-urban interface.

The economic and environmental benefits this industry provides California is in jeopardy because of the unintended consequences brought on by a newly adopted California law in 2016 (AB 1066) which affects overtime pay requirements of the agricultural sector, and which will increase sheep and goat herder pay by an economically unsustainable 50 percent.

Prior to adoption of this law, California herders were already the highest paid in the nation and paid as much as 80 percent more than herders in some other states.

In 2015 the federal Department of Labor determined that herder work hours cannot be tracked because of the remoteness of their work, and that 48 hours of work per week was a reasonable estimate, and further, federal courts have upheld this determination as both reasonable and well supported by available evidence.

Mariposa County Board of Supervisors strongly urges you to use your administrative authority to adopt the federal weekly hours work standard for herders in California, to which overtime pay would apply as currently required in California statutes.

Sincerely,

Marshall Long,
Mariposa County Board Chair

Re: AB- 1066

Dear Mariposa County Board of Supervisors,

The Mariposa County Farm Bureau Board of Directors strongly supports the proposed solution to AB – 1066 by the California sheep and goat producers.

The proposed solution is as follows: Adopt administrative relief in accordance with a 2015 U.S. Department of Labor action which set the estimated hours worked by sheepherders at 48 hours, even though they are available on a continuous basis. Multiple federal courts have upheld this interpretation as both reasonable and supported by available evidence.

In summary, the 48 hour standard would narrow the extreme monthly compensation gap for sheepherders created by AB 1066 as compared to the compensation established by the California Industrial Welfare Commission (IWC).

In addition, by crediting sheep producers with a portion of the expenses incurred in provided meals to sheepherders, the remaining gap with IWC compensation would be eliminated. NOTE: The Obama Administration established the meal value at $400 per month.

A combination of the foregoing will bring the level of sheepherder compensation back into reality and give producers a fighting chance to stop the downward economic spiral which has brought into sharp focus the future viability of the industry in California.

Thank you in advance for your support in this critical agricultural matter.

Respectfully,

F. Departmental Presentation

Kristina Allen/Health and Human Services Agency Deputy Director of Public Health advised that they will be holding a Pfizer vaccination clinic on Thursday from 4:30 to 6:00 PM at the Fairgrounds; and that they will be back there again on Saturday from 9:00 AM to 4:00 PM with the Moderna vaccine only. Dr. Allen also noted that the County is still in the Orange Tier; and that, while our case rate would allow us to go into the yellow Tier, our vaccination rate will not. Dr. Allen advised that our vaccination rate is 50.3%, but that we need to be within 5% of the State's

DRAFT

Minutes Acceptance: Minutes of May 4, 2021 9:00 AM (Approval of Consent Agenda (Items designated by "CA"))

vaccination rate which is 60.9%. She also noted that all of the clinics are live on myturn.ca.gov; and advised that they will only be at the Fairgrounds through the month of June and then will be holding smaller clinics throughout the County instead of the mass vaccination clinics. Board discussion ensued regarding the state target rate, clinic in the north county, whether they are considering reaching out to churches who may be trying to reopen, and vaccine approval for children 12 years of age and older.

Tara Schiff/Economic Development Specialist advised that May 2nd through 8th is Small Business Appreciation Week, with the month of May being Small Business Appreciation Month, and noted that we need to remind ourselves how vital small businesses are to our county; and encouraged everyone to support our local businesses.

Jeremy Briese/Sheriff - Coroner - Public Administrator reported that there were a lot of calls for service this weekend but nothing crazy. He extended kudos to the Search and Rescue staff for their efforts locating an elderly person who headed out for an appointment but didn't return; and he also noted that this is National Correction Officers week and discussed the efforts and professionalism of his jail staff.

John Morgan/CAL FIRE - County Fire Chief noted that tomorrow is his last day on the job and that he will be starting a new position within the California Fire Marshall's Office. He also noted that burning restrictions are in place as of May 1st; and advised everyone to call the burn line daily to get updated burn restrictions. Chief Morgan also advised that the Mariposa County Fire Advisory Committee (MCFAC) has an update and has issued a couple of letters of support for entities going for grants; and advised that an official update from Chief Ward and MCFAC will be coming soon. The Board extended thanks to Chief Morgan for his efforts through the years, and wished him well in his new role.

Mike Healy/Public Works Director extended thanks and well wishes to Chief Morgan. Mr. Healy also noted that survey work is happening downtown and cautioned that, while the actual construction will be at night, drivers need to be aware and watchful; and noted the same admonition for the Darrah Road Bridge. Mr. Healy also noted that the Parks and Rec Summer Registrations opened yesterday online and in person. He noted that those without internet capability can register at the Parks and Rec Office.

Dallin Kimble/County Administrative Officer also extended thanks and well wishes to Chief Morgan; and noted utilizing the online registration to sign his kids up for swimming lessons. Mr. Kimble also reported that the California Public Utilities Commission (CPUC) has their meeting this Thursday from 10:00 AM to Noon, where they will talk about the Rule 20A credits and the possible allowance of the transfers. He also noted being approached by Senator Feinstein's and Assemblymember Bigelow's offices, both looking for projects in Mariposa County with a covid-nexus that they may be able to fund; and advised that both need to know tomorrow. He noted that while they did not explicitly discuss amount, we are probably looking at half a million to 1.5 million dollars. Mr. Kimble noted that we have a list of some options that we're thinking of submitting and advised of the following: spending a lot of money on I.T. and broadband; a County safety study; roads that need some attention; making sure that all of our libraries have a broadband connection; and a back-up energy project. He noted that submitting a project is not a guarantee of receiving anything as we'll be competing with the rest of California. Mr. Kimble noted that Board or public members with preferences or particular interests should let him know as he will be working with Richard Harmon, from Townsend Associates, on that. Mr. Kimble also

DRAFT

Minutes Acceptance: Minutes of May 4, 2021 9:00 AM (Approval of Consent Agenda (Items designated by "CA"))

noted that a discussion will be coming having to do with our various broadband or internet options in the county; and noted that we have a lot of options because there is a lot of funding right now but that we want to be strategic, yet act quickly. He also noted that the Energy Pilot Savings Project has started, which included a 3 million dollar E.C.A. loan. Mr. Kimble noted that the meeting on the E.C.A. loan will be on May 12th, so we'll need to get some noticing out in the next week or two so that we can move on that. Supervisor Smallcombe noted the many funding streams and inquired if we were talking to the School District and the Hospital District since each of them is eligible for specific pots of money. Mr. Kimble noted that he has had a brief conversation with the School District, and the desire would be to look at it holistically and strategically. He also noted that he has been told by a vendor that they are not interested in an RFP that only addressed pieces of infrastructure. Supervisor Menetrey reminded that appropriations in the 2019 budget for an ambulance bay for Wawona were appropriated for COVID; and noted that getting that funding back would be appreciated. Supervisor Menetrey also reminded that the comment period for the State Forestry Board is through June 22nd, noting that we really need to address that, along with RCRC and CSAC. Mr. Kimble noted that the Board will probably see that at the May 18th meeting, when they can revise or make changes. Supervisor Sweeney noted that our roads could certainly use some help. Supervisor Smallcombe referenced Supervisor Menetrey's remarks and asked that it be made very public that the Board intends to talk about it, whether in a Board meeting or elsewhere. She noted that she has a few constituents who have spent a lot of time with the regulations, and we might benefit from that time. Supervisor Long noted that roads and bridges are important; and noted that George Radanovich, a former Congressman, was able to get some earmarks for Mariposa County before going out of office and those were extremely beneficial.

G. Public Comment on Non-Agenda Items

Gary Friesen spoke regarding an issue with a mobile airport hangar that he has been trying to get placed at the airport. He noted his efforts to get a space for the hangar, including a determination by the Airport Advisory Commission that Spot 46 is available. He recounted that he purchased the hangar on July 22nd and that he had noted, in response to an inquiry from Public Works, that he was ready to move. Mr. Friesen noted on February 25th, he received an email from Public Works that said he could move the hangar the next day, but that he needed to contact the Building Department first to check for, and arrange, any necessary permits. He advised that he ended up calling John Cahalin who let him park the hangar on Mr. Cahalin's property. Mr. Friesen noted that it has now been over two month and Mr. Cahalin is wondering how much longer the hangar will be there. Mr. Friesen noted receiving three versions of the lease agreement; and discussed rates from various years, as well as square footages. He noted that his hangar is 710 square feet; stated that he was assured that he would be charged for 912 square feet; and noted later receiving an email from the Public Works Director charging for 1,000 square feet.

Mike Healy noted that Mr. Friesen wants to rent by the square foot; and advised that, although the Board passed new rates in February 2019, there is a problem with the legislative application of the consumer price index (CPI) because the motion was unclear which is causing problems. Mr. Healy noted that Mr. Friesen has also requested that County Counsel review everything which has also caused a delay. Mr. Healy noted that the airport does have spaces for rent; advised that the Airport Advisory Commission (AAC) has discussed hangar projects; and stated that he does

DRAFT

Minutes Acceptance: Minutes of May 4, 2021 9:00 AM (Approval of Consent Agenda (Items designated by "CA"))

not recall telling Mr. Friesen that there were no available spaces for rent. Mr. Healy also noted that he asked Mr. Friesen to check with the Building Department because he was not going to blindly let someone build without checking with them; and advised that Mr. Friesen showed up at the airport gate without insurance, and Mr. Healy worked with John Cahalin to get the unit stored there.

Report Out

Chair Long reported that Information was Received during the Closed Session.

1. **Treasurer-Tax Collector-County ClerkRES-2021-245**

Receive and Consider Request of Aramark -- Yosemite Hospitality LLC to Waive Penalties; Receive Information and Make Determination Whether Good Cause Exists to Waive Penalties Under Mariposa County Code 3.36.080 and 3.36.090; and Direct Staff to Return with Formal Resolution Memorializing the Board's Finding and Determination

Keith Williams/Treasurer - Tax Collector - County Clerk gave the staff report, noting that the staff report erroneously notes amounts of underreported and underpaid taxes, together with penalties, through March 5, 2021 but that it is actually through December 31, 2020.

Marty Dakessian/Dakessian Law attorneys for Aramark noted that Mr. Williams accurately recounted the issue; advised that Aramark has had a clean filing history since it took over operation of the area's facilities in 2016. Mr. Dakessian advised that in this situation, there was a computer glitch in January, 2017, which caused the accounts to be coded to a separate account and mis-assigned to the wrong category. Mr. Dakessian noted that it did not come to Aramark's attention until sometime in July of 2020 and precipitated an audit of the account where the issue was discovered and corrected. Mr. Dakessian noted that Aramark came forward with the issue as soon as possible, and then requested that the Board waive the penalties pursuant to County Code. Mr. Dakessian noted that the standard is reasonable cause; advised that what constitutes reasonable cause is not defined in the County Code but noted that Aramark has a good filing history; referred to the Internal Revenue Service's First Time Penalty Abatement program; advised that treasury regulations exist to allow for the waiver of an isolated computational or transcriptional error; and noted that Aramark took corrective action and notified the County as soon as they could get the facts straight. Mr. Dakessian concluded by saying that the penalty system is probably there to deter people who are bad actors or repeat offenders to punish conduct and that his client does not think that applies in this instance; and requested abatement of the penalties.

Supervisor Smallcombe required clarification regarding when the County Clerk was notified subsequent to the July 2020 discovery of the error. Mr. Dakessian

DRAFT

Minutes Acceptance: Minutes of May 4, 2021 9:00 AM (Approval of Consent Agenda (Items designated by "CA"))

advised that Aramark corrected the issue in the system in July 2020 and notified the County in December 2020; and noted that they came forward and reported something that the County otherwise would not have discovered.

Supervisor Forsythe referenced Mr. Dakessian's statement regarding correcting the issue and inquired if that means in the books, or if it means paying the 1.5 million dollars recognized as being owed. Mr. Dakessian responded that it meant corrected in the books, and that they are waiting for an assessment to write the check. In response to Supervisor Forsythe's inquiry, Mr. Dakessian affirmed that the taxes that were due were not paid. In response to Supervisor Forsythe's inquiry as to whether the IRS would have allowed that, Mr. Dakessian offered that it took some time to identify with accuracy; restated that they came forward in December to notify about the issue; and stated that he didn't think that Supervisor Forsythe's IRS comparison was a fair characterization.

Supervisor Menetrey inquired why the amount due was not remitted as soon as it was determined to be underpaid and, then, followed by this request. Mr. Dakessian responded that, typically, the County sends an assessment first. Supervisor Menetrey questioned the remark regarding Aramark not paying the bill because they hadn't gotten a bill from the County. Mr. Dakessian advised that they need a bill to pay it; and reiterated that Aramark discovered the issue and reported it.

Supervisor Long noted that, in mirroring the IRS, he recalls having to pay taxes first before discussing penalties, and noted that the right thing to do is pay the back taxes then discuss interest later. Supervisor Long also noted that he has never heard of any business needing to get a bill from the County to pay these taxes and requested clarification from the Tax Collector. Keith Williams advised that the only time his office sends out a notice of anything due is when they are demanding payment and that, in all other circumstances, it is the operators who do it. Mr. Williams also noted that when they have an amended return, which is what this is, they get a spreadsheet. Mr. Williams noted that, normally, they receive returns for each month; and advised that he did not send a demand letter because he only does so when they are going through a collection action. Supervisor Long inquired if there have been other instances where an operator who know they owe money, withholds payment until receiving a bill. Mr. Williams responded only in a collection action because the normal practice is to file an amended return when it is found that additional money is owed.

Steven Rauser/Aramark attorney stated that the fact that Aramark contacted the Tax Collector in December 2020 needs to be taken into consideration when considering the lack of a bill. He reiterated that Aramark contacted the Tax Collector in December 2020, and have been in contact with the Tax Collector since then trying to get a finite answer regarding the penalties; and noted that the reasons we're into the month of May is because Mr. Williams told them that he was not in a position to abate the penalties and that they had to come before the Board to plead their case. Mr. Rauser suggested that because of that, the timeframe from December to this point is arguing de minimis, and the fact that it has not been paid because they have been attempting to resolve this issue should be taken into consideration.

Supervisor Menetrey inquired if there was agreement between all parties that the base tax owed is the approximate 1.548 million dollars. Mr. Rauser affirmed. Supervisor Menetrey referenced the portion of the letter from Dakessian Law that states that Aramark is prepared to pay the taxes due within days if the Board of Supervisors grants a waiver of the penalties and interest, and inquired why that tax wasn't paid in advance of this decision. Mr. Rauser responded that it goes back to the statute of limitations, which Aramark believes is three years because of a provision in

DRAFT

Minutes Acceptance: Minutes of May 4, 2021 9:00 AM (Approval of Consent Agenda (Items designated by "CA"))

county code that notes that the tax collector cannot make an assessment or require records be kept longer than 3 years. Discussion ensued between Supervisor Menetrey and Mr. Rauser regarding the effects of a three-year statute of limitations given the monthly filing periods. Mr. Rauser noted that, in lieu of figuring out what the tax is plus penalties and dropping what is outside the statute, Aramark is proposing to pay the 1.5 million dollars, which is the tax for the entire period, if they can get the penalty abated. Supervisor Menetrey remarked that they discovered all of this in July of 2020, notified the County five months later in December, and now have reached that statute of limitations point in time, and now are saying that if the Board does not waive the penalties that they are not going to pay. Mr. Rauser reiterated that Aramark is fully prepared to pay the 1.5 million dollars because there's a reasonable exception in this case, but because the penalties are such a large amount, Aramark would like to invoke its right to minimize the penalties. Mr. Rauser noted that if they cannot get the penalties abated as reasonable cause, they feel that they can invoke their right to have the penalties waived.

Public comment opened. Sonia Gates/Aramark Corporation Tax Director received permission to speak from Mr. Dakessian and advised that when they realized that there was an error in their system in July 2020, it took months to figure out where it started. Ms. Gates noted that even after contacting Mr. Williams, they were going back and forth saying here are our numbers and asking if he was comfortable with them. Ms. Gates advised that, at that point, she didn't think that they had the ability to pay and, in fact, felt that they were still working as a team to determine amounts due including interest, penalties, and tax; otherwise, she would have made payment. Ms. Gates also noted that, in addition, some of the tax erroneously went to the State of California. Public comment closed.

Supervisor Long requested that County Counsel clarify the statute of limitations. Steven W. Dahlem/County Counsel noted that the only statute of limitations that he is aware of regarding transient occupancy taxes is Revenue and Taxations Code section 7283.51, which is a four year statute of limitations from the date on which the transient occupancy taxes were required to be paid. County Counsel further noted that if the County was to initiate litigation, it would be bound by this statute of limitations, but that there would certainly be arguments of when the County knew or should have known.

Supervisor Menetrey advised that he appreciates Ms. Gates' comment about the confusion, but remarked that everyone knew that the tax was due in December, and it has continued to incur interest since. He also noted his concern with the letter seeming to suggest that Aramark will not pay if the Board does not agree to waive the penalties.

