located at 5020 Macready Way, Mariposa, CA 95338**

- A. Call to Order and Roll Call**
- B. Introductions**
- C. Public Comment**
- D. Approval of Minutes**

June 10, 2024, Minutes

Was requested to review the audio of the 6-10-2024 minutes to verify last paragraph of Item G – Reversion Clause. Audio minutes were reviewed, and Item G final paragraph is correct.

Discussion starts at 8min, 20 sec remaining of the meeting.

- A question was asked, based on the discussion of Hanger leases: Will the county guarantee that they will not non-renew? Wants the issue reinforced and included in the minutes.
- Answer by Public Works Deputy Director Sam Cervený, the county cannot make a guarantee for 10 years. Leases will not be non-renewed; however, the county reserves the right to do so in the future. The County cannot guarantee because no one knows what the future holds. However, there is no plan to non-renew leases.
Not sure where the issue of non-renewal is coming from, as the County has reviewed the purchase of all hangers that have become available. And those hangers were not a good fit. However, the County currently has the funds available through ARPA, when Hanger 52 became available. for sale, and it was a good fit. This was not a non-renewal.
- Question restated – so there is no plan, and there has been no discussion or alluded to non-renewal of leases, and there has been no discussion of purchasing all private hangers. Because we have heard there has been.

- Public Works Deputy Director Sam Cervený – No, never had a conversation about or alluded to non-renewal of hangars. The airport doesn't even have the money to purchase all the hangars.
- Answered again, and restated by Director Hansen, the County has no intentions of non-renewal. The money to purchase hanger #52 has been avail. For about 2 yrs, however, the previous hangars were not a good fit.

December 9, 2024, Minutes