Supervisor Smallcombe advised that she, too, is troubled by the fact that despite the identification of the accounting glitch, there have been no funds proffered to address the underpayment. She discussed her background as a licensed customhouse broker and noted that if they were in a situation where there was a question of improper fee payments, it was incumbent on them to deliver a good faith estimate of the duties that were payable and then negotiate with the customs service. She stated that she realizes that we are talking about separate regulatory bodies but she feels that, at a minimum, she would have gone in and reported it, remitted a certain amount while negotiating the final amount. Supervisor Smallcombe also referenced the comment about three years for record retention but noted that is not necessarily the same as the statute of limitations. Mr. Rauser responded that he was making an analogy with records retention because there is nothing in the ordinance regarding

DRAFT

Minutes Acceptance: Minutes of May 4, 2021 9:00 AM (Approval of Consent Agenda (Items designated by "CA"))

statute of limitations for the transient occupancy tax and, to him, records retention is analogous to a statute of limitations. Mr. Rauser also remarked that he believes there is also a general state statute. Mr. Dakessian remarked that he feels that the discussion of statute of limitations is secondary. Mr. Dakessian also noted that he wished to clarify that there was not a sitting on funds type of situation; and remarked that he does not want to take a situation where a taxpayer with a clean filing history, undertakes its actions in good faith, reports a computer error three years after the fact, and is now showing reasonable cause for abatement.

In response to Supervisor Sweeney's inquiry, Ms. Gates advised that their system was corrected at the beginning of August, and that the proper taxes are now being collected and remitted.

Supervisor Smallcombe noted that, with the Customs Service, they needed to keep the records as long as they were needed. Mr. Dakessian noted that was done in this instance, but that what Mr. Rauser was referencing was the lack of an explicit code. Mr. Dakessian also stated that they went back to January 2017 and have been in discussions with Mr. Williams. In response to Supervisor Smallcombe's inquiry, Ms. Gates noted that she did not know if there was anything in GASBE that would govern this situation, and requested an explanation of how Supervisor Smallcombe would have analyzed the accounting standards. Supervisor Smallcombe responded that her point is that there is a legal framework that touches upon things like statutes of limitations and, similarly, there are best practices that apply to things like audits in a company and outside auditing firms. Supervisor Smallcombe noted that, in this instance, there are a series of transactions that were applied in a computer system; and offered that, in her past, they would have sat down with their attorneys and auditors to try to figure out where they deviated from legal and accounting practices. Ms. Gates advised that when the issue was identified, they set up a reserve but that Aramark has thousands of accounts. Ms. Gates also noted that Aramark remits a lot of money to Mariposa, and that the amount missed was small by comparison.

Supervisor Menetrey noted that everyone is still agreed there is an amount due; and he voiced his concern regarding the verbiage in the letter that implies that the only way the principle due will be paid is if the County waives the penalties and interest. Mr. Dakessian advised that this is not the case; and that they will make the payment. Supervisor Menetrey and Mr. Dakessian further discussed the letter and its implications. Mr. Dakessian noted that was not a conditional statement but, rather, was meant to indicate that they are prepared to remit payment within days; and assured that he is here today indicating that they will make payment. Supervisor Menetrey noted his thanks for the assurances, and remarked that the other thing the Board needs to consider is the potential precedent that might be set with their decision. He continued noting that there have been other requests before this Board to forgive penalties and interest which were denied; and noted that the precedent that is set with this decision today will carry forward; and advised that he is not sure that he wants to do that.

Supervisor Long noted that concerns that as being the reason for his earlier question to County Counsel and inquired if the four year statute of limitations is from the date the error was discovered. County Counsel noted that it would be four years from the date the payment is due; and advised that it is not included in County Code because it is State law. Keith Williams clarified that the information which they provided was that the error started in January 2017, with that first payment being due in February. Mr. Williams also noted that by his count, that would take us to February 2021, so just four months. Supervisor Long noted that his suggestion is to

DRAFT

Minutes Acceptance: Minutes of May 4, 2021 9:00 AM (Approval of Consent Agenda (Items designated by "CA"))

follow the advice of County Counsel and the calculations of the Tax Collector as the Board cannot break the law and won't be setting a precedent.

Board discussion ensued regarding how the penalties will be calculated, and utilizing which dates.

Supervisor Menetrey moved that the Board deny the request to waive the fees and penalties, and that they allow the Tax Collector to figure out what is owed. The motion was seconded by Supervisor Forsythe.

Supervisor Sweeney discussed the applicability of the waiver because there's no malfeasance, and inquired if any codes or statutes apply. County Counsel noted that the County Code is on the item before the Board, and the ability to consider the waiver has to be done on the finding of good cause which is the determination of this Board.

Having a motion and second on the floor, Chair Long called the vote.

Supervisor Smallcombe remarked that the major consideration for her was that she does not see evidence of good faith to negotiate in the beginning and, had that occurred, there might have been a different conclusion.

ACTION:
Finding insufficient cause, the Board denied the request to waive penalties and gave direction to County Counsel to initiative litigation regarding the matter in the appropriate court to toll the statute of limitations.

AGREEMENT FOR CHILD ABUSE PREVENTION SERVICES

THIS AGREEMENT ("Agreement") is made and entered into this _____ day of _____, 20__, by and between the County of Mariposa, a political subdivision of the State of California, ("County"), and Mariposa Safe Families ("Contractor"), pursuant to the following terms and conditions.

W I T N E S S E T H:

1. TERM

The term of this Agreement shall commence on July 1, 2021 and terminate on June 30, 2022 unless extended as provided by this Agreement.

2. SERVICES

Contractor shall perform child abuse prevention services as described in Exhibit A, "Scope of Work," which is attached hereto and incorporated herein by reference. Contractor shall provide all staffing and materials necessary to perform the Scope of Work.

3. COMPENSATION

Contractor shall be compensated for services performed in an amount not to exceed $112,084. Contractor's hourly rates are listed in Exhibit B, "Cost Proposal." County shall pay Contractor within thirty (30) of receipt of an approved invoice.

4. INSURANCE

Contractor shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by Contractor, its agents, representatives, or employees.

A. MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:

(1) Commercial General Liability (CGL): Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal and advertising injury with limits no less than $2,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

(2) Automobile Liability: ISO Form Number CA 00 01 covering any auto (Code 1), or if Contractor has no owned autos, hired (Code 8) and non-owned autos (Code 9), with limits no less than $1,000,000 per accident for bodily injury and property damage.

(3) Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with a limit of no less than $1,000,000 per accident for bodily injury or disease.

(4) Professional Liability (Errors and Omissions): Insurance appropriate to Contractor's profession, with a limit of no less than $2,000,000 per occurrence or claim, $2,000,000 aggregate.

If Contractor maintains broader coverage and/or higher limits than the minimums shown above, County requires and shall be entitled to the broader coverage and/or higher limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to County.

B. OTHER INSURANCE PROVISIONS

The insurance policies are to contain, or be endorsed to contain, the following provisions:

(1) Additional Insured Status: County, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 forms if a later edition is used).

(2) Primary Coverage: For any claims related to this Agreement, Contractor's insurance coverage shall be primary insurance as respects County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by County, its officers, officials, employees, or volunteers shall be excess of Contractor's insurance and shall not contribute with it.

(3) Notice of Cancellation: Each insurance policy required above shall state that coverage shall not be canceled, except with at least thirty (30) calendar days' notice to County.

(4) Waiver of Subrogation: Contractor hereby grants to County a waiver of any right to subrogation which any insurer of said Contractor may acquire against County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not County has received a waiver of subrogation endorsement from the insurer.

(5) Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by County. County may require Contractor to

Attachment: Mariposa Safe Families (CA Prevention) Agreement 2022v2 (11764 : Agreement with Mariposa Safe Families to Provide Child

(6) Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to County.

(7) Verification of Coverage: Contractor shall furnish County with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by County before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive Contractor's obligation to provide them. County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

(8) Subcontractors: Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors.

(9) Special Risks or Circumstances: County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

5. HOLD HARMLESS/INDEMNIFICATION

To the fullest extent permitted by law, Contractor shall hold harmless, defend at its own expense, and indemnify County, its officers, employees, agents, and volunteers, against any and all liability, claims, losses, damages, or expenses, including reasonable attorney's fees, arising from all acts or omissions of Contractor or its officers, agents, or employees in rendering services under this Agreement; excluding however such liability, claims, losses, damages, or expenses arising from County's sole negligence of willful acts.

6. INDEPENDENT CONTRACTOR

It is the expressed intention of the parties that Contractor is an independent contractor and not an employee, agent, joint venturer or partner of County. Nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee between County and Contractor or any employee or agent of Contractor. Both parties acknowledge that Contractor is not an employee for state or federal tax purposes. Contractor shall retain the right to perform services for others during the term of this Agreement.

7. PUBLIC EMPLOYEES RETIREMENT SYSTEM (CALPERS)

All notices, including reports and payment requests, required by this Agreement shall be given in writing by email, letter, or fax to the Grant Manager as identified in the Procedures and Requirements (Exhibit B). If an original document is required, prepaid mail or personal delivery to the Grant Manager is required following the email or fax.

Compliance

The grantee shall comply fully with all applicable federal, state, and local laws, ordinances, regulations, and permits. The grantee shall provide evidence, upon request, that all local, state, and/or federal permits, licenses, registrations, and approvals have been secured for the purposes for which grant funds are to be expended. The grantee shall maintain compliance with such requirements throughout the Grant Term. The grantee shall ensure that the requirements of the California Environmental Quality Act are met for any approvals or other requirements necessary to carry out the terms of this Agreement. The grantee shall ensure that all of grantee's contractors and subcontractors have all local, state, and/or federal permits, licenses, registrations, certifications, and approvals required to perform the work for which they are hired. Any deviation from the requirements of this section shall result in non-payment of grant funds.

Conflict of Interest

The grantee needs to be aware of the following provisions regarding current or former state employees. If the grantee has any questions on the status of any person

Attachment: Exhibit A EA32 Terms and Conditions (11771 : Local Enforcement Agency Assistance Grant Program FY 2021-2022)

rendering services or involved with this Agreement, CalRecycle must be contacted immediately for clarification.

Current State Employees (Pub. Contract Code, § 10410):
(a) No officer or employee shall engage in any employment, activity, or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity, or enterprise is required as a condition of regular state employment.
(b) No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

Former State Employees (Pub. Contract Code, § 10411):
(a) For the two-year period from the date he or she left state employment, no former state officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency.
(b) For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the twelve month period prior to his or her leaving state service.

If the grantee violates any provisions of above paragraphs, such action by the grantee shall render this Agreement void. (Pub. Contract Code, § 10420).

Contractors/Subcontractors

The grantee will be entitled to make use of its own staff and such contractors and subcontractors as are mutually acceptable to the grantee and CalRecycle. Any change in contractors or subcontractors must be mutually acceptable to the parties. Immediately upon termination of any such contract or subcontract, the grantee shall notify the Grant Manager.

Nothing contained in this Agreement or otherwise, shall create any contractual relation between CalRecycle and any contractors or subcontractors of grantee, and no agreement with contractors or subcontractors shall relieve the grantee of its responsibilities and obligations hereunder. The grantee agrees to be as fully responsible to CalRecycle for the acts and omissions of its contractors and subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the grantee. The grantee's obligation to pay its contractors and subcontractors is an independent obligation from CalRecycle's obligation to make payments to the grantee. As a result, CalRecycle shall have no obligation to pay or to enforce the payment of any moneys to any contractor or subcontractor.

Copyrights

Grantee retains title to any copyrights or copyrightable material produced pursuant to this Agreement. grantee hereby grants to CalRecycle a royalty-free, nonexclusive,

Attachment: Exhibit A EA32 Terms and Conditions (11771 : Local Enforcement Agency Assistance Grant Program FY 2021-2022)

transferable, world-wide license to reproduce, translate, and distribute copies of any and all copyrightable materials produced pursuant this Agreement, for nonprofit, non-commercial purposes, and to have or permit others to do so on CalRecycle's behalf. Grantee is responsible for obtaining any necessary licenses, permissions, releases or authorizations to use text, images, or other materials owned, copyrighted, or trademarked by third parties and for extending such licenses, permissions, releases, or authorizations to CalRecycle pursuant to this section.

Corporation Qualified to do Business in California

When work under this Agreement is to be performed in California by a corporation, the corporation shall be in good standing and currently qualified to do business in the State. "Doing business" is defined in Revenue and Taxation Code Section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit.

Discharge of Grant Obligations

The grantee's obligations under this Agreement shall be deemed discharged only upon acceptance of the final report by CalRecycle. If the grantee is a non-profit entity, the grantee's Board of Directors shall accept and certify as accurate the final report prior to its submission to CalRecycle.

Disclaimer of Warranty

CalRecycle makes no warranties, express or implied, including without limitation, the implied warranties of merchantability and fitness for a particular purpose, regarding the materials, equipment, services or products purchased, used, obtained and/or produced with funds awarded under this Agreement, whether such materials, equipment, services or products are purchased, used, obtained and/or produced alone or in combination with other materials, equipment, services or products. No CalRecycle employees or agents have any right or authority to make any other representation, warranty or promise with respect to any materials, equipment, services or products, purchased, used, obtained, or produced with grant funds. In no event shall CalRecycle be liable for special, incidental or consequential damages arising from the use, sale or distribution of any materials, equipment, services or products purchased or produced with grant funds awarded under this Agreement.

Discretionary Termination

The Director shall have the right to terminate this Agreement at his or her sole discretion at any time upon 30 days written notice to the grantee. Within 45 days of receipt of written notice, grantee is required to:

(a) Submit a final written report describing all work performed by the grantee.
(b) Submit an accounting of all grant funds expended up to and including the date of termination.
(c) Reimburse CalRecycle for any unspent funds.

Attachment: Exhibit A EA32 Terms and Conditions (11771 : Local Enforcement Agency Assistance Grant Program FY 2021-2022)

that may be available, provide written notice of the particulars of such dispute to the Branch Chief of Financial Resources Management Branch, Department of Resources Recycling and Recovery, PO Box 4025, Sacramento, CA 95812-4025. Such written notice must contain the grant number.

Unless otherwise instructed by the Grant Manager, the grantee shall continue with its responsibilities under this Agreement during any dispute.

Drug-Free Workplace Certification

The person signing this Agreement on behalf of the grantee certifies under penalty of perjury under the laws of California, that the grantee will comply with the requirements of the Drug-Free Workplace Act of 1990 (Gov. Code, § 8350 et seq.) and will provide a drug-free workplace by taking the following actions:

(a) Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited and specifying actions that will be taken against employees for violations.
(b) Establish a drug-free awareness program to inform employees about all of the following:

    (1) Receive a copy of the drug-free policy statement of the grantee.
    (2) Agrees to abide by the terms of such statement as a condition of employment on the grant.

Failure to comply with these requirements may result in suspension of payments under the Agreement or termination of the Agreement or both and grantee may be ineligible for award of any future State agreements if CalRecycle determines that the grantee has made a false certification, or violated the certification by failing to carry out the requirements as noted above.

Effectiveness of Agreement

This Agreement is of no force or effect until signed by both parties.

Entire Agreement

This Agreement supersedes all prior agreements, oral or written, made with respect to the subject hereof and, together with all attachments hereto, contains the entire agreement of the parties.

Environmental Justice

In the performance of this Agreement, the grantee shall conduct its programs, policies, and activities that substantially affect human health or the environment in a manner that ensures the fair treatment of people of all races, cultures, and income levels, including minority populations and low-income populations of the state.

Attachment: Exhibit A EA32 Terms and Conditions (11771 : Local Enforcement Agency Assistance Grant Program FY 2021-2022)

Failure to Perform as Required by this Agreement

CalRecycle will benefit from the grantee's full compliance with the terms of this Agreement only by the grantee's:
(a) Investigation and/or application of technologies, processes, and devices which support reduction, reuse, and/or recycling of wastes.
(b) Cleanup of the environment.
(c) Enforcement of solid waste statutes and regulations, as applicable.
Therefore, the grantee shall be in compliance with this Agreement only if the work it performs results in:
(a) Application of information, a process, usable data or a product which can be used to aid in reduction, reuse, and/or recycling of waste.
(b) The cleanup of the environment.
(c) The enforcement of solid waste statutes and regulations, as applicable.
If the Grant Manager determines that the grantee has not complied with the Grant Agreement, the grantee may forfeit the right to reimbursement of any grant funds not already paid by CalRecycle, including, but not limited to, the 10 percent withhold.

Force Majeure

Neither CalRecycle nor the grantee, its contractors, vendors, or subcontractors, if any, shall be responsible hereunder for any delay, default, or nonperformance of this Agreement, to the extent that such delay, default, or nonperformance is caused by an act of God, weather, accident, labor strike, fire, explosion, riot, war, rebellion, sabotage, flood, or other contingencies unforeseen by CalRecycle or the grantee, its contractors, vendors, or subcontractors, and beyond the reasonable control of such party.

Forfeit of Grant Funds/Repayment of Funds Improperly Expended

If grant funds are not expended, or have not been expended, in accordance with this Agreement, or if real or personal property acquired with grant funds is not being used, or has not been used, for grant purposes in accordance with this Agreement, the Director, at his or her sole discretion, may take appropriate action under this Agreement, at law or in equity, including requiring the grantee to forfeit the unexpended portion of the grant funds, including, but not limited to, the 10 percent withhold, and/or to repay to CalRecycle any funds improperly expended.

Generally Accepted Accounting Principles

The grantee is required to use Generally Accepted Accounting Principles in documenting all grant expenditures.

Grant Manager

The Grant Manager's responsibilities include monitoring grant progress, and reviewing and approving Grant Payment Requests and other documents delivered to CalRecycle pursuant to this Agreement. The Grant Manager may monitor grantee performance to ensure that the grantee expends grant funds appropriately and in a manner consistent with the terms and conditions contained herein. The Grant Manager does not have the

Attachment: Exhibit A EA32 Terms and Conditions (11771 : Local Enforcement Agency Assistance Grant Program FY 2021-2022)

authority to approve any deviation from or revision to the Terms and Conditions (Exhibit A) or the Procedures and Requirements (Exhibit B), unless such authority is expressly stated in the Procedures and Requirements (Exhibit B).

Grantee Accountability

The grantee is ultimately responsible and accountable for the manner in which the grant funds are utilized and accounted for and the way the grant is administered, even if the grantee has contracted with another organization, public or private, to administer or operate its grant program. In the event an audit should determine that grant funds are owed to CalRecycle, the grantee is responsible for repayment of the funds to CalRecycle.

Grantee's Indemnification and Defense of the State

The grantee agrees to indemnify, defend and save harmless the state and CalRecycle, and their officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by the grantee as a result of the performance of this Agreement.

Grantee's Name Change

A written amendment is required to change the grantee's name as listed on this Agreement. Upon receipt of legal documentation of the name change, CalRecycle will process the amendment. Payment of Payment Requests presented with a new name cannot be paid prior to approval of the amendment.

In Case of Emergency

In the event of an emergency, or where there is an imminent threat to public health and safety or the environment, the grantee may choose, at its own risk, to incur grant-eligible expenses not previously included in the approved Budget, subject to subsequent approval by the Grant Manager of both the Budget change and the need to implement the Budget change on an emergency basis. The grantee shall notify the Grant Manager of the emergency and the Budget change at the earliest possible opportunity. CalRecycle reserves the right to accept or reject the grantee's determination that the circumstances constituted an emergency or a threat to public health and safety or the environment. If the Grant Manager determines that the circumstances did not constitute an emergency or a threat to public health or safety, the Budget change will be disallowed.

No Agency Relationship Created/Independent Capacity

The grantee and the agents and employees of grantee, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of CalRecycle.

Attachment: Exhibit A EA32 Terms and Conditions (11771 : Local Enforcement Agency Assistance Grant Program FY 2021-2022)

No Waiver of Rights

CalRecycle shall not be deemed to have waived any rights under this Agreement unless such waiver is given in writing and signed by CalRecycle. No delay or omission on the part of CalRecycle in exercising any rights shall operate as a waiver of such right or any other right. A waiver by CalRecycle of a provision of this Agreement shall not prejudice or constitute a waiver of CalRecycle's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver by CalRecycle, nor any course of dealing between CalRecycle and grantee, shall constitute a waiver of any of CalRecycle's rights or of any of grantee's obligations as to any future transactions. Whenever the consent of CalRecycle is required under this Agreement, the granting of such consent by CalRecycle in any instance shall not constitute continuing consent to subsequent instances where such consent is required and in all cases such consent may be granted or withheld in the sole discretion of CalRecycle.

Non-Discrimination Clause

(a) During the performance of this Agreement, grantee and its contractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment on the bases enumerated in Government Code Section 12900 et seq.
(b) The person signing this Agreement on behalf of the grantee certifies under penalty of perjury under the laws of California that the grantee has, unless exempted, complied with the nondiscrimination program requirements (Gov. Code, § 12990, subd. (a-f) and California Code of Regulations, Title 2, Section 8103). (Not applicable to public entities.)

Grantee's CalRecycle-approved Application (Grantee's Application) is hereby incorporated herein by this reference. In the event of conflict or inconsistency between the articles, exhibits, attachments, specifications or provisions that constitute this Agreement, the following order of precedence shall apply:

Grantee hereby grants to CalRecycle a royalty-free, nonexclusive, transferable, world-wide license to reproduce, translate, and distribute copies of any and all such materials produced pursuant to this Agreement, for nonprofit, non-commercial purposes, and to have or permit others to do so on CalRecycle's behalf.

Payment

(a) The approved Budget, if applicable, is attached hereto and incorporated herein by this reference and states the maximum amount of allowable costs for each of the tasks identified in the Work Plan, if applicable, which is attached hereto and incorporated herein by this reference. CalRecycle shall reimburse the grantee for only the work and tasks specified in the Work Plan or the Grantee's Application at only those costs specified in the Budget and incurred in the term of the Agreement.
(b) The grantee shall carry out the work described in the Work Plan or in the Grantee's Application in accordance with the approved Budget, and shall obtain the Grant Manager's written approval of any changes or modifications to the Work Plan, approved project as described in the Grantee's Application or the approved Budget prior to performing the changed work or incurring the changed cost. If the grantee fails to obtain such prior written approval, the Director, at his or her sole discretion, may refuse to provide funds to pay for such work or costs.
(c) The grantee shall request reimbursement in accordance with the procedures described in the Procedures and Requirements (Exhibit B).
(d) Ten percent will be withheld from each Payment Request and paid at the end of the grant term, when all reports and conditions stipulated in this Agreement have been satisfactorily completed. Attachment: Exhibit A EA32 Terms and Conditions (11771 : Local Enforcement Agency Assistance Grant Program FY 2021-2022)

Real and Personal Property Acquired with Grant Funds

(a) All real and personal property, including equipment and supplies, acquired with grant funds shall be used by the grantee only for the purposes for which CalRecycle approved their acquisition for so long as such property is needed for such purposes, regardless of whether the grantee continues to receive grant funds from CalRecycle for such purposes. In no event shall the length of time during which such property, including equipment and supplies, acquired with grant funds, is used for the purpose for which CalRecycle approved its acquisition be less than five (5) years after the end of the grant term, during which time the property, including equipment and supplies, must remain in the State of California.

(b) Subject to the obligations and conditions set forth in this section, title to all real and personal property acquired with grant funds, including all equipment and supplies, shall vest upon acquisition in the grantee. The grantee may be required to execute all documents required to provide CalRecycle with a security interest in any real or personal property, including equipment and supplies, and it shall be a condition of receiving this grant that CalRecycle shall be in first priority position with respect to the security interest on any such property acquired with the grant funds, unless pre-approved in writing by the Grant Manager that CalRecycle will accept a lower priority position with respect to the security interest on the property. Grantee shall inform any lender(s) from whom it is acquiring additional funding to complete the property purchase of this grant condition.

(c) The grantee may not transfer Title to any real or personal property, including equipment and supplies, acquired with grant funds to any other entity without the express authorization of CalRecycle.

(d) CalRecycle will not reimburse the grantee for the acquisition of equipment that was previously purchased with CalRecycle grant funds, unless the acquisition of such equipment with grant funds is pre-approved in writing by the Grant Manager. In the event of a question concerning the eligibility of equipment for grant funding, the burden will be on the grantee to establish the pedigree of the equipment.

Reasonable Costs

A cost is reasonable if, in its nature or amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. Consideration will be given to:

(a) Whether the cost is of a type generally recognized as ordinary and necessary for the performance of the grant.

(b) The restraints or requirements imposed by such factors as generally accepted sound business practices, arms-length bargaining, federal and state laws and regulations, and the terms and conditions of this Agreement.

(c) Whether the individuals concerned acted with prudence in the circumstances, considering their responsibilities to the organization, its members, employees, clients, and the public at large.

(d) Significant deviations from the established practices of the organization which may unjustifiably increase the grant costs.

Attachment: Exhibit A EA32 Terms and Conditions (11771 : Local Enforcement Agency Assistance Grant Program FY 2021-2022)

Recycled-Content Paper

All documents submitted by the grantee must be printed double-sided on recycled-content paper containing 100 percent post-consumer fiber. Specific pages containing full color photographs or other ink-intensive graphics may be printed on photographic paper.

Reduction of Waste

In the performance of this Agreement, grantee shall take all reasonable steps to ensure that materials purchased or utilized in the course of the project are not wasted. Steps should include, but not be limited to: the use of used, reusable, or recyclable products; discretion in the amount of materials used; alternatives to disposal of materials consumed; and the practice of other waste reduction measures where feasible and appropriate.

Reduction of Waste Tires

Unless otherwise provided for in this Agreement, in the performance of this Agreement, for all purchases made with grant funds, including, but not limited to equipment and tire-derived feedstock, the grantee shall purchase and/or process only California waste tires and California waste tire-derived products. As a condition of final payment under this Agreement, the grantee must provide documentation substantiating the source of the tire materials used during the performance of this Agreement to the Grant Manager.

Reimbursement Limitations

Under no circumstances shall the grantee seek reimbursement pursuant to this Agreement for a cost or activity that has been or will be paid for through another funding source. The grantee shall not seek reimbursement for any costs used to meet cost sharing or matching requirements of any other CalRecycle funded program.

All costs charged against the Agreement shall be net of all applicable credits. The term "applicable credits" refers to those receipts or reductions of expenditures that operate to offset or reduce expense items that are reimbursable under this Agreement. Applicable credits may include, but are not necessarily limited to, rebates or allowances, discounts, credits toward subsequent purchases, and refunds. Grantee shall, where possible, deduct the amount of the credit from the amount billed as reimbursement for the cost, or shall deduct the amount of the credit from the total billed under a future invoice.

Reliable Contractor Declaration

Prior to authorizing any contractor or subcontractor to commence work under this Grant, the grantee shall submit to CalRecycle a Reliable Contractor Declaration (CalRecycle 168) from the contractor or subcontractor, signed under penalty of perjury, disclosing whether of any of the events listed in Section 17050 of Title 14, California Code of Regulations, Natural Resources (https://www.calrecycle.ca.gov/laws/regulations/title14), Division 7, has occurred with respect to the contractor or subcontractor within the preceding three (3) years. Remedies

Unless otherwise expressly provided herein, the rights and remedies hereunder are in addition to, and not in limitation of, other rights and remedies under this Agreement, at law or in equity, and exercise of one right or remedy shall not be deemed a waiver of any other right or remedy.

Self-Dealing and Arm's Length Transactions

All expenditures for which reimbursement pursuant to this Agreement is sought shall be the result of arm's-length transactions and not the result of, or motivated by, self-dealing on the part of the grantee or any employee or agent of the grantee. For purposes of this provision, "arm's-length transactions" are those in which both parties are on equal footing and fair market forces are at play, such as when multiple vendors are invited to compete for an entity's business and the entity chooses the lowest of the resulting bids. "Self-dealing" is involved where an individual or entity is obligated to act as a trustee or fiduciary, as when handling public funds, and chooses to act in a manner that will benefit the individual or entity, directly or indirectly, to the detriment of, and in conflict with, the public purpose for which all grant monies are to be expended.

Severability

If any provisions of this Agreement are found to be unlawful or unenforceable, such provisions will be voided and severed from this Agreement without affecting any other provision of this Agreement. To the full extent, however, that the provisions of such applicable law may be waived, they are hereby waived to the end that this Agreement be deemed to be a valid and binding agreement enforceable in accordance with its terms.

Site Access

The grantee shall allow the state to access sites at which grant funds are expended and related work being performed at any time during the performance of the work and for ninety (90) days after completion of the work, or until all issues related to the grant project have been resolved.

Stop Work Notice

Immediately upon receipt of a written notice from the Grant Manager to stop work, the grantee shall cease all work under this Agreement.

Termination for Cause

CalRecycle may terminate this Agreement and be relieved of any payments should the grantee fail to perform the requirements of this Agreement at the time and in the manner herein provided. In the event of such termination, CalRecycle may proceed with the work in any manner deemed proper by CalRecycle. All costs to CalRecycle shall be deducted from any sum due the grantee under this Agreement. Termination pursuant to this section may result in forfeiture by the grantee of any funds retained pursuant to CalRecycle's 10 percent retention policy.

This waiver extends to any loss incurred attributable to any activity undertaken or omitted pursuant to this Agreement or any product, structure, or condition created pursuant to, or as a result of, this Agreement.

Work Products

Grantee shall provide CalRecycle with copies of all final products identified in the Work Plan. Grantee shall also provide CalRecycle with copies of all public education and advertising material produced pursuant to this Agreement.

Establish or manage a WebPass at CalRecycle's WebPass page (https://secure.calrecycle.ca.gov/WebPass/).

Accessing the Grant

Grantees must log in to GMS (https://secure.calrecycle.ca.gov/Grants) using their web pass. After logging in, locate the grant in the **My Awarded/Open Grants** table and select the **Grant Management** link. The **Grant Management Module** includes the following sections:

(Exemption: The Grant Manager may consider approving products purchased in full before the end of the Grant Performance Period but delivered after the Grant Performance Period if the delay is caused solely by the supplier and through no fault of the grantee. The grantee must request an exemption in writing and receive written approval from the Grant Manager.)

The acknowledgement of CalRecycle's support must incorporate the CalRecycle logo. Initials or abbreviations for CalRecycle shall not be used. The Grant Manager may approve deviation from this requirement on a case-by-case basis where such deviation is consistent with CalRecycle's Communication Strategy and Outreach Plan.

Reporting Requirements

A Final Report is required by this Agreement; however, the Grant Manager may request a Progress Report at any time during the Grant Term. Failure to submit the Final Report with appropriate documentation by the due date may result in rejection of the Payment Request and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding.

The grantee must report any problems or delays immediately to the Grant Manager.

Grant Payment Information

- Grantees may request an advance of 100 percent of the grant award. When the request is approved, the grantee will be advanced 90 percent and 10 percent will be withheld. The advance payment must be fully reconciled by the end of the Grant Term, and costs incurred may be reconciled only for those materials and services specified in the approved grant application.
    a. **Please Note**: There is a new procedure for submitting your payment request for advances this cycle. Please refer to the Advance Payment section in the Guidelines and Instructions.
- Grantees may opt not to request an Advance. Payments to these grantees for eligible grant expenses are made on a reimbursement basis only, and only for those materials and services specified in the approved grant application.
- The grantee must submit the required Final Report prior to, or concurrent with, submission of the Grant Payment Request. No reimbursement is made prior to Grant Manager approval of the report. Grantees are not required to wait until the end of the Grant Term (October 27, 2022) to request reimbursement and submit a Final Report. A payment request and Final Report may be submitted at any time within the Grant Term. Grantees are encouraged to submit their payment request and Final Report when grantees have expended the grant budget.
- The grantee must submit a completed Grant Payment Request (Advance or Reimbursement), and provide supporting documentation when applicable, as described in the "Payment Request and Documentation" section for completed project(s) only.
- CalRecycle will make grant payments to only the grantee. It is the grantee's responsibility to pay all contractors and subcontractors for purchased goods and services.
- CalRecycle will withhold and retain 10 percent of each approved Grant Payment Request amount until all conditions stipulated in the Agreement, including submission and Grant Manager approval of the Final Reports, have been satisfied.
- CalRecycle will make payments to the grantee as promptly as fiscal procedures permit. The grantee can typically expect payment approximately 45 days from the date the Grant Manager approves a Grant Payment Request.
- The grantee must provide a Reliable Contractor Declaration (CalRecycle 168) (https://www.calrecycle.ca.gov/Funding/forms/) signed under penalty of perjury by the grantee's contractors and subcontractors in accordance with the "Reliable Contractor Declaration" section of the Terms and Conditions (Exhibit A). The declaration must be received and approved by the Grant Manager prior to commencement of work. See the "Reliable Contractor Declaration" section in Terms and Conditions (Exhibit A) for more information.

MARIPOSA COUNTY

Public Works · 209 966 5356

RESOLUTION - ACTION REQUESTED

MEETING: May 25, 2021

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Approve an Amendment to the ARAMARK Agreement for Uniform Laundry and Janitorial Supplies ($98,346)

RECOMMENDATION AND JUSTIFICATION:
Approve First Amendment to an Agreement with ARAMARK for Uniform Laundry and Janitorial Supplies extending the term until June 30, 2024 and adding an additional $98,346 for a new amount not to exceed $196,692; and Authorize the Board of Supervisors Chair to sign the amendment.

The current three-year contract with ARAMARK is due to expire June 30, 2021. In the interest of maintaining the County's business, ARAMARK has agreed to keep their pricing the same as the current contract. The Public Works Department has been satisfied with the performance levels provided by ARAMARK.

Under the terms of this agreement the County retains the right to cancel this agreement upon issuance of a 30 day termination notice.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On July 17, 2018 Resolution 2018-350 the Board approved an Agreement with ARAMARK. Other County contracts, including the one with ARAMARK, have been extended based on vendor performance and the Department's recommendation upon Board review and approval.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Negative action to the Agreement would require and extension of the original agreement while the Department conducted competitive bidding. Normally, competitively bidding a contract is in the County's best interest, However, in this case, ARAMARK has agreed to hold its original pricing of nine years ago - when the contract was last bid upon. Since that time it is presumed industry costs have risen and would, therefore, be reflected in bids received. ARAMARK has agreed to hold its pricing from its last bid thus, assuring a near decade whereby the County has had no price increases for these services.

FINANCIAL IMPACT:
There is no financial impact to this action as funds have been appropriated for these purposes.

SECTION II - LIABILITY COVERAGE, WHO IS AN INSURED is amended to include as an "insured" any person or organization you are required in a written contract or agreement to name as an Additional Insured on your policy but only for "bodily injury" or "property damage" to which this insurance applies if the "accident" is caused by:

8. **Transfer of Rights of Recovery Against Others to Us.**

If an insured has rights to recover all or part of any payment we have made under this policy, those rights are transferred to us. The insured must do nothing after loss to impair them. However, where the Named Insured does not own, operate or control the insured, this condition will only require a reasonable attempt by the Named Insured to fulfill the condition. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

We waive the right of recovery by reason of any liability incurred under this policy where you are required by an "insured contract" or where requested by the Corporate Risk Management Department of the first Named Insured in writing to waive such right of recovery.

Recovery shall include subrogation, contribution, indemnification and defense.

9. **When We do not Renew**

10. **Cancellation**

This policy cannot be canceled except for non-payment of premium. Cancellation means termination of the policy at any time prior to the expiration date, by either party.

In the event of non-payment of premium, this policy may be canceled by us by sending written notice by certified or registered mail to the Senior Vice President of Global Risk Management of the first Named Insured at the address shown in this policy, stating when not less than 15 days thereafter such cancellation shall be effective.

11. **In Rem**

With respect to watercraft, it is agreed that any "occurrence" otherwise covered by the policy resulting in an action "In Rem" by liability of any vessel owned, chartered, maintained or used by the insured shall in all respects be treated in the same manner as though the action resulting there from was "In Personam" against the insured.

MARIPOSA COUNTY

Public Works · 209 966 5356

RESOLUTION - ACTION REQUESTED

MEETING: May 25, 2021

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Authorize Roads Equipment Procurement and Deem Replaced Equipment as Retired Surplus

---

RECOMMENDATION AND JUSTIFICATION:
Declare Backhoe Unit 2605 and Truck 2900 as Retired or Surplus Equipment; Authorize the Director Public Works & Transportation to Direct the Sale and Disposal of These Items at Public Auction; and Authorize the Purchase of a Replacement Backhoe and Truck in addition to Two (2) Skid Steer Packages with Attachments and Trailers.

The Replacement Equipment includes a Backhoe to replace a 2016 CAT 430E model that has reached its useful lifecycle both in age and operating hours and is consuming an increasing level of mechanical maintenance need which impacts the safe and functional operational needs of the Roads Division. Also to be replaced is a 2009 Ford F350 truck with 234,000 miles that was slated for replacement in 2017 but whose lifecycle was extended due to not showing signs of mechanical failure at the time but that is no longer the case. This vehicle will also be outfitted with a snow plow unit.

The Board passed the Fiscal Year (FY) 20/21 SB1 Project list that included the procurement of two (2) Skid-Steers with attachments and trailers which is also included in this procurement request.

All of the bids received were through Sourcewell which is a competitive bid platform available to governmental units for the procurement of rolling stock.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board has traditionally allowed for the replacement of vehicles and equipment that have reached or exceeded normal lifecycle expediency and which no longer meet the safety, reliability, and dependability needs of the department.

The Board also previously approved the procurement of two skid steer equipment packages through the approval of the FY 20/21 SB1 Project list which has been accepted and approved by the State of CA.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Should this action not be approved the backhoe and truck will be removed from active service and the skid steer equipment will not be procured which will impact the effectiveness of the Division both in roadside vegetative management and road maintenance capabilities.

FINANCIAL IMPACT:
None, these procurements are funded through Roard Funding Sources without any impact to the General Fund.

MARIPOSA COUNTY

Sheriff's Office · 209 966-3615

RESOLUTION - ACTION REQUESTED

MEETING: May 25, 2021

TO: The Board of Supervisors

FROM: Jeremy Briese, Sheriff

RE: 2021-2022 FY Dietary Services Agreement for Adult Detention Facility

---

RECOMMENDATION AND JUSTIFICATION:
Approve an Agreement with Trinity Services Group to Provide Dietary Services at the Mariposa County Adult Detention Facility in an Amount Not To Exceed $230,253.24; and Authorize the Board of the Supervisors Chair to Sign the Agreement.

The Mariposa County Sheriff's Office Adult Detention Facility Division currently contracts with Trinity Services Group to provide dietary services for inmates housed at the Mariposa County Adult Detention Facility. The current agreement expires on June 30, 2022. The new agreement shows an increase of 3.5% per meal from the previous agreement. This increase was appropriately budgeted for the dietary services in the 2021-2022 requested budget.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board adopted Resolution 14-123 on March 18, 2014, approving the original agreement with Trinity Services Group to provide dietary services for the Adult Detention Facility.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
If the agreement is not approved, the Mariposa County Sheriff's Office Adult Detention Facility Division would need to seek an agreement with an alternate service provider to provide inmate meals.

FINANCIAL IMPACT:
An amount of $230,253.24 for this Agreement has been included in Requested 2021-2022 budget.

AGREEMENT FOR INMATE FOOD SERVICES

THIS AGREEMENT ("Agreement") is made and entered into this _____ day of _____, 20__, by and between the County of Mariposa, a political subdivision of the State of California, ("County"), and Trinity Services Group, Inc., a Florida corporation with the principle offices located at 477 Commerce Boulevard, Oldsmar, FL 34677-3018 ("Contractor"), pursuant to the following terms and conditions.

W I T N E S S E T H:

1. TERM

The term of this Agreement shall commence on July 1, 2021 and terminate on June 30, 2022 unless extended as provided by this Agreement.

2. SERVICES

Contractor shall perform food services as described in Exhibit A, "Scope of Work," which is attached hereto and incorporated herein by reference. Contractor shall provide all staffing and materials necessary to perform the Scope of Work.

3. COMPENSATION

Contractor shall be compensated for services performed in an amount not to exceed $230,253.24. Contractor's price per meal are listed in Exhibit B, "Cost Proposal." County shall pay Contractor within thirty (30) days of receipt of an approved invoice.

4. INSURANCE

Contractor shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by Contractor, its agents, representatives, or employees.

A. MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:

(1) Commercial General Liability (CGL): Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal and advertising injury with limits no less than $2,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

(2) Automobile Liability: ISO Form Number CA 00 01 covering any auto (Code 1), or if Contractor has no owned autos, hired (Code 8) and non-owned autos (Code 9), with limits no less than $1,000,000 per accident for bodily injury and property damage.

Attachment: Trinity 21-22 sigle signature (11803 : 2021-2022 FY Dietary Services Agreement for Adult Detention Facility)

(3) Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with a limit of no less than $1,000,000 per accident for bodily injury or disease.

(4) Professional Liability (Errors and Omissions): Insurance appropriate to Contractor's profession, with a limit of no less than $2,000,000 per occurrence or claim, $2,000,000 aggregate.

If Contractor maintains broader coverage and/or higher limits than the minimums shown above, County requires and shall be entitled to the broader coverage and/or higher limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to County.

B. OTHER INSURANCE PROVISIONS

The insurance policies are to contain, or be endorsed to contain, the following provisions:

(1) Additional Insured Status: County, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 forms if a later edition is used).

(2) Primary Coverage: For any claims related to this Agreement, Contractor's insurance coverage shall be primary insurance as respects County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by County, its officers, officials, employees, or volunteers shall be excess of Contractor's insurance and shall not contribute with it.

(3) Notice of Cancellation: Each insurance policy required above shall state that coverage shall not be canceled, except with at least thirty (30) calendar days' notice to County.

(4) Waiver of Subrogation: Contractor hereby grants to County a waiver of any right to subrogation which any insurer of said Contractor may acquire against County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not County has received a waiver of subrogation endorsement from the insurer.

(5) Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by County. County may require Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

Attachment: Trinity 21-22 sigle signature (11803 : 2021-2022 FY Dietary Services Agreement for Adult Detention Facility)

(6) Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to County.

(7) Verification of Coverage: Contractor shall furnish County with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by County before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive Contractor's obligation to provide them. County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time. Subcontractors: Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors.

Board of Supervisors · 209-966-3222

MEETING: May 25, 2021

TO: The Board of Supervisors

FROM: Marshall Long, District III Supervisor

RE: Proclaim May 31 - June 6, 2021 as "Flavored Tobacco Education and Advocacy Week"

RECOMMENDATION AND JUSTIFICATION:
Proclaim May 31 - June 6, 2021 as "Flavored Tobacco Education and Advocacy Week" (Board Chair).

More than four out of five young adults between the ages of 18 and 24 who report using tobacco note that their first product was flavored. Unfortunately, flavored tobacco is becoming increasingly appealing to children and teens with the availability of flavors like apple, strawberry, bubblegum, and candy.

The teen volunteers of the Mariposa Chapter of Friday Night Live stand dedicated in their efforts to address this wide-spread health issue and request that the Board issue this Proclamation, the first in the nation.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board has, historically, proclaimed other events to shine light on similar important issues.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
The consequence of a negative action would be the missed opportunity to recognize an important issue.

"The California Friday Night Live Partnership (CFNLP) supports the successful implementation of the county programs that receive funding from the California Department of Health Care Services (DHCS). While there are a variety of programs and funding opportunities to support them, all programs share a common foundation-they are built on youth development principles and practices. From county to county, the organization that houses Friday Night Live (FNL) programs may vary: County Mental Health, County Offices of Education, and nonprofits all successfully house and support FNL programs. While all programs are youth driven and led, the program focus and ages served may vary" -CFNLP Programs

Friday Night Live (FNL) | High school-age youth working in partnership with adults

Club Live (CL) | Middle school-age youth working in partnership with adults

Friday Night Live Kids (FNLK) | 4-6th-grade youth focusing on refusal & leadership skills

Friday Night Live Mentoring (FNLM) | Focuses on a structured, one-to-one mentoring model with high school students as mentors to middle school students as proteges.

FNLM is not currently funded by DHCS, but is implemented through local funding sources.

The California Youth Council is a coalition of FNL youth representing counties across California, convening to provide youth voice to the CFNLP, help move state-level issues that affect young people and inform and support the implementation of the FNL Youth Summit.

Heather Livingston

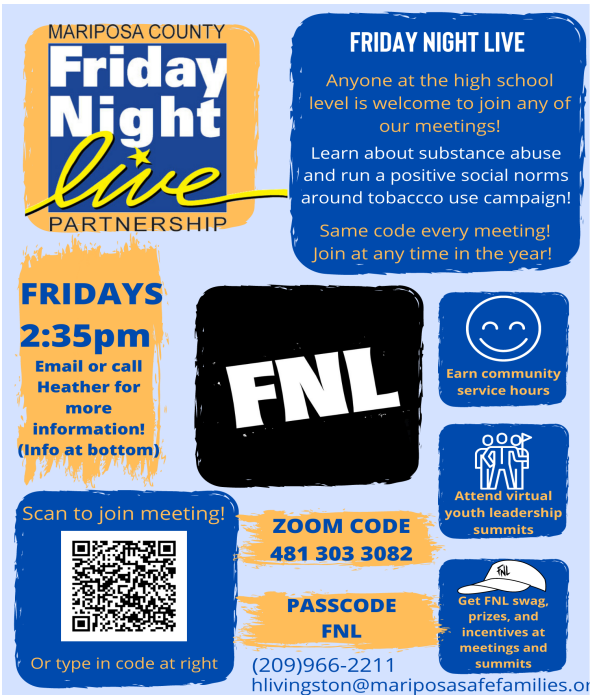

Heather Livingston is the Youth Coordinator at Mariposa Safe Families where she advises both sites in the MCFNLP. She is a 2020 graduate of Mariposa County High School and participated in Club Live (CL) and Friday Night Live (FNL) for 7 years prior to graduating. Heather represented Mariposa County on the California Youth Council (CYC) that planned youth summits and other activities for the state. While in the CYC during high school, she received the same level of training that adult partners within the FNL system receive. This prepared her to hit the ground running when shifting from a youth partner to an adult ally within the MCFNLP.

Both chapters are “joint” sites, meaning any youth at any school in Mariposa County is permitted to participate rather than just one school. This is why each site is referred to as Mariposa County Friday Night Live (MCFNL) and Mariposa County Club Live (MCCL). All enrolled students are passionate and determined in the work that they do. Advocacy Activities and Efforts 2020/2021

Youth have been attending meetings, trainings, and summits virtually on Zoom since the start of the COVID 19 pandemic.

The photo on the right was taken at the FNL Christmas party where youth received gifts for all of their hard work and time that they put in during the 2020 Fall semester and serves as a great example of the virtual meeting space for the group.

Youth have participated in trainings on various subjects around advocacy work and skill building both inside and outside of regularly scheduled meetings. The CFNLP hosts webinars ranging in topics for youth; FNL and CL youth have attended webinars this year ranging from tips on speaking to elected officials to vaping education. Youth have also participated in trainings regarding graphic design, presentation skills, flavored tobacco products, and more that were developed and led by MSF's Youth Coordinator in order to expand knowledge and skill sets of youth.

☆The CFNLP hosted three different youth summits at the end of 2020, and MCFNL had youth representatives, as well as attendance by MSF's Youth Coordinator at each one☆

Community Outreach

Mariposa Safe Families' Trunk or Treat Halloween Event

Prior to the event, youth decided on a Peanuts themed trunk. Everyone participating wore homemade sheet ghost costumes that youth worked on at the MSF office the week before Halloween.

While handing out candy, youth offered flyers to their peers that filtered through and answered any questions asked. This was a key event for outreach and recruitment, so youth were very adamant about getting information about FNL out.

In order to help out businesses downtown with foot traffic and promote a COVID safe Halloween night, youth also handed out signs to business owners that allowed them to indicate whether they would be giving out candy or not.

Mariposa Safe Families Safe at Home Event

Youth helped set up, ran a booth, and cleaned up at Mariposa Safe Families' Safe at Home event. Youth actively recruited for FNL and CL by giving out new and updated flyers. They also asked the public "trivia like" questions on alcohol and tobacco abuse. This event was the perfect opportunity for youth to implement work on alcohol prevention, outside of the project plan around flavored tobacco education that is being completed this year. People who asked questions got to spin a wheel and win FNL swag and other prizes. Youth set out the Easter baskets that they received as incentives, in order to show other youth that if they join, their hard work will be noticeably appreciated.

2020/2021 Tobacco Advocacy Project:
Keeping Flavored Tobacco out of the hands of Mariposa Youth!

Annually, at the beginning of the Fall semester, Mariposa County High School youth and MSF's youth coordinator prepare a three step advocacy campaign on a specific prevention topic. For the 2020/2021 year, it was decided that this year's main campaign focus will be flavored tobacco education, and that both FNL and CL sites will run the same campaign with a few differences in detail.

The three step plan starts out with disseminating a survey on flavored tobacco products out at the Mariposa County High School in order to gather youth opinions on the matter. This survey was developed by the CFNLP in partnership with UC Merced, and was distributed in mid March and closed at the end of April. In the month and a half that the survey was active, 231 Mariposa County High School students responses were recorded. Both FNL and CL sites plan on utilizing the survey data gathered from MCHS youth for future prevention projects.

The second step of the project is for FNL youth to give a presentation to the Mariposa County Board of Supervisors and CL youth to give a presentation to the Mariposa Child Abuse Prevention Council on the survey findings, in hopes to educate them and the general public on the facts and youth opinions on the subject of flavored tobacco products. A sneak peak into the content of the youth presentation is below.

The third and final step is to merely reach for a proclamation from both of these boards. Youth understand that when asking for proclamations that they will not always be given. All of the local FNL chapter youth are passionate about keeping flavored tobacco products out of the hands of local youth. As long as they put in the work for an attempt, this step will be considered as completed. As always, youth are hoping to successfully complete this project and they are working hard alongside MSF's Youth Coordinator in hopes of securing these proclamations before the close of the 2020/2021 school year.

Youth Quotes from Mariposa County Youth

"When I first heard about FNL, I wasn't completely interested in it until I went to my first meeting and my first online summit. I had tons of fun and learned so many things. I tried to get some more people to join but they weren't interested so I just thought to myself "that was their loss". This program is very helpful, it helps us youth have education about not only tobacco and alcohol use, but also substance abuse. FNL activities and projects are a great way to spread word to peers and give back to the community. This past year FNL has shown me ways to talk about certain topics with full confidence and has given a wonderful opportunity to not only me, but other youth as well to help make our community better".

- 9th grade, 15 years old, 1 year in FNL

"When I first joined FNL I wasn't really sure what to expect from the club itself since I had first joined because of a friend of mine. After seeing that the club not only helped bring in different ideas to help improve our community, but also helped the students within the club build up skills of their own I decided to stick with it. Over the years of being in the club it has allowed me to not only to help my community but also improve skills that will help me in the long run. It is a really amazing club to be in because everyone has the choice to make their voices heard and the ability to make a change in the community."

RE: Approve Transportation Planning Overall Work Program for FY 21/22

RECOMMENDED ACTION AND JUSTIFICATION:
Adopt a Resolution Approving the Transportation Planning Overall Work Program (OWP) for Fiscal Year 2021-2022; and Authorize the Mariposa County Local Transportation Commission (LTC) Executive Director to Submit the OWP; Authorize the LTC Executive Director to Sign the Agreement, Planning Process Certification, Certifications and Assurances Documents, and the Department and Suspension Certification.

Each year the Local Transportation Commission (LTC) prepares and approves an Overall Work Program (OWP) for Transportation Planning that serves as a guide to the work to be performed during the fiscal year. The draft was reviewed by Caltrans District 10.

The budget for performing this Work Program is provided by two State sources: Rural Planning Assistance (RPA) funds to be $158,000 for FY 21/22, and State Transportation Improvement Program "Project Programming and Monitoring" funds in the amount of $35,000. Funds from the Local Transportation Fund (LTF) in the amount of $8,000 will also be used. Approval of the OWP and execution of the Agreement are required in order to receive the RPA funds.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board has approved the OWP annually in the past. For FY 2020-21 the OWP was adopted June 23, 2020. (Resolution LTC-2020-9)

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
The Board could choose to not approve the OWP and not receive Transportation Planning funding in FY 21/22.

1. Introduction

The Work Program

The Overall Work Program (OWP) is a budget for one fiscal year. It identifies transportation planning activities and their funding sources. This OWP is for the 2021-2022 Fiscal Year: July 1, 2021 to June 30, 2022.

Together with the Master Fund Transfer Agreement (MFTA) and the Overall Work Program Agreement (OWPA), the OWP constitutes the annual funding contract between the State of California and the Mariposa County Local Transportation Commission for Rural Planning Assistance (RPA) funds.

The primary concerns addressed in this Work Program are:

- Funding for transportation planning projects and programs
- Coordination with federal, state, and local agencies
- Public participation and outreach
- Air Quality Conformity
- Consistency with the General Plan
- Improving transportation datasets and analysis capabilities

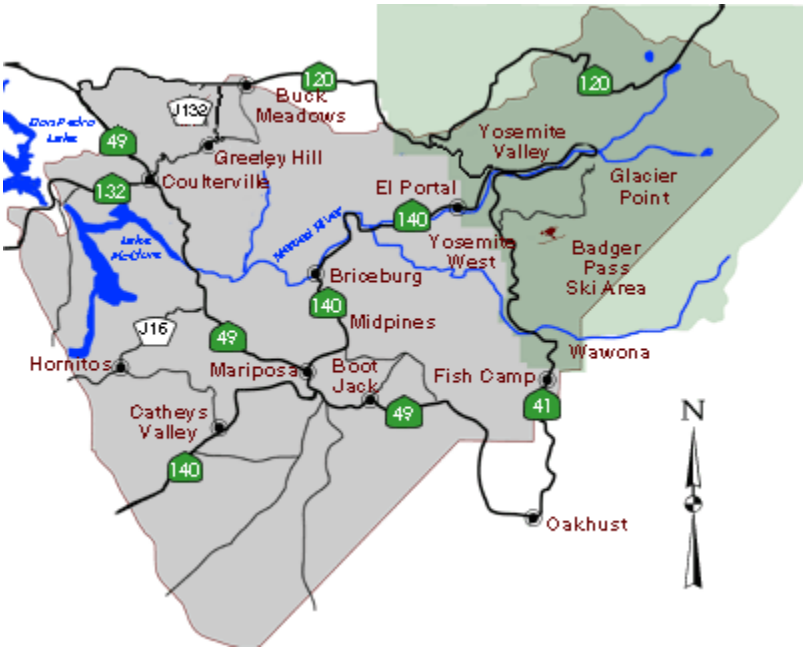

The main products of this Work Program will be:

- Final Closeout of 2021 Pavement Management Program Update (Funded by RPA)
- Final Closeout of 2021 Short Range Transit Plan Update (Funded by RPA)
- Begin process for Regional Transportation Plan 2023/2024 Update (Funded by RPA)
- Integrated Mobility and Housing Strategy Plan – that was started in FY 20/21 and is scheduled to be completed in FY 22/23 (Funded by SB1 SC with Local Share)

Attachment: OWP FY 21-22 Draft (11808 : Approve Transportation Planning Overall Work Program for FY 21/22)

Regional Setting

Mariposa County is a rural, mountainous area with a population of approximately 17,471 (per the 2018 U.S. Census). It is estimated that every year approximately 4 million people travel through Mariposa County on their way to the Yosemite National Park. Portions of Yosemite National Park, the Sierra National Forest, the Stanislaus National Forest, and other public lands account for about half of the almost 1,500 square miles of land area. Two highways – State Routes 49 and 140 – traverse the County, and three others – Routes 41, 120, and 132 – have portions within it.

While the County does not experience similar congestion problems that face most urban areas, the incremental, low density, and widespread development pattern that is emerging creates traffic problems of their own. The primary concern is with the maintenance and improvement of the County's roadways to a safe and appropriate standard. As new housing is realized in the rural areas of the county, deficiencies in the roadway system are becoming more apparent. However, due to the mountainous terrain over much of the land, Mariposa faces higher road construction and maintenance costs than many areas. When the higher costs are combined with the small population, piecemeal growth, and low density of development, paying for necessary infrastructure maintenance and improvements becomes a more difficult task.

In the recent past, much of the growth in Mariposa County has come from tourism – mostly related to Yosemite National Park – and from the migration of retirees from urban and suburban areas.

The Local Transportation Commission

The structure of the Mariposa County Local Transportation Commission has not changed since it was formed in 1975. The Local Transportation Commission (LTC) is composed of the (5) five members of the County Board of Supervisors, as there are no incorporated areas within the County. The County's Director of Public Works & Transportation is designated as the Executive Director of the LTC.

A Memorandum of Understanding between the Mariposa County Transportation Commission and the State of California was updated in 1999. This MOU describes the relationship between the State and County for transportation planning in Mariposa County.

The LTC has advisory committees that meet on an as-needed basis. These include the Policy Advisory Committee, Citizen's Advisory Committee. The LTC continues with conscientious efforts to fill vacancies to reestablish the Technical Advisory Committee (TAC) which remains vacant. The purpose and structure of these committees has been reviewed and the LTC bylaws updated accordingly. Additionally, a Social Services Transportation Advisory Council (SSTAC) meets prior to the Unmet Transit Needs Hearing and at other times, as needed. Currently the council meets two times annually. The council advises the LTC on transit and other transportation needs within the County.

Public Involvement

Public input by citizens or any interested party is encouraged by the LTC and welcomed at all LTC meetings. Noticed public hearings are held on topics such as Unmet Transit Needs and adoption of the Regional Transportation Plan. The LTC strives to include continuous community involvement in the development of plans and studies including online to gather feedback. Mariposa County is the ancestral home to numerous Native Americans (i.e. Tribes, communities, organizations, groups, and individuals). The LTC will outreach to the American Indian Council of Mariposa and other Native American, communities, organizations, groups and individuals for their participation. A Public Participation Plan was completed in 2009/2010 and more explicitly describes the LTC's public involvement goals and procedures.

Although there are no federally recognized Native American tribes within Mariposa County. California is the ancestral home to several federally recognized and non-federally recognized California Native American tribes, communities, organizations, groups, and individuals. Proactively pursuing early Native American involvement as mandated by federal and state guidelines, considered, and addressed during the earliest stages of transportation planning and programming, benefits local transportation agencies such as the Mariposa County LTC, Native Americans and Caltrans. We frequently reach out to Southern Sierra Miwuk Natioin, North Fork Mono Rancheria, and Choinumni Tribe to name a few. Such efforts minimize impacts to projects by (a) avoiding potential delays and cost overruns, and (b) gaining important knowledge and information for protecting and preserving unique biological and cultural resources (i.e. flora, fauna, prehistoric sites, religious and ancestral places, etc.) for future generations.

Attachment: OWP FY 21-22 Draft (11808 : Approve Transportation Planning Overall Work Program for FY 21/22)

Environmental Justice & Title VI

County staff addresses the effects of transportation planning on traditionally underrepresented and underserved populations, such as the elderly, disabled, low-income, and minority (i.e. Black, Hispanic, Asian American, Native Americans/Alaskan Native, and Pacific Islander) community groups and their leader by involving the potentially affected public in developing transportation projects that fit harmoniously within the community without sacrificing safety or mobility. The county accomplishes this goal both formally and informally through newspaper announcements, public hearings, workshops, online, and meetings with traditionally underrepresented communities and community leaders and notices to local minority groups.

Mariposa County Local Transportation Commission will ensure that its programs, policies, and activities comply with Department of Transportation's (DOT) Title VI Regulations (49 CFR Part 21) and with Limited English Proficient (LEP) Persons requirements (70 FR 74087, December 14, 2005). Mariposa County Local Transportation Commission is committed to creating and maintaining a system that is free of all forms of discrimination, taking necessary preventive corrective and disciplinary actions to stem behavior that violates this policy or the rights and privileges it is designed to protect. FTA requires recipients to documents compliance with DOT Title VI regulations by submitting a Title VI Program to their FTA regional civil rights officer once every three years.

Federal Planning Factors

The work elements in this program are consistent with Federal and State funding priorities including the ten FAST Act planning factors to the extent they apply to a rural area like Mariposa County. The ten planning factors are as follows:

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency.

2. Increase the safety of the transportation system for motorized and non-motorized user.

3. Increase the security of the transportation system for motorized and non-motorized users.

4. Increase the accessibility and mobility of people and for freight.

5. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns.

6. Enhance the integration and connectivity of the transportation system, across and between modes, people and freight.

7. Promote efficient system management and operation.

8. Emphasize the preservation of the existing transportation system.

9. Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation.

10. Enhance travel and tourism.

- Completed the 2019 Regional Transportation Plan (Adopted July 9, 2019)
- The LTC authorized the Counties RTP for Public Circulation and Associated Environmental Documentation (May 21, 2019)
- Identification of substandard roadway and intersection alignments for future projects (2021)

Proposed Products

- RFP for Regional Transportation Plan Update (April 2022)
- Prepare 2nd study of additional substandard roadway and intersection alignments to address RTP Objective 1.3. Locations will include the three (3) regional areas of Coulterville, Cathey's Valley, and Ponderosa Basin. (June 2022)

Work Activities

1. Prepare Preliminary roadway alignment studies to identify needed alignments and right of way requirements. (February 2022)
2. Identify roadways that require additional right of way. (February 2022)

WORK ELEMENT 2
Regional Transportation Improvement Program (RTIP)

This work element consists of programming and monitoring "STIP" projects. Projects are programmed every two years in the Regional Transportation Improvement Program (RTIP) that is submitted to the state and subsequently becomes part of the State Transportation Improvement Program (STIP). After that, projects are allocated for construction according to their programmed schedule. Project implementation must be monitored, including project delivery, timely use of funds, and compliance with State law and the California Transportation Commission's (CTC) guidelines. This work element consists of programming and monitoring "STIP" projects.

This element also includes preparation of Project Study Reports (PSR) for County road improvement projects. A PSR or equivalent is required by the CTC for any project that is seeking to be included into the State Transportation Improvement Program (STIP). Moreover, a PSR is used to evaluate the feasibility of each proposed project to be included in the STIP.

WORK ELEMENT 3
Transportation Planning Studies

The purpose of this element is to develop transportation plans, studies and programs other than the RTP and RTIP. The County engages in planning so that the transportation goals, needs for projects and policies implemented will help achieve better outcomes, consistent with statewide, regional, and local visions. Effective planning lays the groundwork for development, design, and delivery of successful transportation projects and policies.

System Planning developes a) Corridor Studies, b) Multi-Modal, Operation, Non-SHOPP Transportation Equity Report (MONSTER), c) District System Management Plan, and d) Active Transportation Plans.

Corridor Studies:
A corridor study serves as a quantitative assessment of current and future transportation needs in a corridor from a "complete streets" perspective. Addressing a period between twenty and forty years, the corridor plan evaluates operational strategies that maintain and optimize corridor performance and asset management in addressing travel delay, resilience, travel time reliability, mode shift, goods movement, vehicle miles traveled, congestion, and greenhouse gas reduction.

Monster:
The Monster provides reliable, accessible, shareable, quality controlled and documented data for use by Caltrans and its partners. The report supports analysis and decision making enabled by a robust data governance framework to get the right information to the right people at the right time.

District System Management Plan (DSMP):
A long-range improvement strategic and policy planning document, which is based on anticipated funding. The DSMP represents how the district envisions the transportation system will be maintained, managed and developed over the 20 years and beyond, and is the State's counterpart to the regional Transportation plan (RTP)

Active Transportation Plans:
System Planning prepares multi-modal Active Transportation Plans (ATP) that research, document, analyze, and plan strategies that address the needs of travelers of all ages, incomes, and abilities on the State Highway System. The Plan views all transportation improvements as opportunities to improve safety, access, mobility, and asset preservation for all active transportation users in the District. ATPs also recognize bicycle, pedestrian, and transit modes as integral elements of the transportation system that can play a role in the reduction of greenhouse gas emissions (GHG).

WORK ELEMENT 5
Air Quality Planning

The purpose of this work element is to advise the LTC on air quality issues and policies; to ensure that transportation plans, programs, and projects conform to the most recent air quality requirements; and to coordinate effectively with other government agencies on these matters.

Air quality conformity is the process wherein plans, programs, and projects are shown to meet the requirements of the Clean Air Act Amendments and the applicable State Implementation Plan. Mariposa County is designated to be in "non-attainment" for the pollutant ozone. It is important to involve the public in the regional transportation planning process and to participate with regional, local and state agencies, the general public and the private sector in planning efforts to identify and plan policies, strategies, programs and actions that maximize and implement the regional transportation infrastructure. To facilitate this, the LTC works closely with the Mariposa County Air District, Caltrans District 10, neighboring counties and other agencies on matters of air quality.

WORK ELEMENT 8
Integrated Mobility and Housing Strategy Plan

The purpose of this element is to combine stakeholder engagement and a range of analytical techniques to identify a pragmatic strategy for developing coordinated workforce housing and mobility projects in Mariposa County. A partnership between Mariposa County and Yosemite National Park, this collaborative will evaluate the suitability of strategic sites for medium- and high-density housing outside of the park, determine the mobility enhancements needed to connect future housing nodes with employment opportunities within the park, and recommend a strategy for jointly implementing the housing and mobility investments needed to connect Mariposa's residents to and from where they live and work. Responsible parties, partner agencies, and regional transit services providers who have or are anticipated to be engaged in the project include the Mariposa County Housing Department, Yosemite Conservancy, Mariposa County Housing Programs Advisory Committee, Yosemite Area Regional Transporation System (YARTS), Yosemite Employee Association, and others identified by the unfolding planning process.

The project is funded with SB1 funds, some of which are allocated through the SB1 Sustainable Communities Formula. The intent of the Sustainable Communities Formula Grants is to carry out the objectives of the region's RTP SCS (where applicable) and the RTP Guidelines Appendices K and L. By aligning enhancements in mobility (including both regional transit and active transportation modes) with future investments in multi-family housing, this project will result in a better connected, more livable, and equitable rural community. The final product, the Integrated Mobility and Housing Strategy Plan, is anticipated to be complete February 2023.

Previous Work

- Kick Off Meeting with District 10 staff (November 17, 2020)
- Task 1.2: Request for Proposals; report to LTC; Professional Services Agreement (March 2021)
- Task 1.3: Stakeholder Engagement Protocols (May 2021)
- Task 2.1: Planning Context summary white paper (July 2021)

Proposed Products

- Task 2.2: Collect Community Perspectives (July 2021 - February 2022)
- Task 2.3: Summarize Baseline Conditions (November 2021 - March 2022)
- Task 3.1: Preliminary Housing and Mobility Projects (March 2022-June 2022)
- Task 3.2: Community Engagement—Preliminary Housing and Mobility Projects (March 2022-June 2022)

Attachment: OWP FY 21-22 Draft (11808 : Approve Transportation Planning Overall Work Program for FY 21/22)

Work Activities

1. Activity 2.2: Collect Community Perspectives (July 2021 - February 2022)
    - With assistance from Mariposa County staff and Yosemite National Park, the consultant team will host a series of facilitated focus groups with strategic stakeholders to shape the inquiry and investigation in future tasks in the project. Participants in these dialogues will be targeted towards stakeholders with advanced knowledge and/or implementation responsibilities related to regional housing and mobility issues, emphasizing the needs and perspectives of disadvantaged community members. A final roster of focus group participants will be determined in conjunction with the selected consultant team, who will include central partners involved in the preliminary shaping of this project to date.

2. Activity 2.3: Summarize Baseline Conditions (November 2021 - March 2022)
    - After defining the planning context in which the Integrated Mobility and Housing Strategy occurs, and connecting with essential stakeholders to gain a qualitative understanding of the specific regional housing and mobility issues plaguing this segment of Mariposa County's workforce, the consultant team will collect these baseline conditions into a clear and compelling summary. This summary will describe the current and future need for both housing and related transit services to support that housing in Mariposa County for Yosemite National Park Personnel, functioning as a need's assessment, identifying benchmarks and performance measures by which to evaluate the recommendations developed in later project tasks. The format of the Baseline Conditions Summary will be determined in conjunction with the selected consultant team. This format will be incorporated into the final Integrated Mobility and Housing Strategy deliverable.

3. Activity 3.1: Preliminary Housing and Mobility Projects (March 2022-June 2022)
    - Having established benchmarks and performance measures for needed residential and mobility investments in the prior phase, the consultant team will next propose a preliminary vision for potential projects on 10-20 strategic sites in Mariposa County. Our partnership fully expects the ideas generated to be preliminary, and the materials are to be used to stimulate and structure community dialogue in subsequent project tasks. Potential sites will be identified through a rigorous analytical process which considers a variety of criteria. For each potential site, the consultant team will propose a strategy for providing the transportation investments needed to provide adequate mobility for potential future residents to and from employment opportunities in Yosemite. We anticipate that strategies may vary depending on site location, and could be site specific or could suggest larger, systemic enhancements to regional transportation infrastructure.

      Additionally, for each potential site, the consultant team will provide recommendations for development products that are appropriate for the individual site contexts. Recommendations will include conceptual proposals related to building scale and mass--but not more detailed physical characteristics, like articulation, form, or materiality.

Attachment: OWP FY 21-22 Draft (11808 : Approve Transportation Planning Overall Work Program for FY 21/22)

4. Activity 3.2: Community Engagement—Preliminary Housing and Mobility Projects (March 2022-June 2022)
    - Our partnership conceptualizes the recommendations from the previous task as preliminary, and as an opportunity to foster meaningful dialogue with the community on rural context sensitive transit-oriented development. In this task, our partnership will apply innovative stakeholder engagement techniques to solicit feedback on the preliminary recommendations from a broad cross-section of the regional community.

      We anticipate these and future engagement activities to occur at two scales: first, among the core stakeholder groups who have served essential sounding boards in the shaping of this project to date, and second, among the wider regional community at large. The format and structure of these engagement activities will vary depending on the scale of the intended audience, and will correspond with

      the engagement protocols developed in conjunction with the selected consultant team during the first phase of the project. We anticipate a minimum of one meeting with each focus group convened in the previous phase, and a minimum of two interactive, hands-on workshops with the broader community at this phase. If necessary, community input will also be solicited electronically, through tools such as online surveys and workshop webinars.

MEETING: May 25, 2021

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Adopt Resolution and Project List for RMRA Road Projects for FY 21/22

RECOMMENDATION AND JUSTIFICATION:
Adopt a Resolution authorizing the FY 21/22 RMRA Funding; and authorize the Director, Public Works & Transportation to file the Resolution and project list with the State Transportation Commission.

RMRA is road maintenance funding which is traditionally referred to as SB1 funding. Over the past four (4) years the funding has proven invaluable for meeting local share in the aftermath of numerous disaster events and to deliver road improvements to the County Maintained System.

In order to receive this funding the Board must pass a Resolution approving participation in the program, submit an approved list of projects and meet the requirements of Maintenance of Effort (MOE).

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board has passed this annual Resolution each and every year since passage of SB1.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Should the Board choose not to pass this Resolution the County would not receive roughly $1.4 M in additional Roads Funding.

FINANCIAL IMPACT:
The Board is required to appropriate Maintenance of Effort Funding in order to receive SB 1 Funding

WHEREAS, Senate Bill SB1, the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by the Governor in April of 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB1 includes accountability and transparency provisions that will ensure the residents of Mariposa County are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the Mariposa County Board of Supervisors must adopt by resolution a list of proposed projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and location of each proposed project, a proposed schedule for the projects completion and the estimated useful life of the improvement; and

WHEREAS, Mariposa County will receive an estimated $1,400,000.00 in RMRA Funding in Fiscal Year 21/22 from SB1; and

WHEREAS, this is the fourth year in which Mariposa County is receiving SB1 funding, which will enable the County to continue essential road maintenance and rehabilitation projects, safety improvements, repair and replace aged bridges, and increase access and mobility options for the traveling public that would not otherwise be possible without SB 1; and

WHEREAS, the funding from SB 1 will help Mariposa County maintain and rehabilitate 564 miles of County roads and bridges throughout the County and will fund road maintenance equipment this year and many projects into the future; and

WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that the County's streets and roads are in good to poor condition and this revenue will help us increase the overall quality of our roads system and over the next decade will bring our streets and roads into a good condition; and

E. ADMINISTERING AGENCY agrees, as a minimum, to submit invoices at least once every six months commencing after the funds are encumbered for each phase by the execution of this Project Program Supplement Agreement, or by STATE's approval of an applicable Finance Letter. STATE reserves the right to suspend future authorizations/obligations for Federal aid projects, or encumbrances for State funded projects, as well as to suspend invoice payments for any on-going or future project by ADMINISTERING AGENCY if PROJECT costs have not been invoiced by ADMINISTERING AGENCY for a six-month period.

If no costs have been invoiced for a six-month period, ADMINISTERING AGENCY agrees to submit for each phase a written explanation of the absence of PROJECT activity along with target billing date and target billing amount.

ADMINISTERING AGENCY agrees to submit the final report documents that collectively constitute a "Report of Expenditures" within one hundred eighty (180) days of PROJECT completion. Failure of ADMINISTERING AGENCY to submit a "Final Report of Expenditures" within 180 days of PROJECT completion will result in STATE imposing sanctions upon ADMINISTERING AGENCY in accordance with the current Local Assistance Procedures Manual.

F. Administering Agency shall not discriminate on the basis of race, religion, age, disability, color, national origin, or sex in the award and performance of any Federal-

assisted contract or in the administration of its DBE Program Implementation Agreement. The Administering Agency shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of Federal-assisted contracts. The Administering Agency's DBE Implementation Agreement is incorporated by reference in this Agreement. Implementation of the DBE Implementation Agreement, including but not limited to timely reporting of DBE commitments and utilization, is a legal obligation and failure to carry out its terms shall be treated as a violation of this Agreement. Upon notification to the Administering Agency of its failure to carry out its DBE Implementation Agreement, the State may impose sanctions as provided for under 49 CFR Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq.).

G. Any State and Federal funds that may have been encumbered for this project are available for disbursement for limited periods of time. For each fund encumbrance the limited period is from the start of the fiscal year that the specific fund was appropriated within the State Budget Act to the applicable fund Reversion Date shown on the State approved project finance letter. Per Government Code Section 16304, all project funds not liquidated within these periods will revert unless an executed Cooperative Work Agreement extending these dates is requested by the ADMINISTERING AGENCY and approved by the California Department of Finance.

ADMINISTERING AGENCY should ensure that invoices are submitted to the District Local Assistance Engineer at least 75 days prior to the applicable fund Reversion Date to avoid the lapse of applicable funds. Pursuant to a directive from the State Controller's Office and the Department of Finance; in order for payment to be made, the last date the District Local Assistance Engineer can forward an invoice for payment to the Department's Local Programs Accounting Office for reimbursable work for funds that are going to revert at the end of a particular fiscal year is May 15th of the particular fiscal year. Notwithstanding the unliquidated sums of project specific State and Federal funding remaining and available to fund project work, any invoice for reimbursement involving applicable funds that is not received by the Department's Local Programs Accounting Office at least 45 days prior to the applicable fixed fund Reversion Date will not be paid. These unexpended funds will be irrevocably reverted by the Department's Division of Accounting on the applicable fund Reversion Date.

H. As a condition for receiving federal-aid highway funds for the PROJECT, the Administering Agency certifies that NO members of the elected board, council, or other key decision makers are on the Federal Government Exclusion List. Exclusions can be found at www.sam.gov.

2. A. ADMINISTERING AGENCY shall conform to all State statutes, regulations and procedures (including those set forth in the Local Assistance Procedures Manual and the Local Assistance Program Guidelines, hereafter collectively referred to as "LOCAL ASSISTANCE PROCEDURES") relating to the federal-aid program, all Title 23 Code of

Federal Regulation (CFR) and 2 CFR Part 200 federal requirements, and all applicable federal laws, regulations, and policy and procedural or instructional memoranda, unless otherwise specifically waived as designated in the executed project-specific PROGRAM SUPPLEMENT.

B. Invoices shall be formatted in accordance with LOCAL ASSISTANCE PROCEDURES.

C. ADMINISTERING AGENCY must have at least one copy of supporting backup documentation for costs incurred and claimed for reimbursement by ADMINISTERING AGENCY. ADMINISTERING AGENCY agrees to submit supporting backup documentation with invoices if requested by State. Acceptable backup documentation includes, but is not limited to, agency's progress payment to the contractors, copies of cancelled checks showing amounts made payable to vendors and contractors, and/or a computerized summary of PROJECT costs.

D. Indirect Cost Allocation Plan/Indirect Cost Rate Proposals (ICAP/ICRP), Central Service Cost Allocation Plans and related documentation are to be prepared and provided to STATE (Caltrans Audits & Investigations) for review and approval prior to ADMINISTERING AGENCY seeking reimbursement of indirect costs incurred within each fiscal year being claimed for State and federal reimbursement. ICAPs/ICRPs must be prepared in accordance with the requirements set forth in 2 CFR, Part 200, Chapter 5 of the Local Assistance Procedural Manual, and the ICAP/ICRP approval procedures established by STATE.

E. STATE will withhold the greater of either two (2) percent of the total of all federal funds encumbered for each PROGRAM SUPPLEMENT or $40,000 until ADMINISTERING AGENCY submits the Final Report of Expenditures for each completed PROGRAM SUPPLEMENT PROJECT.

F. Payments to ADMINISTERING AGENCY for PROJECT-related travel and subsistence (per diem) expenses of ADMINISTERING AGENCY forces and its contractors and subcontractors claimed for reimbursement or as local match credit shall not exceed rates authorized to be paid rank and file STATE employees under current State Department of Personnel Administration (DPA) rules. If the rates invoiced by ADMINISTERING AGENCY are in excess of DPA rates, ADMINISTERING AGENCY is responsible for the cost difference, and any overpayments inadvertently paid by STATE shall be reimbursed to STATE by ADMINISTERING AGENCY on demand within thirty (30) days of such invoice.

G. ADMINISTERING AGENCY agrees to comply with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirement for Federal Awards.

H. ADMINISTERING AGENCY agrees, and will assure that its contractors and subcontractors will be obligated to agree, that Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31, et seq., shall be

used to determine the allowability of individual PROJECT cost items.

I. Every sub-recipient receiving PROJECT funds under this AGREEMENT shall comply with 2 CFR, Part 200, 23 CFR, 48 CFR Chapter 1, Part 31, Local Assistance Procedures, Public Contract Code (PCC) 10300-10334 (procurement of goods), PCC 10335-10381 (non-A&E services), and other applicable STATE and FEDERAL regulations.

J. Any PROJECT costs for which ADMINISTERING AGENCY has received payment or credit that are determined by subsequent audit to be unallowable under 2 CFR, Part 200, 23 CFR, 48 CFR, Chapter 1, Part 31, and other applicable STATE and FEDERAL regulations, are subject to repayment by ADMINISTERING AGENCY to STATE.

K. STATE reserves the right to conduct technical and financial audits of PROJECT WORK and records and ADMINISTERING AGENCY agrees, and shall require its contractors and subcontractors to agree, to cooperate with STATE by making all appropriate and relevant PROJECT records available for audit and copying as required by the following paragraph:

ADMINISTERING AGENCY, ADMINISTERING AGENCY'S contractors and subcontractors, and STATE shall each maintain and make available for inspection and audit by STATE, the California State Auditor, or any duly authorized representative of STATE or the United States all books, documents, papers, accounting records, and other evidence pertaining to the performance of such contracts, including, but not limited to, the costs of administering those various contracts and ADMINISTERING AGENCY shall furnish copies thereof if requested. All of the above referenced parties shall make such AGREEMENT, PROGRAM SUPPLEMENT, and contract materials available at their respective offices at all reasonable times during the entire PROJECT period and for three (3) years from the date of submission of the final expenditure report by the STATE to the FHWA.

L. ADMINISTERING AGENCY, its contractors and subcontractors shall establish and maintain a financial management system and records that properly accumulate and segregate reasonable, allowable, and allocable incurred PROJECT costs and matching funds by line item for the PROJECT. The financial management system of ADMINISTERING AGENCY, its contractors and all subcontractors shall conform to Generally Accepted Accounting Principles, enable the determination of incurred costs at interim points of completion, and provide support for reimbursement payment vouchers or invoices set to or paid by STATE.

M. ADMINISTERING AGENCY is required to have an audit in accordance with the Single Audit Act of 2 CFR 200 if it expends $750,000 or more in Federal Funds in a single fiscal year of the Catalogue of Federal Domestic Assistance.

N. ADMINISTERING AGENCY agrees to include all PROGRAM SUPPLEMENTS adopting the terms of this AGREEMENT in the schedule of projects to be examined in ADMINISTERING AGENCY's annual audit and in the schedule of projects to be

RESOLUTION - ACTION REQUESTED 2021-27

MEETING: January 12, 2021

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Adopt a Resolution Use of CMAC Funding to Pave Leonard Road

---

RECOMMENDATION AND JUSTIFICATION:
Adopt a Resolution seeking approval for the Leonard Road Surface Project utilizing Congestion Mitigation Air Quality (CMAQ) Program Funding in the amount of $900,000.

CMAQ Funding can be applied for advancing projects that minimize traffic congestion or improve air quality, this project seeks to improve the traffic generated dust particulates estimated to exceed 55,000 pounds per year within this heavily residential area of the County.

Staff looked at a number of potential gravel roads to offer as a CMAQ Project but either other locations far exceeded the available funding to complete the project or the particulate level or impacts on residential homes were less than it was determined at this site.

This road improvement has long been promised to the residents of this area. Roughly 20 years ago this project began only to be cut short when funding was lost or reapportioned to a higher priority at the time. This project will partially fill a paving gap in an area where numerous residential properties are situated. This project will greatly improve the air quality of the area dramatically for the estimated 123 residential properties in the immediate area that use this road.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
To our knowledge this is the first time that CMAQ Funding has been used by the County for this purpose and our project application will need both State and Federal Approval. At this juncture staff is simply seeking your approval to submit this project for consideration by both State and Federal Funding Authorities.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Staff will seek to find other uses for this project funding.

FINANCIAL IMPACT:

This project will be funded using CMAC Monies 88.53% and request that Toll Credits, if available, be used for the remaining 11.47% Local Share. Should Toll Credits not be available we propose to use SB1 resources for the Local Match.

RE: Purchase Permanent Easement for a Downtown Parking Purpose

---

RECOMMENDATION AND JUSTIFICATION:
Purchase a Permanent Easement from the Mariposa United Methodist Church, Assessor's Parcel Number 013-183-0150 for Purposes of Public Parking in the Amount of $3,900, Including All Associated Fees; and Authorize the Board of Supervisors Chair to Sign the Agreement and Any Documents Necessary for This Transaction (Subject to Approval as to Legal Form by County Counsel).

This is a parking lot easement which needs to be accomplished in order to perform Parking Lot Rehabilitation work as part of the Downtown Revitalization Project.

Per previous Board Action this parcel easement was appraised and successful negotiations pursued on behalf of the County by Willdan.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board hired Willdan to appraise and negotiate with various property owners in order to secure permanent easements for public parking in the downtown Central Business District. The acquisition of Permanent Easements is a requirement of the Federal Grant which is funding the Downtown Revitalization Project.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Should this not be approved and permanent easements not secured no Federal Project Grant funds can be used to make improvements to parking lots.

FINANCIAL IMPACT:
None, the Board has appropriated funds from the MID Settlement to fund these easement procurements.

PURCHASE AND SALE AGREEMENT

This Purchase and Sale Agreement ("Agreement") is made and entered into as of _____ ("Effective Date") by and between the County of Mariposa, a political subdivision of the State of California ("Grantee") and Mariposa United Methodist Church, a Corporation ("Grantor"). Grantee and Grantor are sometimes individually referred to as "Party" and collectively as "Parties."

RECITALS

A. Grantor is the owner of certain real property located at 4993 State Highway 140, Mariposa, County of Mariposa, State of California, designated as Assessor's Parcel Number 013-183-0150 ("Property").

B. Grantee desires to acquire a portion of the Property which is necessary for the Mariposa County Parking District Rehabilitation Project ("Project"), a public use for which Grantee has the authority to exercise the power of eminent domain. The Parties acknowledge that this Agreement is made and entered into under threat of eminent domain. The Parties further desire to fully and finally resolve all claims, rights, interests and/or disputes relating to Grantee's construction and operation of the Project in the manner proposed as well as the acquisition, possession and/or use of the Acquisition Area (defined below).

The interest in the Property to be acquired pursuant to this Agreement (collectively, the "Acquisition Area") is 2,476± sf of Permanent Easement Interest as more fully described in Exhibit A and depicted in Exhibit B to the Easement Deed attached hereto as Exhibit 1 and incorporated herein by this reference.

C. The Parties acknowledge and agree that the Acquisition Area is (i) being acquired for a public use; (ii) necessary for the construction, operation and/or maintenance of the Project; and (iii) being acquired pursuant to this Agreement in lieu of a condemnation action or proceeding.

NOW, THEREFORE, in consideration of the foregoing facts and circumstances, the covenants, agreements, representations and/or warranties contained herein, as well as other good and valuable consideration, the receipt and sufficiency of which is acknowledged by each of the Parties, the Parties hereto do hereby agree as follows:

AGREEMENT

1. PURCHASE AND SALE; GRANTEE'S ADDITIONAL WORK.

a. Grantor agrees to sell, and Grantee agrees to purchase the Acquisition Area upon and subject to the terms and conditions set forth herein.

b. The purchase price for the Acquisition Area shall be TWO THOUSAND EIGHT HUNDRED DOLLARS AND NO CENTS ($2,800.00) ("Purchase Price").

c. The Purchase Price reflects the fair market value of the Acquisition Area without the presence of contamination. If the property being acquired is found to be contaminated by the presence of Hazardous Waste which requires mitigation under Federal or State law, Grantee may elect to recover its cleanup costs as allowed by law.

2. FULL AND COMPLETE SETTLEMENT IN LIEU OF CONDEMNATION.

a. Grantor acknowledges and agrees that payment and receipt of the Purchase Price includes, without limitation, full payment of just compensation for Grantee's acquisition of the Acquisition Area and/or construction and operation of the Project in the manner proposed, including, without limitation, claims for lease bonus value, lost rents, damage to improvements, severance damages, business goodwill, furniture, fixtures and equipment, pre-condemnation damages, claims of inverse condemnation, attorneys' fees, costs, interest, and any and all other damages, causes of action and demands of Grantor against Grantee because of Grantee's purchase of the Acquisition Area and for any and all claims (known and unknown) arising from or relating to the purchase and sale which is the subject of this Agreement. Consistent with the foregoing, Grantor, on behalf of itself and its heirs, executors, administrators, successors and assigns, acknowledges that Grantee's performance under this Agreement constitutes full and complete satisfaction of Grantee's obligations to compensate Grantor not only for the purchase of the Acquisition Area, but also for construction and/or operation of the Project.

b. Grantor expressly acknowledges that execution of this Agreement does not constitute a waiver or other limitation on Grantee's constitutional and/or statutory right to commence an eminent domain proceeding in Superior Court to either (1) acquire the Acquisition Area to address a defect in Grantor's ability to convey clear and unencumbered title to Grantee; or (2) to clear any additional recorded or unrecorded encumbrances that impact Grantee's ability to own and possess the Acquisition Area free of any encumbrance, license, easement, property right and/or lien.

3. GRANTOR'S WARRANTIES, REPRESENTATIONS AND COVENANTS.

Grantor hereby warrants, represents and/or covenants to Grantee that:

a. Grantor owns the Property in fee simple and has full power and authority to sell, transfer and/or otherwise convey the Acquisition Area to Grantee and to perform its obligations pursuant to this Agreement.

b. To the best of Grantor's knowledge, there are no action, suits, material claims, mechanics or materialmen liens, legal proceedings or any other proceedings or claims affecting the Property or any portion thereof, at law or in equity before any court or governmental agency, domestic or foreign.

c. Grantor shall not do anything which would impair Grantor's title to any of the Acquisition Area during the completion of the acquisition process contemplated in this Agreement.

d. To the best of Grantor's knowledge, neither the execution of this Agreement nor the performance of the obligations herein will conflict with or breach any of the provisions of any bond, note, evidence of indebtedness, contract, lease or other agreement or instrument to which the Acquisition Area may be bound.

e. Other than as is disclosed or covered in this Agreement, there are no agreements for occupancy in effect for the Acquisition Area, and no unrecorded possessory interests or unrecorded agreements that would adversely affect Grantee's use of the Acquisition Area. Grantor will not enter into any agreements or undertake any obligations prior to Closing which will in any way burden, encumber or otherwise affect the Acquisition Area without the prior written consent of Grantee, including, without limitation, any agreements for occupancy or use of the Acquisition Area.

f. Grantor is aware of and shall comply with its obligation under California Health and Safety Code Section 25359.7 to disclose information to Grantee regarding the environmental status of the Property. To Grantor's knowledge, the Property and any contiguous real property owned by Grantor is not in violation of any federal, state or local statute, regulation or ordinance relating to industrial hygiene or to environmental conditions on, under or about the Property, including, without limitation, soil and groundwater conditions underlying the Property which could affect the Property, including, without limitation, the Acquisition Area, or its use.

g. Until the close of escrow, Grantor shall upon learning of any fact or condition which would cause any of Grantor's warranties and representations in this Agreement not to be true as of closing, immediately give written notice of such fact or condition to Grantee.

h. Grantor shall maintain the Acquisition Area in good condition and shall perform all of its obligations under any service contracts or other contracts affecting the Acquisition Area until the Effective Date.

i. Each of the above warranties and representation is material and is relied upon by Grantee separately and collectively. Each of the above representations and warranties shall be deemed to have been made as of the date of execution of this Agreement and shall survive the recording of the deeds for the Acquisition Area.

4. POSSESSION.

Upon execution of this Agreement by Grantee and Grantor, and deposit of funds in the amount of the Purchase Price into Escrow, Grantee shall have the right of possession and use of the Acquisition Area, including, without limitation, the right to remove and dispose of improvements thereon, thereat and/or thereto and construct the Project.

5. DAMAGE OR DESTRUCTION OF PROPERTY.

Prior to the transfer of title, should the Acquisition Area or any improvements thereon be materially damaged or destroyed by fire, earthquake or other calamity without the fault of Grantee, Grantee may elect to terminate this Agreement by written notice to Grantor. Such termination shall relieve the Parties of their obligations under this Agreement. Grantee, in its sole discretion may elect to reappraise the Property and make an offer to purchase the Property.

6. GRANTEE REPRESENTATION.

Grantee makes no representation, warranty, covenant or agreement that the Project shall be constructed or operated; and Grantor acknowledges and agrees that no obligation, liability or duty whatsoever shall exist or be incurred by Grantee or any other person or entity to Grantor or any other person or entity as a result of any failure to construct or operate the Project for any reason. The foregoing agreement of Grantor shall survive the Closing, or the termination of this Agreement by either party (whether Grantor or Grantee) for any reason, including a breach by the other party.

7. TIME OF ESSENCE.

Time is of the essence of each and every term, condition, obligation and provision of this Agreement.

RESOLUTION - ACTION REQUESTED

MEETING: May 25, 2021

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Purchase of Real Property in a Downtown Parking Lot

RECOMMENDATION AND JUSTIFICATION:
Purchase Assessor's Parcel Number 013-184-0100 Located Within the Vehicle Parking District for the Purchase Price of $58,806; Find This Action Exempt from Environmental Review; and Authorize the Board of Supervisors Chair to Sign the Notice of Exemption and the Purchase Agreement .

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On December 17, 2019 the Board authorized as part of Board Resolution 2019 - 729 a budget to purchase parking rights within the downtown parking lots. Attached is a Purchase and Sale Agreement for a large parcel within the parking lot between 5th and 6th Street.

The Board approved the retention of Willdan Engineering to facilitate real estate services on behalf of the County and they have negotiated and forwarded this Purchase and Sale Agreement for consideration by the Board.

The Board approved a resolution of intention to sell this property with Resolution 2021-221, which has been advertised for three consecutive weeks in the Mariposa Gazette.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
An opportunity to purchase land required for parking to enhance the viability of the Central Business District would be lost.

FINANCIAL IMPACT:
Sufficient dollars have been appropriated in the MID Settlement Fund.

RESOLUTION - ACTION REQUESTED 2019-729

MEETING: December 17, 2019

TO: The Board of Supervisors

FROM: Dallin Kimble, County Administrative Officer

RE: MID Settlement Budget Action

RECOMMENDATION AND JUSTIFICATION:

Approve a Budget Action Transferring $1.09 Million from the MID Settlement Fund for Creek Parkway Land Acquisition, a Water Project Feasibility Study, a Master Parks and Resiliency Plan and Parking Easements.

In November 2017, Mariposa County settled a legal dispute with Merced Irrigation District (MID) that, among other things, awarded the County a one-time payment of $1.5 million, a percentage of MID sales up to $300,000 annually for thirty (30) years and an escrow of up to $18 million for a future water project.

MID settlement funds have been isolated in the budget to preserve the Board's ability to be intentional and strategic with settlement dollars. An initial allocation was used to help finance a new financial system ($200,000), support Government Center roof replacement ($113,000), design a place brand ($53,000), repair the El Portal swimming pool ($50,000), provide matching funds for the Detwiler Fire response ($50,000) and redesign the County website ($11,000). The remaining balance in the MID Settlement Fund is $1,504,041.

Previous Board direction regarding these funds encourages spending focused on one-time, non-operational expenses that leave a positive, enduring impact. To the extent possible, staff would also like these funds to create opportunities for additional revenue that will magnify the effect and deliver desirable amenities.

In order to meet the objectives set forth by the Board, staff recommends MID settlement allocations for the following projects:

$250,000 for a water project feasibility study. As mentioned previously, the County is entitled to up to $18 million in funds for a water project in Mariposa County. This allocation would allow the County, or the County Water Agency, to begin the process of investigating possible projects to determine which options will be most feasible and beneficial to the county.

Attachment: Res 2019-729 (11579 : Purchase of Real Property in a Downtown Parking Lot)

$150,000 for a master parks and resiliency plan. With the passage of Proposition 68, significant grant dollars have been and will continue to be made available for recreation projects. The California Department of Parks and Recreation has advised cities and counties that many of the upcoming grant dollars will be contingent on the existence of a recently adopted master parks and resiliency plan. Allocating these funds will make the County eligible to apply for several million dollars that can be used for projects across the county.

$450,000 for parking easements. The County was recently awarded a $6.3 million grant for road and infrastructure work in downtown Mariposa. Staff is also in discussions with potential developers interested in significant capital investment that would add demand for parking in the downtown area. Both projects would be complemented by the acquisition of additional parking easements for the Mariposa Parking District.

$240,000 for Mariposa Creek Parkway land acquisition. The County is in discussions with the Sierra Foothill Conservancy for assistance acquiring four parcels encompassing more than 350 acres along the Mariposa Creek Parkway. The potential agreement intends to not only secure ownership of land for the Creek Parkway project at a fraction of the cost of an outright purchase, but would also secure more build-able land for a new sheriff's station, improves the County's position in applying for up to $2 million in additional recreation grants to complete the Mariposa Creek Parkway and associated trails, and provides additional land in and around a developed portion of the county for recreation, housing and/or economic development.

Each of these projects meets Board criteria for a positive, lasting effect. Listed projects also create opportunities to secure additional revenue and desirable amenities for Mariposa County. Accordingly, staff recommends approval of the budget action as presented.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board considers budget requests on a regular basis. No allocations for the MID Settlement Fund were made in the current budget.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve the budget action. Listed projects will need alternate revenue sources to move forward.

Amend the budget action. The Board can modify the budget action as desired.

FINANCIAL IMPACT:
This action transfers money from the MID Settlement Fund to appropriate budgets for desired projects

b. Grantor expressly acknowledges that execution of this Agreement does not constitute a waiver or other limitation on Grantee's constitutional and/or statutory right to commence an eminent domain proceeding in Superior Court to either (1) acquire the Acquisition Area to address a defect in Grantor's ability to convey clear and unencumbered title to Grantee; or (2) to clear any additional recorded or unrecorded encumbrances that impact Grantee's ability to own and possess the Acquisition Area free of any encumbrance, license, easement, property right and/or lien.

3. GRANTOR'S WARRANTIES, REPRESENTATIONS AND COVENANTS.

Grantor hereby warrants, represents and/or covenants to Grantee that:

c. Grantor shall not do anything which would impair Grantor's title to any of the Acquisition Area during the completion of the acquisition process contemplated in this Agreement.

d. To the best of Grantor's knowledge, neither the execution of this Agreement nor the performance of the obligations herein will conflict with or breach any of the provisions of any bond, note, evidence of indebtedness, contract, lease or other agreement or instrument to which the Acquisition Area may be bound.

e. Other than as is disclosed or covered in this Agreement, there are no agreements for occupancy in effect for the Acquisition Area, and no unrecorded possessory interests or unrecorded agreements that would adversely affect Grantee's use of the Acquisition Area. f. Grantor is aware of and shall comply with its obligation under California Health and Safety Code Section 25359.7 to disclose information to Grantee regarding the environmental status of the Property. To Grantor's knowledge, the Property and any contiguous real property owned by Grantor is not in violation of any federal, state or local statute, regulation or ordinance relating to industrial hygiene or to environmental conditions on, under or about the Property, including, without limitation, soil and groundwater conditions underlying the Property which could affect the Property, including, without limitation, the Acquisition Area, or its use.

g. Until the close of escrow, Grantor shall upon learning of any fact or condition which would cause any of Grantor's warranties and representations in this Agreement not to be true as of closing, immediately give written notice of such fact or condition to Grantee.

h. Grantor shall maintain the Acquisition Area in good condition and shall perform all of its obligations under any service contracts or other contracts affecting the Acquisition Area until the Effective Date.

Such termination shall relieve the Parties of their obligations under this Agreement. Grantee, in its sole discretion may elect to reappraise the Property and make an offer to purchase the Property.

6. GRANTEE REPRESENTATION.

Grantee makes no representation, warranty, covenant or agreement that the Project shall be constructed or operated; and Grantor acknowledges and agrees that no obligation, liability or duty whatsoever shall exist or be incurred by Grantee or any other person or entity to Grantor or any other person or entity as a result of any failure to construct or operate the Project for any reason. 7. TIME OF ESSENCE.

Time is of the essence of each and every term, condition, obligation and provision of this Agreement.

Celebrating 50 years of service

MARIPOSA VEHICLE PARKING DISTRICT

SCOPE OF WORK

Willdan understands that in 1975 Mariposa County formed Vehicle Parking District Number 1 pursuant to the Vehicle Parking District Law of 1943. The Vehicle Parking District Law of 1943 provided for the imposition of an ad valorem tax on properties within the district and for annual adjustments in the tax. It is understood, that the tax has not been adjusted for a number of years and that an ad valorem tax may not be the most appropriate means of assessing the properties within the District. There are currently 223 parking spaces within the parking district, 55 private, 68 on street, and 100 in the 3 parking lots. Mariposa desires to continue the parking enhancements provided by Parking District Number 1. It is understood that the 5th Street and Upper 6th Street parking lots were paved prior to the formation of the parking district and have not had significant preventative maintenance since that time. The Lower 6th Street parking lot is unpaved. The Parking District currently receives approximately $4,500 annually from the assessments on approximately 35 parcels within the district. The annual revenue provides for minimal expenditures beyond annual rental payments.

The original intent to form the District made reference to acquiring the parking lots and access, but was not specific about how they were to be acquired. The acquisition appears to have been accomplished through leases. These leases have been quite controversial with some of the lessors and are probably not the appropriate method to secure ongoing rights to improve and maintain the parking lots. These leases do not provide a reliable means of guaranteeing the Districts rights to the parking lot properties into the future. This is particularly true as the District plans for longer term investments in improvements to the existing parking lots or the possible inclusion of additional lots in the future.

The goal of this project is to develop a district that will provide revenue to maintain the enhanced parking into the future. Securing long term rights to the property is an integral aspect of creating a viable district. Various options for creating a viable parking district provided in the Streets and Highways Code have been explored. The advantage of some of the Streets and Highways Code options are that they provide for business owners rather than property owners to be assessed. While assessing the business owners within the existing Parking District is appealing as business ownership and usage change it would be increasingly difficult manage and increased administrative costs would likely negate any perceived benefits. After discussion and review with

Attachment: Parking Real Estate Services Agreement (11579 : Purchase of Real Property in a Downtown Parking Lot)

the County, the initial determination is that the formation of a new Zone of Benefit within the existing Countywide County Service Area Number 1 is an attractive option. This option would allow continued parking enhancements within the community of Mariposa. The proposed boundaries of the expanded parking district have been tentatively determined and easements are proposed as the appropriate means of acquiring the property rights to the land that the parking lots occupy. Assessing the businesses within the district in proportion to the number of parking spaces required by zoning and use is recommended as the appropriate means of distributing the costs.

Willdan recommends that Doug Wilson manage all phases of the project for the County.

Phase 1. Project Management

The management of the project will include attending meetings with the County to provide progress updates, gather information, coordinate subconsultant's activities and prepare invoices.

Phase 2. (Optional)

The first Phase of the project is to obtain environmental clearance. Even though this is a critical first phase of the project, it is listed as optional pending determination of whether the County will perform this service or it will be provided as a part of Willdan's activities.

Phase 3. Prepare Easement Deed Descriptions and Plats

RE: APPRAISAL AND ACQUISITION SERVICES FOR TWO PARKING LOTS COUNTY OF MARIPOSA

Mr. Wilson,

Thank you for the opportunity to submit a proposal to provide appraisal and acquisition services for two parking lots in the County of Mariposa (County). Bender Rosenthal Inc. (BRI) understands that the County is improving the parking lots in the area. The first part of that task is to acquire rights to the impacted parcels. Currently, both subject parking lots are on year to year leases, and given this, it has been determined that acquiring easements the best option. Furthermore, acquiring fee title will render the remaining lots non-conforming with the general plan and zoning. Though the acquisition of the easements is anticipated to be completed with local funds, the County will adhere to federal guidelines. BRI's scope includes all services that may be required for this project and is predicated on eleven (11) impacted parcels, requiring appraisal and acquisition services for nine (9) larger parcels. BRI understands the APNs to be as follows:

Bullion Street and 5th Street, Mariposa:

1. 013-183-0150, -0080, Mariposa Methodist
2. 013-183-0160, Dulcich
3. 813-183-0040, Rose
4. 013-183-0100, Carney

Hwy 140 and 5th street (between 5th and 6th street):

5. 013-184-0030, Foster
6. 013-184-0040, Pimentel Trust
7. 013-184-0110, Nady, Nancy Trust
8. 013-184-0110, Nady, James & Patricia Trust
9. 013-184-0060, -013-184-0120, Carney, John/Su Ann (assumed to be one larger parcel)

SCOPE OF WORK

The following outlines our scope, methodology and timeline for this project.

TASK 1. PROJECT MANAGEMENT

Project Management identifies, manages and controls quality. It is the cornerstone to successful project delivery. We understand that maintaining organized, accurate records and disseminating vital status information is fundamental for efficient project implementation. During the course of the Project, Jeff Aldal, SR/WA, R/W-NAC, will serve as the Project Manager. Jeff will oversee performance of the Tasks involved in delivery of the right of way. Typical tasks include providing status updates to the County, attending meetings, and making recommendations on right of way issues.

Attachment: Parking Real Estate Services Agreement (11579 : Purchase of Real Property in a Downtown Parking Lot)

BRI

TASK 2. VALUATION SERVICES

BRI will develop nine (9) appraisals that state the estimated fair market value of the permanent easements. The Appraisals will be reported in a narrative appraisal report format that will be prepared in conformance with and subject to the requirements of the Code of Professional Ethics and the Standards of Professional Practice of the Appraisal Institute, which fully incorporate the Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation, requirements related to the Uniform Relocation Assistance and Real Property Acquisition Act and state and federal statutes. Appraisal Mapping, Plat Maps and Legal Descriptions for the properties to be appraised will be provided to BRI by the County.

Deliverables:

- Nine (9) electronic Appraisal Reports that meet all State and Federal Standards. Printed and bound copies will be provided upon request.

Assumptions:

- No residential or business relocation is involved.
- No significant changes to the Parking District as part of the project, with no resulting damages to the improvements.
- Full documentation to Federal and State standards for all tasks.
- No expert witness testimony.
- No Coordination with State or Federal right of way departments, other than listed in scope.
- Notice of Decision to Appraise letters will be sent within 5 days of Notice to Proceed.
- Plats and Legal Descriptions will be provided by the County.

TASK 3. ACQUISITION SERVICES

Upon completion of the Waiver Valuation and establishment of Approval to Acquire for the parcel, BRI will work with the County to develop the contract and conveyance documents necessary to make offer. BRI will meet with the owners and convey documents up to 6 times in the first 60 days until acceptance or impasse is reached. Steps within the acquisition process are outlined below:

1. Review the project concept and design with staff and other consultants.
2. Review appraisals, title reports, maps and descriptions of the required parcels.
3. Prepare right-of-way contracts and other acquisition documents.
4. May meet with the property owners to discuss the project in general; review of maps and legal descriptions; confirm information about occupants/owners and make the official First Written Offer to owner.
5. The acquisition task assumes a settlement by the sixth contact by telephone or e-mail. A recommendation to the County will be made after impasse has been reached.
6. Deliver signed right-of-way contract and signed and acknowledged documents for a close transaction or deliver a memorandum explaining impasse.
7. If the property owner provides a counteroffer, BRI staff will prepare a recommendation to the County to accept, reject, or modify the counteroffer.
8. If the County accepts the counteroffer, BRI will prepare an Administrative Settlement that complies with State and Federal guidelines.
9. BRI's acquisition agents will maintain a parcel diary to document all interactions with property owners and their tenants.
10. BRI will prepare a final report, including transfer of all pertinent correspondence and files to the County.

Attachment: Parking Real Estate Services Agreement (11579 : Purchase of Real Property in a Downtown Parking Lot)

BRI

Deliverables:

- Acquisitions of up to nine (9) permanent easements

BRI will coordinate escrow closings and file all applicable forms and documents with the County Assessor's office.

Tasks to be considered include:

- Order nine (9) Preliminary Title Report @ $750 each.
- Draft Quitclaims, lessee consent to easements and other documents as necessary to obtain good and sufficient title.
- Work with title company to follow through with appropriate lenders, beneficiaries and trustees. Title Company to draft partial release and partial reconveyances.
- Prepare and send Request for Invoice and Demand to the Title Company.
- Copy and forward fully executed purchase agreement from the County.
- Send all executed acquisition documents through escrow and transmit to the appropriate parties, (property owner and the County).
- Prepare transmittal and forward closed files to the County.

Deliverables:

- Facilitate Title and Escrow support as outlined above for nine (9) parcels

RESOLUTION - ACTION REQUESTED

MEETING: May 25, 2021

TO: The Board of Supervisors

FROM: Dallin Kimble, County Administrative Officer

RE: CDBG Economic Development Grant for Childcare Feasibility Study

---

RECOMMENDATION AND JUSTIFICATION:
Adopt a Resolution Approving Submission of a Grant Application to Fund a Childcare Feasibility Study; and Authorize the Board of Supervisors Chair to Sign the Grant Agreement and Any Amendments Pertaining to this Grant (Subject to County Counsel Approval as to Legal Form).

Mariposa County has experienced a shortage of childcare options for several years. Seventeen percent (17%) of Mariposa County residents are under eighteen (18) years of age. Of these, as many as two thousand children under the age of twelve (12) need care from someone other than their parent(s) or guardian(s) for at least a portion of the day.

Mariposa County has approximately 406 childcare slots available across the county. Of those, 53 slots are with preschool programs that only offer half-day programs on days when public schools are in session. Another 40 childcare slots are located either inside Yosemite National Park or just outside the boundary and serve employees of the National Park Service or related contractors. The remaining 313 childcare slots are provided by family home childcare providers with varying levels of experience and space to provide services.

The lack of options has a long-term effect on employment. Single-parent families or families with multiple wage earners depend on childcare to go to work. Many workers have multiple jobs or work in industries, such as hospitality or law enforcement, that require weekend and overnight childcare options that can be a challenge for providers and even friends and family. The challenge is made more difficult in the context of a 14.9% poverty rate that indicates many workers' limited ability to pay for services.

A needs assessment survey conducted in the Fall of 2019 by First 5 Mariposa, in conjunction with the Mariposa County Health and Human Services Department, found a critical need for quality childcare services available outside of regular school and work hours. Although telework has become more common since the conclusion of that assessment, many teleworkers have a limited ability to observe primarily older children but have not been able to meet the increasing need caused by temporary school closures or quarantines and the implementation of distance learning.

This application would provide funds to assess childcare needs in Mariposa County, explore entrepreneurial opportunities in the local childcare industry, and evaluate the feasibility a childcare center with extended availability. Study results will be used in partnership with First 5 Mariposa to develop and attract additional childcare options and programs to Mariposa County. CDBG's economic development grant guidelines include projects relating to childcare facilities.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
A childcare needs assessment was approved by the BoS and completed by HHSA and First Five Mariposa in 2019.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve. The County would forgo using CDBG funds and County staff would explore other grant opportunities to fund the feasibility study.

FINANCIAL IMPACT:
This action would request $75,000 in grant funds from CDBG, which, if approved, would be incorporated into the FY 21-22 Adopted Budget.

Activity Description

Mariposa County, the home of Yosemite National Park, is a rural jurisdiction located in the Sierra Nevada mountains. From its inception in 1850, the county has embraced entrepreneurialism with the Gold Rush enticing thousands of people to find their independent fortunes. Today, with nearly 5 million people visiting the county each year, the local economy is tourist-driven. The nature of the economy has created a mecca for entrepreneurs, from restaurants to boutique retail stores and a plethora of recreation outlets. Mariposa's business community is still dominated by small businesses, many sole proprietorships.

While the interest in entrepreneurialism is thriving in Mariposa County, the need for daycare can be a challenge. With 17% of the population under 18 years of age and a poverty rate of 14.9%, Mariposa County faces a shortage of child care options. This situation has a long-term affect on employment. With many single parent families in the area, as well as many families with two working parents, the need for daycare facility is critical. In addition, due to the proximity of Yosemite National Park, many of the local jobs are in the hospitality industry, so the need for daycare facilities that offer 24 hour and weekend care is particularly a challenge and a necessity.

The novel coronavirus pandemic only added to the childcare crisis in Mariposa County. When schools closed in March 2020 and distance learning was mandatory, many working parents found themselves in a precarious situation. The lack of childcare availability became more transparent. Essential workers suddenly had no care for their children.

Since the outbreak of Covid-19, a new preschool/childcare facility has opened in Mariposa County and is currently at capacity with a waiting list of more than 50 children. The preschool owners also have many requests for an infant care facility as well.

Per the current needs assessment study, Mariposa County has approximately 406 child care slots available across the county. Of those, 53 slots are with preschool programs that only offer ½ day programs and are closed during the summer according to the school district calendar. Another 40 child care slots are located either inside Yosemite National Park or just outside the boundary and serve employees of the National Park Service or related contractors. The remaining 313 child care slots are provided by family home child care providers with varying levels of experience and space to provide services.

The needs assessment survey was conducted in the Fall of 2019 by First 5 Mariposa in conjunction with the Mariposa County Health and Human Services Department and determined that quality child care services that are available outside of regular school and work hours is critical for the county. A feasibility study would help Mariposa County determine the sustainability of a child care center that could serve the population with extended care hours. With the impact of Covid-19, an updated needs

RE: Discussion and Direction to Review Employee Allocations

RECOMMENDATION AND JUSTIFICATION:
Discussion and Direction Regarding Employee Allocations Trends, Metrics, Cost, and Recommendations.

During FY21/22 budget study sessions the Board of Supervisors requested that employee allocations be reviewed apart from the budget. Additional information will be presented such as longitudinal trends, potential metrics, overall cost, an organizational structure study, and recommendations for the next fiscal year. This would give the Board a more complete look at departmental staffing and would inform their decisions in the recommended budget hearings in June.

The FY21 employee allocation schedule is attached for reference. Please note that some allocated positions were not funded in FY21.

RE: Discussion and Direction Regarding ERP Implementation and Adoption

---

RECOMMENDATION AND JUSTIFICATION:
Discussion and Direction Regarding Enterprise Resource Planning (ERP) Implementation and Employee Adoption County-Wide.

On July 1, 2021 the County is scheduled to "go live" with the new ERP system, The Enterprise. This represents an important step in the County's ability to:

1. Streamline, simplify, and standardize business processes

2. Focus data on "one version of the truth" - integrate or eliminate redundant systems

3. Enhance working relationships with staff and community through accessibility and accuracy of information

4. Inform decisions with data analysis

5. Ultimately improve the quality and quantity of community services we are able to provide

The new system is only as good as the implementation and adoption across all County departments and employees. It does no good to have a Volvo sitting in the garage if we keep driving the Pinto. To say it another way, we accomplish very little if departments cling to their paper files and handwritten approvals.

We will discuss specifically what will be asked of all employees (including Supervisors) and ask for guidance on how best to go about supporting staff in the transition, and ensuring no employee gets left behind.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

Resolution 2020-234: Approve Enterprise Resource Planning (ERP) Agreement with Graviton Consulting and Oracle; and Authorize Board of Supervisors Chair to Sign

Resolutions 2020-283: Ratify Contract Signature for Enterprise Resource Planning ERP with DLT for Oracle Software

RE: Building Department Leadership Discussion and Direction

RECOMMENDATION AND JUSTIFICATION:

Discussion and Direction Regarding Building Department Leadership

On May 18, 2021, Building Director Michael Kinslow informed the Board of his intent to retire on June 30, 2021. It is customary upon the departure of any department head to review the position and consider opportunities or changes that may improve the function and operation of the department prior to beginning a new recruitment. This item is intended to allow for discussion of three particular elements related to the future leadership of the Building Department: 1) How to manage the department in a period when the director position is vacant; 2) The need for and possible creation of a deputy director position; and 3) Whether to initiate a recruitment of a new building director.

The Board has five options for interim leadership in the department in the absence of the director:

- **Select an interim director from existing department staff.** One current employee in the department is credentialed as a building official and could be assigned as interim director. This is generally recommended when the Board believes an existing staff member is likely or very likely to succeed in a recruitment for the director position.
- **Select an interim director from existing department heads.** The Board has often assigned department heads to lead additional departments during vacancy periods. In this situation, the department head is often very reliant on existing staff to maintain day-to-day operations while they keep an eye on budgets, personnel issues and other major decisions.
- **Recruit a retiree to serve as interim director.** Simple outreach to credentialed building officials within driving range could yield a short-term candidate to manage the department until a long-term candidate can be found.
- **Share a director with an adjacent county.** The County has shared department heads with neighboring counties when either jurisdiction has had a vacancy. Directors in neighboring jurisdictions are also reliant on existing staff

Agenda Item - No Resolution Requested

to maintain operations but also possess greater expertise that can inform major decisions that need to be made.

- **Contract for building official services.** The County currently contracts with Interwest for plan review. This firm is familiar with County codes and processes, already performs all building department services for some jurisdictions, has all of the necessary qualifications and could serve as the interim building official. This option would allow for the most objective recruitment process, provide access to greater expertise than any one interim director is likely to possess, and avoids further constraint of staff time in the department or elsewhere.

Regardless of the choice the Board makes for interim leadership, Director Kinslow has requested that a deputy building director position be created prior to his separation from County employment. The deputy director position is requested to improve continuity of service as the deputy is authorized to complete director-level tasks in the absence of the director. The deputy director position could also establish a clearer path for succession and clear structure for supervision in the absence of the director.

Director Kinslow has made the same request several times in the past and each of the previous three human resources directors have denied the request as unnecessary and intended to promote an individual rather than create additional value. The director already has the ability to delegate tasks to employees, including supervisory assignments during an absence of the director, and provide additional compensation for completed work outside of an employee's job description. These tasks are projected to be infrequent and concentrated in periods when either the building director is out of the office or workload is sufficiently increased that more director-level capacity is needed. The previous discussion about an interim director is the same with or without a deputy director-- there is no definable advantage to the County's circumstance. Should the Board decide to move forward with this request, which would be a significant change, it may be prudent at this stage to wait for the new director to assist with the selection of this position to increase the investment and accountability of the hire.

Finally, the Board should discuss whether to move forward with a recruitment and how that recruitment should be conducted. Prior to moving forward, a vacancy in the director position provides an opportunity to consider alternate service delivery methods that could enhance the services delivered to residents, builders and developers. Some jurisdictions have found benefits in contracting for all their building permitting and inspection services. Merced County voted earlier this month, and many others have already acted, to consolidate all development services that issue permits into a true "one stop shop" with better accountability and outcomes. Though the County may not ultimately decide to change its services, now is the time to direct staff to seek input from our customers and evaluate the alternatives.

When the Board is prepared to move forward with a recruitment, it will also need to decide whether that recruitment should be conducted through County Human Resources or with the support of an executive recruiter. In the last five years, only one department head has been hired without the support of an executive recruiter.

MARIPOSA COUNTY

Administration · 966-3222

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board frequently uses changes in department directors to evaluate alternatives for moving forward. In the last several years, these evaluations have led to contracting for fire department leadership, consolidating human resources and technical services into administration, sharing an agricultural commissioner with Merced County, appointing existing staff in the assessor and sheriff offices to serve as directors, and contracting with a retired agricultural commissioner to direct County agricultural services.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Alternatives are outlined in the justification section of this item. No formal action is requested at this time.
